

1319 and the many volunteers who coordinated to make this new veteran's park a reality.

The park was proposed in 2014 and since then, many groups have come together to help accomplish this project. The American Legion Post 1319 helped compile the list of veterans from Lewis that participated in each war that the United States has been involved in since the Revolution. Those names were then etched into brass plaques that will be the focal point of the park. The entire community came together to assist with the construction, fundraising and planning, with local businesses also contributing to the effort.

This is a perfect example of the community spirit that makes the North Country so special. On behalf of New York's 21st Congressional District, I want to thank all those who contributed to this amazing effort to honor our veterans. I look forward to this park being a place where future generations can come and reflect on the service and sacrifice that has kept our nation safe.

IN THE HOUSE OF REPRESENTATIVES

Friday, October 4, 2019

Mr. PERLMUTTER. Madam Speaker, I rise today to recognize and applaud Pam Feely for receiving the 2019 Board Member of the Year Award from the West Metro Fire Protection District.

Pam has served on the Board of Directors of the West Metro Fire Protection District for 10 years. During her tenure, she has provided strong leadership through a number of significant changes, including a transition in Fire Chiefs.

During the District's merger with the Wheat Ridge Fire Protection District in 2016, Pam served as the lead negotiator and initiated the idea of including former Wheat Ridge Board members on the Board for West Metro. Pam was key to ensuring a smooth transition and successful merger of the two districts for the benefit of the local community. In addition, Pam was instrumental in her foresight of the impact of the Gallagher Amendment on the financial sustainability of the District. She worked to identify a solution to a major challenge facing the District and, in 2018, helped lead the District's efforts in a successful campaign to stabilize the District's budget.

From understanding the importance of the District and its board members within the community to working to ensure all District staff feels appreciated and valued, Pam's excellent leadership and ongoing dedication is invaluable to the District and the community it serves. HONORING HIGH PERFORMING BLUE RIBBON SCHOOLS IN CALIFORNIA'S 39TH DISTRICT

HON. GILBERT RAY CISNEROS, Jr.

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, October 4, 2019

Mr. CISNEROS. Madam Speaker, it is with great pride that I rise to congratulate two schools in California's 39th Congressional District. Acacia Elementary School and Robert C. Fisler Elementary School have been recognized as Exemplary High Performing Schools by the Department of Education's Blue Ribbon Schools program. This honor is a direct reflection of the culture of academic excellence built from the combined efforts of students, faculty, parents, volunteers, and local communities.

Acacia Elementary School of Orange County's Fullerton School District owes its distinction to a myriad of innovative teaching and

learning practices. Of these practices, “Balanced Literacy” has been utilized since 2012 and combines reading, writing, listening, and speaking strategies. Complementing this approach are programs such as STEM & Robotics Lab dedicated to the mastery of 21st century applications. The foundation of Acacia’s academic principles lies in presenting real world problems and project-based learning opportunities to students. For students still establishing their first academic identities, it is vital that the materials they are presented with accurately reflect the intricacies of their own environment. Combining this hands-on pathway with personalized strategies has lent a tremendous hand in instilling confidence, agency, and understanding within Acacia’s student body.

Robert C. Fisler Elementary School, also of Orange County’s Fullerton School District, owes its distinction to an academic framework that is supported by a vision of student empowerment. As the school with the largest population of Gifted and Talented Education (GATE) students in the district, Fisler School has maintained an excellent reputation in establishing a wide array of unique educational opportunities. Students at Fisler are encouraged to take risks and experiment in order to develop both academically and emotionally. By reflecting on failures and regulating thought processes, these young individuals learn flexibility, persistence, and empathy. Fisler School favors a comprehensive instructional model that includes programs for computer science, video production, performing arts, and more. Through these programs, students are encouraged to engage in and explore high school, post-secondary, and future career options for a well-rounded, personalized academic experience.

While learning is a continuous process in our children’s daily lives, it is during school that they find tools and resources necessary to root knowledge for future use. Therefore, it is imperative that the school environment is conducive to growth and development. Acacia Elementary School and Robert C. Fisler Elementary School have established holistic academic philosophies that cater to this belief. They know that it is not just academic rigor or prestige, but rather a safe, collaborative environment that cultivates curiosity and determination crucial for student success. I am proud to know that my district is home to places of instruction that embody such an idea and I am more than honored to be representing them.

Madam Speaker, I ask that you and my distinguished colleagues join me in congratulating the teachers, parents, staff, volunteers, and—most importantly—the students of Acacia Elementary School and Robert C. Fisler Elementary School. They are well-deserving of this recognition and I am eager to welcome the next generation of leaders that will emerge from these two schools.

RECOGNIZING DR. HECTOR NAVA FOR SAVING THE LIVES OF SOLDIERS ON THE BATTLEFIELD AND THOSE DIAGNOSED WITH CANCER IN OUR COMMUNITY

HON. BRIAN HIGGINS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Friday, October 4, 2019

Mr. HIGGINS of New York. Madam Speaker, I rise today to recognize the incredible career and military service of Dr. Hector Nava. His story is like that of the millions of immigrants who came to America with a desire to seek a better future for themselves, and in doing so, making our nation a better place.

Upon earning his medical degree in 1967 in Mexico, Dr. Nava immigrated to the United States for training. Dr. Nava took an atypical route into the field of healthcare when he volunteered his medical expertise to the United States Army. He spent a year as a General Medical Officer in El Paso, Texas and from there he dedicated another year of his career as a Captain Battalion Surgeon in the 23rd Medical Battalion in Vietnam. For this commendable work saving the lives of American soldiers in combat, Dr. Nava earned the Bronze Star.

After leaving Vietnam, Dr. Nava continued to save the lives of others. He ventured to Western New York and spent four more years as a General Medical Officer at General Hospital in Niagara Falls while simultaneously pursuing his residency at Buffalo General Hospital. Once his residency was completed, he was employed by Roswell Park Cancer Institute as a Cancer Research Surgeon and Endoscopist, where he would spend the rest of his career.

While working at Roswell Park, Dr. Nava secured seven federal research grants, and conducted lectures around the world, from Egypt to Batavia. In academia, it is argued that the quality one’s of research is reflected in how frequently it has been published and used by other researchers. Dr. Nava’s research has been published in over one-hundred journals, has been used in seven different books, and has been referenced hundreds of times by other researchers in the field.

Throughout his career he has received many awards including the Research Surgeon Award, the Hispanic American Hall of Fame—Field of Medicine, ranked in the top 100 of WNY’s top doctors by Buffalo Spree Magazine, a Surgical Oncology Fellows Apple
