# USDA FUNDING WILL HELP ERADICATE SPOTTED LANTERNFLY IN PENNSYLVANIA

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, earlier today, USDA Secretary Sonny Perdue announced \$17.5 million in emergency funding to stop the spread of the spotted lanternfly in the Commonwealth of Pennsylvania.

The spotted lanternfly is beautiful, with its distinctive and colorful wings, but it is an invasive and threatening pest and its spread must be stopped.

The spotted lanternfly is originally native to parts of China, India, Vietnam, and Eastern Asia. It was first discovered in Berks County, Pennsylvania, but now has spread to 13 counties. It is a threat to apples and grapes and peaches, stone fruits, and various tree species throughout Pennsylvania.

Pennsylvania's Agriculture Secretary Russell Reading has been working to combat its spread, and this Federal funding will only increase the Commonwealth's ability to fight this pest.

As vice chair of the House Agriculture Committee, I have been working with Congressman RYAN COSTELLO and Congressman LLOYD SMUCKER and all members of the Pennsylvania delegation to ensure that we have the resources necessary to eradicate the spotted lanternfly.

I applaud Secretary Perdue's swift prevention efforts before the planthopper starts to reemerge this spring.

# SPACE X

(Ms. MAXINE WATERS of California asked and was given permission to address the House for 1 minute.)

Ms. MAXINE WATERS of California. Mr. Speaker, I rise today to recognize the extraordinary achievement of Elon Musk and SpaceX for the spectacular

and historic launch of its giant Falcon Heavy rocket, now the world's most powerful operational rocket, from Cape Canaveral on Tuesday, February 6, 2018.

Besides the launch itself, which carried Mr. Musk's personal Tesla Roadster into space, SpaceX also achieved a second amazing feat by guiding two of the Falcon Heavy's rocket boosters back to Earth for an upright landing. This rocket launch has paved the way for faster, cheaper launches of satellites and cargo into space.

So, as the representative of California's 43rd Congressional District, this milestone is especially meaningful to me. SpaceX is headquartered in my district in the city of Hawthorne, California, and employs thousands of talented men and women in our community.

I congratulate Elon Musk and SpaceX for continuing the great tradition of achievement by aerospace companies in the South Bay.

# OLIVIA, 7 YEARS OLD, WANTS TO PROTECT TREES

(Mr. POE of Texas asked and was given permission to address the House for 1 minute.)

Mr. POE of Texas. Mr. Speaker, I have a letter here from one of my grandkids, 7-year-old Olivia.

"January 28th.

"Dear Congressman Poe,

"I am writing to tell you that the environment is very important to me.

"We need to make sure that enough money is spent on keeping the world clean.

"I love seeing all the beauty in the world.

"I know that you agree with me that trees, flowers and lakes are worth protecting.

"I planted broccoli last year and I want every kid to have that opportunity at their school too.

"Please do your best!

"Sincerely, Olivia. #8, Dallas, Texas."

Mr. Speaker, No. 8 is my granddaughter Olivia. I call my 12 grandkids by their birth number.

Well, Olivia, Mr. CICILLINE and I are introducing legislation to protect trees on government easements of interstate highways.

Sometimes trees are cleared at taxpayer expense so that billboards on adjacent property can be seen.

Olivia is right, "Trees are worth protecting." We should preserve the trees on the interstates because, as No. 8 says, "The environment is important."

And that is just the way it is.

# RECOGNIZING OLYMPIC ATHLETES FROM THE CENTRAL COAST OF CALIFORNIA

(Mr. PANETTA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PANETTA. Mr. Speaker, I rise today to recognize a couple of Olympic athletes from my district on the central coast of California.

Brita Sigourney and Nick Cunningham will be representing Team USA at the Olympics in South Korea.

Brita attended the same schools I went to, Carmel High and UC Davis. She is a freestyle skier, and she is the first woman to land a 1080 in competition at the halfpipe run, and she is one of the top female freestyle skiers in the world.

Nick is a bobsledder. He also went to one of the schools I went to: Monterey Peninsula College. He is a sergeant in the Army National Guard and a member of the Army's World Class Athlete Program.

Starting this Friday, Brita and Nick will compete on the world stage under the stars and stripes of our flag.

As we know, the Olympics is an event where many different people from different places come together and compete with one another for the thrill of victory and the agony of defeat, and in doing so, they provide their opponents with dignity and respect.

Hopefully we here in Washington will not only watch the Olympics, but we will learn from Olympians like Brita and Nick, because it is our hometown athletes who not only understand what it takes to win, they know what it takes to represent the best team at the Olympics and the best country in the world.

# NANCY PELOSI STANDS ON HER FEET WITH COMPASSION AND PASSION

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Mr. Speaker, I think most of the world today saw the leader of the Democratic Caucus, NANCY PELOSI, stand on her feet with compassion and passion for the 800,000 DREAMers, those who are desperately in need of a solution, and 140,000 in the State of Texas. We pray that her standing and reading those stories will move this body to do what is right.

FEMA NEEDS TO BE COMPLETELY REORGANIZED

Ms. JACKSON LEE. Mr. Speaker, I also want to do what is right for my constituents. FEMA needs to be completely reorganized. As a member of the Homeland Security Committee, we are seeking to divide FEMA into the emergency component and the long-term recovery.

So many of my constituents have received FEMA denial letters. They don't know what to do with those letters even though we have advocated for them to appeal. It is important for FEMA to address the question of these letters throughout the hurricane-devastated areas, including throughout Puerto Rico, the Virgin Islands, Florida, and beyond.

People are hurting. FEMA must assess these denials. They must reach out
