

On Motion to Suspend the Rules and Pass, H.R. 95, Homeless Veteran Families Act. Had I been present, I would have voted "yea."

HONORING PATRICIA LEE AS A RECIPIENT OF THE PRESIDENTIAL AWARD FOR EXCELLENCE IN MATHEMATICS AND SCIENCE TEACHING

HON. ANDY KIM

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Monday, October 21, 2019

Mr. KIM. Madam Speaker, I rise today to honor Patricia Lee of Lumberton Middle School in Lumberton, New Jersey, as a recipient of the Presidential Award for Excellence in Mathematics and Science Teaching (PAEMST).

Each year, the PAEMST recognizes outstanding K-12 teachers for their contributions to the teaching and learning of science, technology, engineering, mathematics, and computer science. Recipients of the award are widely respected by their peers, displaying strong expertise in STEM education, and having made a lasting positive impact on their students. Only 108 teachers from all 50 states, the District of Columbia, and the U.S. territories receive this selective recognition each year.

I commend Ms. Lee for her fine work as an educator and mentor to her students, building important skills that will help them succeed in a rapidly developing world. STEM education is a building block to an increasingly complex economy that relies on a strong technological skill set. Today's students with strong STEM backgrounds will be those that discover a cure for cancer, help to bring an end to climate change, and gets an American on Mars. The important skills that Ms. Lee's students develop from her instruction will bring important individual achievements, and will aid our nation in the future.

I'm proud to say that we have excellent quality teachers in New Jersey like Ms. Lee, and I look forward to seeing her important work develop in the growth and success of her students.

PERSONAL EXPLANATION

HON. ANNA G. ESHOO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, October 21, 2019

Ms. ESHOO. Madam Speaker, I was unable to be present during roll call vote number 565, 566, and 567 on October 18, 2019. I would like the record to reflect how I would have voted: on roll call vote number 565, I would have voted NO; on roll call vote number 566, I would have voted NO; on roll call vote number 567, I would have voted YES.

HONORING THE SARANAC LABORATORY FOR BEING DESIGNATED A MILESTONES IN MICROBIOLOGY SITE BY THE SOCIETY FOR MICROBIOLOGY

HON. ELISE M. STEFANIK

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Monday, October 21, 2019

Ms. STEFANIK. Madam Speaker, I rise today to honor the Saranac Laboratory for being designated a Milestones in Microbiology site by the Society for Microbiology. I am proud to represent a district that has made such historic impacts on science and medicine.

Saranac Lake is host to many important historical sites including the Saranac Laboratory. Dr. Edward Livingston Trudeau was a physician operating out of New York City when he contracted tuberculosis. He found that the climate in the North Country significantly improved his health so he moved to Saranac Lake, where he established the Adirondack Cottage Sanitarium at Saranac Lake for treatment of tuberculosis. Dr. Trudeau used his own home to study tuberculosis until it was burned down by some of the equipment. With his partners, Trudeau immediately began planning a state of the art laboratory to continue his work. Saranac Laboratory was finished in 1894 and was the only lab in the country specifically designed to study tuberculosis. Experiments were conducted there until its closure in 1935. After changing hands several times, Historic Saranac Lake faithfully restored it and opened it to the public as a museum in 2009.

On behalf of New York's 21st Congressional District, I want to thank the Historic Saranac Lake Board of Directors for their hard work. Their success in preserving the rich history of Saranac Lake has led to this well-deserved recognition. As we look back on and celebrate the achievements of previous generations, I encourage everyone to support the North Country's next generation of scientists and entrepreneurs.

IN RECOGNITION OF ARNOLD "BUD" STERN'S 100TH BIRTHDAY

HON. MIKE GALLAGHER

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Monday, October 21, 2019

Mr. GALLAGHER. Madam Speaker, I rise today to honor Arnold "Bud" Stern of New London, Wisconsin on celebrating his 100th birthday.

Born on November 3, 1919, Bud grew up in New London, Wisconsin and graduated from New London High School. He then attended St. Louis University and studied nursing. Upon the completion of his degree, he moved to Nevada and worked at the Hoover Dam as an industrial nurse. After the attack on Pearl Harbor, Bud entered the armed services and was deployed overseas.

Bud served as a surgical nurse during World War II. His assignment was to set up field hospitals where he assisted in abdominal repair surgeries. Field hospitals were mobile medical care units typically erected near the front lines of battle. Operating teams were

often used to reinforce other medical units and treat soldiers who suffered non-transportable injuries. Nurses in World War II were a part of every link in the chain of evacuation established in each theater of war, and contributed to the low post-injury mortality rate among American military forces.

