

and I yield back the balance of my time.

Mr. BURGESS. Mr. Speaker, I yield myself the balance of my time.

I only want to point out that 2018 is the 100-year anniversary of the birth of Dr. Benjy Brooks, so it seemed an appropriate time to recognize her contributions to the fields of pediatric surgery and medicine in general.

Again, she was born in the town in which I practiced medicine for a number of years. I first encountered her at the University of Texas Medical School at Houston when I was a medical student back there in the 1970s. Surely, hers is a legacy of which all Texans can be proud.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Texas (Mr. BURGESS) that the House suspend the rules and pass the bill, H.R. 5385, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

PALLIATIVE CARE AND HOSPICE EDUCATION AND TRAINING ACT

Mr. WALDEN. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 1676) to amend the Public Health Service Act to increase the number of permanent faculty in palliative care at accredited allopathic and osteopathic medical schools, nursing schools, social work schools, and other programs, including physician assistant education programs, to promote education and research in palliative care and hospice, and to support the development of faculty careers in academic palliative medicine, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 1676

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Palliative Care and Hospice Education and Training Act”.

SEC. 2. PALLIATIVE CARE AND HOSPICE EDUCATION AND TRAINING.

(a) IN GENERAL.—Part D of title VII of the Public Health Service Act (42 U.S.C. 294 et seq.) is amended by inserting after section 759 the following:

“SEC. 759A. PALLIATIVE CARE AND HOSPICE EDUCATION AND TRAINING.

“(a) PALLIATIVE CARE AND HOSPICE EDUCATION CENTERS.—

“(1) IN GENERAL.—The Secretary shall award grants or contracts under this section to entities described in paragraph (1), (3), or (4) of section 799B, and section 801(2), for the establishment or operation of Palliative Care and Hospice Education Centers that meet the requirements of paragraph (2).

“(2) REQUIREMENTS.—A Palliative Care and Hospice Education Center meets the requirements of this paragraph if such Center—

“(A) improves the interprofessional team-based training of health professionals in palliative care, including residencies, traineeships, or fellowships;

“(B) develops and disseminates interprofessional team-based curricula relating to the palliative treatment of the complex health problems of individuals with serious or life-threatening illnesses;

“(C) supports the training and retraining of faculty to provide instruction in interprofessional team-based palliative care;

“(D) supports interprofessional team-based continuing education of health professionals who provide palliative care to patients with serious or life-threatening illness;

“(E) provides students (including residents, trainees, and fellows) with clinical training in interprofessional team-based palliative care in appropriate health settings, including hospitals, hospices, home care, long-term care facilities, and ambulatory care centers;

“(F) establishes traineeships for individuals who are preparing for advanced education nursing degrees, social work degrees, or advanced degrees in physician assistant studies, with a focus in interprofessional team-based palliative care in appropriate health settings, including hospitals, hospices, home care, long-term care facilities, and ambulatory care centers;

“(G) supports collaboration between multiple specialty training programs (such as medicine, nursing, social work, physician assistant, chaplaincy, and pharmacy) and clinical training sites to provide training in interprofessional team-based palliative care; and

“(H) does not duplicate the activities of existing education centers funded under this section or under section 753 or 865.

“(3) EXPANSION OF EXISTING CENTERS.—Nothing in this section shall be construed to—

“(A) prevent the Secretary from providing grants to expand existing education centers, including geriatric education centers established under section 753 or 865, to provide for education and training focused specifically on palliative care, including for non-geriatric populations; or

“(B) limit the number of education centers that may be funded in a community.

“(b) PALLIATIVE MEDICINE PHYSICIAN TRAINING.—

“(1) IN GENERAL.—The Secretary may make grants to, and enter into contracts with, schools of medicine, schools of osteopathic medicine, teaching hospitals, and graduate medical education programs for the purpose of providing support for projects that fund the training of physicians (including residents, trainees, and fellows) who plan to teach palliative medicine.

