

Government and/or contractor representatives to Mexico.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

TRANSMITTAL NO. 18-06

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex Item No. vii

(vii) Sensitivity of Technology:

1. The MH-60R Multi-Mission Helicopter focuses primarily on anti-submarine and anti-surface warfare missions. The MH-60R carries several sensors and data links to enhance its ability to work in a network-centric battle group as an extension of its home ship/main operating base. The mission equipment subsystem consists of the following sensors and subsystems: an acoustics systems consisting of a dipping sonar and sonobuoys, Multi-Mode Radar (MMR) with integral Identification Friend or Foe (IFF) interrogator, Electronic Support Measures (ESM), Integrated Self-Defense (ISD), and Multi-Spectral Targeting System (MTS). Also, Night Vision Devices (AN/AVS-9) for CONOPS and interoperability with USN. It can carry AGM-114A/B/K Hellfire missiles, as well as Mk 46/54 torpedoes to engage surface and sub-surface targets. The Mexican MH-60R platform will include provisions for the Mk 54 light weight torpedo. The MH-60R weapons system is classified up to SECRET. Unless otherwise noted below, MH-60R hardware and support equipment, test equipment, and maintenance spares are UNCLASSIFIED except when electrical power is applied to hardware containing volatile data storage. Technical data and documentation for MH-60R weapons systems (including sub-systems and weapons listed below) are classified up to SECRET. The sensitive technologies include:

a. The AGM-114 HELLFIRE missile is an air-to-surface missile with a multi-mission, multi-target, precision strike capability. The HELLFIRE can be launched from multiple air platforms and is the primary precision weapon for the United States Army. The highest level for release of the AGM-114 HELLFIRE is SECRET, based upon the software. The highest level of classified information that could be disclosed by a proposed sale or by testing of the end item is SECRET; the highest level that must be disclosed for production, maintenance, or training is CONFIDENTIAL. Reverse engineering could reveal CONFIDENTIAL information. Vulnerability data, countermeasures, vulnerability/susceptibility analyses, and threat definitions are classified SECRET or CONFIDENTIAL.

b. Advanced Precision Kill Weapons System (APKWS) II laser guided rocket to counter the fast attack craft and fast inshore attack craft threat. APKWS hardware is UNCLASSIFIED.

c. The light-weight hybrid air launched torpedo (Mk 54 LHT) is for surface and sub-surface targets. The acquisition of Mk-54 LHT will include ancillary equipment and publications.

d. Communications security devices contain sensitive encryption algorithms and keying material. The purchasing country has previously been released and utilizes COMSEC devices in accordance with set procedures and without issue. COMSEC devices will be classified up to SECRET when keys are loaded.

e. Identification Friend or Foe (IFF) (KIV-78) contains embedded security devices containing sensitive encryption algorithms and keying material. The purchasing country will utilize COMSEC devices in accordance with set procedures. The AN/APX-123 is classified up to SECRET.

f. GPS/PPS/SAASM—Global Positioning System (GPS) provides a space-based Global Navigation Satellite System (GNSS) that has reliable location and time information in all weather and at all times and anywhere on or near the earth when and where there is an unobstructed line of sight to four or more GPS satellites. Selective Availability/Anti-Spoofing Module (SAASM) (AN/PSN-11) is used by military GPS receivers to allow decryption of precision GPS coordinates. The GPS hardware is UNCLASSIFIED. When electrical power is applied, the system is classified up to SECRET.

g. Acoustics algorithms are used to process dipping sonar and sonobuoy data for target tracking and for the Acoustics Mission Planner (AMP), which is a tactical aid employed to optimize the deployment of sonobuoys and the dipping sonar. Acoustics hardware is UNCLASSIFIED. The acoustics system is classified up to SECRET when environmental and threat databases are loaded and/or the system is processing acoustic data.

h. The AN/APS-153 multi-mode radar with an integrated IFF and Inverse Synthetic Aperture (ISAR) provides target surveillance/detection capability. The AN/APS-153 hardware is unclassified. When electrical power is applied and mission data loaded, the AN/APS-153 is classified up to SECRET.

i. The AN/ALQ-210 (ESM) system identifies the location of an emitter. The ability of the system to identify specific emitters depends on the data provided by the Mexican Navy. The AN/ALQ-210 hardware is UNCLASSIFIED. When electrical power is applied and mission data loaded, the AN/ALQ-210 system is classified up to SECRET.

j. The AN/AAS-44C Forward Looking Infrared Radar (FLIR) uses the Multi-spectral Targeting System (MTS) that allows it to operate in day/night and adverse weather conditions. Imagery is provided by an Infrared sensor, a color/monochrome DTV, and a Low-Light TV. The AN/AAS-44C hardware is UNCLASSIFIED. When electrical power is applied, the AN/AAS-44C is classified up to SECRET.

k. Satellite Communications Demand Assigned Multiple Access (SATCOM DAMA), which provide increased, interoperable communications capabilities with US forces. SATCOM DAMA hardware is UNCLASSIFIED. When electrical power is applied and mission data loaded these systems are classified up to SECRET.

