

Whereas, Abortion is a part of women's health care; and

Whereas, In 1973, the Supreme Court of the United States determined, in the landmark case of *Roe v. Wade*, 410 U.S. 113 (1973), that a woman's decision to have an abortion is protected by the U.S. Constitution; and

Whereas, In 1992, and again in 2016, the U.S. Supreme Court upheld the right of women to access an abortion without undue burden; and

Whereas, More than 70 percent of Americans, including a majority of individuals from all major political parties, support access to abortion; and

Whereas, When it comes to the most important personal decisions in life, such as whether and when to become a parent, it is vital that a woman be able to make that decision for herself, based on what is best for her and her family, and it is further essential that the woman be provided with equal access to abortion and other reproductive health care, regardless of where she lives, how much money she makes, or her insurance or immigration status; and

Whereas, Judge Brett Kavanaugh, who has recently been [nominated for a post on] appointed to the U.S. Supreme Court, has a history of ruling to impose and uphold limits on a woman's ability to access safe and legal abortion, and his [potential] appointment to the Supreme Court therefore poses a serious threat to women's reproductive rights; and

Whereas, The protections afforded by the Supreme Court in the landmark *Roe v. Wade* case, and in subsequent cases, are now at risk, and the future of access to safe and legal reproductive health care, including abortion, is on the line; and

Whereas, Twenty states are poised to ban abortion if *Roe v. Wade* is overturned, which would result in over 25 million women of reproductive age—more than a third of women of reproductive age in America—losing access to safe, legal abortion in their home states; and

Whereas, As a state, New Jersey has made great strides in supporting women's health care by restoring funding for family planning services, and ensuring Medicaid coverage for reproductive health care [including abortion]; and

Whereas, New Jersey supports women's rights and women's health by facilitating full access to all reproductive health care, [including abortion,] and the State is opposed to federal measures or initiatives that will reduce women's rights or endanger women's health, in this regard, including the imposition of restrictions on insurance coverage for abortion, and the appointment of judges who are likely to impose limits on women's rights and their access to reproductive health care; and

Whereas, New Jersey is already a leader on access to reproductive health care, and will work to continue to be such a leader, in support of both New Jersey women and women in the 20 states across the country who are poised to lose access to abortion care; now, therefore,

Replace Section 1 to read:

1. This House respectfully opposes efforts by the federal government to restrict [or limit] a woman's right and ability to access the full range of reproductive services, including abortion.

Insert new Section 2 to read:

2. This House affirms our commitment to the protection of reproductive health care services, including abortion, in New Jersey, and will commit to ensure that access to this care does not depend on a person's income, zip code, or immigration status.

Replace section 2 to read:

[2.] 3. This House respectfully opposes any future nominee to the United States Supreme

Court or any other court who is not committed to upholding a woman's right to reproductive health care, including equitable access to abortion, and it respectfully calls upon the United States Congress to reject any future judicial nominees who would move to limit the rights of women.

Omit Section 3 in its entirety
Replace Section 4 to read:

This House further urges the Congress and President of the United States to remove [any existing restrictions on access to abortion, including] restrictions on insurance coverage for women who are enrolled in public insurance programs.
