

KATY AMERICAN LEGION POST 164
REMEMBERS OUR FALLEN WAR-
RIORS

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, December 9, 2019

Mr. OLSON. Madam Speaker, I rise today to recognize American Legion Post 164 in Katy, Texas for their efforts to honor our fallen service members this holiday season.

As Americans, we know that some of our military service members make the ultimate sacrifice to protect and preserve our way of life. The Wreaths Across America program is a solemn way to honor and remember our fallen heroes by distributing a token of our appreciation and remembrance at this time of year.

American Legion Post 164 worked incredibly hard gathering sponsors to fund their goal of placing 450 wreaths this year. They surpassed this goal in their gracious efforts to remember our fallen warriors, securing enough sponsors to fund over 500 wreaths for the Magnolia Cemetery.

On behalf of the Twenty-Second Congressional District of Texas, I thank Post 164 for their valiant work to ensure our fallen service members are never forgotten during the holidays and throughout the year.

COMMEMORATING THE 100TH ANNI-
VERSARY OF THE STILLWATER,
MINNESOTA ROTARY CLUB

HON. BETTY MCCOLLUM

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Monday, December 9, 2019

Ms. MCCOLLUM. Madam Speaker, I rise today to honor the centennial anniversary of the Stillwater, Minnesota Rotary Club. Since its founding in 1919, Stillwater Rotary Club has actively advanced the mission of Rotary International by providing service to others, promoting integrity, and fostering world understanding, goodwill, and peace through fellowship of business, professional, and community leaders.

Stillwater Rotary Club was begun just 14 years after Rotary International was founded by Chicago attorney Paul Harris in 1905. Community leaders in Stillwater shared a desire to serve their community in fellowship with one another, and so joined together to begin the Stillwater Rotary Club. At the time, most Rotary Clubs were located in larger cities, but

following World War I, as smaller communities like Stillwater returned to normal, they sought to refocus to improve their communities. Stillwater's club charter was sponsored by the St. Paul and Minneapolis clubs, and was formally presented to the Stillwater club on September 26, 1919. Today the club has over 60 members from diverse personal and professional backgrounds and are a part of the larger community of 1.2 million Rotarians worldwide.

Throughout their 100 years, the Stillwater Rotary Club has become a prominent community organization as it has chartered new clubs in the area, supported numerous local and international charities, and completed many community service projects. From its earliest years, the club made great contributions to the community, demonstrating the Rotary motto of "Service Above Self". The Stillwater Club sponsored the creation of a bathhouse at Lily Lake Beach, a barge terminal in Stillwater, a tourist camp on the Saint Croix River, and a Scout cabin on Big Marine Lake. In 1927 their seven-year project of lighting Main Street in Stillwater came to fruition; a major accomplishment for the club. They also sponsored the founding of the Washington County Historical Society in 1934, a non-profit educational institution that remains active today with the mission to collect, preserve, and disseminate the vibrant history of Washington County and the greater State of Minnesota.

Today, Kathleen Elbert leads the Stillwater Rotary Club and the organization continues to be a leader in service. Their annual Taste of the Valley event raises funds for non-profit organizations like the American Cancer Society and the Boy Scouts of America, as well as local groups including Stillwater Area High School and the St. Croix Valley Learning Center. The club also takes on international service endeavors through their sponsorship of a hospital in Tanzania, construction of roads in Guatemala, and support of Rotary International's efforts to eradicate polio worldwide among other initiatives.

Rotarians worldwide utilize an ethical guide called the Four-Way Test which asks the following questions: Is it the truth? Is it fair to all concerned? Will it build goodwill and better friendships? Will it be beneficial to all concerned? These questions are especially prescient today. Stillwater Rotarians have served their community for a century in agreement with these principles, setting an example for all of us to remember to be truthful, to be fair, to build goodwill and grow in our friendships, and to live our lives in service for others. Madam Speaker, please join me in recognizing the members of the Stillwater Rotary Club on its 100 years of serving the community.

CITIZENSHIP FOR CHILDREN OF
MILITARY MEMBERS AND CIVIL
SERVANTS ACT

SPEECH OF

HON. SHEILA JACKSON LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 3, 2019

Ms. JACKSON LEE. Mr. Speaker, I rise in strong support of H.R. 4803, the Citizenship

for Children of Military Members and Civil Servants Act.

I applaud Judiciary Chairman JERROLD NADLER (D-NY) and House Judiciary Ranking Member DOUG COLLINS (R-GA) for introducing this bipartisan legislation aimed to fix a problem in current citizenship laws.

