

highest test scores of any student in that program that year and went with the dream of being an engineer like his father.

In 1964, Chin met his dream girl, Jen-Ching (Grace) Chang. They married on July 10, 1966. Soon after, he received a full scholarship to the Chemical Engineering graduate program at Rice University in Houston, Texas. When Chin's PhD advisor moved to another university, Chin taught himself to work on IBM computers on the forefront of scientific computing technology, still managing to complete his PhD in four years.

Afterwards, he became a dedicated aerospace engineer at NASA Johnson Space Center (JSC) in 1980, where he stayed until his retirement in 2007. While at NASA Chin developed heat pipes to cool spacecraft, computer models of thermal regulation in space suits, and two-phase flow computer simulations. Eventually, Chin became the Branch Chief of the Thermal Systems Branch of the Crew and Thermal Systems Division of NASA. During his time at NASA he was awarded two Exceptional Service Medals and granted a patent for the "Inflatable Spacecraft Module", which was awarded the NASA Government Invention of the Year for 2017.

Chin is remembered as a man of few words, preferring to lead by example and express love through his actions. He showed his family and friends how to be strong while gentle and kind, and how to accomplish great things while remaining humble. We thank Dr. Chin Houi Lin for his contributions to NASA and for his legacy of lasting servitude.

Madam Speaker, my condolences remain with the family, community, and friends of Dr. Chin Houi Lin.

RECOGNIZING EVIDENT LIFE CHURCH'S TEN-YEAR ANNIVERSARY

HON. ANDY BIGGS

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Friday, August 30, 2019

Mr. BIGGS. Madam Speaker, this summer, Evident Life Church in Gilbert, Arizona celebrates its ten-year anniversary. I join with Pastor Eric Jones, his wife Velvet, and members of their congregation in celebrating this achievement.

Starting a new venture—especially building a church community and foundation—is never easy. It takes courage, perseverance, and faith to step forward to begin this process. Over the past ten years, Pastor Jones, his family, and his leadership team have endured both trials and triumphs and have always risen to the occasion with the help of our Creator. They have cultivated a thriving church that is a beacon of hope in our community.

Evident Life Church is extremely active throughout the East Valley. Pastor Jones serves as the co-chairman for my faith council, and his prayers and encouragement sustain me and many of our public servants each and every day.

I'm thankful for Pastor Jones, his wife Velvet, and the entire team at Evident Life Church. To all the pastors, ministers, coordinators, and members: have a wonderful celebration, and may their church enjoy many decades of fruitful ministry.

TRIBUTE IN HONOR OF CORNELIA DOZIER COOPER

HON. HAROLD ROGERS

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Friday, August 30, 2019

Mr. ROGERS of Kentucky. Madam Speaker, I rise today to pay tribute to one of Eastern Kentucky's most dedicated philanthropes of the arts, Cornelia Dozier Cooper, who has been awarded the prestigious Milner Award, presented by Governor Matt Bevin as part of the 2018–2019 Governor's Awards in the Arts. This award recognizes individuals and organizations who make extraordinary and significant contributions to the arts in Kentucky.

Cornelia Dozier Cooper has embodied passion for the visual, fine, and performing arts throughout her impressive career in Pulaski County. Not only is Cornelia an accomplished artist herself, having studied English watercolor at Oxford University and shadowing an impressive and diverse group of artists ranging from local masters at the University of Kentucky to artists in France and Italy, but an ardent proponent of the development of art and art education across Kentucky. Patrons and artists from across the state are grateful for Cornelia's lifetime support of art: for the time and financial resources that she and her late husband, Richard Cooper, have given to promote community arts and cultural growth in the region. Through their tremendous influence, the Coopers have encouraged involvement in the arts and created an enriching, exciting environment in which the people of the Commonwealth of Kentucky may participate and enjoy for generations to come.