“(2) REQUIREMENTS.—Each project for which a grant or contract is made under this subsection shall—

“(A) be staffed by full-time teaching physicians who have experience or training in interprofessional team-based palliative medicine;

“(B) be based in a hospice and palliative medicine fellowship program accredited by the Accreditation Council for Graduate Medical Education;

“(C) provide training in interprofessional team-based palliative medicine through a variety of service rotations, such as consultation services, acute care services, extended care facilities, ambulatory care and comprehensive evaluation units, hospices, home care, and community care programs;

“(D) develop specific performance-based measures to evaluate the competency of trainees; and

“(E) provide training in interprofessional team-based palliative medicine through one

or both of the training options described in paragraph (3).

“(3) TRAINING OPTIONS.—The training options referred to in subparagraph (E) of paragraph (2) are as follows:

“(A) 1-year retraining programs in hospice and palliative medicine for physicians who are faculty at schools of medicine and osteopathic medicine, or others determined appropriate by the Secretary.

“(B) 1- or 2-year training programs that are designed to provide training in interprofessional team-based hospice and palliative medicine for physicians who have completed graduate medical education programs in any medical specialty leading to board eligibility in hospice and palliative medicine pursuant to the American Board of Medical Specialties.

“(4) DEFINITIONS.—For purposes of this subsection, the term ‘graduate medical education’ means a program sponsored by a school of medicine, a school of osteopathic medicine, a hospital, or a public or private institution that—

“(A) offers postgraduate medical training in the specialties and subspecialties of medicine; and

“(B) has been accredited by the Accreditation Council for Graduate Medical Education or the American Osteopathic Association through its Committee on Postdoctoral Training.

“(c) PALLIATIVE MEDICINE AND HOSPICE ACADEMIC CAREER AWARDS.—

“(1) ESTABLISHMENT OF PROGRAM.—The Secretary shall establish a program to provide awards, to be known as the ‘Palliative Medicine and Hospice Academic Career Awards’, to eligible individuals to promote the career development of such individuals as academic hospice and palliative care physicians.

“(2) ELIGIBLE INDIVIDUALS.—To be eligible to receive an award under paragraph (1), an individual shall—

“(A) be board certified or board eligible in hospice and palliative medicine; and

“(B) have a junior (non-tenured) faculty appointment at an accredited (as determined by the Secretary) school of medicine or osteopathic medicine.

“(3) LIMITATIONS.—No award under paragraph (1) may be made to an eligible individual unless the individual—

“(A) has submitted to the Secretary an application, at such time, in such manner, and containing such information as the Secretary may require, and the Secretary has approved such application;

“(B) provides, in such form and manner as the Secretary may require, assurances that the individual will meet the service requirement described in paragraph (6); and

“(C) provides, in such form and manner as the Secretary may require, assurances that the individual has a full-time faculty appointment in a health professions institution and documented commitment from such institution to spend a majority of the total funded time of such individual on teaching and developing skills in education in interprofessional team-based palliative care.

“(4) MAINTENANCE OF EFFORT.—An eligible individual who receives an award under paragraph (1) shall provide assurances to the Secretary that funds provided to the eligible individual under this subsection will be used only to supplement, not to supplant, the amount of Federal, State, and local funds otherwise expended by the eligible individual.

“(5) AMOUNT AND TERM.—

“(A) AMOUNT.—The amount of an award under this subsection shall be equal to the award amount provided for under section 753(c)(5)(A) for the fiscal year involved.

“(B) TERM.—The term of an award made under this subsection shall not exceed 5 years.

“(C) PAYMENT TO INSTITUTION.—The Secretary shall make payments for awards under this subsection to institutions, including schools of medicine and osteopathic medicine.

“(6) SERVICE REQUIREMENT.—An individual who receives an award under this subsection shall provide training in palliative care and hospice, including the training of interprofessional teams of health care professionals. The provision of such training shall constitute a majority of the total funded obligations of such individual under the award.

“(d) PALLIATIVE CARE WORKFORCE DEVELOPMENT.—

“(1) IN GENERAL.—The Secretary shall award grants or contracts under this subsection to entities that operate a Palliative Care and Hospice Education Center pursuant to subsection (a)(1).

“(2) APPLICATION.—To be eligible for an award under paragraph (1), an entity described in such paragraph shall submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

“(3) USE OF FUNDS.—Amounts awarded under a grant or contract under paragraph (1) shall be used to carry out the fellowship program described in paragraph (4).