The current citizenship law implemented by this Administration in October, serves as a disadvantage to certain children who are born abroad and reside with a parent serving overseas in the military or as a federal government employee.

Under current law, such children are required to establish U.S. residency in order to obtain citizenship, which can be difficult when a parent is stationed overseas.

This small but important change is the necessary fix for U.S. armed forces and in federal government positions overseas.

I am glad we could work together to introduce this bipartisan legislation that provides greater flexibility and support to those who have dedicated their careers to serving our nation.

American citizens who are deployed members of our military or government officials working abroad should have confidence their children will receive U.S. citizenship.

Military families are already making tremendous sacrifices to serve our country abroad and the children should not have to be penalized.

I urge my colleagues to join me in supporting H.R. 4803 because our military families should not have to deal with the bureaucracy of this Administration for their children to be United States citizens.

RECOGNIZING THE HEROISM OF
CANYON GATE VOLUNTEER
FIREFIGHTERS

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, December 9, 2019

Mr. OLSON. Madam Speaker, I rise today to recognize the Community Volunteer Fire Department in Canyon Gate for their heroic actions saving the lives of three pets from a burning home.

For many, pets can be a part of our families nearly as much as our brothers, sisters, mothers and fathers are. Losing a pet is hard for everyone, especially in times of tragedy.

The Community Volunteer Fire Department went above and beyond in their duties to make sure a family did not have to go through that pain. While a TX-22 family was away, their house unfortunately caught fire with their three pets—a cat, a dog and a kitten—trapped on the first floor. These heroes risked their lives to ensure that these pets were reunited with their families in the face of disaster.

We send our heartfelt appreciation to the Community Volunteer Fire Department and all our firefighters in TX-22 who put their lives on the line each and every day to rescue those in danger—be they people or pets. On behalf of the Twenty-Second Congressional District of Texas, they make our community very proud.

CONGRATULATING STEPHEN
JOHNSON

HON. MICHAEL K. SIMPSON

OF IDAHO

IN THE HOUSE OF REPRESENTATIVES

Monday, December 9, 2019

Mr. SIMPSON. Madam Speaker, today I wish to congratulate Dr. Stephen G. Johnson, a researcher at Idaho National Laboratory (INL). At its recent annual meeting in Washington, D.C., the American Nuclear Society (ANS) honored Dr. Johnson as a Fellow, which is the highest member status presented to an individual. Dr. Johnson was recognized for his outstanding accomplishments in nuclear science and technology, specifically highlighting his work in rebuilding the national radioisotope power system program for NASA's deep space exploration.

Dr. Johnson holds a bachelor's degree with a double major in mathematics and chemistry from Lake Superior State University of Michigan and a Ph.D. in physical chemistry from Iowa State University. He currently serves as the director of the Space Nuclear Power and Isotope Technologies Division at INL's Materials and Fuels Complex.

During his tenure at INL, Dr. Johnson has successfully reestablished the Radioisotope Power Systems program, initiated the Technical Integration Office for Radioisotope Power Systems, and most recently named the National Technical Director, for the Department of Energy's (DOE) national Space Nuclear Power program. Steve and his staff focus on cross-cutting initiatives, mission planning scenarios for nuclear power systems for DOE customers, such as NASA, and providing resources for various other needs for DOE's Space Nuclear Power department.

For the last few years, Steve has been a regular visitor to Capitol Hill, presenting an overview of the Department of Energy space power work for NASA at lunches hosted by the Foundation For Nuclear Studies. This summer, my staff and I had the pleasure of visiting Dr. Johnson in his facility where they were assembling the radioisotope thermoelectric generator that will power the Mars 2020 Rover.

It is a great privilege to congratulate Dr. Stephen G. Johnson on receiving this prestigious recognition, and I am grateful for his exceptional work in the field of nuclear science and technology. His accomplishments are a reminder of the many skilled researchers and scientists currently working and living in Idaho. Congratulations to Steve on his accomplishments and I thank him for all of his hard work.

CAMERON MILLER PRESERVING
THE MEMORIES OF A WORLD
WAR II VETERAN

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, December 9, 2019

Mr. OLSON. Madam Speaker, I rise today to highlight CW39 Director of Operations Cameron Miller's effort to preserve history and the memory of those who served our nation in combat.

Cameron recently took a trip to New Orleans and visited the World War II museum,

bringing with him a box from home full of old wartime photos from a family friend and WWII veteran named Jack. While there, he learned about the history contained within the pictures and how to ensure their stories can be passed down for generations to come.

