ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). There are 2 minutes remaining.

□ 1718

So the resolution was agreed to.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

PERSONAL EXPLANATION

Mr. BEYER. Mr. Speaker, had I been present, I would have voted "nay" on rollcall No. 58 and "nay" on rollcall No. 59.

PARLIAMENTARY INQUIRIES

Mr. RASKIN. Mr. Speaker, I have a parliamentary inquiry related to the powers of the chairman of the House Intelligence Committee.

The SPEAKER pro tempore. The gentleman will state his parliamentary inquiry.

Mr. RASKIN. Mr. Speaker, do the House rules in rule X, clause 11(g), which define the conditions for public disclosure of classified documents, authorize the chairman of the Intelligence Committee to unilaterally make substantially and material changes to the document after the committee has already voted to approve and release it in its original form?

The SPEAKER pro tempore. The Chair will not issue an advisory opinion. Members may consult the standing rules.

Mr. RASKIN. Further parliamentary inquiry then, Mr. Speaker.

What exactly is an advisory opinion? Because this relates, not to a hypothetical situation, but to an actual situation before the House of Representatives.

The SPEAKER pro tempore. The gentleman's inquiry does not relate to any pending proceedings in the House.

Mr. FRELINGHUYSEN. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the further consideration of the Senate amendment to H.R. 1892.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

Mr. FRELINGHUYSEN. Mr. Speaker, pursuant to House Resolution 727, I call up the bill (H.R. 1892) to amend title 4, United States Code, to provide for the flying of the flag at half-staff in the event of the death of a first responder in the line of duty, with the Senate amendment thereto, and ask for its immediate consideration.

The Clerk read the title of the bill.

The SPEAKER pro tempore. The Clerk will designate the Senate amendment.

Senate amendment:

In particular, the Comptroller General shall evaluate the extent to which children in foster care who also are subject to the juvenile justice system of the State are placed in a facility under the jurisdiction of the juvenile justice system and whether the lack of available congregate care placements under the jurisdiction of the child welfare systems is a contributing factor to that result. Not later than December 31, 2024, the Comptroller General shall submit to Congress a report on the results of the evaluation.

“(1)(A) Within 30 days of the start of each placement in such a setting, a qualified individual (as defined in subparagraph (D)) shall—

“(i) assess the strengths and needs of the child using an age-appropriate, evidence-based, validated, functional assessment tool approved by the Secretary;

“(ii) determine whether the needs of the child can be met with family members or through placement in a foster family home or, if not, which setting from among the settings specified in section 472(k)(2) would provide the most effective and appropriate level of care for the child in the least restrictive environment and be consistent with the short- and long-term goals for the child, as specified in the permanency plan for the child; and

“(iii) develop a list of child-specific short- and long-term mental and behavioral health goals.

“(B)(i) The State shall assemble a family and permanency team for the child in accordance with the requirements of clauses (ii) and (iii). “(ii) The family and permanency team shall consist of all appropriate biological family members, relative, and fictive kin of the child, as well as, as appropriate, professionals who are a resource to the family of the child, such as teachers, medical or mental health providers who have treated the child, or clergy. In the case of a child who has attained age 14, the family and permanency team shall include the members of the permanency planning team for the child that are selected by the child in accordance with section 475(5)(C)(iv).

“(iii) The State shall document in the child’s case plan—

“(I) the reasonable and good faith effort of the State to identify and include all such individuals on the family of, and permanency team for, the child;

“(V) evidence that the assessment required under subparagraph (A) is determined in conjunction with the family and permanency team;

“(VI) the placement preferences of the family and permanency team relative to the assessment that recognizes children should be placed with their siblings unless there is a finding by the court that such placement is contrary to their best interest; and

“(VII) if the placement preferences of the family and permanency team and child are not the placement setting recommended by the qualified individual conducting the assessment under subparagraph (A), the reasons why the preferences of the team and of the child were not recommended.

“(C) In the case of a child who the qualified individual conducting the assessment under subparagraph (A) determines should not be placed in a foster family home, the qualified individual shall specify in writing the reasons why the needs of the child cannot be met by the family of the child or in a foster family home. A shortage or lack of foster family homes shall not be an acceptable reason for determining that the needs of the

child cannot be met in a foster family home. The qualified individual also shall specify in writing why the recommended placement in a qualified residential treatment program is the setting that will provide the child with the most effective and appropriate level of care in the least restrictive environment and how that placement is consistent with the short- and long-term goals for the child, as specified in the permanency plan for the child.

“(D)(i) Subject to clause (ii), in this subsection, the term ‘qualified individual’ means a trained professional or licensed clinician who is not an employee of the State agency and who is not connected to, or affiliated with, any placement setting in which children are placed by the State.

“(ii) The Secretary may approve a request of a State to waive any requirement in clause (i) upon a submission by the State, in accordance with criteria established by the Secretary, that certifies that the trained professionals or licensed clinicians with responsibility for performing the assessments described in subparagraph (A) shall maintain objectivity with respect to determining the most effective and appropriate placement for a child.

“(2) Within 60 days of the start of each placement in a qualified residential treatment program, a family or juvenile court or another court (including a tribal court) of competent jurisdiction, or an administrative body appointed or approved by the court, independently, shall—

“(A) consider the assessment, determination, and documentation made by the qualified individual conducting the assessment under paragraph (1);

“(B) determine whether the needs of the child can be met through placement in a foster family home or, if not, whether placement of the child in a qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment and whether that placement is consistent with the short- and long-term goals for the child, as specified in the permanency plan for the child; and

“(C) approve or disapprove the placement.

“(3) The written documentation made under paragraph (1)(C) and documentation of the determination and approval or disapproval of the placement in a qualified residential treatment program by a court or administrative body under paragraph (2) shall be included in and made part of the case plan for the child.

“(4) As long as a child remains placed in a qualified residential treatment program, the State agency shall submit evidence at each status review and each permanency hearing held with respect to the child—

“(A) demonstrating that ongoing assessment of the strengths and needs of the child continues to support the determination that the needs of the child cannot be met through placement in a foster family home, that the placement in a qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment, and that the placement is consistent with the short- and long-term goals for the child, as specified in the permanency plan for the child;

“(B) documenting the specific treatment or service needs that will be met for the child in the placement and the length of time the child is expected to need the treatment or services; and

DIVISION G—BUDGETARY EFFECTS

SEC. 3001. BUDGETARY EFFECTS.

(a) IN GENERAL.—The budgetary effects of division D and each succeeding division shall not be entered on either PAYGO scorecard maintained pursuant to section 4(d) of the Statutory Pay-As-You-Go Act of 2010.

(b) SENATE PAYGO SCORECARDS.—The budgetary effects of division D and each succeeding division shall not be entered on any PAYGO scorecard maintained for purposes of section 4106 of H. Con. Res. 71 (115th Congress).

(c) CLASSIFICATION OF BUDGETARY EFFECTS.—Notwithstanding Rule 3 of the Budget Scorekeeping Guidelines set forth in the joint explanatory statement of the committee of conference accompanying Conference Report 105–217 and section 250(c)(8) of the Balanced Budget and Emergency Deficit Control Act of 1985, the budgetary effects of division D and each succeeding division shall not be estimated—

(1) for purposes of section 251 of such Act; and

(2) for purposes of paragraph (4)(C) of section 3 of the Statutory Pay-As-You-Go Act of 2010 as being included in an appropriation Act.

