Madam Speaker, I ask my colleagues in the House to join me in recognizing the career of Deb Warner. Over the course of her 30 year career in advocacy, Ms. Warner has been a powerful promoter of our region. INTRODUCTION OF THE BICYCLE COMMUTER ACT

HON. EARL BLUMENAUER

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2019

Mr. BLUMENAUER. Madam Speaker, today I introduced the Bicycle Commuter Act of 2019. This bipartisan legislation will reinstate the bicycle commuter tax benefit, modify the benefit to be used in concert with parking and transit benefits, and expand the bicycle benefit to include bikeshare.

The bicycle is the most efficient form of urban transportation ever devised. Cycling reduces carbon emissions, provides enormous physical and mental health benefits, and is one of the most cost-effective modes of transportation available. Communities across the country have realized these benefits and substantially invested in building better bike networks and improving facilities for biking to work. Across America, more than 100 communities of all sizes have installed or permitted bikeshare systems, supporting a nationwide network of nearly 5,000 stations, more than 100,000 bikes, and more than 120 million trips since 2010. These investments are one of the reasons that rates of biking to work have nearly doubled since 2000 while driving and public transportation rates have increased by 16 percent and 26 percent, respectively.

Despite these impressive developments, there is currently no commuter tax benefit for biking to work. Public Law 115–97 suspended the bicycle commuting reimbursement benefit through 2025, taking away a valuable financial incentive for people who choose to bike to work. The Bicycle Commuter Act reverses the benefit's suspension, changes the structure of the benefit to be more flexible to, and adds bikeshare as eligible for the benefit. Employees don't commute the same way every day and our commuter tax benefits should reflect that. The Bicycle Commuter Act provides the flexibility that people need while also

incentivizing a clean and healthy mode of transportation: the bicycle.

INTRODUCTION OF STOP UNDERRIDES ACT OF 2019**HON. STEVE COHEN**

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2019

Mr. COHEN. Madam Speaker, I rise in support of the Stop Underrides Act, a bipartisan, bicameral bill I introduced earlier today along with my colleague on the Transportation & Infrastructure Committee, Representative MARK DESAULNIER from California, and in the Senate, Senators KIRSTEN GILLIBRAND and MARCO RUBIO, to prevent deadly truck underride crashes.

An underride crash is when a car collides with a truck and goes underneath the body of the truck. Modern car safety features are designed to ensure that a passenger can walk away from a crash where the vehicle hits a solid wall at 35 miles per hour. In an underride

crash, the first part of a car coming into contact with a truck body is the windshield, and as a result, a car's safety features are rendered useless. When a car collides with a truck, it will keep moving forward, and decapitation is a serious threat at 35 miles per hour.

While large trucks have been federally required to have rear underride guards since 1953, there is no requirement to adequately maintain rear underride guards and they often fail. In addition, underride guards are not federally required to be on the sides or front of trucks. Too many lives have been lost or forever altered by these preventable crashes and the time has come for Congress to act.

The Stop Underrides Act does just that—lays out a path to bring an end to these terrible and all too often fatal accidents by requiring all large truck trailers to have front, side, and rear underride guards.

These guards, if installed, would have likely prevented the death of Michael Higginbotham, who was killed in an underride crash in Memphis and whose parents, Randy and Laurie Higginbotham, have been urging Congress to take action on this long overdue issue.

This is common sense legislation that will save lives. I urge my colleagues to support the passage of the Stop Underrides Act.

IN RECOGNITION OF THE SESQUICENTENNIAL OF THE CITY OF OCONTO**HON. MIKE GALLAGHER**

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2019

Mr. GALLAGHER. Madam Speaker, I rise today to recognize the City of Oconto's sesquicentennial.

Nestled on the coast of Green Bay, the City of Oconto is the home to thousands of Wisconsinites. The city hosts thirty-three sites listed on the National Register of Historic Places and in its 150 years, it has seen tremendous growth and prosperity.

First settled by the Copper Culture People over 6,000 years ago, Oconto is rich with history and culture. The Copper Culture People, rightfully named for their role as some of the earliest copper workers in the Americas, made a variety of tools and ornaments, many of which can still be found today in Oconto at the Copper Culture State Park. When Jesuit missionaries arrived in Oconto in the mid-1600s, Oconto became vital in building the trade relationships that helped so-called "New France" to prosper. The Copper Culture People, along with ancestors of the Menominee who had settled there, traded beaver and other furs for various goods and tools with the European settlers.

Oconto experienced a population boom during the 19th and 20th centuries. Located directly on the Chicago and Northwestern Railroad, Oconto became a hub for the growing commercial lumber and fishing industries. Americans were in search of a beautiful place to earn a living and raise a family, and this wonderful city in Northeast Wisconsin offered them just that.

Today, several industries have expanded and are expected to continue to grow, creating new jobs and boosting the local economy. Oconto's small-town fishing lifestyle has continued to play a crucial role in the economy, attracting anglers from across the United States fishing for walleye at its Breakwater Park on the Bay.

Madam Speaker, it is my honor to congratulate the City of Oconto on 150 years of community, industry, and success. As citizens committed to preserving the vibrant history of their home and watching it grow and prosper, the people of Oconto truly embody what it means to be a Wisconsinite: to strive forward. I wish them another 150 years of prosperity.
