That same year, ICS joined forces with the Advancement Project and Community Coalition on a successful campaign which led to LAUSD's adoption of a resolution to equitably distribute new state funding, called the Local Control Funding Formula, to the highest-need schools. The campaign argued that areas in the Eastside and South LA deserved an equitable distribution of funding, based on decades of disinvestment that had led to higher concentrations of poverty and trauma in these areas.

Earlier this year, ICS moved into a bright new era when it opened the InnerCity Struggle Youth and Community Center. This permanent headquarters will serve as the political hub for the Eastside and inspire a new generation of leaders to transform their neighborhoods. The center will be a place where young people can find their voice, and parents can advance change.

On October 3, 2019, InnerCity Struggle will commemorate its 25th anniversary, and I will be joining more than four hundred supporters who are expected to attend their celebration. Madam Speaker, I ask my colleagues to please join me in celebrating InnerCity Struggle for being a leading voice for progress on the Eastside of Los Angeles and reaching this historic milestone.

These brave men and women spend hundreds of hours in training so that they are prepared when they get "the call."

In 2012, I established the 16th District Congressional Fire and Rescue and EMS Awards to honor officers, departments and units for outstanding achievement.

On behalf of the people of Florida's 16th District, it is my privilege to congratulate the following winners, who were selected this year by an independent committee comprised of a cross section of current and retired Fire and Rescue personnel living in the district:

HON. GEORGE HOLDING

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 26, 2019

Mr. HOLDING. Madam Speaker, I rise today to honor Lawrence "Larry" Falivena from Apex, NC. Two years ago, Larry was diagnosed with Amyotrophic Lateral Sclerosis (ALS). Following this news, Larry has fiercely dedicated his time to his family and the ALS community. After speaking with the CEO of the ALS Association about how he could make a positive and lasting impact for those impacted by the disease, Larry created the "Iron Horse Tour". On the tour, Larry, his wife Shana, and his two sons, set out to visit all 30 Major League Baseball parks during one baseball season in order to spread national awareness and raise funding for research to combat ALS.

On September 8th, Larry attended his thirtieth and final game at SunTrust Park in Atlanta, GA. At each stop along the way, Larry met and spoke with several incredible people who were also courageously battling the disease. He shares their stories to spread awareness and encourage others to assist in the fight against ALS. Larry has successfully raised over \$29,000 for ALS research thus far and has gained wide-spread attention across the nation. Larry's commitment to helping combat the disease and educating others is an inspiration to us all.

HONORING ARBOR HOUSING AND DEVELOPMENT FOR ITS FIFTIETH ANNIVERSARY

HON. TOM REED

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 26, 2019

Mr. REED. Madam Speaker, today I rise to recognize Arbor Housing and Development for the fiftieth Anniversary of its founding.

In 1969, Arbor Housing and Development was founded as Steuben Churchpeople Against Poverty. The organization began as a volunteer driven service offering poverty relief services. At that time, the organization had eight part-time volunteers focusing on self-help housing.

Arbor Housing and Development has grown over the years and has fully embraced a mission of enhancing the quality of life within its community by building independence and creating housing options. Growing from the small, volunteer-based service to an organization that has one hundred and twenty full-time employees, it is evident Arbor Housing and Development is deserving of recognition.

Arbor Housing and Development President Jeffrey Eaton has been with the organization since 2000, and has been greatly involved in its success. Under his leadership, the organization has been involved in the Neighborworks program; development of the Gerard Block Apartments; the development of the former Northside Blodgett site; and many others.

Arbor Housing and Development serves many people over the span of seven counties in New York State and has also expanded to Northern Pennsylvania. The organization offers residential behavioral health and domestic violence services to help people live safely on their own, owns nine hundred units of affordable housing in three states and also provides assistance for renters and home-buyers to create a pathway to security and stability for housing.

Given the above, I ask that this Legislative Body pause in its deliberations and join me to recognize Arbor Housing and Development on their fiftieth Anniversary.

CELEBRATING THE 50TH ANNIVERSARY OF MINNESOTA COMMUNITY CARE

HON. BETTY McCOLLUM

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 26, 2019

Ms. McCOLLUM. Madam Speaker, I rise to recognize Minnesota Community Care's 50th anniversary. With 18 locations in Saint Paul that serve more than 37,000 patients each year, Minnesota Community Care is the largest federally qualified community health center in Minnesota and a leader in innovative, compassionate, community-based care for patients where they live, work and go to school.

Since 1969, Minnesota Community Care has been serving the health care needs of its patients across Saint Paul in a culturally appropriate way. In 1972, the nonprofit organization was incorporated as West Side Health Center, delivering care to 1900 patients from a clinic in the Neighborhood House community center in the heart of the neighborhood.

A foundational part of Minnesota Community Care's mission is providing care to our most vulnerable populations, including young people, homeless and uninsured families, and others in need. Its Health Care for the Homeless program began in 1987. In 1992, in collaboration with Ramsey County, it started its HouseCalls homeless prevention program. A year later, working with the St. Paul Public Housing Agency, it established McDonough Homes Clinic—a primary care clinic for public housing residents in the North End neighborhood.

Minnesota Community Care is a leader in providing affordable dental care, understanding its impact on overall health. In 1978, it started providing dental services and in 2001, West Side Dental Clinic was estab-

lished. In 2013, with the help from a major Affordable Care Act grant, it expanded its dental care to reach more patients when it opened its new East Side Family Clinic.

As communities across our state have worked to improve educational achievement, Minnesota Community Care is working to keep students healthy and in school learning by caring for student patients where they are. Through its 10 school-based clinics, youth can access critical medical, mental health, and nutrition services and learn to be advocates for their health. These school-based clinics are a model for improving health and education outcomes at the same time.

Madam Speaker, it was a pleasure to host you during your visit to Saint Paul in May as we met with leaders from Minnesota Community Care and other community health centers. Working to strengthen our community health centers is one of the most effective ways to increase access to affordable health care across our community. Please join me in honoring the 50th anniversary of Minnesota Community Care's dedication to providing quality and affordable health care for all.

IN RECOGNITION OF THE 120TH ANNIVERSARY OF THE NORTHEASTERN PENNSYLVANIA BUILDING AND CONSTRUCTION TRADES COUNCIL

HON. MATT CARTWRIGHT

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 26, 2019

Mr. CARTWRIGHT. Madam Speaker, I rise today to recognize the 120th Anniversary of the Northeastern Pennsylvania Building and Construction Trades Council. The Trades Council was originally formed as a subcommittee of the Greater Wilkes-Barre Labor Council in 1899, following the rapid growth of unionization of workers in the area. The milestone will be celebrated along with the 125th anniversary of the Greater Wilkes-Barre Labor Council at a special event on Saturday, September 28, 2019.

In 1899, five years after its formation, the Wilkes-Barre Central Labor Council was thriving. Three hundred delegates representing 118 local unions were attending meetings regularly to discuss important issues such as securing higher wages and better working conditions for laborers in the Wyoming Valley. Leaders John Casey (a pro-labor Representative who served seven terms representing Northeastern Pennsylvania in the U.S. House) and John Mullery saw the need for additional structure within the Labor Council and created the Building Trades Council as a subcommittee.

Throughout its 120-year history, the Trades Council has worked tirelessly to advocate for the rights and interests of workers throughout Northeastern Pennsylvania. The organization has not only benefited workers but has also given support to many community causes, projects, and programs that serve everyone in our community.

It is an honor to recognize the important work done by the Northeastern Pennsylvania Building and Construction Trades Council. These trades have always been vital to our region's economy and will continue to be so in
