

Edgar Mitchell, and Neil Armstrong. We have also lost the great Sally Ride. While we mourn the loss of these American heroes, we are forever indebted to them for their extraordinary contributions to humanity.

I am so grateful NASA has had over the years the kinds of wisdom, experience, and technical skills in its leadership that were so embodied by heroes like Captain Young. We are extremely fortunate to have, in NASA Acting Administrator Robert Lightfoot, a leader who is universally acclaimed for his competence and professionalism. I have the utmost confidence in Acting Administrator Lightfoot and am thankful to have his steady hand on the tiller. I will continue to fight to see that NASA has leadership that carries on the tradition of having true space professionals at the helm of such an important agency.●

RECOGNIZING TAMARACK AEROSPACE GROUP

● Mr. RISCH. Mr. President, over the past 20 years the aerospace industry in my home State of Idaho has grown by an astonishing 40 percent, with a number of small business firms leading the way. As you may know, the aerospace industry is a complex field that requires a passion for innovation and great attention to detail. I am pleased to say that, in my home State of Idaho, these qualities are found in successful small businesses all across the State. As chairman of the Senate Committee on Small Business and Entrepreneurship, it is my privilege to honor Tamarack Aerospace Group as the Small Business of the Month for January 2018. Tamarack Aerospace is a pioneer in a variety of aerospace engineering products that are used in airplanes across the Nation and the world. This small business contributes significantly to Idaho's reputation as a destination for trailblazers in the aerospace industry and is a remarkable example of entrepreneurial innovation.

In 2010, Mr. Nicholas Guida founded Tamarack Aerospace Group in Sandpoint, ID. Mr. Guida has over 25 years of experience in the aerospace industry, including time spent as an aerospace engineer, a safety consultant, and as a test pilot. Since Tamarack's founding, Mr. Guida assembled an impressive team of six diverse professionals with years of experience across various sectors of the aerospace industry. From veteran Navy pilots to skilled mechanical engineers, the team at Tamarack combines experience with a passion for innovation.

Tamarack Aerospace specializes in something called active winglet innovation with their product, ATLAS, which actively reduces the load placed on each wing of an aircraft. Tamarack's winglets allow for optimal efficiency without compromising an aircraft's structural integrity. As a result, aircraft equipped with this technology have lower operating costs, as

well as increased fuel efficiency and life of the aircraft's wings. This technology makes air travel cheaper and more efficient, without compromising the safety of pilots or passengers. Tamarack will soon be representing Idaho internationally at the Singapore Airshow next month, showcasing their new technological innovations in collaboration with the Idaho Department of Commerce's exhibit at the airshow. It is very exciting to see these accomplished entrepreneurs represent Idaho and the United States on the international stage.

The Tamarack Aerospace Group is making an outsized impact in a highly technical field and recently received much deserved recognition for these contributions by being named a winner of the 61st Annual Laureate Award by Aviation Week & Space Technology. The award recognizes those who inspire innovation and show leadership in the world of aviation. It is this kind of innovation that continues to set our great Nation apart and propel us forward. Mr. Guida and the team at Tamarack have also shown tremendous resourcefulness, resilience, and perseverance in navigating the certification and regulatory processes to bring their winglets to market, which is no easy feat.

I would like to extend my sincerest congratulations to Mr. Guida and all of the employees at Tamarack Aerospace Group for being selected as the January 2018 Small Business of the Month. You make Idaho proud, and I look forward to watching your continued growth and success.●

MESSAGES FROM THE PRESIDENT

Messages from the President of the United States were communicated to the Senate by Ms. Cuccia, one of his secretaries.

EXECUTIVE MESSAGES REFERRED

As in executive session the Presiding Officer laid before the Senate messages from the President of the United States submitting sundry nominations which were referred to the appropriate committees.

(The messages received today are printed at the end of the Senate proceedings.)

MESSAGE FROM THE HOUSE

At 11:04 a.m., a message from the House of Representatives, delivered by Mrs. Cole, one of its reading clerks, announced that the House has passed the following bills, in which it requests the concurrence of the Senate:

H.R. 1660. An act to direct the Administrator of the United States Agency for International Development to submit to Congress a report on the development and use of global health innovations in the programs, projects, and activities of the Agency.

H.R. 2954. An act to amend the Home Mortgage Disclosure Act of 1975 to specify which

depository institutions are subject to the maintenance of records and disclosure requirements of such Act, and for other purposes.

MEASURES REFERRED

The following bills were read the first and the second times by unanimous consent, and referred as indicated:

H.R. 1660. An act to direct the Administrator of the United States Agency for International Development to submit to Congress a report on the development and use of global health innovations in the programs, projects, and activities of the Agency; to the Committee on Foreign Relations.

H.R. 2954. An act to amend the Home Mortgage Disclosure Act of 1975 to specify which depository institutions are subject to the maintenance of records and disclosure requirements of such Act, and for other purposes; to the Committee on Banking, Housing, and Urban Affairs.