The SPEAKER pro tempore. Pursuant to House Resolution 727, the motion shall be debatable for 1 hour equally divided and controlled by the chair and ranking minority member of the Committee on Appropriations.

The gentleman from New Jersey (Mr. FRELINGHUYSEN) and the gentlewoman from New York (Mrs. LOWEY) each will control 30 minutes.

The Chair recognizes the gentleman from New Jersey.

Mr. FRELINGHUYSEN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, for the fifth time since last fall, I rise today to present another continuing resolution, the House amendment to Senate amendment to H.R. 1892, to fund the operations of the Federal Government through March 23, fund the Department of Defense for the rest of fiscal year 2018, and extend critical healthcare programs, including funding for community health centers.

Our current continuing resolution expires on Thursday, and without this

legislation, large segments of the Federal Government will shut down again. Of course, all of us are keenly aware that more time is needed for our leaders in the House, the Senate, and the White House to negotiate overall funding levels for the 2018 fiscal year. This bill should allow that to happen.

Mr. Speaker, this continuing resolution also makes a very limited number of technical changes in funding levels for only the most essential needs, including:

To prevent delays in preparation for the 2020 Census;

To ensure that the judicial branch is able to pay jurors;

To provide \$225 million in emergency funding for the Small Business Administration to provide emergency loans to those whose lives and livelihoods were destroyed by last year’s historic natural disasters.

This legislation also includes the full fiscal year 2018 Department of Defense Appropriations bill, totaling \$659 billion for our Armed Forces.

And I don’t have to remind my colleagues that this bill has already passed this House three times on a bipartisan basis—most recently, last week.

Mr. Speaker, we ask a great deal of our men and women in uniform, and we have an obligation to provide them and their families the resources they need to be safe, to complete their missions successfully at home and abroad. Governing from CR to CR just creates more unpredictability, more instability, and has real-life consequences for both our troops and civilians who support them.

Mr. Speaker, the challenges we face around the world cannot be met under this Federal CR stop-and-go process. While we delay doing the Nation’s business, our military and economic competitors are consolidating their gains.

Finally, I would add, this legislation includes necessary funding extensions for bipartisan health priorities like community health centers and other public health programs. It also funds important Medicare extenders and includes commonsense reforms and improvements in the program.

But let no one doubt our position on continuing resolutions. They are bad fiscal policy. They do not allow programs to grow, to be reduced or eliminated, if that is needed. They maintain outdated policies and stop new, critically important programs from ever starting, including programs that enhance national security and protect our Armed Forces from our enemies.

Continuing resolutions are fiscally wasteful and prevent the executive branch and Congress from planning and preparing, and this is true for the private sector as well.

Most importantly, they undermine congressional oversight that is constitutionally mandated for our appropriations.

While I am pleased that we are here to include the Defense Appropriations

bill in this continuing resolution, we must still pass all 12 appropriations bills for the 2018 fiscal year, as well as our third emergency disaster supplemental.

As soon as congressional and White House leaders reach a bipartisan agreement, which could and should happen at any moment, our committee will get to work immediately to finish negotiations on all 12 year-long funding bills.

Mr. Speaker, I urge my colleagues to support this legislation, and I reserve the balance of my time.

Mrs. LOWEY. Mr. Speaker, I yield myself such time as I may consume.

Since President Trump's draconian FY 2018 budget was released last year, Democrats have warned Republicans that a bipartisan budget agreement was needed to adequately invest in American families and communities. Without a budget agreement, programs as diverse as Head Start, job training, and terrorism prevention grants are in danger of inadequate funding, at best.

Instead of engaging with Democrats to reach a budget agreement, the majority is seeking to advance a full year of funding for only the Department of Defense, busting budget caps, while punting every other Federal service and investment to an uncertain future.

Mr. Speaker, the most powerful country in the world now being completely run by a Republican government can't keep the lights on more than weeks at a time. How did we get here?

Democrats will not go along with any plan that neglects critical national security and domestic needs. If this bill were to become law, the majority would have no workable plan to make the investments that are necessary for priorities, including biomedical research, infrastructure projects, Pell Grants, homeland security, assistance for local communities, veterans health, opioid funding, job training, the FBI, and other Federal law enforcement and more.

This is not a serious bill. We know that it will be quickly rejected by the Senate. It is the furthest possible cry from regular order that the majority so frequently discusses yet rarely follows. It is nothing more than a political ploy that will place us on the brink of another shutdown.

□ 1730

It is well past time to increase budget caps and enact responsible spending bills. The majority displays a lack of urgency regarding reaching a budget agreement and enacting appropriations law, choosing instead to advance partisan measures that fail to lift unmanageable budget caps for both defense and nondefense.

Republicans must abandon these partisan short-term bills and work with Democrats to fund the entirety of government for the remainder of the fiscal year to serve the American people.

Mr. Speaker, I reserve the balance of my time.

Mr. FRELINGHUYSEN. Mr. Speaker, I yield 2 minutes to the gentleman

from Alabama (Mr. ADERHOLT), the chairman of the Subcommittee on Agriculture, Rural Development, Food and Drug Administration, and Related Agencies.

Mr. ADERHOLT. Mr. Speaker, today, as the House takes up the fifth continuing resolution for FY18, it seems all too appropriate to quote President Reagan where he says: "Here we go again."

I rise here on the floor of the House this afternoon to urge my colleagues to support the CR, which, of course, runs through March 23.

As the chairman of the Committee on Appropriations' Subcommittee on Agriculture, Rural Development, Food and Drug Administration, and Related Agencies, our Nation's farmers and ranchers will find it hard to access credit during the upcoming planting season. And those recovering from disastrous weather events will not be able to access essential programs in order to help them if we do not finalize a full-year funding agreement right away.

These are just a couple of examples of the hardships that are faced by our citizens here in the U.S. that depend on this legislation.

As I say, this is the fifth CR for this fiscal year. My colleagues on the other side of the aisle must come to the table willing to negotiate on these budget caps.

As Members know, the House has passed each of the 12 appropriations bills. We have done our job. Of course, the other body continues to be the weakest link in all this, as it needs to seriously reform their process in order to do the work of the people.

Finally, I appreciate that this bill includes full-year funding for the Department of Defense. To quote President Reagan once again: "We have no choice but to maintain ready defense forces that are second to none. Yes, the cost is high, but the price of neglect would be infinitely higher."

Mrs. LOWEY. Mr. Speaker, I yield 1 minute to the gentlewoman from California (Ms. PELOSI), the Democratic leader.

Ms. PELOSI. Mr. Speaker, I thank the gentlewoman for yielding to me, and I commend her for her extraordinary leadership on the Appropriations Committee, where important decisions are made about how to allocate the resources of our country to invest in the aspirations of the American people, to respect the sacrifice of our men and women in uniform, and to honor the vows of our Founders for a country that is making the future better for every generation to come.