Cameron then shared his story on television, instructing others on the importance of preserving pictures and other key items from our history so that the service of veterans is remembered for generations.

I thank Cameron for honoring our veterans' service in the best way possible—by preserving their memories and sharing their stories. On behalf of the Twenty-Second Congressional District of Texas, he makes Texas and our veteran community proud.

ADVANCING MUTUAL INTERESTS
AND GROWING OUR SUCCESS ACT

SPEECH OF

HON. SHEILA JACKSON LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 3, 2019

Ms. JACKSON LEE. Mr. Speaker, I rise in strong support of H.R. 565, "The Advancing Mutual Interests and Growing Our Success Act" or AMIGOS Act.

Despite deep ties with Portugal, it remains one of only five EU countries whose citizens are ineligible for E-1 and E-2 visas.

Under the Immigration and Nationality Act, nationals of countries with which the United States maintains a treaty of commerce and navigation may be admitted temporarily to the United States to engage in international trade, an E-1 visa, or to develop and direct an investment enterprise, E-2 visa.

E-1 and E-2 visas may be granted to individual traders and investors or to employees of organizational traders and investors.

Applicants for E-1 and E-2 visas must generally demonstrate the existence of a bilateral treaty of commerce and navigation between the applicant's country of nationality and the United States.

Some treaties allow for the admission of both E-1 and E-2 nonimmigrants, while others allow for the admission of only E-1 or E-2 nonimmigrants.

In addition, the visa applicant must be a national of the treaty country.

If the applicant is an employee of an organizational trader or investor, both the applicant and the organization must possess the nationality of the treaty country.

The nationality of the organization is determined by the nationality of the individual owners—at least 50 percent of the organization must be owned by nationals of the treaty country.

The enterprise must be more than marginal and must generate income beyond that which is required to provide a minimal living for the investor and their family.

An individual investor must be coming to the United States to develop and direct the business.

An applicant who is an employee of an organizational trader or investor must be coming to the United States to fulfill an executive or supervisory position or possess skills that are essential to the firm's U.S. operations.

Spouses and minor children accompanying or following to join the principal E-1 or E-2

nonimmigrant will be admitted for the same period of stay as the principal trader or investor.

Congress has the ability to take action to improve the historical relationship between the United States and Portugal.

If H.R. 565 is enacted, Portuguese nationals would become eligible for E-1 and E-2 visas, but only after an agreement for reciprocal treatment between Portugal and the United States is finalized.

In 2012, Congress passed—and the president signed into law—H.R. 3992 to permit Israeli nationals to participate in the E-2 treaty investor program. However, Israeli nationals did not have the ability to apply for E-2 visas until May 1, 2019, when an agreement with Israel was finalized and took effect.

It was favorably reported by the House Judiciary Committee without amendment by voice vote; passed by the House on motion to suspend the rules (371 to 0) and passed by the Senate, without amendment, by Unanimous Consent.

Similarly, S. 2245, the "Knowledgeable Innovators and Worthy Investors (KIWI) Act," became law on August 1, 2018, but New Zealanders were unable to apply for E-1 and E-2 visas until June 10, 2019 when an agreement for reciprocal treatment took effect.

It was Discharged by the Senate Judiciary Committee by Unanimous Consent and passed by the Senate without amendment by Unanimous Consent; passed by the House on motion to suspend the rules by voice vote.

The last two bills to add countries to the E-1 and E-2 visa programs passed Congress without controversy.

Portugal is a longstanding United States ally, with "bilateral ties dating from the earliest years of the United States, when Portugal recognized the United States in 1791 following the Revolutionary War."

The United States is also Portugal's largest trading partner outside the European Union (EU), with bilateral trade in goods and services reaching \$8 billion in 2018, a 9 percent increase from the previous year.

Similarly, U.S. direct investment in Portugal reached \$2.1 billion in 2017, with U.S. companies playing a significant role, investing in the Portuguese banking, pharmaceutical, and chemical industries.

Both countries have also agreed to a bilateral income tax agreement to prevent double taxation.

Portuguese participation in the E-1 and E-2 visa programs will deepen an already strong bilateral trade and investment relationship, and benefit business communities in both countries.

Mr. Speaker, I urge my colleagues to join me in supporting H.R. 565, "The Advancing Mutual Interests and Growing Our Success Act" or AMIGOS Act.

HONORING DALE WILKERSON FOR
HIS SERVICE TO OUR NATION

HON. MARK E. GREEN

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Monday, December 9, 2019

Mr. GREEN of Tennessee. Madam Speaker, I rise today to honor the life and service of an upstanding American citizen, Dale Wilkerson.