2. All the mission data, including sensitive parameters, is loaded from an off board station before each flight and does not stay with the aircraft after electrical power has been removed. Sensitive technologies are protected as defined in the program protection and anti-tamper plans. The mission data and off board station are classified up to SECRET.

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

4. A determination has been made that the recipient country can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

5. All defense articles and services listed in this transmittal have been authorized for release and export to Mexico.

I AM FOR THE CHILD DAY

Ms. BALDWIN. Mr. President, today I rise to recognize the first annual I am for the Child Day on April 18, 2018, sponsored by the Wisconsin Court Appointed Special Advocates, CASA, Association and the National CASA Association. April is Child Abuse Prevention Month, and Wisconsin CASA champions the needs of abused and neglected children. Over 6,000 Wisconsin children are in foster care; yet only 690 are assigned trained volunteers who can advocate for their safety and well-being while under the protection of the courts and child welfare agencies. The goal of the first annual I am for the Child Day is to raise awareness about the need for volunteers and the crippling impacts of child abuse and neglect on vulnerable children. I am proud to honor the WI CASA organization and the dedicated volunteers whose voice can speak for these children.

The Wisconsin CASA Association is a charitable, nonprofit member of the National CASA Association network. The association supports local programs throughout the State of Wisconsin in La Crosse, Vernon, Monroe, Brown, Marinette, Outagamie, Rock, Columbia, Dane, Manitowoc, Sauk, and Milwaukee Counties. Court appointed special advocates are community volunteers who champion the needs of abused and neglected children. They are sworn "friends of the court" acting under the jurisdiction of an appointing judge. Their work strengthens outcomes for children involved in an overstrained social welfare system. They provide advocacy for children's health, safety, emotional and physical development, family interaction, education, faith, recreation, and the cultural continuity that children need to thrive.

These volunteers interact with parents, caregivers, siblings, extended family members, foster parents, teachers, counselors, and healthcare providers to monitor the children's educational progress and social development. Their observations ultimately cultivate important recommendations for the court. Research shows that CASA volunteers strengthen outcomes for children, enhance child safety, reduce time spent in foster care, and improve the services the children receive.

CASA organizations are accelerating their advocacy by designating April 18 as the first annual I am for the Child Day with the goal of bringing awareness to child abuse everywhere and to help these children navigate a tumultuous life experience. Once again, I commend the Wisconsin Court Appointed Special Advocates Association on their admirable work and look forward to celebrating their accomplishments in the future.

TRIBUTE TO MICHAEL FLEAGLE

Mr. SULLIVAN. Mr. President. I would like to say a few words about a

former member of my staff, Mike Fleagle, who has recently left my office and, unfortunately for Alaska, accepted a job in Colorado.

Mike was one of the very first people to join my team when I took office in 2014. I lured Mike away from his great job as the facilities maintenance supervisor for Alaska's largest city and was honored that he wanted to join me in serving our fellow Alaskans.

When you meet Mike, it doesn't take long to see the thoughtfulness and kindness by which he lives his life and treats others. He has a can-do attitude and an incredible knowledge base for so many important issues for Alaskans: aviation, rural affairs, transportation, energy, and subsistence. He brought to our office a trove of knowledge about hunting and fishing that he obtained in his 14 years of experience as chairman and member of Alaska's Board of Game and the Federal Subsistence Board, in addition to being a lifelong outdoorsman.

Mike was a true pleasure to have on the team. He loves Alaska and that always showed in the excellent quality of his work. Mike loves to hunt, fish, and hike, and he loves his family and is a devoted husband and father.

We will miss Mike very much, and I am very grateful for the time he spent in my office helping Alaskans.

TRIBUTE TO KATE O'CONNOR

Mr. SULLIVAN. Mr. President, I would like to say a few words about Kate O'Connor, a former member of my staff who recently left to pursue another opportunity in public service.

She is now working at the National Telecommunications and Information Administration, where she will continue her focus on telecommunications and information policy.

Kate was one of the first staffers I hired after being sworn in to the Senate in January 2015.

She started as a legislative correspondent and was integral in establishing and managing our constituent correspondence system. Her talent, work ethic, and interest in Alaska elevated her to a legislative assistant, where she oversaw issues related to the Commerce, Science, and Transportation Committee, as well as education and healthcare.

Kate understood firsthand the unique challenges Alaska faces, particularly in regard to broadband deployment and reliable internet access. She played a critical role in helping to usher an Alaska specific plan through the FCC, a plan that will help bridge the digital divide by bringing more advanced broadband services to rural Alaska.