“(4) FELLOWSHIP PROGRAM.—

“(A) IN GENERAL.—Pursuant to paragraph (3), a Palliative Care and Hospice Education Center that receives an award under this subsection shall use such funds to offer short-term intensive courses (referred to in this subsection as a ‘fellowship’) that focus on interprofessional team-based palliative care that provide supplemental training for faculty members in medical schools and other health professions schools with programs in psychology, pharmacy, nursing, social work, physician assistant education, chaplaincy, or other health disciplines, as approved by the Secretary. Such a fellowship shall be open to current faculty, and appropriately credentialed volunteer faculty and practitioners, who do not have formal training in palliative care, to upgrade their knowledge and clinical skills for the care of individuals with serious or life-threatening illness and to enhance their interdisciplinary and interprofessional teaching skills.

“(B) LOCATION.—A fellowship under this paragraph shall be offered either at the Palliative Care and Hospice Education Center that is sponsoring the course, in collaboration with other Palliative Care and Hospice Education Centers, or at medical schools, schools of nursing, schools of pharmacy, schools of social work, schools of chaplaincy or pastoral care education, graduate programs in psychology, physician assistant education programs, or other health professions schools approved by the Secretary with which the Centers are affiliated.

“(C) CONTINUING EDUCATION CREDIT.—Participation in a fellowship under this paragraph shall be accepted with respect to complying with continuing health profession education requirements. As a condition of such acceptance, the recipient shall subsequently provide a minimum of 18 hours of voluntary instruction in palliative care content (that has been approved by a palliative care and hospice education center) to students or trainees in health-related educational, home, hospice, or long-term care settings.

“(5) TARGETS.—A Palliative Care and Hospice Education Center that receives an award under paragraph (1) shall meet targets approved by the Secretary for providing training in interprofessional team-based palliative care to a certain number of faculty or

practitioners during the term of the award, as well as other parameters established by the Secretary.

“(6) AMOUNT OF AWARD.—Each award under paragraph (1) shall be in the amount of \$150,000. Not more than 24 Palliative Care and Hospice Education Centers may receive an award under such paragraph.

“(7) MAINTENANCE OF EFFORT.—A Palliative Care and Hospice Education Center that receives an award under paragraph (1) shall provide assurances to the Secretary that funds provided to the Center under the award will be used only to supplement, not to supplant, the amount of Federal, State, and local funds otherwise expended by such Center.

“(e) PALLIATIVE CARE AND HOSPICE CAREER INCENTIVE AWARDS.—

“(1) IN GENERAL.—The Secretary shall award grants or contracts under this subsection to individuals described in paragraph (2) to foster greater interest among a variety of health professionals in entering the field of palliative care.

“(2) ELIGIBLE INDIVIDUALS.—To be eligible to receive an award under paragraph (1), an individual shall—

“(A) be an advanced practice nurse, a social worker, physician assistant, pharmacist, chaplain, or student of psychology who is pursuing a doctorate, masters, or other advanced degree with a focus in interprofessional team-based palliative care or related fields in an accredited health professions school; and

“(B) submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

“(3) CONDITIONS OF AWARD.—As a condition of receiving an award under paragraph (1), an individual shall agree that, following completion of the award period, the individual will teach or practice palliative care in health-related educational, home, hospice, or long-term care settings for a minimum of 5 years under guidelines established by the Secretary.

“(4) PAYMENT TO INSTITUTION.—The Secretary shall make payments for awards under paragraph (1) to institutions that include schools of medicine, osteopathic medicine, nursing, social work, psychology, chaplaincy or pastoral care education, dentistry, and pharmacy, or other allied health discipline in an accredited health professions school or program (such as a physician assistant education program) that is approved by the Secretary.

“(f) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section, \$15,000,000 for each of the fiscal years 2019 through 2023.”

(b) EFFECTIVE DATE.—The amendment made by this section shall be effective beginning on the date that is 90 days after the date of enactment of this Act.

SEC. 3. HOSPICE AND PALLIATIVE NURSING.