The distinguished chairman of the committee, Mr. FRELINGHUYSEN, opened his remarks by saying he came to the floor to introduce the fifth continuing resolution. And the gentleman who followed him talked about this being the fifth continuing resolution.

The more is not the merrier. It is like golf: the lower the score, the bet-

ter. To have five continuing resolutions is a statement of incompetence and ineptitude.

The Republicans control the House, the Senate, and the White House; yet they are pressing forward on their fifth stopgap, short-term spending bill, demonstrating their failure to govern.

Since President Reagan was mentioned, I will mention our very first President, our patriarch, George Washington. President Washington, when he was leaving office, cautioned against political parties who were at war with their own government.

Does that sound familiar to you?

Here we are again, 2 days from another shutdown, careening toward another manufactured Republican crisis, demonstrating the Republican failure to govern.

We don't want to go to that place. As Members of Congress, we take a solemn oath to support and defend the Constitution of the United States and to protect the American people.

Democrats support a strong national defense. We, too, want our men and women in uniform to have the resources they need to keep them safe and to keep the American people safe as they accomplish their mission.

But we will not allow Republicans to use this continuing resolution, the fifth time they had to come to the floor because they could not govern, to hollow out our Nation's commitment to the health, education, and economic security of America's working families.

We all know that our military might is part of our Nation's strength, but the health, education, security, and well-being of the American people is also a source of that strength.

Instead of working constructively with Democrats to meet the needs of the American people, Republicans are trying to starve the domestic budget. I just want to remind our colleagues: One-third, 34 percent—one-third—of the nondefense domestic budget goes to national security. When you starve the domestic budget, you are not making us stronger. One-third of the domestic budget is about security; Homeland Security, Veterans Affairs, the State Department, and antiterrorism activities of the Justice Department.

But Republicans refuse to give our patriots funded on the domestic side of the budget the resources they need to do their job, just the chaos and uncertainty of yet another stopgap extension.

As Defense Secretary Mattis said, stopgap CRs "just create unpredictability. It makes us rigid. We cannot deal with new and revealing threats. We know our enemies are not standing still, so it is about as unwise as it can be." And here are, as unwise as can be for the fifth time.

And while their continuing resolution seeks to ransack every other commitment to the health of the American people, Republicans hide behind a fig leaf of a 2-year extension of community health centers.

We all support community health centers. It was a very important part of the Affordable Care Act. A very important part. Our colleague, assistant leader Mr. CLYBURN from South Carolina, was one of the great champions of all time of Congress on expanding funding for programs for care and for bricks and mortar for our community health centers. This is a very important piece for us. We should be extending it in a fuller bill to 5 years, except it is used here to hide from the fact of so much other domestic investment that we are not making.

Republicans are eliminating the Home Visiting initiative that is vital for maternal and child care, and cutting off workforce training for low-income Americans seeking good-paying jobs in healthcare.

The sole purpose of this Republican bill is to destroy our leverage to achieve parity in the caps, to eliminate any need for bipartisan compromise, to eliminate any need to invest in working families.

Why?

Because if they get their defense number, then they don't have to negotiate about the domestic number. And as I said, we support our men and women in uniform having what they need to be safe and to keep us safe. But the strength of our country is measured in other ways as well.

They don't believe that and they can't pass that, so they have to put the defense bill there. But we cannot support that because, again, it comes at the expense instead of as a source of strength to our country.

Democrats simply want action on the critical overdue and bipartisan priorities of the American people so beautifully spelled out by our ranking member, Congresswoman LOWEY.

Again, we need funding for the opioid epidemic. The President talked about that. Show us the money. The opioid epidemic claims the lives of 115 Americans every day, and it is getting worse every year in every district in the country. Bipartisan support is there to fight the opioid epidemic. Let's do it.

We need more funding for veterans, to meet our responsibility and ensure that no veteran is denied the care they deserve upon returning from the battlefield.

We need emergency disaster funding for all communities ravaged by hurricanes and wildfires.

We need to save millions of hard-working Americans' endangered pensions.

We need to pass the bipartisan Dream Act immediately. This is a moral priority for us. This is about the character of our Nation, who we are as a country. A nation, over time, constantly invigorated by people coming to our country to seek the American Dream; a dream that is predicated on every generation working to make the future better for the next; a dream that takes determination, optimism, hope, and courage. And when these new-

comers come to America with that determination, that courage, that optimism, that hope, they associate themselves with the values of our Founders to make the future better for the next generation. These newcomers to America make America more American.

So we asked to bring the Hurd-Aguilar bill to the floor. It is bipartisan. It has bipartisan support on the floor. It would pass. Have the courage to bring a bill that protects the DREAMers to the floor of the House.

These priorities that I mentioned are all bipartisan. They would pass if brought to the floor for an up-or-down vote. The GOP squandered all their time, energy, votes, and enthusiasm on tax breaks for corporations and the wealthiest, with 83 percent of the tax bill going to the top 1 percent. And now Republicans need to get serious and get to work on a budget that funds both the military and the domestic investments that keep our Nation strong.

I just want to make one point about that tax bill again. Did you see that the Speaker of the House sang the glory of the tax bill because a woman was getting \$1.50 a week more in her paycheck? Did you see that? Do you believe that that is a good thing when the top 1 percent were probably getting \$1,500 a week compared to her \$1.50 a week in their paycheck?

Thank God, after millions of people objected, the Speaker withdrew that tweet. But I don't think he withdrew that sentiment, because it is the same sentiment that haunts all of these negotiations about investing in the American people.

Republicans must stop governing from manufactured crisis to crisis, and work with Democrats to pass many urgent, long-overdue priorities of the American people. As our distinguished ranking member, Mrs. LOWEY, said earlier in her remarks, "We must abandon these short-term bills." She spelled out very clearly why. I associate myself with her remarks.

Mr. FRELINGHUYSEN. Mr. Speaker, I yield 2 minutes to the gentleman from Texas (Mr. CARTER), the chairman of the Committee on Appropriations' Subcommittee on Homeland Security.

Mr. CARTER of Texas. Mr. Speaker, our fine Secretary of Defense this morning testified before the Committee on Armed Services. He remarked that if the military is forced to continue to operate under a continuing resolution for the rest of the year, it will be unable to provide pay to our brave men and women in uniform, unable to recruit personnel we need, unable to maintain our naval ships, unable to maintain our aircraft, unable to supply our troops in the theater of combat, and unable to strike contracts critical toward modernizing our force. Unable, unable, unable.

As Congress, it is our responsibility to make our military force the most able in the world; able to keep our country safe and able to promote the ideals of freedom across the globe.

It would be deeply irresponsible for Members of this House to vote against providing full-year funding to the Defense Department, which addresses the needs of today and tomorrow, not last year.

The Secretary was on the Hill to discuss something very important: The Department's National Defense Strategy, which seeks to address the significant challenges we face with rising adversaries in China and Russia, along with enduring threats of a nuclear-armed Korea, a terrorist state in Iran, a terrorist network like ISIS. And he said: "I regret that, without sustained predictable appropriations, my presence here today wastes your time because no strategy can survive without funding necessary to resource it."

