

month later, the Coast Guard cutter *Tahoma* offloaded 6 tons of cocaine in Port Everglades. And just last month, the Miami-based Coast Guard cutter *Bernard C. Webber* confiscated over 3,500 pounds of cocaine and 50 pounds of marijuana.

The bottom line is that the Coast Guard is an adaptable, responsive military force that maintains a persistent and comforting presence along our rivers, in our ports, on our coastal waters, and on the high seas.

I have had the privilege of spending a great deal of time with the Coast Guard. I have been in their helicopters chasing down go-fasts, showing me in a simulated chase how they would shoot out the engines from the open door of a Coast Guard helicopter. I have also done that chase in high-speed, the Coast Guard getting off the cutters into the go-fast—go-fasts that can turn on a dime. At the end of the day, the Coast Guard is going to catch even the speediest boats, and if they can't catch them with the go-fast small boats, they will catch them from the air.

I have been with the Coast Guard up in Alaska, where the Navy has pretty well ceded protection of the seas off of Alaska and up into the Arctic to the Coast Guard. We have a substantial fishing fleet up there. Of course, who do they rely on when they get into trouble? That is why we have a substantial Coast Guard presence in Alaska.

The bottom line is that the Coast Guard is an incredible force. They are especially present in the State of Florida since we have so much coastline. Nearly 40 percent of all Coast Guard personnel are in and around the State of Florida.

Down in Key West is the joint task force center—maintained by all agencies of the Federal Government—which is tracking the movements of the drug smugglers. If we had more assets in the Caribbean and the Pacific, we would be able to pick up a lot more of the drugs trying to enter and poison our children in the United States. We should do everything we can to support the Coast Guard's work. That is why we are here today.

The bipartisan bill before us will reauthorize the Coast Guard for fiscal years 2018 and 2019. It authorizes a \$2 billion funding increase for the Coast Guard through fiscal year 2019. This includes new money to help the Coast Guard continue modernizing its aging fleet of cutters and aircraft. A good part of the Coast Guard's modernization of their fleet—the new offshore patrol cutters are being built by a shipbuilder in Florida.

This legislation will also better enable the Coast Guard to execute their missions, provide adequate resources and training to meet operational demands, and support servicemembers and their dependents. You should see these Coast Guard bases around the country, even on the Great Lakes. Just think—there are mariners on the Great Lakes. There is a great deal of commercial shipping on the Great Lakes.

As a result, we have a substantial Coast Guard presence and Coast Guard bases on the Great Lakes.

This is a good bill, and we can be proud of it. Passing it will ensure that the Coast Guard has the tools they need to continue to carry out their many important missions, including the lifesaving and disaster response roles on which so many Americans have come to rely. When they call, they know they can depend on the Coast Guard.

I urge our colleagues to support this motion for cloture and then tomorrow to support the final passage of the bill.

I yield the floor.

The PRESIDING OFFICER. The Senator from Kansas.

TRIBUTE TO JASON GLEASON

Mr. DAINES. Mr. President, on the heels of Veteran's Day and in honor of President Trump's designating November 2018 as National Veterans and Military Families Month, I have the distinct pleasure of recognizing Jason Gleason of Great Falls, MT, for his

dedication to serving veterans in North Central Montana.

Jason serves as a nurse practitioner in the Great Falls VA Community Based Outpatient Clinic and has become one of the most sought-after experts in veterans' healthcare. A veteran himself, Jason spent 20 years in the Montana Air National Guard, retiring as lieutenant colonel.

During his time in the Guard, he served as officer in charge of health promotion, medical readiness, staff development, and as assistant chief nurse, where he gained a great deal of knowledge and experience caring for fellow servicemembers.

Jason retired from the Air National Guard in 2015, and since then he has dedicated himself to providing exceptional healthcare to Montana veterans. He has built and maintained a patient panel that is at 110 percent capacity and has 1,000 patients. When another provider recently retired, he stepped up and took over the patient panel and provided care to another 556 veterans.

Jason has worked to improve the overall Montana VA system. He has recruited and mentored other nurse practitioners, which helped fill critical positions in the VA system. Jason also participated in a VA residency program that trains providers to better serve our women veterans.

In 2011, he experienced a deep personal tragedy when his wife of 16 years, Heather, passed away from a stroke, leaving him a widower with three children. After his wife's death, he dedicated himself to becoming an expert on strokes.

He regularly speaks to healthcare providers across the country about stroke prevention and treatment and received the Montana State Department of Health and Human Services Stroke Hero of the Year Award.

Montana is incredibly lucky to have a healthcare professional like Jason Gleason serving our veterans. He is truly an excellent example of someone who puts service before self. He understands that his service to our country did not end with his service in the military.

I want to personally congratulate and thank Jason for his excellent work.

Thank you, Mr. President.

I yield the floor.

The PRESIDING OFFICER. The Senator from Montana.