(a) NURSE EDUCATION, PRACTICE, AND QUALITY GRANTS.—Section 831(b)(3) of the Public Health Service Act (42 U.S.C. 296p(b)(3)) is amended by inserting “hospice and palliative nursing,” after “coordinated care.”

(b) PALLIATIVE CARE AND HOSPICE EDUCATION AND TRAINING PROGRAMS.—Part D of title VIII of the Public Health Service Act (42 U.S.C. 296p et seq.) is amended by adding at the end the following:

“SEC. 832. PALLIATIVE CARE AND HOSPICE EDUCATION AND TRAINING.

“(a) PROGRAM AUTHORIZED.—The Secretary shall award grants to eligible entities to develop and implement, in coordination with programs under section 759A, programs and initiatives to train and educate individuals in providing interprofessional team-based

palliative care in health-related educational, hospital, hospice, home, or long-term care settings.

“(b) USE OF FUNDS.—An eligible entity that receives a grant under subsection (a) shall use funds under such grant to—

“(1) provide training to individuals who will provide palliative care in health-related educational, hospital, home, hospice, or long-term care settings;

“(2) develop and disseminate curricula relating to palliative care in health-related educational, hospital, home, hospice, or long-term care settings;

“(3) train faculty members in palliative care in health-related educational, hospital, home, hospice, or long-term care settings; or

“(4) provide continuing education to individuals who provide palliative care in health-related educational, home, hospice, or long-term care settings.

“(c) APPLICATION.—An eligible entity desiring a grant under subsection (a) shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may reasonably require.

“(d) ELIGIBLE ENTITY.—For purposes of this section, the term ‘eligible entity’ shall include a school of nursing, a health care facility, a program leading to certification as a certified nurse assistant, a partnership of such a school and facility, or a partnership of such a program and facility.

“(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section \$5,000,000 for each of fiscal years 2019 through 2023.”

SEC. 4. DISSEMINATION OF PALLIATIVE CARE INFORMATION.

Part A of title IX of the Public Health Service Act (42 U.S.C. 299 et seq.) is amended by adding at the end the following new section:

“SEC. 904. DISSEMINATION OF PALLIATIVE CARE INFORMATION.

“(a) IN GENERAL.—Under the authority under section 902(a) to disseminate information on health care and on systems for the delivery of such care, the Director may disseminate information to inform patients, families, and health professionals about the benefits of palliative care throughout the continuum of care for patients with serious or life-threatening illness.

“(b) INFORMATION DISSEMINATED.—

“(1) MANDATORY INFORMATION.—If the Director elects to disseminate information under subsection (a), such dissemination shall include the following:

“(A) PALLIATIVE CARE.—Information, resources, and communication materials about palliative care as an essential part of the continuum of quality care for patients and families facing serious or life-threatening illness (including cancer; heart, kidney, liver, lung, and infectious diseases; as well as neurodegenerative disease such as dementia, Parkinson’s disease, or amyotrophic lateral sclerosis).

“(B) PALLIATIVE CARE SERVICES.—Specific information regarding the services provided to patients by professionals trained in hospice and palliative care, including pain and symptom management, support for shared decisionmaking, care coordination, psychosocial care, and spiritual care, explaining that such services may be provided starting at the point of diagnosis and alongside curative treatment and are intended to—

“(i) provide patient-centered and family-centered support throughout the continuum of care for serious and life-threatening illness;

“(ii) anticipate, prevent, and treat physical, emotional, social, and spiritual suffering;

“(iii) optimize quality of life; and
 “(iv) facilitate and support the goals and values of patients and families.

“(C) **PALLIATIVE CARE PROFESSIONALS.**—Specific materials that explain the role of professionals trained in hospice and palliative care in providing team-based care (including pain and symptom management, support for shared decisionmaking, care coordination, psychosocial care, and spiritual care) for patients and families throughout the continuum of care for serious or life-threatening illness.

“(D) **RESEARCH.**—Evidence-based research demonstrating the benefits of patient access to palliative care throughout the continuum of care for serious or life-threatening illness.

“(E) **POPULATION-SPECIFIC MATERIALS.**—Materials targeting specific populations, including patients with serious or life-threatening illness who are among medically underserved populations (as defined in section 330(b)(3)) and families of such patients or health professionals serving medically underserved populations. Such populations shall include pediatric patients, young adult and adolescent patients, racial and ethnic minority populations, and other priority populations specified by the Director.