It was during her time at the University of Chicago, where she was pursuing a bachelor's of arts in public policy from the university, when she ventured north to my great State of Alaska for an internship in Juneau.

She fell in love with my State, as so many people do, and I am confident

that she will go on to be a great ambassador for Alaska.

Kate's positive attitude, her work ethic, and her love for Alaska will definitely be missed. I wish her all the best.

ADDITIONAL STATEMENTS

RECOGNIZING CLEAR CHANNEL OUTDOOR-LAS VEGAS

• Ms. CORTEZ MASTO. Mr. President, today I am honored to congratulate the dedicated staff at Clear Channel Outdoor, in Las Vegas, NV, for earning the Federal Bureau of Investigation, FBI, Director's Community Leadership Award. On April 20, 2018, representatives from Clear Channel Outdoor will join the Federal Bureau of Investigation in Washington, DC, to formally accept this much-deserved recognition.

The FBI's special agents in 56 field offices work closely with the community to conduct investigations and to protect the American people from crimes and acts of extremism. In appreciation, special agents in FBI field offices nominate community leaders and organizations that exemplify their values and those who work tirelessly to assist them in their work to keep the community safe. The Director's Community Leadership Award honors these individuals and organizations for their leadership in combating crime, terrorism, drugs, and violence in America. Earning this award is no easy feat.

This award recognizes Clear Channel Outdoor-Las Vegas for their steadfast efforts to provide digital billboard services that assisted law enforcement in generating thousands of leads and tips, following the tragic and senseless loss of life at the Route 91 Festival on October 1, 2017, in Las Vegas. Clear Channel Outdoor-Las Vegas donated billboard space on digital signs around the city of Las Vegas to expand law enforcement's reach, telling the community, "If you see something, say something."

In Las Vegas, the October 1 tragedy shocked our community but also spurred us to action. During that dark time, Las Vegans came together to drop off food and water at the Family Reunification Center, donate blood, and build beautiful memorials to honor those killed. I am proud of how our community came together, of how law enforcement acted to protect lives and ensure that residents and visitors felt protected following such a tragic incident. I am also proud of the Clear Channel Outdoor-Las Vegas staff, who joined as part of our community effort, answering the call to assist local law enforcement and educate our community at large. Clear Channel Outdoor-Las Vegas's actions helped rebuild and strengthen the bonds that make Las Vegas the beautiful place we call home.

I ask my colleagues to join me in recognizing Clear Channel Outdoor-Las Vegas for their generosity, their eager-

ness, and their empathy in helping their fellow citizens and for their endeavors to help our home heal from this senseless tragedy. I celebrate the FBI's recognition of Clear Channel Outdoor-Las Vegas, and I am proud of their work on behalf of law enforcement and the State of Nevada.●

TRIBUTE TO GERARD "JERRY" LACHANCE

• Ms. HASSAN. Mr. President, this month, I am proud to recognize Gerard "Jerry" Lachance of Sandown, NH, as our Granite Stater of the Month in honor of his incredible dedication to supporting our veterans.

At 70 years old, Jerry is currently on a more than 2,000-mile journey by bike from Florida to the northernmost tip of New Hampshire to raise funds for Project Hero, a nonprofit that builds adaptive bikes and helps support veterans and first responders impacted by injury and posttraumatic stress disorder.

Jerry, an avid cyclist for 12 years, a volunteer firefighter of more than 20 years for the Sandown Fire Rescue, and a Vietnam veteran, wanted to find a way to give back and support the brave servicemembers he considers to be his heroes. During one of Project Hero's honor rides, Jerry met a veteran who lost his leg during his service. The veteran was using an adaptive bike that he received from Project Hero, which inspired Jerry to do more to help the organization.

In 2016, Jerry biked from the New Hampshire-Canadian border to Key West, FL, with the goal of raising \$5,000, but his community was so inspired by Jerry's ride that he ended up raising \$25,000 for Project Hero.

This year, over the course of his 40-day ride, Jerry hopes to raise another \$25,000 to support our veterans.

We owe our brave veterans and servicemembers a debt of gratitude that we can never truly repay, but we must try. Efforts like Jerry's are an example for all of us of the dedication and support we can give to those who have sacrificed bravely for our country.

Jerry Lachance has proven to be a shining example of how we can support our veterans, and he embodies the values and all-hands-on-deck spirit of the Granite State. I thank Jerry for both his own military service and his commitment to our veterans, and I am honored to recognize him as our Granite Stater of the Month.●

RECOGNIZING VERMONT MEALS ON WHEELS

• Mr. SANDERS. Mr. President, I would like to take a moment to recognize the extraordinary work of Vermont's Meals on Wheels programs. All across the State, hundreds of volunteers regularly deliver freshly cooked nutritious meals to thousands of seniors in their homes, many of whom otherwise might not have
