

render the proposed project impracticable if the project has a clearly overriding public interest; and

Whereas, the Clean Water Act and the Rivers and Harbors Act do not allow for such variances when a project to mitigate coastal wetland loss is being considered, even when that project has a clearly overriding public interest; and

Whereas, in an effort to help the state protect its valuable coast and wetlands, federal law should allow for a variance for a project that has a clearly overriding public interest. Therefore, be it

Resolved, That the Legislature of Louisiana memorializes the Congress of the United States to allow for variances on certain projects regulated by the Clean Water Act and the Rivers and Harbors Act. Be it further

Resolved, That a copy of this Resolution shall be transmitted to the secretary of the United States Senate and the clerk of the United States House of Representatives and to each member of the Louisiana delegation to the United States Congress.

POM-220. A resolution adopted by the House of Representatives of the Commonwealth of Pennsylvania urging the Secretary of Health and Human Services to select former Naval Air Station Joint Reserve Base Willow Grove and the former Naval Air Warfare Center Warminster and Horsham, Warrington and Warminster Townships for an exposure assessment and study on human health implications of perfluoroalkyl and polyfluoroalkyl substances contamination; to the Committee on Health, Education, Labor, and Pensions.

HOUSE RESOLUTION NO. 682

Whereas, The United States military used foam containing perfluorooctane sulfonate (PFOS) and perfluorooctanoic acid (PFOA), unregulated contaminants, in firefighting training at two former bases, Naval Air Station Joint Reserve Base Willow Grove in Horsham Township, Montgomery County, and Naval Air Warfare Center Warminster in Warminster Township, Bucks County, Pennsylvania; and

Whereas, The former Naval Air Station Joint Reserve Base Willow Grove is the location of Horsham Air Guard Station, an active base of the Pennsylvania Air National Guard; and

Whereas, The chemicals have appeared in elevated levels in public and private water wells; and

Whereas, PFOS and PFOA are "extremely persistent in the environment and resistant to typical environmental degradation processes," according to the Environmental Protection Agency (EPA), which has also stated: "The toxicity, mobility and bioaccumulation potential of PFOS and PFOA pose potential adverse effects for the environment and human health"; and

Whereas, A growing body of science has established associations between PFOS and PFOA and a range of health effects, including a variety of cancers; and

Whereas, The chemicals were first discovered in local public water supplies near the former military bases by an EPA testing program, resulting in several public water wells being taken offline; and

Whereas, On May 19, 2016, the EPA issued an update to its health advisory for PFOS and PFOA that significantly reduces the amount considered safe in drinking water: in the worst possible case, water containing the chemicals at an amount previously deemed safe would now be more than eight times over the recommended limits; and

Whereas, The new recommended levels have resulted in officials from the Horsham Water and Sewer Authority, Warminster Mu-

nicipal Authority and Warrington Township Water and Sewer Department shutting down contaminated public drinking water wells, including 16 municipal wells in Horsham, Warrington and Warminster Townships and nearly 150 private wells; and

Whereas, Section 316 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91, 131 Stat. 1283 requires the United States Secretary of Health and Human Services to conduct an exposure assessment of at least eight current or former domestic military installations known to have perfluoroalkyl and polyfluoroalkyl substances (PFASs) contamination, which includes PFOS and PFOA, in addition to commencing a study on the human health implications of PFASs contamination in sources of water and relevant exposure pathways; therefore be it

Resolved, That the House of Representatives of the Commonwealth of Pennsylvania urge the United States Secretary of Health and Human Services to select these two installations and Horsham, Warrington and Warminster Townships for the exposure assessment and the study on human health implications; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, to the presiding officers of each house of Congress, to each member of Congress from Pennsylvania, to the United States Secretary of Health and Human Services and to the United States Secretary of Defense.

POM-221. A resolution adopted by the City Council of South Portland, Maine memorializing its opposition to any plan or legislation that would open the coast of Maine to offshore drilling for gas and oil; to the Committee on Energy and Natural Resources.

Whereas, in 2013, Israel also became a member of WEOG at the United Nations bodies in Geneva;

Whereas WEOG membership made possible the election for 2016-17 of Israel's Ambassador as the chair of the Sixth (Legal) Committee of the General Assembly, and in 2017, Israel's election to the Executive Board of the United Nations Entity for Gender Equality and the Empowerment of Women (UN Women);

Whereas Congress has appropriated amounts in accordance with such memoranda of understanding, reflecting the two countries' shared priorities in the region and the strength of United States support for maintaining Israel's qualitative military edge; and
