

DANIEL “DANNY” M. BARBER

HON. JOSÉ E. SERRANO

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Monday, February 25, 2019

Mr. SERRANO. Madam Speaker, it is my pleasure to honor Mr. Daniel “Danny” M. Barber for his many years of tireless advocacy to improve the lives of Bronx residents. He is a great example of everyday contributions that African-Americans have made in my district in the Bronx and the Nation.

Mr. Barber was born in 1969 to the late Dan Walker and Janie Barber-Walker and is the youngest of five children. He attended the De Witt Clinton High School and was a member of the football team. He began his love for community work when he joined the ranks of the Salvation Army during his early years and went on to excel as Director and afterward became Assistant to the Commanding Officer.

Mr. Barber currently serves as the President of the Andrew Jackson Houses Resident Association, Inc., and is the Founder of SOY, Inc. (Save Our Youth). Recently, he was elected to serve as the Chair of the City-Wide Council of Presidents, which oversees all of the NYCHA Resident’s Associations, and also serves as the Chair of The South Bronx Council of Presidents. While serving in these capacities, he also serves on several other agencies and organizations boards giving technical support and principled guidance.

Madam Speaker, I ask my colleagues to join me in honoring Mr. Daniel M. Barber for his steadfast dedication and years of public service to our NYCHA residents, and for his long-standing commitment to improving our community.

TRIBUTE TO NATIONAL CHILDREN’S DENTAL HEALTH MONTH

HON. MICHAEL K. SIMPSON

OF IDAHO

IN THE HOUSE OF REPRESENTATIVES

Monday, February 25, 2019

Mr. SIMPSON. Madam Speaker, February been dedicated as the National Children’s Dental Health Month. This is such an important cause and we are glad to bring awareness to promote good oral health for children. Tooth decay is the number one chronic infectious disease among children in the U.S. The impact of not treating decay can lead to other bad outcomes beyond just oral health. The Congressional Oral Health Caucus is pleased to support National Children’s Dental Health Month and any activities taking place throughout the month of February.

Give Kids A Smile, which is sponsored by the ADA Foundation, is at the center of National Children’s Dental Health Month. Give Kids a Smile day is such an important event for all children and dentists throughout the country. Because of this program, the ADA Foundation is able to provide assistance to more than 6,000 dentists and 57,000 dental team members, and other volunteers who proudly give their time and effort to make a difference in the health of children. Since this program has started, volunteers have graciously provided services to over 5.5 million kids across the country, and to all 50 states as

well. They have truly made a huge impact in their communities and improved the oral health of so many children.

Throughout National Children’s Dental Health Month, dentists and dental team members across the country will be providing oral health services for children in need, and this will continue throughout the year. These services will include oral health education, screenings, preventive care and restorative services. Some will provide this in their own dental practice, others will go right into schools and the community to reach the kids that need it most. There are also many major events at dental hygiene schools where hundreds of kid may receive oral health services.

Continued public awareness on this issue is so critical. On behalf of the Congressional Oral Health Caucus, I would once again like to state our full endorsement for the month, and push for continued care for good oral health of children.

DR. DEREK KING RECEIVES THE DISTINGUISHED SERVICE TO EDUCATION AWARD

HON. PAUL COOK

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, February 25, 2019

Mr. COOK. Madam Speaker, I rise today to recognize the service and commitment of Dr. Derek King, who received the Distinguished Service to Education Award from the Victor Valley College Foundation on February 23, 2019.

Dr. King currently holds the position of Assistant Superintendent of Student Services for Excelsior Charter Schools and has long been passionate about education and community service. A proud veteran of the U.S. Army, Dr. King began his teaching career with the Department of Defense Dependent Schools in Babenhausen Germany as part of the Troops to Teachers program. As an educator, Dr. King has served as a Teacher, Principal, Assistant Superintendent, Treasurer for the local Association of California School Administrators, and member of the California State School Attendance and Review Board. Dr. King was also elected to the Victor Valley Union High School District Governing Board, where he held the positions of Trustee, Clerk and Vice President. Dr. King has also been a fixture in our local community, and has held positions on the Victorville Military Affairs Committee, the Victor Valley Community Service Council, and served as Director and Chairman of the Board for the Victor Valley Chamber of Commerce.

I thank Dr. Derek King for his service to our community and country, and his commitment to educating our next generation. With educators like Dr. King, our local students will be well-equipped as they make their way into adulthood.

RECOGNIZING PATIENT ADVOCATE BILL HAHN AND THE MANY SELFLESS AMERICANS WHO WORK ON BEHALF OF THOSE STRUGGLING WITH KIDNEY DISEASE

HON. BILL POSEY

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Monday, February 25, 2019

Mr. POSEY. Madam Speaker, on March 5, 2019, Citizens from across the country will gather in our nation’s Capital to help raise awareness about kidney disease and advocate for public policy solutions as part of the National Kidney Foundation’s Annual Patient Advocacy Summit. In all my years of service, I have yet to meet more caring and tireless advocates.