To commemorate Bud's milestone birthday, the community of New London is hosting a celebration on October 27th in his honor. Friends of the New London Public Museum and the New London Heritage Historical Society captured Bud's memories of living in New London and his service in World War II in a video to be played at the event. The Mayor of New London, Gary Henke, recognized Bud by issuing a proclamation declaring November 3 as Arnold "Bud" Stern Day.

Madam Speaker, I urge all members of this body to join me in thanking Arnold "Bud" Stern for his service and wishing him a happy and healthy 100th birthday.

PERSONAL EXPLANATION

HON. A. DONALD McEACHIN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Monday, October 21, 2019

Mr. McEACHIN. Madam Speaker, I was unavoidably detained on September 26, 2019 during roll call no. 549, On Ordering the Previous Question, H. Res. 591, Providing for consideration of S.J. Res. 54, relating to a national emergency declared by the President on February 15, 2019. Had I been present, I would have voted "yea." I was also unavoidably detained during roll call no. 550, On Agreeing to the Resolution, H. Res. 591, Providing for consideration of S.J. Res. 54, relating to a national emergency declared by the President on February 15, 2019. Had I been present, I would have voted "yea." I was also unavoidably detained during roll call no. 551, On Motion to Recommit with Instructions, H.R. 3525, U.S. Border Patrol Medical Screening Standards Act. Had I been present, I would have voted "nay." I was also unavoidably detained during roll call no. 552, On Passage, H.R. 3525, U.S. Border Patrol Medical Screening Standards Act. Had I been present, I would have voted "yea."

IN HONOR OF MAUREEN FRESCHET, UPON HER RETIREMENT FROM THE SAN MATEO CITY COUNCIL

HON. JACKIE SPEIER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, October 21, 2019

Ms. SPEIER. Madam Speaker, I rise to honor Maureen Freschet as she retires from the San Mateo City Council after eight years of noteworthy service to the people of San Mateo. This service follows many years in other positions of public benefit throughout the county.

Maureen has deep roots in San Mateo. Her grandparents immigrated from Italy in the 1920's and Maureen is justly proud of her Italian-American heritage. On one occasion in recent years, she spoke movingly from the

council dais about the evolution of San Mateo through the eyes of an immigrant family. She recounted the older stores and businesses that made San Mateo, in the eyes of its residents in the 1920's, 30's, 40's and 50's, a place where neighborhoods and neighbors mixed freely as everyone raised families and watched generations grow through peacetime and wars.

Many of these memories served her well as she sat on the city's planning commission and also guided her decisions as a councilmember. During her tenure, she supported the redevelopment of Bay Meadows race track into a thriving commercial, residential and transit hub. The city straightened out a convoluted intersection at Highway 92 and El Camino Real, began a \$1 billion + project to add to the sewer treatment system, saw an explosion of jobs and amenities downtown, witnessed the rebirth of its major shopping center, and undertook transformational work at 25th Avenue and the Caltrain line.

As the economy recovered, she encouraged high technology companies to settle into downtown San Mateo and advocated for restaurants and in favor of a lively downtown at nighttime and on the weekends. While many contributed to these successes, few were as vocal as Maureen Freschet in making the point: Downtown San Mateo is a destination that is fun, safe and lively from morning to night.

She's an active member of the San Mateo Chamber of Commerce and the Rotary Club. She was the President of the Belmont Chamber of Commerce during her 23 years as a government and community relations officer for Notre Dame de Namur University, in Belmont. If there was a public event or civic engagement that needed attention in either city, Maureen Freschet was present, energetic, often a leader, and always a beneficial force for community improvement.

Many of Maureen's most visible contributions will never have her name on them. Due to her service on the county's transportation authority, she was involved in major projects to improve traffic and transit. As people move through the community, and despite traffic woes created by a 2 percent unemployment rate and high technology job growth that is essentially engulfing our community, travelers have Maureen to thank in part for recent and coming improvements that will benefit them for generations to come.

Maureen is an enthusiastic supporter of San Mateo's adopted Army unit, the 101st Airborne "Screaming Eagles," and worked tirelessly to welcome them on the 50th anniversary of their adoption by San Mateo. She spearheaded the effort to create a memorial in Central Park to honor San Mateo's fallen military and local public safety heroes.

Her dedication to law enforcement is multifaceted. She served on the county's Juvenile Justice and Delinquency Prevention Commission and on the Executive Board of the Service League. She is also a staunch opponent of human trafficking and made numerous presentations on this important subject.

Maureen raised her two daughters, Nicole and Kristen, as a single mother. She is now known as "Nini," to her grandson, Carson. Out of all the titles she's earned over the years, this one is her most cherished. She also

earned a Bachelor of Science Degree in Human Services Administration and a Master's in Public Administration from the University of Notre Dame de Namur in Belmont.