ENROLLED BILLS PRESENTED

The Secretary of the Senate reported that on today, January 19, 2018, she had presented to the President of the United States the following enrolled bills:

S. 117. An act to designate a mountain peak in the State of Montana as "Alex Diekmann Peak."

S. 139. An act to amend the Foreign Intelligence Surveillance Act of 1978 to improve foreign intelligence collection and the safeguards, accountability, and oversight of acquisitions of foreign intelligence, to extend title VII of such Act, and for other purposes.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-156. A concurrent resolution adopted by the Legislature of the State of Texas urging the United States Congress to pass legislation or adopt policies allowing Texas to manage the Gulf of Mexico red snapper fishery out to 200 nautical miles; to the Committee on Commerce, Science, and Transportation.

HOUSE CONCURRENT RESOLUTION NO. 105

Whereas, in recent years, the Gulf of Mexico has contained the highest total allowable catch of red snapper in decades, but in 2016, anglers experienced the shortest recreational fishing season to date, lasting less than two weeks; and

Whereas, the U.S. government has overseen the Gulf recreational red snapper fishery for nearly four decades; today, federal management systems attempt to regulate red snapper fishing by the pound with tools specifically designed to manage the commercial sector, despite the fact that federal data collection systems are incapable of accounting to such a level of specificity for recreational harvests; and

Whereas, the U.S. government has, moreover, neglected to use recent data to provide meaningful guidelines and requirements for a systematic reallocation of federal fisheries; except for minor adjustments to account for errors in its own data collection system, the Gulf red snapper fishery allocation is based on highly suspect data from 1979-1986 and has remained unchanged since 1991; and

Whereas, the federal government is currently promoting a management strategy to

privatize the Gulf red snapper fishery; approximately 50 percent of the fishery is already held by private businesses, while another 20 percent has been designated to be sold; shares of this public resource have also been given away for free, based on a commercial operator's past catch history; and

Whereas, because of extraordinarily remiss requirements in its conflict of interest guidelines, the federal fisheries management system allows commercial operators who already own red snapper shares or who may be gifted shares to serve on the Gulf of Mexico Fishery Management Council and to cast votes on issues that will result in direct financial benefit for them; and

Whereas, by creating a prohibitive environment for anglers and ethical issues among user groups and stakeholders, the U.S. government has proved itself incapable of properly managing red snapper fishing in the Gulf of Mexico, and all five states along the Gulf Coast have increasingly needed to implement regulations and seasons that are not consistent with the federal management plan; and

Whereas, numerous studies, including some funded by NOAA Fisheries, indicate that the greatest economic engine in the Gulf reef fishery is the recreational angling sector, and federal control should be relinquished to the Gulf states, which depend most on this vital public resource: Now, therefore, be it

Resolved, That the 85th Legislature of the State of Texas hereby encourage Congress to pass legislation or adopt policies allowing Texas to manage the Gulf of Mexico red snapper fishery out to 200 nautical miles; and be it further

Resolved, That the Texas secretary of state forward official copies of this resolution to the president of the United States, to the president of the Senate and to the speaker of the House of Representatives of the United States Congress, and to all the members of the Texas delegation to Congress with the request that this resolution be entered in the Congressional Record as a memorial to the Congress of the United States of America.

POM-157. A resolution adopted by the Senate of the State of Michigan memorializing the celebration of the Republic of China's (Taiwan) 106th National Day on October 10, 2017; to the Committee on Foreign Relations.

SENATE RESOLUTION NO. 103

Whereas, Relations between the Republic of China (Taiwan) and the United States are marked by strong bilateral trade, education, and cultural exchanges. In 2016, bilateral trade totaled more than \$65.4 billion in exchanged goods, making the U.S. the third-largest trading partner of Taiwan, and Taiwan the tenth-largest trading partner of the United States; and

Whereas, Taiwan and the state of Michigan have long benefited from this relationship. In 2016 Taiwan was Michigan's sixth-largest market in Asia and Michigan exports to Taiwan amounted to \$298.59 million, a 20 percent increase from 2015. From 2013 to 2016, Michigan imports from Taiwan increased from \$705 million to \$867 million, a 23 percent increase, making the outlook for joint economic and cultural growth in the future bright; and

Whereas, Taiwan is capable of and willing to fulfill its responsibilities and to collaborate with the world to deal with the challenges of humanitarian aids and disease control. Taiwan's meaningful participation in international organizations benefits the international community as a whole, including the state of Michigan: Now, therefore, be it

Resolved by the Senate, That the members of this legislative body congratulate the government and people of the Republic of China

(Taiwan) on their 106th National Day on October 10, 2017; and be it further

Resolved, That we continue to support Taiwan's meaningful participation in international organizations which impact the health, safety and well-being of its people, and support its aspiration to make more contributions in international societies; and be it further

Resolved, That copies of this resolution be transmitted to the U.S. Secretary of State; the Taipei Economic and Cultural Office in Chicago Illinois; and the members of the Michigan congressional delegation.