Their advocacy is important because of the number of people kidney disease affects—nearly one in three adults are at risk of developing kidney disease. Nearly thirty million Americans have kidney disease and approximately ninety percent don’t even know it. It sneaks up on you and that’s why raising awareness is a key component to combating this disease and ultimately saving lives.

Sadly, on October 10, 2018, we lost one of our great advocates and champions—our friend Bill Hahn of Rockledge, Florida, passed away. Bill was one of those unspoken heroes who got up every morning and fought to keep going, for himself, and so many other people struggling with kidney disease, recovering from transplant surgery and waiting to receive the special gift of life.

From an early age, Bill believed in physical fitness and leading a very active and healthy life. As a young man he was a male model and later a professional surfer with the famous Salick surf team winning numerous awards. A graduate of Florida State University, he owned and operated a successful health fitness business selling exercise equipment in Melbourne, Florida. Even with his dedication to a daily exercise regimen, at the age of twenty-six, Bill was diagnosed with Type 1 Diabetes.

Living with Diabetes can be a difficult struggle, even for someone as physically fit as Bill Hahn. Over time the disease began to take a toll on Bill’s health as he suffered from many of its complications including blindness, nerve damage and even coma. Unfortunately, Bill suffered renal failure at age fifty-one, but his physical routine never stopped. When Bill was on dialysis, he was walking ten miles a day. And because of his fitness level, he was a good candidate for transplant surgery. On New Year’s Eve 2008, Bill received a true gift of life—a new kidney and pancreas.

Since his surgery, Bill dedicated his life to helping patients struggling with kidney disease and other serious medical conditions. In 2012 he joined with surfing legend and fellow transplant recipient Rich Salick and co-founded the annual Cocoa Beach “Footprints in the Sand” Kidney Walk. Katie and I have been involved in the Kidney Walk each year and it continues to grow and draw participation from all over Central Florida thanks in large part to Bill’s work and other volunteers from our community.

Bill was a constant advocate for this cause, especially in the last years of his life. And, if you knew Bill Hahn, helping others is what

kept him going. He worked closely with my office on various projects throughout the years and brought to my attention many important pieces of legislation moving through Congress that are critical to winning this battle. In 2017 Bill lead a successful effort to declare May 13th "Living Kidney Donor Day" in the State of Florida. He is also the author of three books including *More Than A Conqueror Legacy*, a spiritual healing guide for patients; *The Silver Lining*, a chronicle of Bill's journey through recovery; and *The Window Box*, a book of poetry.

I ask my colleagues in the U.S. House of Representatives to join me in recognizing the efforts of Bill Hahn and the many other Americans who have worked tirelessly to raise awareness about kidney disease and advocate for patients in need.

IN RECOGNITION OF PATRICK MORAN, HIBERNIAN OF THE YEAR

HON. MATT CARTWRIGHT

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Monday, February 25, 2019

Mr. CARTWRIGHT. Madam Speaker, I rise today to congratulate Patrick Moran, who was celebrated as the Hibernian of the Year by the Ancient Order of Hibernians, Monsignor Farrell Division on February 23, 2019. The Monsignor Farrell Division No. 2 Chapter of the Ancient Order of Hibernians and its founders exemplify the core principles of charity, concern for our fellow man, and commitment to educating students about the sacrifices and accomplishments of prior generations.

A Carbondale native, Pat was born on August 31, 1953 to Joseph and Margaret Moran. Pat is a graduate of St. Rose High School, Class of 1971. A veteran of the Navy, Pat worked at Tobyhanna Army Depot after discharge. He then moved to the greater Denver Area where he worked for Continental Air Lines before owning and operating his own business.

Upon his retirement in 2012, Pat returned to Northeast Pennsylvania and became active in several local community organizations. Today, he is a member of the Columbia Hose Co. and the American Legion in Carbondale. Pat's involvement with the AOH began when he joined the organization's Golf League. He became increasingly involved in volunteer efforts by the AOH. He is currently a member of Ring and Shuffleboard leagues, as well as a volunteer bartender every Monday evening and for many Division functions.

It is an honor to recognize Patrick Moran as he is named Hibernian of the Year by the Ancient Order of Hibernians, Monsignor Farrell Division. I thank him for his service to his country in the U.S. Navy and his continued service to our community with the AOH. I congratulate him for receiving such an honor from his fellow brothers in the Ancient Order of Hibernians.