Among her long list of accolades includes that she is a founding member of the Kentucky Arts Council, founding member and President of the Lake Cumberland Performing Arts Series, Inc, the only female member of the Governor's Mansion Commission to "Save the Mansion," was appointed by the University of Kentucky Board of Trustees to top serve on the McDowell Cancer Network Board, President of the Somerset Garden Club, Chair of the Fountain Square Foundation in Somerset, Kentucky, an original member of the Kentucky Arts and Crafts Foundation, and a member of the University of Kentucky Museum Board. She is President of the Cornelia Dozier Cooper Endowment Fund, a nonprofit organization to benefit and promote the arts in Pulaski County and the surrounding region. The Endowment awards several \$1000 grants each year to support and encourage the arts in Eastern Kentucky and regularly supports local artists and an array of outstanding programs in professional arts and cultural events in Somerset, Kentucky, and the surrounding region. Cornelia donates the proceeds of her paintings' sales to the Endowment Fund. Cornelia has been awarded the Master Musicians Festival Lifetime Achievement Award and the East Kentucky Foundation Outstanding Citizen Award in 2006. The "Cooper Building" on the campus of Somerset Community College was dedicated to the philanthropy of Cornelia and Richard Cooper for their philanthropy to both Somerset Community College and the University of Kentucky.

At 93 years old, this lifelong Kentuckian, Cornelia Dozier Cooper, is known and beloved by all for her "tireless enthusiasm," and is re-

garded as a "personal hero and mentor" to many throughout Eastern Kentucky. In addition to serving the community, she is a mother of two children, four grandchildren, and three great-grandchildren.

The Milner Award is an honor fitting for Ms. Cornelia Dozier Cooper in recognition of a lifetime of devotion to art, education, and the positive impact that she has made, and is continuing to provide, on Eastern Kentucky through her service to the arts. I am deeply grateful for Cornelia's love and commitment to the arts. My wife, Cynthia, and I wish Cornelia and her family immense joy and blessings in the years to come.

ADRIAN MEYERS 100TH BIRTHDAY

HON. BILLY LONG

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Friday, August 30, 2019

Mr. LONG. Madam Speaker, I rise today to celebrate the fabulous life of Adrian Meyers, who turned 100 on April 4 this year.

Adrian was born and raised in Kenton, Tennessee, graduating from high school there in 1937. She went on to attend the University of Tennessee-Martin for two years before transferring to Murray State University where she graduated with a bachelor's of science in chemistry.

Not long after graduating, Adrian accepted a fellowship at the University of Kentucky where she received her master's degree in mathematics while serving as a graduate assistant. After earning her degree, she returned to Kenton to take care of her father. However, she continued her teaching career, eventually becoming an associate professor of mathematics at Illinois State University, where she taught for 18 years.

One of the many highlights of Adrian's long career was attending the National Science Foundation Institute in San Jose, California. It also happened to be the place she met her future husband, Dr. W.H. Meyers.

After a long career in education, Adrian and her husband decided to use retirement to travel. They went to various locations all across the U.S. and Europe. This is a woman who has always stayed very informed in current events, listening to several commentators daily. Her husband passed away a few years ago, sadly, and she has since relocated to Springfield, Missouri, to be near family.

Madam Speaker, it is evident that Adrian Meyers has lived a beautiful life. She spent her entire professional career graciously serving as a public-school teacher, which is beyond laudable. America owes her a debt of gratitude for her many years of service, and I am honored to rise today, recognizing this extraordinary life.

REMEMBERING ARNOLDO "ARNIE" CABELLO

HON. ADAM KINZINGER

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, August 30, 2019

Mr. KINZINGER. Madam Speaker, I rise today to honor and remember the life of one

of my constituents, Mr. Arnaldo “Arnie” Cabello.

Arnie proudly served in the Army and was stationed in Germany during the Korean Defense. He was a loving husband and caring father. Mr. Cabello will forever be remembered for his service to his nation and to his community.

His perpetual selflessness, characterized by a life of service, began with enlistment in the

United States Army and continued through his work for fellow service members with the Korean War Veterans Association (KWVA 272), the Rockford Veterans of Foreign Wars, and the American Legion.

Mr. Cabello exemplified public service by his community involvement, participating in local government as a Trustee for Harlem Township, membership in the Knights of Columbus,

and as director of the Phantom Regiment Cadets.

Arnie was a generous man that faithfully served his God, country, and community. But most of all, Arnie loved his family. Madam Speaker, it is a privilege for me to honor the life of this man on the floor of the House of Representatives.