Mr. Speaker, this bill funds our military for the year with funding that addresses the challenges we face today and separates this critical funding from the political fights here in Washington, D.C. Our troops need our support for this bill.

The SPEAKER pro tempore (Mr. POE of Texas). The time of the gentleman has expired.

Mr. FRELINGHUYSEN. Mr. Speaker, I yield an additional 30 seconds to the gentleman from Texas.

Mr. CARTER of Texas. Mr. Speaker, they need what this bill provides. Because of that, I support the bill and I urge its passage.

□ 1745

Mrs. LOWEY. Mr. Speaker, I am pleased to yield 5 minutes to the gentleman from Indiana (Mr. VISCLOSKEY), the ranking member of the Appropriations Committee Subcommittee on Defense.

Mr. VISCLOSKEY. Mr. Speaker, the first observation I would make is: When I was raised by my parents, I was taught not to whine and not to blame others for problems that arose, but, rather, to work hard to solve them.

I think it is long past time for people in this body to blame people in another body for the collective inability of the Congress of the United States to make a decision about something so important as the budget of the United States of America.

It is a leadership issue for the Democratic leadership and the Republican leadership of the House to come to an agreement to overturn the caps of the Budget Control Act. It is time for the Democratic and Republican leadership of the Senate to do the same and for those two bodies to come to an agreement collectively to meet our constitutional responsibilities.

A few days ago, I was on this floor and said that we were confronted with a number problem. That is, what is our total spending for this fiscal year? We are in the 129th day of it for the Department of Defense. What is the total budget number for all of our domestic spending so that we can have a strong and vibrant economy and people?

We still have a number problem. For the sake of the country, for the sake of

this institution, for the sake of our committee and the good work that Chairman FRELINGHUYSEN, Mrs. LOWEY, and the members of our committee have done repeatedly, please let us have some leadership.

Lewis Carroll wrote “Through the Looking Glass,” and there was an interchange in that story:

“‘Well, in our country,’ said Alice, still panting a little, ‘you’d generally get to somewhere else—if you ran very fast for a long time, as we’ve been doing.’”

“‘A slow sort of country!’ said the Queen. ‘Now, here, you see, it takes all the running you can do, to keep in the same place.’”

In September, we did the first CR to December 8 because it was going to be different then, but we are in the same place. Then we did a CR for December 22 because it was going to be different then, but we are in the same place. Then we did a CR for January 19 because it was going to be different and a new year, but we are in the same place.

Today, we have February 8 because it was going to be different on February 8, and now it is going to be the fifth time we have done a continuing resolution to March 23 because it is going to be different next month. That is fine.

We did our Defense Appropriations bill. We did it in July; then we did it in September; then we did it in December; then we did it in February—four times between CRs, repeatedly doing the same Defense Appropriations bill. We have done it nine times. If we go through this sequence one more time, Mr. Speaker, I am not going to be able to keep track of my numbers anymore.

This is a numbers problem, and I would conclude by noting that I, for one, did not vote for the Budget Control Act, and I would note that an independently elected Congress set it aside for 2 years because they knew a mistake had been made. Then a subsequently elected Congress did away with the Budget Control Act because they had a 2-year deal because they knew they had made a mistake.

There are negotiations—apparently taking place as we meet here today—to set it aside for another 2 years because they know we made a mistake within our legislation, because Chairman FRELINGHUYSEN, Mrs. LOWEY, my chairwoman, Ms. GRANGER, and I, everybody has been honest. We are going to set aside sequestration because we need to spend additional moneys on defense.

How many times does Congress have to hit its head with a hammer to not fix this problem permanently? Three different independently elected Congresses have overturned a really rotten bill, and we are still in the same place. It is time to stop for the sake of this country.

Give the chairman, give the ranking member, give the committees in both Houses numbers so we can complete our bills. The last time I looked, every department of this country has completed their work on fiscal year 2019,

are going to present us with their budgets next week, and they don’t know what we are doing this year.

Mr. Speaker, this is unbecoming of a great nation.

Mr. FRELINGHUYSEN. Mr. Speaker, I am pleased to yield 2 minutes to the gentleman from Texas (Mr. BRADY), the chairman of the Ways and Means Committee.

Mr. BRADY of Texas. Mr. Speaker, I thank the chairman for his leadership and hard work on this effort.

For over a year, the Ways and Means Committee has been leading efforts to advance smart, focused solutions to improve Medicare for the American people. A number of these solutions are included in the bill before us today. These policies take action on three primary goals:

First, expanding access to high-quality care;

Second, increasing efficiency in the way we deliver care—a key goal that will help patients better receive the care they need when they need it; and

Third, incorporating healthcare technologies that are focused on patients, such as telehealth, and eliminating barriers to coordinating care.

This means providing new tools to patients that healthcare providers can use to better access care and deliver it and, at the same time, reducing red-tape burdens that now make it harder for our local doctors to provide the high-quality care our Americans deserve.

So many of these provisions have support from Republicans and Democrats, and for good reason. These are smart, targeted improvements that will go a long way in helping Medicare patients in Texas and, frankly, throughout the country.

Mr. Speaker, I want to thank all of the members of our committee and throughout the House who have worked on these provisions. Improving and strengthening Medicare for the long term is a major priority for the American people. With this bill, we have an opportunity to take meaningful steps toward this important goal.

Mr. Speaker, I urge all of my colleagues to join me in supporting its passage.

Mrs. LOWEY. Mr. Speaker, I am pleased to yield 2 minutes to the gentlewoman from Ohio (Ms. KAPTUR), the ranking member of the Appropriations Committee Subcommittee on Energy and Water Development, and Related Agencies.

Ms. KAPTUR. Mr. Speaker, I thank Ranking Member LOWEY and rise in opposition to this bill.

Our Nation really needs to be on an even keel to produce steady economic growth in this country. This bill doesn’t help that.

I agree, America must have a strong defense, but a nation has to be strong at home to be strong abroad. You can’t shortchange the home front. A nation at home must be secure, without wild stock market swings, to be strong abroad.

A nation at home must be strong, without a massive drug epidemic here at home, to be strong abroad.

This bill can’t produce a steady economy with consistent job growth because it fails to dedicate sufficient resources here at home: to education, to healthcare, to employment and retraining, for Head Start, for energy independence, for law enforcement, and for localities savaged by the drug epidemic and shortchanged on treatment.

Our ship of state needs to be on an even keel, not the wild fluctuations in this resolution. This bill tilts in the wind far, far starboard, and that is not a setting that can assure a steady ship of state to maintain a steady growth economy.

Mr. Speaker, I rise in opposition to the resolution.

Mr. FRELINGHUYSEN. Mr. Speaker, I am pleased to yield 2 minutes to the gentleman from Nebraska (Mr. SMITH), chairman of the Subcommittee on Human Resources of the House Ways and Means Committee.

Mr. SMITH of Nebraska. Mr. Speaker, I rise in support of this continuing resolution package.

While I appreciate this legislation will keep government open, fund community health centers for 2 years, and fully fund our military while we continue to work toward a broader budget agreement, I would like to focus on the various Ways and Means Committee provisions included in the bill.

