SEC. _____. SENSE OF THE SENATE REGARDING REPRESENTATION BY SENATE LEGAL COUNSEL IN TEXAS V. UNITED STATES.

(a) FINDINGS.—Congress finds the following:

(1) Texas, Wisconsin, Alabama, Arkansas, Arizona, Florida, Georgia, Indiana, Kansas, Louisiana, Paul LePage (Governor of Maine), Mississippi (by and through Governor Phil Bryant), Missouri, Nebraska, North Dakota, South Carolina, South Dakota, Tennessee, Utah, and West Virginia have filed suit in the United States District Court for the Northern District of Texas, arguing that the Patient Protection and Affordable Care Act (Public Law 111-148; 124 Stat. 119), is unconstitutional and should be enjoined, by asserting that the Act's requirement to maintain minimum essential coverage (commonly known as the "individual responsibility provision") in section 5000A(a) of the Internal Revenue Code of 1986, is unconstitutional following the amendment of that provision by the Act to provide for reconciliation pursuant to titles II and V of the concurrent resolution on the budget for fiscal year 2018 (Public Law 115-97) (commonly known as the "Tax Cuts and Jobs Act").

(2) These State and individual plaintiffs also seek to strike down the entire Patient Protection and Affordable Care Act as not severable from the individual responsibility provision.

(3) On June 7, 2018, the Department of Justice refused to defend the constitutionality of the amended individual responsibility provision, despite the well-established duty of the Department to defend Federal statutes where reasonable arguments can be made in their defense.

(4) The Department of Justice not only refused to defend the amended individual responsibility provision, but it affirmatively argued that this provision is unconstitutional and that the provisions of the Patient Protection and Affordable Care Act guaranteeing issuance of insurance coverage regardless of health status or pre-existing conditions (commonly known as the "guaranteed issue provision"), sections 2702, 2704, and 2705(a) of the Public Health Service Act

(42 U.S.C. 300gg-1, 300gg-3, 300gg-4(a)), and prohibiting discriminatory premium rates (commonly known as the "community rating provision"), sections 2701 and 2705(b) of the Public Health Service Act (42 U.S.C. 300gg(a)(1), 300gg-4(b)) must now be struck down as not severable from the individual responsibility provision.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the Senate Legal Counsel should be authorized to represent the Senate in *Texas v. United States*, No. 4:18-cv-00167-O (N.D. Tex.), including seeking to—

(1) intervene as a party in the matter; and
(2) defend all provisions of the Patient Protection and Affordable Care Act, the amendments made by that Act to other provisions of law, and any amendments to such provisions, including the provisions ensuring affordable health coverage for those with pre-existing conditions.

TITLE _____

SEC. ____ . CONGRESSIONAL FINDINGS AND DECLARATION OF PURPOSES.

(a) FINDINGS.—Congress finds the following:

(1) In 1984, the Drug Price Competition and Patent Term Restoration Act (Public Law 98-417) (referred to in this Act as the “1984 Act”), was enacted with the intent of facilitating the early entry of generic drugs while preserving incentives for innovation.

(2) Prescription drugs make up approximately 10 percent of the national health care spending.

(3) Initially, the 1984 Act was successful in facilitating generic competition to the benefit of consumers and health care payers, although 88 percent of all prescriptions dispensed in the United States are generic drugs, they account for only 28 percent of all expenditures.

(4) Generic drugs cost substantially less than brand name drugs, with discounts off the brand price averaging 80 to 85 percent.

(5) Federal dollars currently account for over 40 percent of the \$325,000,000,000 spent on retail prescription drugs, and this share is expected to rise to 47 percent by 2025.

(6)(A) In recent years, the intent of the 1984 Act has been subverted by certain settlement agreements in which brand name companies transfer value to their potential generic competitors to settle claims that the generic company is infringing the branded company’s patents.

(B) These “reverse payment” settlement agreements—

(i) allow a branded company to share its monopoly profits with the generic company as a way to protect the branded company’s monopoly; and

(ii) have unduly delayed the marketing of low-cost generic drugs contrary to free competition, the interests of consumers, and the principles underlying antitrust law.

(C) Because of the price disparity between brand name and generic drugs, such agreements are more profitable for both the brand and generic manufacturers than competition and will become increasingly common unless prohibited.