“(2) **REQUIRED PUBLICATION.**—Information and materials disseminated under paragraph (1) shall be posted on the Internet websites of relevant Federal agencies and departments, including the Department of Veterans Affairs, the Centers for Medicare & Medicaid Services, and the Administration on Aging.

“(c) **CONSULTATION.**—The Director shall consult with appropriate professional societies, hospice and palliative care stakeholders, and relevant patient advocate organizations with respect to palliative care, psychosocial care, and complex chronic illness with respect to the following:

“(1) The planning and implementation of the dissemination of palliative care information under this section.

“(2) The development of information to be disseminated under this section.

“(3) A definition of the term ‘serious or life-threatening illness’ for purposes of this section.”

SEC. 5. CLARIFICATION.

None of the funds made available under this Act (or an amendment made by this Act) may be used to provide, promote, or provide training with regard to any item or service for which Federal funding is unavailable under section 3 of Public Law 105-12 (42 U.S.C. 14402).

SEC. 6. ENHANCING NIH RESEARCH IN PALLIATIVE CARE.

(a) **IN GENERAL.**—Part B of title IV of the Public Health Service Act (42 U.S.C. 284 et seq.) is amended by adding at the end the following new section:

“SEC. 409K. ENHANCING RESEARCH IN PALLIATIVE CARE.

“The Secretary, acting through the Director of the National Institutes of Health, shall develop and implement a strategy to be applied across the institutes and centers of the National Institutes of Health to expand and intensify national research programs in palliative care in order to address the quality of care and quality of life for the rapidly growing population of patients in the United States with serious or life-threatening illnesses, including cancer; heart, kidney, liver, lung, and infectious diseases; as well as neurodegenerative diseases such as dementia, Parkinson’s disease, or amyotrophic lateral sclerosis.”

(b) **EXPANDING TRANS-NIH RESEARCH REPORTING TO INCLUDE PALLIATIVE CARE RESEARCH.**—Section 402A(c)(2)(B) of the Public Health Service Act (42 U.S.C. 282a(c)(2)(B)) is amended by inserting “and, beginning Janu-

ary 1, 2019, for conducting or supporting research with respect to palliative care” after “or national centers”.

SEC. 7. CUT-GO OFFSET.

The total amount authorized to be appropriated to the Office of the Secretary of Health and Human Services for each of fiscal years 2019 through 2023 is the amount that is \$20,000,000 below the total amount appropriated to such Office for fiscal year 2018.

The **SPEAKER** pro tempore. Pursuant to the rule, the gentleman from Oregon (Mr. WALDEN) and the gentleman from Texas (Mr. GENE GREEN) each will control 20 minutes.

The Chair recognizes the gentleman from Oregon.

GENERAL LEAVE

Mr. WALDEN. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and insert extraneous materials in the **RECORD** on the bill.

The **SPEAKER** pro tempore. Is there objection to the request of the gentleman from Oregon?

There was no objection.

Mr. WALDEN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of H.R. 1676. As we have heard, this is the Palliative Care and Hospice Education and Training Act, and it is sponsored by my colleague from New York, Representative ELIOT ENGEL.

This bipartisan legislation will authorize the Department of Health and Human Services to award grants or contracts for palliative care and hospice education centers, promote the career development of nurses and physicians in palliative care, and promote research and outreach in the delivery of care for patients with serious or life-threatening illnesses at the National Institutes of Health.

Now, I have heard about this bill’s impact from palliative care specialists and disease advocates all across Oregon. Dawn Frazier in Bend, Oregon, told me about her daughter, Rhonda, who tragically passed away at the age of 34. She suffered from early onset Alzheimer’s.

In an opinion piece that Dawn had published in the Bend Bulletin, she wrote: “Palliative and hospice care are vital services for people with Alzheimer’s and other dementias. For people with advanced dementia, team-based care—which focuses on managing and easing symptoms, reducing pain and stress, and increasing comfort—improves quality of life, controls costs, and enhances patient and family satisfaction.”