For decades, Maureen Freschet has been the quintessential pillar of the community. In America's democratic tradition, no leader can honestly say, "Only I can lead us or all will perish." No one is irreplaceable. That being said, in San Mateo, Maureen is close. She wishes to spend more time with her husband, Andy, and her family. I commend her for keeping her priorities straight. However, exemplary citizenship is inspiring to us all. Maureen will likely roar at times with her private voice, continue to lead by personal example, and thus inspire all who know her to remain engaged in the awesome task of governing this great nation.

HONORING THE KNOWLES TEACHER INITIATIVE FOR 20 YEARS OF SERVICE

HON. ANDY KIM

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Monday, October 21, 2019

Mr. KIM. Madam Speaker, I rise today to honor the Knowles Teacher Initiative of Moorestown, New Jersey, for their 20 years of work developing teachers that transform math and science education for students across the United States.

Established in 1999 by Janet H. and C. Harry Knowles, the Knowles Teacher Initiative supports a network of math and science teachers nationwide in expanding innovative practices and teaching expertise. Through their programs like the Knowles Teaching Fellows Program and the Knowles Senior Fellows Program, Knowles brings in early-career high school math and science teachers to aid in their professional development and create a lasting network of highly qualified educators across the country.

Over their 20 years serving our nation's teachers, Knowles has supported more than 400 Fellows who have taught math and science to more than 250,000 students. There is no doubt that the Knowles Teacher Initiative has made a lasting impact in not only the lives of the educators that took part in their fellowships, but also the students that have benefited from the high-quality instruction stemming from Knowles programs.

I commend the Knowles Teacher Initiative for the important work they have done to help to provide development opportunities for our nation's math and science teachers. I'm proud to support their work and look forward to many impactful years to come.

HONORING THE RETURN OF THE REMAINDER OF THE TULUWAT TO THE WIYOT TRIBE

HON. JARED HUFFMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, October 21, 2019

Mr. HUFFMAN. Madam Speaker, I rise today to celebrate the long-awaited return of

the remainder of Tuluwat to the Wiyot Tribe. This transfer of land from the City of Eureka is an exceptional gesture that recognizes the sacredness of the island to the tribe, which considers it the center of the universe.

Also known as Indian Island, the 280-acre island was home to the Wiyot people, which held its annual World Renewal Ceremony there for many hundreds of years. In the winter of 1860, white settlers coordinated attacks on Wiyot women, children, and elders while the men were away. As many as 250 unarmed Wiyot people were massacred. Indian Island was later diked and drained and a boatyard and lumber mills were built there, leaving behind a toxic legacy.

In 2000, the Wiyot Tribe purchased a 1.5-acre parcel of the island. Four years later, the City of Eureka transferred 67 acres to the tribe. In 2014, the Wiyot Tribe restored the World Renewal Ceremony to that part of the island. In December 2018, the Eureka City Council voted to repatriate the rest of its land on Tuluwat to the Wiyot Tribe. The Wiyot Tribe has worked for years to clean up toxins on the island, as well as to protect shell middens and other important sites and resources from erosion.

The Wiyot Tribe will continue to use the site for ceremonies, including at the Etipidolh Village site, and work to remove invasive *Spartina densiflora* on the island's wetlands.

Madam Speaker, the repatriation of Tuluwat from the City of Eureka to the Wiyot Tribe has profound importance to the Wiyot people, whose ancestors suffered greatly during the early white settlement of the region. I urge my colleagues to join me in recognizing this historic agreement that continues to try to heal the harms of the past.

PERSONAL EXPLANATION

HON. A. DONALD MCEACHIN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Monday, October 21, 2019

Mr. MCEACHIN. Madam Speaker, I was unavoidably detained on October 16, 2019 during roll call no. 558, On Ordering the Previous Question, H. Res. 629, Providing for consideration of the bill (H.R. 1815) SEC Disclosure Effectiveness Testing Act, and providing for consideration of the bill (H.R. 3624) Outsourcing Accountability Act. Had I been present, I would have voted "yea." I was also unavoidably detained during roll call no. 559, On Agreeing to the Resolution, H. Res. 629, Providing for consideration of the bill (H.R. 1815) SEC Disclosure Effectiveness Testing Act, and providing for consideration of the bill (H.R. 3624) Outsourcing Accountability Act. Had I been present, I would have voted "yea." I was also unavoidably detained during roll call no. 560, On Motion to Suspend the Rules and Pass, H.J. Res. 77, Opposing the decision to end certain United States efforts to prevent Turkish military operations against Syrian Kurdish forces in Northeast Syria. Had I been present, I would have voted "yea."