(D) These agreements result in consumers losing the benefits that the 1984 Act was intended to provide.

(b) PURPOSES.—The purposes of this title are—

(1) to enhance competition in the pharmaceutical market by stopping anticompetitive agreements between brand name and generic drug manufacturers that limit, delay, or otherwise prevent competition from generic drugs; and

(2) to support the purpose and intent of antitrust law by prohibiting anticompetitive practices in the pharmaceutical industry that harm consumers.

SEC. ____ . UNLAWFUL COMPENSATION FOR DELAY.

(a) IN GENERAL.—The Federal Trade Commission Act (15 U.S.C. 44 et seq.) is amended by inserting after section 26 (15 U.S.C. 57c–2) the following:

“SEC. 27. PRESERVING ACCESS TO AFFORDABLE GENERICS.

“(a) IN GENERAL.—

“(1) ENFORCEMENT PROCEEDING.—The Commission may initiate a proceeding to enforce the provisions of this section against the parties to any agreement resolving or settling, on a final or interim basis, a patent infringement claim, in connection with the sale of a drug product.

“(2) PRESUMPTION AND VIOLATION.—

“(A) IN GENERAL.—Subject to subparagraph (B), in such a proceeding, an agreement shall

be presumed to have anticompetitive effects and shall be a violation of this section if—

“(i) an ANDA filer receives anything of value, including an exclusive license; and

“(ii) the ANDA filer agrees to limit or forego research, development, manufacturing, marketing, or sales of the ANDA product for any period of time.

“(B) EXCEPTION.—Subparagraph (A) shall not apply if the parties to such agreement demonstrate by clear and convincing evidence that—

“(i) the value described in subparagraph (A)(i) is compensation solely for other goods or services that the ANDA filer has promised to provide; or

“(ii) the procompetitive benefits of the agreement outweigh the anticompetitive effects of the agreement.

“(b) LIMITATIONS.—In determining whether the settling parties have met their burden under subsection (a)(2)(B), the fact finder shall not presume—

“(1) that entry would not have occurred until the expiration of the relevant patent or statutory exclusivity; or

“(2) that the agreement’s provision for entry of the ANDA product prior to the expiration of the relevant patent or statutory exclusivity means that the agreement is procompetitive.

“(c) EXCLUSIONS.—Nothing in this section shall prohibit a resolution or settlement of a patent infringement claim in which the consideration granted by the NDA holder to the ANDA filer as part of the resolution or settlement includes only one or more of the following:

“(1) The right to market the ANDA product in the United States prior to the expiration of—

“(A) any patent that is the basis for the patent infringement claim; or

“(B) any patent right or other statutory exclusivity that would prevent the marketing of such drug.

“(2) A payment for reasonable litigation expenses not to exceed \$7,500,000.

“(3) A covenant not to sue on any claim that the ANDA product infringes a United States patent.

“(d) ENFORCEMENT.—

“(1) ENFORCEMENT.—A violation of this section shall be treated as a violation of section 5.

“(2) JUDICIAL REVIEW.—

“(A) IN GENERAL.—Any party that is subject to a final order of the Commission, issued in an administrative adjudicative proceeding under the authority of subsection (a)(1), may, within 30 days of the issuance of such order, petition for review of such order in—

“(i) the United States Court of Appeals for the District of Columbia Circuit;

“(ii) the United States Court of Appeals for the circuit in which the ultimate parent entity, as defined in section 801.1(a)(3) of title 16, Code of Federal Regulations, or any successor thereto, of the NDA holder is incorporated as of the date that the NDA is filed with the Commissioner of Food and Drugs; or

“(iii) the United States Court of Appeals for the circuit in which the ultimate parent entity of the ANDA filer is incorporated as of the date that the ANDA is filed with the Commissioner of Food and Drugs.

“(B) TREATMENT OF FINDINGS.—In a proceeding for judicial review of a final order of the Commission, the findings of the Commission as to the facts, if supported by evidence, shall be conclusive.

“(e) ANTITRUST LAWS.—Nothing in this section shall modify, impair, limit, or supersede the applicability of the antitrust laws as defined in subsection (a) of the first section of the Clayton Act (15 U.S.C. 12(a)), and of sec-

tion 5 of this Act to the extent that section 5 applies to unfair methods of competition. Nothing in this section shall modify, impair, limit, or supersede the right of an ANDA filer to assert claims or counterclaims against any person, under the antitrust laws or other laws relating to unfair competition.