IN HONOR OF ANDREW AND ILA MARTINEZ

HON. KEVIN BRADY

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, February 25, 2019

Mr. BRADY. Madam Speaker, today I rise to honor the memory of Andrew and Ila Martinez of Huntsville, Texas.

Andrew and Ila, beloved parents and lifelong Texans, spent their lives in service to others, and today, we remember all that they stood for. Andrew "Andy" Martinez was born in Galveston, Texas and later became a proud member of the Huntsville community. His multifaceted career path included time spent as a proud small business owner of Martinez Tire and Supply, a construction safety supervisor for the Texas Department of Criminal Justice (TDCJ), and as an ordained minister. A faithful and steadfast Christian, Andy served as the interim pastor of Faith Memorial Baptist Church, and was an active member of several other churches in the Huntsville area.

Andy's faithfulness, generosity, and love for those around him was not only evident on Sundays—it was visible every day of his life. Andy served the Huntsville community in a variety of public roles. He was an elected member of the Huntsville City Council, the Director for Trinity River Authority's Walker County Area, a member of the Board of Trustees for Huntsville ISD, and Chairman of the Republican Party of Walker County. Andy also acted as a Prison Ministry Volunteer in Huntsville—a position he held for over 30 remarkable years. Those who knew Andy will attest to his sincere selflessness. He always worked towards leaving the Huntsville community better than he found it.

Ila Martinez was Andy's wonderful wife of over 63 years and was not only a devoted partner to him, but was a loving mother and active in the community as well. A leading member of the Republican Party of Walker County, Ila was involved in the Red Hat Ladies and the Calendar Girls, a group of friends from Conroe High School that would meet once a month at lunchtime. Ila had a great love for volunteering and was often working with the Walker County Republican women or at her church library. Ila was a doting grandmother and her greatest pleasure was teaching her beloved granddaughters how to sew and bake.

Andy and Ila had two daughters, Andrea Scott and the late Debbie Martinez, and a son, Russell Martinez. Andy and Ila are survived by Andrea and her husband Wayne; their son, Russell; two beautiful grandchildren, Angela Stacks and husband Jared; Mika Spears and her husband Neal; and three great-grandchildren: Draper Stacks, Megan Anthony, and Trent Spears.

The legacy of Andy and Ila will always be a part of the Huntsville community, kept alive in the hearts of those who knew and loved them. Both were selfless servants dedicated to bettering the lives of those around them, and they will be greatly missed.

COMMEMORATING THE RETIREMENT OF DR. STEPHEN E. BASH

HON. DARIN LAHOOD

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Monday, February 25, 2019

Mr. LAHOOD. Madam Speaker, today I would like to congratulate Dr. Stephen Bash on his retirement from the University of Illinois College of Medicine at Peoria.

Born in Indianapolis, Indiana, Dr. Bash decided to dedicate his life to medicine at a young age. He attended Indiana University at Bloomington before receiving his MD from Indiana University Medical School at Indianapolis. After his schooling, Dr. Bash served honorably in the U.S. Navy as a Lieutenant Commander.

In his career, Dr. Bash has made Pediatrics a top priority. In private practice and in public service, Dr. Bash has made a lasting impact at every stop. He has held Directorships at both the Regional Sleep Apnea Center and at the Pediatric Cardiac Catheterization Laboratory at the Children's Hospital of Illinois at OSF St. Francis Medical Center in Peoria, Illinois. Dr. Bash has also dedicated time to research. He has been a Principal Investigator for two clinical studies and has been the author of many articles. To give back to his community, Dr. Bash has served on the Board of Directors for the Marvin Hult Health Education Center and Heartland Community Health Center.

During his tenure, the medical community has had no better champion than Dr. Bash. He has always been a fierce advocate for the advancement of Pediatrics. Central Illinois will forever be grateful for Dr. Bash's years of service.

REINTRODUCTION OF THE RESTORING THE PARTNERSHIP FOR COUNTY HEALTH CARE COSTS ACT OF 2019

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Monday, February 25, 2019

Mr. HASTINGS. Madam Speaker, I rise today to introduce a bill to restore the partnership between the federal government and counties for the health care costs of inmates who have not been convicted of a crime. This legislation will provide some relief to our nation's local economies, while strengthening the fundamental principles of our justice system.

In almost all states, a person who is incarcerated in a county jail or juvenile detention facility loses their Medicare, Medicaid, CHIP or SSI benefits even if they have not been convicted of a crime. The U.S. Supreme Court's interpretation of the 8th Amendment requires government entities to provide medical care to all inmates. As a result, local governments are burdened with the expense of providing health care to thousands of men, women, and children currently awaiting trial.

Providing health care for inmates constitutes a major portion of local jail operating costs. Requiring county governments to cover health care costs for inmates who have not yet been convicted of a crime places an unnecessary