This legislation includes numerous Medicare provisions important to rural health providers and patients, including permanently repealing therapy caps and extending the floor on geographic payment adjustments for rural providers and add-ons for rural ambulance providers.

Just as importantly, these health provisions are paid for without cutting swing bed reimbursements to critical access hospitals, including the 55 critical access hospitals in Nebraska’s Third District as originally proposed.

I am particularly pleased that two important programs within the jurisdiction of the Subcommittee on Human Resources—which I chair—are included today. We have much work to do to lift Americans out of poverty and into prosperity, and each of these bills will play an important part in this effort.

The Family First Prevention Services Act reforms our child welfare system to reinforce the importance of keeping children with their families whenever possible. We know children who stay with their families have better long-term outcomes than those who move to nonfamily settings, and our goal for every program in this space to demonstrate results through empirical evidence.

I want to thank the sponsor of Family First, Mr. BUCHANAN, for working with me to address my concerns about nurse staffing requirements which would have been costly to implement for entities like Omaha-based Boys Town, while providing no tangible improvements to their family driven model of care.

The other H.R. item in this package, the supporting Social Impact Partnerships to Pay for Results Act, also moves our family support programs to a more results-driven model by incentivizing States and local governments to pilot new ideas and reserving Federal funding until they demonstrate outcomes through rigorous data-driven evaluation. We still have more work to do in this space, starting with completing the work begun by this Chamber last September when we passed a paid-for 5-year MIECHV reauthorization.

But like the rest of this legislation, these provisions are a downpayment on the work we are committed to completing.

The SPEAKER pro tempore. The time of the gentleman has expired.

Mr. FRELINGHUYSEN. I yield an additional 30 seconds to the gentleman from Nebraska.

Mr. SMITH of Nebraska. Mr. Speaker, I thank the gentleman for the time, and I certainly urge passage of this bill.

Mrs. LOWEY. Mr. Speaker, I am pleased to yield 2 minutes to the gentlewoman from Connecticut (Ms. DELAURO), the ranking member of the Labor, Health and Human Services, Education, and Related Agencies Subcommittee of the Appropriations Committee.

Ms. DELAURO. Mr. Speaker, I rise to strongly oppose this continuing resolution. I cannot support a bill that flies in the face of responsible governing. This is pure incompetence.

How many times are we going to do this? This is our fifth short-term spending bill since September. How many times will we punt our priorities, lurching from one self-inflicted wound to another?

That is exactly what the continuing resolution represents: a failure to govern. It is shameful that, yet again, we neglect our core obligation as a Congress, which is to fund government programs. We should be voting on new top-line spending levels for 2018, that alleviate sequestration from both non-defense and defense spending.

We should have spent the last few months fulfilling our responsibility as legislators by writing bipartisan bills to fund programs that help the middle class and the vulnerable, support evidence-based scientific research, and help working people get the skills they need to find good jobs and get good wages.

Instead, the majority forced through their tax scam for millionaires and billionaires. They became the first party to ever control both Chambers of Congress and the White House, and, yes, they shut down the government. And today, the President of the United States says that he supports a government shutdown.

The Republican majority has failed to respond to the needs of the American people. Instead of working with Democrats to set budget numbers and

ensure parity, equal for defense spending and nondefense spending, they have put the government on autopilot.

□ 1800

They put services and investments that are critical to our families and to our communities at grave risk from apprenticeships to education for students with disabilities, childcare, after-school programs that help working families make ends meet, and financial aid for students who are attending college. Instead, they are forcing through another continuing resolution, this time cutting almost \$3 billion from the Prevention Fund over the next 10 years on top of the \$750 million that they cut in December.

The SPEAKER pro tempore. The time of the gentlewoman has expired.

Mrs. LOWEY. Mr. Speaker, I yield the gentlewoman from Connecticut an additional 1 minute.

Ms. DELAURO. We are talking about cuts to programs that improve our public health immunization infrastructure at a time when the flu is rampant in this country, as well as cuts to lead poisoning prevention programs that seek to prevent and ultimately eliminate childhood lead poisoning.

Programs like these and dozens of others in the Prevention Fund save billions of taxpayer dollars by preventing illness and disease before they occur.

You cut the Prevention Fund and you cause millions of Americans to suffer for no reason. You pit community health centers against the Prevention Fund.

Take the money, the \$1½ trillion that you give to the richest people in this country: the millionaires, the billionaires, and the richest corporations; don't take it from children's health, don't take it from the healthcare centers, and don't take it from the Prevention Fund. It is unacceptable, because here we are talking about people's lives.

Mr. Speaker, I urge my colleagues: Reject this continuing resolution. It fails to meet our obligations to the American people.

Mr. FRELINGHUYSEN. Mr. Speaker, I yield 2 minutes to the gentleman from Texas (Mr. BARTON), who is the vice chairman of the Energy and Commerce Committee.

Mr. BARTON. Mr. Speaker, I thank the distinguished Appropriations Committee chairman for yielding me time.

I rise in support of this continuing resolution. Obviously, we would rather fund the government for the entire year before the start of the fiscal year, but that is in a perfect world, and one thing that the Congress has never been accused of is being a perfect world. So we are here dealing in the real world.

To my good friend from Connecticut who just spoke, and she is my good friend, I would point out that the bill before us doesn't cut money from the Prevention Fund. It directs money from the Prevention Fund to spend on healthcare programs. In other words, it

is taking some discretion from the executive branch and directing that spending that Congress thinks it should be spent for.

One of the programs that we are going to fund for 2 years is the community health centers. Twenty-four million people each year get their healthcare from these community health centers, and one of them is in my home county, the Hope Clinic. Its main facility is in Waxahachie, Texas. But in my hometown of Ennis, we have the Nell Barton Hope Clinic Annex. These two facilities in Ellis County this year are providing healthcare for over 10,000 Ellis Countians.

This is not exotic care. It is check-ups, screenings, mammograms, and all the odds and ends that you have in your basic healthcare facilities. If they need more specific treatment, they are referred to specialists in the Dallas-Fort Worth area.

But for the 10,000 citizens of Ellis County who depend on the Hope Clinic for their healthcare, this is a big bill. In fact, the executive director of the Hope Clinic was in my office today, saying: We want to expand, but we don't know if we are going to have the funds. We really need to get some certainty.

That is what this bill is all about. So I rise in strong support, and I urge a "yes" vote on the CR later this evening.

Mrs. LOWEY. Mr. Speaker, I yield 2 minutes to the gentlewoman from California (Ms. LEE), who is a senior member of the Appropriations Committee.

Ms. LEE. Mr. Speaker, I want to thank the gentlewoman for yielding and, once again, for her tremendous leadership on so many issues as our ranking member.

As a member of the Appropriations Committee and the Budget Committee, I rise in strong opposition to this continuing resolution. This bill kicks the can down the road for the fifth time—mind you, fifth time—since October. It also shamelessly includes the standalone defense spending bill of \$659 billion to an already out-of-control Pentagon budget.

This bill breaks the budget caps. It includes \$75 billion for wars that Congress has never debated or voted on. It also includes more than \$1 billion in funds to increase troop levels in Afghanistan by 3,500, not to mention the millions—the billions, actually—in waste, fraud, and abuse that taxpayers have already lost by irresponsible Pentagon spending.