POM-158. A resolution adopted by the Senate of the State of Michigan memorializing their opposition to violent terrorism, totalitarian impulses, xenophobic biases, and bigoted ideologies that are promoted by radical hate groups and declaring these groups to be domestic terrorist organizations; to the Committee on the Judiciary.

SENATE RESOLUTION NO. 82

Whereas, The United States was founded on the principles that all men are created equal and have the unalienable right to life, liberty, and the pursuit of happiness. In the more than 240 years since this declaration, our nation has strived, struggled, and made great progress toward achieving these lofty ideals. Ending slavery, women's suffrage, the civil rights movement, and marriage equality were all major moments in our history where we recognized injustice and inequality and worked to end it; and

Whereas, White nationalist and neo-Nazi groups endorse agendas that are in irreconcilable conflict with our nation's foundational principles of liberty and justice for all. Throughout the course of our nation's history, these groups have promoted intimidation and violent repression of individuals solely on the basis of their race, ethnicity, religion, sexual orientation, or immigration status; and

Whereas, Although white nationalism has attempted to reinvent itself, self-identifying as the "Alt-Right," its present-day rhetoric and terrorism conjure painful memories of our nation's past. Race-based hatred remains an integral component of these groups' core orientations as they seek to reignite social animosities, reverse improvements in race relations, divide the nation, and provoke hatred, classism, and ethnic eradication; and

Whereas, The white nationalist and neo-Nazi message of racial and social intolerance has led to senseless acts of violence that terrorize members of ethnic and religious minority communities. The tragic events that took place on August 12, 2017, in Charlottesville, Virginia, prove that white nationalism and neo-Nazism remain very real threats to social and racial progress and peace in our nation, now, therefore, be it

Resolved by the Senate, That we strongly denounce and oppose the violent terrorism, totalitarian impulses, xenophobic biases, and bigoted ideologies that are promoted by radical hate groups and declare these groups to be domestic terrorist organizations, and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, the Governor, and the members of the Michigan congressional delegation.

POM-159. A resolution adopted by the Senate of the State of Michigan memorializing atomic veterans for their service and sacrifice for our nation; to the Committee on Veterans' Affairs.

SENATE RESOLUTION NO. 73

Whereas, Throughout the nation's history, brave Michigan citizens have answered the call of duty and service, defending our free-

dom as members of the United States Armed Forces; and

Whereas, As a result of the Manhattan Project, the United States conducted the Trinity Atomic Test, the first detonation of a nuclear device, in New Mexico on July 16, 1945; and

Whereas, Over 200,000 American service members, including those from Michigan, participated in aboveground nuclear tests between 1945 and 1962, and veterans who participated in the cleanup of the Eniwetok Atoll in the Marshall Islands between 1977 and 1980, and also those who were part of the United States military occupation forces in or around Hiroshima and Nagasaki before 1946, and some were held as a prisoner of war during this time; and

Whereas, These atomic veterans were exposed to radiation during their military service and, due to that exposure, developed several types of medical conditions that are not currently listed under the Radiation Exposure Compensation Act (RECA); and

Whereas, Many atomic veterans were prevented by secrecy laws or oaths from seeking medical care or disability compensation from the United States Department of Veterans Affairs (VA) for conditions they may have developed as a result of radiation exposure; and

Whereas, In 1996, the United States Congress repealed the Nuclear Radiation and Secrecy Agreements Act, freeing atomic veterans to describe their military involvement in nuclear testing in order to file for VA benefits; and

Whereas, Atomic veterans will now be eligible for free medical care from the VA and compensation in the form of full service-connected disability allowance, including payments to a surviving spouse or children; and

Whereas, The Michigan Veteran's Affairs Agency will provide free assistance to Michigan veterans and their dependents in developing and submitting disability compensation claims to the VA and the Department of Justice for death benefits; and

Whereas, The National Association of Atomic Veterans was formed in 1979 to help atomic veterans obtain medical care and assistance; Now, therefore, be it

Resolved by the Senate, That the members of this legislative body find it proper and fitting that atomic veterans be recognized for their service and sacrifice for our nation and that they should be provided the necessary medical services and compensation for their service; and be it further

Resolved, That we memorialize the United States Congress to do all it can to support atomic veterans, their spouses, and dependents in receiving medical care and disability compensation; and be it further

Resolved, That copies of this resolution be transmitted to the National Associations of Atomic Veterans, the Michigan Veteran's Affairs Agency, the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the Michigan congressional delegation.

POM-160. A resolution adopted by the Township Council of Livingston, New Jersey, urging their delegation to the United States Congress to oppose any proposal to eliminate the state and local taxes deductibility provision from the Federal tax code; to the Committee on Finance.

INTRODUCTION OF BILLS AND JOINT RESOLUTIONS

The following bills and joint resolutions were introduced, read the first