She wrote: “Here in Oregon, 19 percent of people in hospice have a primary diagnosis of dementia. Yet, the availability and quality of palliative and hospice care is a concern.”

Dawn went on to say that this bill will help make critical palliative care and hospice services available to millions of patients across the country.

I have long been a supporter of this bipartisan legislation and programs for

palliative and hospice care. My own parents both received valuable care in this regard, especially hospice care, as their lives came to a close.

This is all part of why I am a cosponsor, along with 284 of my colleagues in the House, and why I have worked with Representative ENGEL and our subcommittee chair on the Energy and Commerce Subcommittee for Health, Chairman BURGESS, to move this legislation forward in the Energy and Commerce Committee, where, by the way, it received unanimous votes in both our Health Subcommittee and in our full committee.

So, Mr. Speaker, I urge my colleagues to vote “yes” on this important measure. Let’s advance our public health.

Mr. Speaker, I reserve the balance of my time.

Mr. GENE GREEN of Texas. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of H.R. 1676, the Palliative Care and Hospice Education and Training Act.

Mr. Speaker, I thank my colleague and our committee member, Congressman ELIOT ENGEL, for introducing this important legislation. I would also like to thank other cosponsors: Congressman BUDDY CARTER, also a member on our committee, and Representative TOM REED for their work and support on this legislation.

Palliative care complements efforts to treat or cure illness by focusing on patients’ quality of life. It is appropriate for patients with serious illnesses, starting at the point of diagnosis through treatment, and onward through hospice and the end of life.

Palliative care entails communication with patients and their families to coordinate care, determine patient preferences, and assist with medical decisionmaking.

A growing body of research has documented the benefits of high-quality palliative and hospice care for patients in hospitals and payers, and the healthcare system as a whole.

Palliative and hospice care have been associated with enhanced quality of life for patients, reduced hospital expenditures and lengths of stay, and other positive outcomes, including longer patient survival time.

Despite the benefits of palliative care, many Americans aren’t aware of the supports available to them. There is also a shortage of educated providers who can offer quality palliative care.

The Palliative Care and Hospice Education and Training Act will address these issues.

This legislation will help create an infrastructure to improve palliative care training for healthcare providers, encourage the National Institutes of Health to expand its research on palliative care and pain management, and ensure Americans have an understanding of how palliative care may benefit them and their loved ones.

I am a proud cosponsor of this legislation. In fact, this bill has 285 cosponsors, two-thirds of the entire House of Representatives.

I ask my colleagues to join me in supporting this important legislation that will expand our Nation's research and infrastructure on palliative care and pain management.

Mr. Speaker, I reserve the balance of my time.

Mr. WALDEN. Mr. Speaker, I yield 2 minutes to the gentleman from New York (Mr. REED), who has been a real leader on this issue and several others related to healthcare, and especially on diabetes.

Mr. REED. Mr. Speaker, I thank the chairman for recognizing me and for the opportunity to speak, and my colleagues on the other side of the aisle for the efforts that they have put into the Palliative Care and Hospice Education and Training Act.

Mr. Speaker, I rise in strong support of this bill, because hospice and palliative care is an underutilized piece of medical treatment in America. This bill is designed to promote not only the care that is provided under palliative and hospice care, but also to empower the workforce of today and tomorrow to provide these critical healthcare delivery systems to our aging population, to our family members, and to our dear fellow citizens.

Mr. Speaker, I am strongly in support of this legislation, because this is something that is personal, as I lost my mom 9 months to the day she was diagnosed with lymphoma and passed in my arms. The woman who taught me how to live, and my 11 older brothers and sisters, also taught me how to die.

We in America need to have a conversation across this entire Nation about how important it is to recognize that we are all mortal and that, at the end of our life, we need to face that critical question of what type of healthcare we want to receive to make sure that our quality of life is preserved and the quantity of life is extended as much as possible in order to enjoy that life.

Under this act, Mr. Speaker, one of the key components of it is to provide the professionalism that is necessary to have that conversation with families, with children like myself in that situation. I hope that we will have this conversation with our loved ones much sooner rather than at that end of times.