This is outrageous. Republicans control the House, the Senate, and the White House. The least they could do is keep the government open. Yet here we stand, once again, with no deal on DREAMers and no agreement on a long-term spending bill.

Clearly, Republicans have no strategy on funding the government. They would prefer to pass CR after CR after CR after CR. This is beyond irresponsible, Mr. Speaker.

How long will Republicans govern from crisis to crisis? Nobody can manage their household or their business like the Republicans are managing our government spending.

This short-term resolution once again ignores urgent bipartisan priorities the Democrats have been fighting for for months with Republicans, the most urgent of which is passing a clean Dream Act. DACA recipients are American in every way except on paper, and right now their lives are hanging in the balance. We have less than 1 month until DACA expires, a deadline that the President, himself, created.

This continuing resolution is really irresponsible, and it is morally bankrupt.

The SPEAKER pro tempore. The time of the gentlewoman has expired.

Mrs. LOWEY. Mr. Speaker, I yield the gentlewoman from California an additional 1 minute.

Ms. LEE. Mr. Speaker, this continuing resolution fails to honor the temporary protective status for immigrants.

It fails to raise budget caps for defense and nondefense spending, and it neglects to provide desperately needed funding for hurricane- and wildfire-impacted communities, the opioid crisis, and our veterans.

This bill underscores the majority's complete lack of regard for everyday Americans and struggling families.

Continuing resolutions leave the American people out on a limb with no confidence in their Federal Government. This resolution makes it clear that that is just what Republicans want to do.

The American people sent us to Congress to govern in their best interest. Now we have spent the last 4 months passing short-term spending bills one after another, and for what? Because Republicans refuse to do their job.

Instead of wasting more time on this terrible CR, we should deal with our bipartisan priorities and fund the government for the long term. It is the right thing to do for our communities and our country.

Mr. Speaker, I urge a "no" vote on this bill.

Mr. FRELINGHUYSEN. Mr. Speaker, I yield 1 minute to the gentleman from Florida (Mr. BILIRAKIS), who is a member of the House Energy and Commerce Committee.

Mr. BILIRAKIS. Mr. Speaker, I thank the chairman for doing an outstanding job this year passing all 12 appropriations bills.

Mr. Speaker, I support passage of this CR which includes three provisions of mine. It will reauthorize the Community Health Center program, providing \$3.6 billion per year for the next 2 years.

Community health centers have a proven track record of providing high-quality, cost-efficient healthcare to approximately 25 million Americans and have long enjoyed bipartisan support because they are a prime example of

what is working in our healthcare system.

The CR updates the civil and criminal penalties in the Medicare and Medicaid programs. Many haven't been updated in over 20 years.

It also repeals the Medicare therapy cap. This will ensure that patients who need physical, speech, or occupational therapy services can receive them without fear of losing their benefits if they hit an arbitrary cap. This is so important to our seniors, Mr. Speaker.

Mr. Speaker, I encourage my colleagues to support this bill.

Mrs. LOWEY. Mr. Speaker, I yield 2 minutes to the gentlewoman from Minnesota (Ms. MCCOLLUM), who is the ranking member of the Interior, Environment, and Related Agencies Subcommittee.

Ms. MCCOLLUM. Mr. Speaker, I thank our ranking member for yielding me the time.

Mr. Speaker, I rise in opposition to this legislation, a misguided bill that ignores the urgent needs of the American people.

The Federal Government's fiscal year started October 1, 2017—128 days ago. Instead of using that time to get their work done, Republicans have focused solely on partisan politics. When it comes to the essential responsibility of funding the Federal Government, the Republicans can't be bothered.

Now we are asked, today, to vote for a bill that funds the Pentagon for the rest of the year while funding our schools and our hospitals for just 43 days.

Mr. Speaker, our national security begins at home with investments in the future that keep our families and our communities safe, strong, and moving forward. This bill ignores those needs. It provides no certainty for our law enforcement professionals, no long-term funding for urgent repairs to our crumbling infrastructure, and no confidence for investments in lifesaving medical research. It doesn't even provide a full year of funding for veterans' healthcare.

While it is encouraging that Republicans are finally reauthorizing vital healthcare programs like our community health centers, paying for these programs with cuts to the CDC's Prevention and Public Health Fund, which is currently providing lifesaving vaccines in this severe flu season, is the height of irresponsibility.

Discord and delay is no way to run a government, but under Republican control, that is exactly what we are getting.

Mr. Speaker, unlike the President, I do not want a government shutdown. We need a budget agreement that keeps our government open, protects our national security, and meets our commitments to hardworking families. So let's stop playing games, get to our work, and get to it now.

Mr. FRELINGHUYSEN. Mr. Speaker, I yield 2 minutes to the gentleman from Georgia (Mr. CARTER), who is a

member of the House Energy and Commerce Committee.

Mr. CARTER of Georgia. Mr. Speaker, I rise today in support of this spending measure under consideration and what it means for our country and our constituents.

This continuing resolution we are considering includes a number of extremely important health provisions that are desperately needed.

Under this legislation, we will see a 2-year extension of federally qualified health centers that employ nearly 190,000 people and serve over 24 million people across the country.

There is also a 2-year extension of public health programs such as the National Health Service Corps, the Teaching Health Center Graduate Medical Education, Family-to-Family Health Information Centers, and the Sexual Risk Avoidance Education Program.

Additionally, this helps hospitals by eliminating the \$5 million in reductions for Disproportionate Share Hospitals that were included in the ACA.

Many of the good bills my colleagues on the Energy and Commerce Committee have worked on are included in this legislation to improve public health and make reforms to Medicare.

Finally, this legislation pushes through a permanent repeal of the Medicare payment cap for therapy services, meaning that patients will have better access to important medical devices.

All of these efforts wouldn't be possible without the work of Chairman WALDEN, Chairman BURGESS, and my colleagues on both sides of the aisle in the Energy and Commerce Committee.

Mr. Speaker, now is the time to work together to ensure that these bills are passed into law, and that is why I urge my colleagues to support this bill.

Mrs. LOWEY. Mr. Speaker, I yield 2½ minutes to the gentlewoman from Florida (Ms. WASSERMAN SCHULTZ), who is the ranking member of the Military Construction, Veterans Affairs, and Related Agencies Subcommittee.

Ms. WASSERMAN SCHULTZ. Mr. Speaker, I thank the gentlewoman for yielding and for her leadership.

Mr. Speaker, I rise in strong opposition to this continuing resolution which, yet again, is a complete and total abdication of our responsibilities as Members of Congress.

For the fifth time so far this fiscal year, Republicans are asking us to fund the government for just another flip of the calendar. The last time Republicans dragged us down this path of budgetary incompetence, we had the first ever complete government shutdown when one party held the House, Senate, and the White House. Yet here we are again, left with this ludicrous approach of funding the U.S. Government month to month while ignoring so many of the pressing issues Americans want us to address.

