GENERAL MOTORS

Mr. BROWN. Mr. President, last Friday was a dark day for American workers and a dark day for the American auto industry. On the very same day that General Motors laid off the entire

second shift at the historic Lordstown plant in the Mahoning Valley in Northeast Ohio, we got word that GM plans to build its new Chevy Blazer in Mexico. That is right—the company bypasses American workers, lays off an entire shift, and sends more jobs to Mexico. All this comes on the heels of the windfall GM got from the tax bill Congress passed last year.

GM now can bring some \$7 billion in overseas cash back to the United States at a dramatically lower tax rate, they can immediately deduct the cost of any new investments in plants and equipment, and their overall corporate tax rate dropped by about one-third. They could use that extra cash to invest in Lordstown, to build more cars in America, but what do they do instead? They lay off 1,500 workers—1,500 Ohio workers, 1,500 families affected—in Niles, Ravenna, Kent, Reminderville, Youngstown, Girard, Lordstown, and all over the Mahoney Valley and beyond. That is just a year after they laid off the third shift—more than 1,000 workers—at the same plant. They have some nerve.

The workers at this plant are among the best in the world. The car they make, the Chevy Cruze, beat out the foreign competition in its class last year. For the 2018 models, J.D. Power and Associates named the Cruze among the top two cars in its class. They named the Lordstown plant among the six top plants in the Americas. Anyone who has been to Lordstown wouldn't be surprised.

Ten years ago, the Federal Government rescued the auto industry.

Eight years ago, I actually drove one of the first cars—with Governor Strickland and others—off the line, one of the first Chevy Cruzes coming out of the Lordstown plant.

Two years ago, I stood in Lordstown for the plant's 50th anniversary, and I saw the pride the community takes in that plant. GM estimated that more than 10,000 people—young and old, families with children, workers who had been there almost the entire 50 years, vintage car buffs, former workers—turned out to watch the parade and to celebrate the plant. The line to get into the plant for a tour stretched down the street and around the block. That is what this plant means to the communities it serves. That is what the auto industry means to the communities it serves. It appears General Motors has forgotten some of that. That is why we worked so hard to save this industry, including General Motors, after the economic crisis.

In addition to the Federal auto rescue, the State of Ohio gave GM more than \$80 million in tax incentives. But now, after Ohio gave millions to this company, GM turns its back on Ohio—all while making record profits, all while reaping the rewards of the tax bill paid for by taxpayers.

As a country, as a State, we are invested in this industry. GM needs to invest in America and in Ohio. It needs to invest in the workers and in the communities that built this company and made it great. Instead of making plans to invest in Mexico, GM should be working with workers, with the union, with local officials—with all of us—to invest, instead, in American workers. We have invested in GM; GM should invest in Ohio workers.

I yield the floor.

ADJOURNMENT UNTIL 10 A.M. TOMORROW

The PRESIDING OFFICER. Under the previous order, the Senate stands adjourned until 10 a.m. tomorrow.

Thereupon, the Senate, at 6:46 p.m., adjourned until Tuesday, June 26, 2018, at 10 a.m.