By engaging in this legislation, Mr. Speaker, we will promote palliative and hospice care, and make sure that all Americans know that this care is available to them. Not only will it allow them to enjoy peace in their final days, but it will provide a quality of life that no other care that I know of does. That is palliative and hospice care to make you comfortable and enjoy your loved ones as we end our time on this Earth.

Mr. Speaker, I urge my colleagues to support this legislation and join us in this effort.

Mr. WALDEN. Mr. Speaker, I reserve the balance of my time.

Mr. GENE GREEN of Texas. Mr. Speaker, I yield 4 minutes to the gentleman from New York (Mr. ENGEL), a member of our Energy and Commerce Committee and cosponsor of this bill.

Mr. ENGEL. Mr. Speaker, I thank the gentleman for yielding to me. Mr. Speaker, I want to thank my colleagues on both sides of the aisle. This is clearly a bipartisan collaboration.

I am proud to be the main sponsor of H.R. 1676, the Palliative Care and Hospice Education and Training Act, and I urge my colleagues to support this important bill.

The goal of palliative care is to alleviate suffering for patients and their loved ones, accompanying efforts to treat or cure illness. So while the illness is being treated, there is support being given to the person who is sick and for their loved ones as well.

It entails support from a team of doctors, nurses, social workers, physician assistants, clergy persons, and other specialists who provide an extra layer of assistance, including help with medical decisionmaking and coordination of care across multiple settings. It is appropriate at any age and at any stage in a serious illness.

Palliative and hospice care have been associated with enhanced quality of life for patients, but too many people simply don't know about these benefits. On top of that, there is a shortage of educated providers who can offer quality palliative and hospice care.

That is where this bill comes in.

The Palliative Care and Hospice Education and Training Act addresses these issues by expanding opportunities for training in palliative and hospice care.

This bill also aims to better educate patients, families, and health professionals about palliative care's benefits, and encourages NIH to expand research around this topic.

Ultimately, this bill will help us ensure that there is a well-trained palliative care workforce available to care for patients, a goal that I believe will also be critical to turning the tide of the ongoing opioid epidemic.

One of the goals of palliative care is to provide relief from the pain of a serious illness. By creating the infrastructure needed to better educate health professionals on palliative care, this legislation will also help ensure health professionals are able to properly manage patients' pain and practice appropriate evidence-based prescribing, a space where, as the opioid crisis has shown, we need to do much better.

Mr. Speaker, I want to thank Chairman WALDEN, Ranking Member PALONE, Chairman BURGESS, and Ranking Member GREEN for helping to move this bill forward. I also want to thank Congressman TOM REED and Congress-

man BUDDY CARTER, who coauthored the bill, and all of its 285 bipartisan cosponsors. This is about as bipartisan as you can get.

We are dealing with issues that people sometimes don't like to talk about, end of life issues, issues of that nature, but it is something that must be talked about, because families need help. This will give the families the help that they need.

I think every one of us has felt the pain and stress of a serious illness either personally or standing alongside a loved one. By passing this bill, we will take an important step to bring much, much needed relief to both patients and their loved ones.

Mr. Speaker, I want to thank my colleagues on the committee and all the people who worked to make this bill bipartisan. We can all be proud of this when it becomes law.

Mr. Speaker, I urge my colleagues to support this legislation.

Mr. GENE GREEN of Texas. Mr. Speaker, we have no further speakers, and I yield back the balance of my time.

Mr. WALDEN. Mr. Speaker, I will close by again thanking my colleagues on both sides of the aisle. Thanks to the gentleman from New York, the gentleman from Texas, my colleagues on this side of the aisle. I know Dr. PHIL ROE, who chairs our Veterans' Affairs Committee, a very strong advocate and supporter of this, could not be here to speak on it because of a conflict.

Mr. Speaker, let me just say this is really important. It will change lives. It will improve lives. With that, I hope our colleagues will join us in supporting this very important measure.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Oregon (Mr. WALDEN) that the House suspend the rules and pass the bill, H.R. 1676, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

□ 1515

TITLE VIII NURSING WORKFORCE REAUTHORIZATION ACT OF 2018

Mr. BURGESS. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 959) to amend title VIII of the Public Health Service Act to extend advanced education nursing grants to support clinical nurse specialist programs, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 959

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,