Today we have heard Republicans pay endless lip service to their devotion to military spending—and that

funding is certainly vital—but what Republicans have not mentioned is that this latest stopgap gimmick is going to rob from crucial nondefense budgets that also keep Americans safe. That means veterans, homeland security, counterterrorism, and State Department programs will be neglected and ignored.

That is why Democrats are asking for a simple compromise to raise the spending caps that are unreasonable and uncompromising. That is because we all want a strong national defense, but we also need equal increases in our domestic budget so that hardworking families can feel safe and financially secure.

We also want Republicans to join us in confronting the dire shortfall at the VA so no veteran is denied care upon returning home.

We want Republicans to work with us to ensure urgently needed recovery funds go to Texas, Florida, Puerto Rico, the U.S. Virgin Islands, and all areas impacted by wildfires.

□ 1815

We want Republicans to truly help us fight this opioid scourge, protect America's pensions, and do what the vast majority of Americans want us to do: pass a clean Dream Act.

Don't tell me we don't have the funds to support those needs. This Congress just gave a huge handout to billionaires and giant corporations that exploded the deficit by \$1.5 trillion.

But this cynically crafted continuing resolution fails to address those real needs, the needs of the people who actually sent us here to stand up for them. We must end this cycle of budgetary neglect.

Mr. Speaker, I urge my colleagues to vote "no."

Mr. FRELINGHUYSEN. Mr. Speaker, I yield 2 minutes to the gentleman from Florida (Mr. DUNN).

Mr. DUNN. Mr. Speaker, our troops comprise the most professional, highly trained, and dedicated military force that the world has ever seen. They have pledged their lives, the well-being of their families, and their sacred honor to serve and protect this Nation.

Yet here we are, over a month into 2018, and our military and national security are being held hostage by our colleagues across the aisle over unrelated issues.

It is time for the Senate to get its act together. The House has passed the full defense funding three times this year. Tonight, we will pass it a fourth time.

It is wrong for us to send our best young men and women into harm's way without the resources they need, asking them to make up with their efforts, and their risk, for our shortcomings.

Mr. Speaker, I urge my colleagues to support this funding legislation and to prove to our troops that we have their backs.

Mrs. LOWEY. Mr. Speaker, I yield 2 minutes to the gentleman from New

Jersey (Mr. PALLONE), the ranking member of the Committee on Energy and Commerce.

Mr. PALLONE. Mr. Speaker, I rise in opposition to H.R. 1892.

Mr. Speaker, I am disappointed that, once again, my Republican colleagues are playing politics with important health programs.

Rather than bringing a stand-alone, bipartisan health extenders package to the floor, the Republicans have once again delayed any action on these extenders so that they could attach them to a CR that Democrats could not support.

The strategy may hide their inability to pass a final funding bill for a fiscal year that began on October 1, but it has also created uncertainty for the millions of Americans who rely on these programs every day.

I am glad that Republicans have dropped some of the harmful offsets that have led to months of delay and uncertainty for these health programs. However, our main concern is that the package excludes important health priorities, including the Maternal, Infant, and Early Childhood Home Visiting Program; the Health Profession Opportunity Grants program; and the increased funding that is desperately needed to combat the ongoing opioid crisis.

The CR poses a serious threat to public health because it cuts \$2.85 billion from the Prevention Fund. These funds are critical to keeping Americans healthy. The Prevention Fund funds vaccines for children, lead poisoning prevention, opioid prevention, diabetes, heart disease, and other prevention programs.

I am also concerned with the Medicaid cuts in this package. Republicans have included over \$10 billion in Medicaid cuts, including new money from the Medicaid Improvement Fund.

We should also reject the prioritization of funding for the Defense Department at the expense of all of our domestic needs.

I urge my colleagues to vote "no." It is the only way we are going to guarantee that, ultimately, these health programs are funded and that we don't rely so much on the Prevention Fund.

Mr. FRELINGHUYSEN. Mr. Speaker, I yield 2 minutes to the gentlewoman from Tennessee (Mrs. BLACKBURN).

Mrs. BLACKBURN. Mr. Speaker, it is so interesting to listen to this debate. I just want to make three points.

First, on the military funding, I represent Fort Campbell. When you walk on that post and talk to the men and women in uniform and talk to them about their readiness training, their re-deployment training, do you know what they tell us?

They say: Give us certainty in funding.

That is exactly what we are doing, is providing that certainty that they need to defend us, to protect us. They deserve it and they deserve our best efforts. So I find it so curious that there

would be opposition to funding our military.

The second point is the community health centers. Many of my colleagues may come from urban areas. I have a rural district. Community health centers are vitally important to my constituents, to Tennesseans who want the access to care and seek the education to know how to take better care of themselves and their families. Let's give them this funding for the 2 years of certainty that is necessary.

Third, legislation that I have authored and worked on is included in the Medicare therapy cap provisions.

Have you ever talked to a senior, as I have, who had a stroke, who is seeking speech therapy or physical therapy from a hip replacement or a fall?

There is an arbitrary cap that runs out and they can no longer seek that medical attention that is necessary for a full and complete recovery and the quality of life that they desire and that they deserve. This is something that our committee has worked on to provide for seniors.

The SPEAKER pro tempore. The time of the gentlewoman has expired.

Mr. FRELINGHUYSEN. Mr. Speaker, I yield an additional 1 minute to the gentlewoman from Tennessee.

Mrs. BLACKBURN. This is something that allows them to have that quality of life.

Why would you vote against lifting these caps and giving seniors what they deserve?

They have paid for Medicare through their working life. What they are seeking is to be able to have a full recovery. It is not only the appropriate thing to do, this is something that adds to the quality of life, just as keeping these community health centers funded enriches our communities. It enriches rural America.

I close with reiterating the point that, out of fairness, out of respect, out of loyalty to those who put on the uniform to defend us, let us join together and vote to fund the military and to support their efforts to defend this Nation.

Mrs. LOWEY. Mr. Speaker, I reserve the balance of my time.

Mr. FRELINGHUYSEN. Mr. Speaker, I yield such time as he may consume to the gentleman from Oregon (Mr. WALDEN), the chairman of the Energy and Commerce Committee.

Mr. WALDEN. Mr. Speaker, I thank the chairman of the House Appropriations Committee and his great staff who have worked diligently all year, month after month after month. Five months ago next week, they approved all 12 appropriations bills, one after another, regular order, through the House of Representatives. But there they sit over in the Senate and the Democrats block them.

What brings us here today is really important work. What brings us here today is that we are taking care of significant public healthcare issues. We are fully funding for the next 2 years community health centers.

I have heard from my colleagues about the things that aren't in this bill that they wish were, so that is why they are going to vote "no," or some other thing that is not even before us and that is why they are going to vote "no."

But let's talk about what is actually before us.

What is before us is taking care of our men and women in uniform and their needs, especially when they are in harm's way, and fund really, really important public health programs that used to always be bipartisan.

Let's talk about those. Valley Family Health Care Outreach Center in Ontario and Winding Waters Clinic in Wallowa County. I have visited both of these recently. They are on the front lines of healthcare prevention. They are on the front lines of saving lives and helping children and adults. Or La Clinica down in the Medford-Ashland area.

