

under the Countering America's Adversaries Through Sanctions Act to impose sanctions on relevant Russian individuals and entities found to have knowingly engaged in sanctionable conduct, including under—

(A) section 4 of the Ukraine Freedom Support Act of 2014 (22 U.S.C. 8923), as amended by section 225 of the Countering America's Adversaries Through Sanctions Act (relating to sanctions relating to special Russian crude oil products);

(B) section 5 of the Ukraine Freedom Support Act of 2014 (22 U.S.C. 8924), as amended by section 226 of the Countering America's Adversaries Through Sanctions Act (relating to sanctions with respect to Russian and other foreign financial institutions);

(C) section 10 of the Sovereignty, Integrity, Democracy, and Economic Stability of Ukraine Act of 2014 (22 U.S.C. 8909), as added by section 228 of the Countering America's Adversaries Through Sanctions Act (relating to sanctions with respect to certain transactions with foreign sanctions evaders and serious human rights abusers in the Russian Federation);

(D) section 233 of the Countering America's Adversaries Through Sanctions Act (22 U.S.C. 9527; relating to sanctions with respect to investment in or facilitation of privatization of state-owned assets by the Russian Federation); and

(E) section 234 of that Act (22 U.S.C. 9528; relating to sanctions with respect to the transfer of arms and related materiel to Syria);

(4) urges the President—

(A) to publicly acknowledge the ongoing threat posed by the Government of the Russian Federation to democratic values and processes in the United States, Europe, and elsewhere;

(B) to prioritize the development of a coordinated, whole-of-government response to that urgent threat; and

(C) to work with Congress to provide for the funding and implementation of that response as soon as possible before the 2018 elections;

(5) urges the President—

(A) to vigorously implement section 231 of the Countering America's Adversaries Through Sanctions Act (22 U.S.C. 9525; relating to sanctions with respect to persons engaging in transactions with the intelligence or defense sectors of the Government of the Russian Federation);

(B) to continue to work diplomatically to encourage substantial reductions in significant transactions with the intelligence and defense sectors of the Government of the Russian Federation; and

(C) to ensure that sanctions are imposed under such section 231 in the event that a significant transaction with a person that is part of, or operates for or on behalf of, the intelligence or defense sectors of the Government of the Russian Federation, as defined in guidance issued by the Department of State, takes place;

(6) supports efforts to expose and publicize threats posed by the malign influence and disinformation efforts of the Government of the Russian Federation, as the United States intelligence community did in January 2017, including through efforts by social media platforms, independent media, State and local governments primarily responsible for elections management and oversight, and other governmental and civil society actors; and

(7) calls on the President to take specific measures to ensure the protection of United States democratic institutions in advance of the 2018 elections, including the provision of cyber security defensive measures to election administrators at the State and local

level that request assistance and to political parties and candidates.

SENATE RESOLUTION 403—DESIGNATING FEBRUARY 2018 AS “AMERICAN HEART MONTH” AND FEBRUARY 2, 2018, AS “NATIONAL WEAR RED DAY”

Ms. HIRONO (for herself, Ms. MURKOWSKI, Mrs. FEINSTEIN, Ms. HEITKAMP, Ms. CANTWELL, Ms. STABENOW, Mrs. FISCHER, Mr. HOEVEN, Mrs. CAPITO, Ms. BALDWIN, Mrs. SHAHEEN, Ms. WARREN, Mrs. MURRAY, Ms. HASSAN, Ms. SMITH, Ms. KLOBUCHAR, and Ms. DUCKWORTH) submitted the following resolution; which was considered and agreed to:

S. RES. 403

Whereas cardiovascular disease affects men, women, and children of every age and race in the United States;

Whereas, between 2003 and 2013, the death rate from cardiovascular disease fell nearly 30 percent, but cardiovascular disease continues to be the leading cause of death in the United States, taking the lives of approximately 800,000 individuals in the United States each year and accounting for 1 in 3 deaths across the United States;

Whereas congenital heart defects are the most common birth defect in the United States, as well as the leading killer of infants with birth defects;

Whereas, each year, an estimated 790,000 individuals in the United States have a heart attack, of whom an estimated 115,000 die;

Whereas cardiovascular disease accounts for \$555,000,000,000 in health care expenditures and lost productivity annually;

Whereas, by 2035, cardiovascular disease will account for \$1,093,900,000,000 in health care expenditures and lost productivity annually;

Whereas individuals in the United States have made great progress in reducing the death rate for cardiovascular disease, but this progress has been more modest with respect to the death rate for cardiovascular disease in women and minorities;

Whereas many people do not recognize that cardiovascular disease is the leading killer of women in the United States, taking the lives of 400,000 women in 2014;

Whereas nearly ⅔ of women who unexpectedly die of cardiovascular disease have no previous symptoms of the disease;

Whereas nearly ½ of all African-American adults have some form of cardiovascular disease, including 47.7 percent of African-American women and 46 percent of African-American men;

Whereas Alaska Natives die from cardiovascular disease at younger ages than individuals from other ethnic groups;

Whereas it is estimated that 36 percent of Alaska Natives and American Indians who die of cardiovascular disease die before reaching 65 years of age;

Whereas many minority women, including African-American, Hispanic, Asian-American, and Native American women and women from indigenous populations, have a greater prevalence of risk factors or are at a higher risk of death from heart disease, stroke, and other cardiovascular diseases, but are less likely to know of the risk;

Whereas, between 1965 and 2017, treatment of cardiovascular disease for women was largely based on medical research on men;

Whereas, due to the differences in cardiovascular disease between men and women, more research and data on the effects of cardiovascular disease treatments for women is vital;

Whereas extensive clinical and statistical studies have identified major and contributing factors that increase the risk of cardiovascular disease, including—

- (1) high blood pressure;
- (2) high blood cholesterol;
- (3) smoking tobacco products;
- (4) exposure to tobacco smoke;
- (5) physical inactivity;
- (6) obesity; and
- (7) diabetes mellitus;

Whereas an individual can greatly reduce the risk of cardiovascular disease through lifestyle modification coupled with medical treatment when necessary;

Whereas greater awareness and early detection of risk factors for cardiovascular disease can improve and save the lives of thousands of individuals in the United States each year;

Whereas, under section 101(1) of title 36, United States Code, the President is requested to issue an annual proclamation designating February as American Heart Month;

Whereas the National Heart, Lung, and Blood Institute of the National Institutes of Health, the American Heart Association, and many other organizations celebrate National Wear Red Day during February by “going red” to increase awareness about cardiovascular disease as the leading killer of women; and

Whereas, every year since 1964, the President has issued a proclamation designating the month of February as American Heart Month: Now, therefore, be it

Resolved, That the Senate—

(1) designates—

(A) February 2018 as “American Heart Month”; and

(B) February 2, 2018, as “National Wear Red Day”;

(2) supports the goals and ideals of American Heart Month and National Wear Red Day;

(3) recognizes and reaffirms the commitment in the United States to fighting cardiovascular disease by—

(A) promoting awareness about the causes, risks, and prevention of cardiovascular disease;

(B) supporting research on cardiovascular disease; and

(C) expanding access to medical treatment;

(4) commends the efforts of States, territories, and possessions of the United States, localities, nonprofit organizations, businesses and other entities, and the people of the United States who support American Heart Month and National Wear Red Day; and

(5) encourages every individual in the United States to learn about his or her risk for cardiovascular disease.

AUTHORITY FOR COMMITTEES TO MEET

Mr. McCONNELL. Mr. President, I have a request for one committee to meet during today's session of the Senate. It has the approval of the Majority and Minority leaders.