“(f) PENALTIES.—

“(1) FORFEITURE.—Each party that violates or assists in the violation of this section shall forfeit and pay to the United States a civil penalty sufficient to deter violations of this section, but in no event greater than 3 times the value received by the party that is reasonably attributable to the violation of this section. If no such value has been received by the NDA holder, the penalty to the NDA holder shall be sufficient to deter violations, but in no event greater than 3 times the value given to the ANDA filer reasonably attributable to the violation of this section. Such penalty shall accrue to the United States and may be recovered in a civil action brought by the Commission, in its own name by any of its attorneys designated by it for such purpose, in a district court of the United States against any party that violates this section. In such actions, the United States district courts are empowered to grant mandatory injunctions and such other and further equitable relief as they deem appropriate.

“(2) CEASE AND DESIST.—

“(A) IN GENERAL.—If the Commission has issued a cease and desist order with respect to a party in an administrative adjudicative proceeding under the authority of subsection (a)(1), an action brought pursuant to paragraph (1) may be commenced against such party at any time before the expiration of 1 year after such order becomes final pursuant to section 5(g).

“(B) EXCEPTION.—In an action under subparagraph (A), the findings of the Commission as to the material facts in the administrative adjudicative proceeding with respect to the violation of this section by a party shall be conclusive unless—

“(i) the terms of such cease and desist order expressly provide that the Commission’s findings shall not be conclusive; or

“(ii) the order became final by reason of section 5(g)(1), in which case such finding shall be conclusive if supported by evidence.

“(3) CIVIL PENALTY.—In determining the amount of the civil penalty described in this section, the court shall take into account—

“(A) the nature, circumstances, extent, and gravity of the violation;

“(B) with respect to the violator, the degree of culpability, any history of violations, the ability to pay, any effect on the ability to continue doing business, profits earned by the NDA holder, compensation received by the ANDA filer, and the amount of commerce affected; and

“(C) other matters that justice requires.

“(4) REMEDIES IN ADDITION.—Remedies provided in this subsection are in addition to, and not in lieu of, any other remedy provided by Federal law. Nothing in this paragraph shall be construed to affect any authority of the Commission under any other provision of law.

(2) In 2014, iVantage conducted a study for the National Rural Health Association and found 283 hospitals at risk of closure based upon performance indicators that matched those facilities already forced to close in this decade.

(3) Researchers at the University of North Carolina identified inpatient volume as a substantial contributing factor to the financial performance of rural hospitals, with many of the at-risk hospitals having an average daily bed census of less than two.

(4) Adverse impacts to the local economy and the loss of timely access to emergency medical care are 2 major effects of rural hospital closures.

(5) According to the National Center for Rural Health Works, the typical rural hospital creates over 140 jobs and generates \$6,800,000 in compensation while serving an average population of 14,600.

(6) The 2014 iVantage study estimates that the 283 at-risk hospitals could result in the loss of 36,000 health care jobs, 50,000 community jobs, and \$10,600,000,000 in gross domestic product.

(7) Time is the most critical factor for achieving successful outcomes in emergency medicine, and emergency medical clinicians

refer to the time-sensitive period during which successful outcomes may be best achieved as the “golden hour”.

(8) The National Conference of State Legislatures states that 60 percent of trauma deaths in the United States occur in rural areas, where only 15 percent of the population is represented.

(9) The disproportionate percentage of trauma deaths in rural areas is likely attributable in large part to a combination of response time to the scene and distance to the nearest emergency room to stabilize trauma victims.

(10) The percentage of trauma deaths occurring in rural areas could continue to increase as more rural hospitals close, further limiting access to emergency services and requiring patients to travel longer distances to receive emergency medical care.

(11) The creation of a rural emergency hospital designation under the Medicare program will allow facilities in rural areas to provide emergency medical services without having to maintain inpatient beds.

(12) In addition to providing emergency care, rural emergency hospitals could convert the space previously used for inpatient services to provide other medical services including, but not limited to, observation care, skilled nursing facility care, infusion services, hemodialysis, home health, hospice, nursing home care, population health, and telemedicine services.