In fact, in my district, we have 12 federally qualified health centers and 63 delivery sites that give care for 240,000 Oregonians. Twenty-four million nationwide are served by this.

On November 3, this House had the opportunity to fully fund those community health centers for 2 years and take care of children's health insurance and a lot of these other programs. It was a separate bill brought to the House floor, and a handful of Democrats broke with their party and voted with us. But, unfortunately, when it got to the Senate, they couldn't be freed up to support it. So we had to come back in the last continuing resolution and fully fund the Children's Health Insurance Program. I am not sure many Democrats voted for that here, unfortunately.

But here we are today, same process, same situation to fund community health centers. So we are going to do that. Your choice when you vote is "yes" or "no," you want the community health centers funded or not, you want to shut the government down or not, you want to take care of our military or not.

Then there is the disproportionate share hospitals.

What are those?

Those are the hospitals in our districts and States that take care disproportionately of more poorer people than other hospitals. Under the Affordable Care Act or ObamaCare, however you want to describe it, there was prescribed in law automatic cuts to these hospitals that take care of the poorest of the poor in our communities. Those cuts totaled \$2 billion.

In this legislation, as in the legislation we brought from the Energy and Commerce Committee on November 3, we turn off those cuts. We say: Don't do that to our DSH hospitals.

If you are at Saint Alphonsus in Ontario, Oregon, that is the most affected hospital, I am told, and they will lose money and have to decide how they cope with that. We solve that here for 2 years at \$6.8 million in my State.

Then we extend the special diabetes programs. For heaven's sake, we should be able to come together in this Chamber and in this Congress to take care of people with diabetes. My grandfather lost both legs due to diabetes. They were amputated. I have other relatives and good friends whose kids have dealt with diabetes and still do to this day.

For our Native Americans and others, we have two separate programs. We fully fund them and tie them together. That is done in this legislation. Fifty thousand people in my district have diabetes. My hunch is all of our districts are not dissimilar from that. We take care of those people in this legislation.

Then we take care of therapy caps. Since 1997, when this law was put in place, people who needed physical therapy—my colleague from Tennessee talked about it—stroke victims, seniors who need therapy, rather than the physical therapist or the speech therapist saying, "Here is the program you need to get well, get on your feet, recover from whatever it is that afflicts you," the government put an arbitrary cap, and that was it. You were done whether you were done or not.

Everybody is different in terms of recovery. We repeal the therapy caps in here.

By the way, we have heard about all these things that now won't get funded because a part of this funding comes out of the Public Prevention Fund. Mr. Speaker, \$2.85 billion is not insignificant, it is true, but we are applying that money to help prevention and community health centers, as we did before for the Children's Health Insurance Program.

We are providing it for diabetes health. We are removing the physical therapy caps so that people can get well. That seems to me to be pretty good use of the Prevention Fund.

By the way, during the same period we are spending \$2.85 billion out of that, there will still remain \$12 billion left, and the talented folks at the Appropriations Committee will decide how that money is spent on vaccines and all these other issues, all these things we care about. There is still \$12 billion left. So we are using discretionary funds that were set aside for that very purpose here.

Then we heard about some Medicaid cuts. Let me tell you what those are. We said: If you are a big lottery winner, maybe now that you have won a big prize, you shouldn't be on government-funded Medicaid because, by the way, you won a bazillion dollars.

So we are taking lottery winners and saying you have got to treat that big windfall when you calculate whether that person is poor or not anymore. So that is in here.

Then, on third-party liability, we said that if insurers actually are responsible for the cost, insurers should pay the cost rather than the taxpayer. So we make a little reform here that puts the insurers first to pay rather than the taxpayer.

Mr. Speaker, I thank the chairman for the marvelous work he has done.

□ 1830

Mr. FRELINGHUYSEN. Mr. Speaker, I reserve the balance of my time.

Mrs. LOWEY. Mr. Speaker, I yield myself such time as I may consume.

This is the latest example of Republicans being completely incapable of governing. We must finish our work.

Mr. Speaker, I yield back the balance of my time.

Mr. FRELINGHUYSEN. Mr. Speaker, I am in receipt of the Statement of Administration Policy, which indicates that the administration supports this continuing resolution and that the President's advisers would recommend his signature on the bill.

Mr. Speaker, I include in the RECORD the Statement of Administration Policy dated February 6, 2018.

STATEMENT OF ADMINISTRATION POLICY
HOUSE AMENDMENT TO H.R. 1892—FURTHER EXTENSION OF CONTINUING APPROPRIATIONS ACT, 2018—REP. FRELINGHUYSEN, R-NJ

The Administration supports the House Amendment to the Senate Amendment to H.R. 1892, the Further Extension of Continuing Appropriations Act, 2018. This bill funds most Government programs at current levels through March 23, 2018, while incorporating the text of the House-passed fiscal year (FY) 2018 Department of Defense Appropriations Act, which provides the resources the military needs to keep the Nation safe. As the Administration has noted previously, the House-passed Department of Defense Appropriations Act is consistent with the President's pledge to undo the looming defense spending reductions that are harmful to America's national security and military readiness.

The House-passed Department of Defense Appropriations Act incorporated in the bill includes a total of \$659 billion for the Department of Defense (DOD), including \$584 billion in base spending and \$75 billion for Overseas Contingency Operations. These amounts are consistent with a total funding level for DOD similar to that authorized by the National Defense Authorization Act for Fiscal Year 2018, which was signed into law by the President. It includes \$1.2 billion requested by the Administration to support increased troop levels in Afghanistan, special operations forces capabilities, and other urgent needs.

The United States military's greatest asset is the men and women who volunteer to serve. This bill keeps faith with service members by providing a 2.4 percent military pay raise. It increases end strength across the military services for active duty, reserve, and National Guard personnel, and includes funding for training and maintenance to ensure that United States troops are properly equipped and ready to fight.

In addition to supporting the defense bill, the Administration supports language in the House Amendment to H.R. 1892 that provides for an extension of a variety of healthcare provisions, including Community Health Centers. The Administration is also appreciative that the bill includes language requested by the Administration to ensure continuity of operations for the 2020 Decennial Census Program and the Small Business Administration's Disaster Loans Program.

The Administration supports continuing discussions over a two-year budget agreement that ensures funding for national defense and other priorities. As those discussions continue, however, it is dangerous to

hold defense funding for the current fiscal year hostage to arbitrary demands for lower-priority domestic programs.

If the Further Extension of Continuing Appropriations Act, 2018, were presented to the President in its current form, his advisors would recommend that he sign the bill into law.

Mr. FRELINGHUYSEN. Mr. Speaker, I urge all of my colleagues in the House to support this continuing resolution to keep the government open for business until March 23 and to support our men and women in the armed services who do the work of freedom each and every day.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. All time for debate has expired.

Pursuant to House Resolution 727, the previous question is ordered.

The question is on the motion by the gentleman from New Jersey (Mr. FRELINGHUYSEN).

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. FRELINGHUYSEN. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, this 15-minute vote on the motion to concur will be followed by a 5-minute vote on the motion to suspend the rules and pass H.R. 219, if ordered.

The vote was taken by electronic device, and there were—yeas 245, nays 182, not voting 3, as follows:
