INTRODUCTION OF THE AFRICAN
DESCENT AFFAIRS ACT

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 26, 2019

Mr. HASTINGS. Madam Speaker, I rise today to introduce the African Descent Affairs Act. As we continue to highlight the International Decade for People of African Descent, we have seen a sharp increase in racism, anti-Semitism, xenophobia, homophobia and other forms of discrimination across the globe.

Human rights violations emanating from racial prejudice and discrimination have negatively impacted people of African descent around the world, resulting in racial bias and disparities in education, employment, health, housing, justice, and other sectors.

We must act now to reverse these disturbing trends. The International Decade for People of African Descent provides an opportunity to not only draw attention to these inequities, but to also join efforts with countries around the globe to develop and implement national strategies honoring the vast contributions of people of African descent and to combat continuing issues of prejudice and discrimination such as those currently gripping our nation.

To aid these efforts, I have introduced the African Descent Affairs Act. This bill seeks to improve the situation of people of African descent around the world by establishing within the United States State Department a Global Office of African Descent Affairs to establish global foreign policy and assistance strategies for people of African descent; creating a "Fund" to support antidiscrimination and empowerment efforts by African descent led civil society organizations; requiring Annual State Department Human Rights Reports to include a section on discrimination faced by people of African descent; and creating similar initiatives at the United States Agency for International Development that can work in partnership with the State Department.

U.S. foreign policy strategies such as these have improved the situation of vulnerable groups internationally and would greatly assist in responding to increasing levels of prejudice and discrimination faced by people of African descent around the globe. The State Department has already launched many successful initiatives that have aided vulnerable populations, such as the Office of Global Women's

Issues, the Special Envoy to Monitor and Combat Anti-Semitism, and special initiatives focusing on disability, LGBTQ+ and other communities.

Implementing a Global Office of African Descent Affairs will continue this tradition and facilitate the full and equal participation of people of African descent in our society, promote knowledge of and respect for the diverse heritage, culture and contributions of people of African descent, and strengthen and implement legal frameworks that combat racial discrimination.

Madam Speaker, I sincerely hope that my colleagues will embrace the challenge of combating prejudice and discrimination around the world. I encourage them to join me in recognizing the collective history and achievements made by people of African descent by supporting the African Descent Affairs Act.

IN RECOGNITION OF DR.
ELIZABETH (SISSY) CROWTHER

HON. ROBERT J. WITTMAN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 26, 2019

Mr. WITTMAN. Madam Speaker, I rise today to recognize the retirement of Dr. Elizabeth (Sissy) Crowther as President of the Rappahannock Community College. After 15 years as President, Elizabeth will be leaving the College a better, stronger institution of higher education and learning.

A Northern Neck native, Sissy grew up on Bruington Farm in Northumberland County. Her late father, Rudolph Prosser Crowther, Sr., was president and then chairman of Lillian Lumber Company in Northumberland County, and served on the Rappahannock Community College local board in the 1980s. After graduating from St. Margaret's School in Tappahannock, Crowther attended Virginia Tech where she received both a bachelor's and master's in English. After college, she

moved to Richmond, where she began a career in financial services. She aided J. Sargeant Reynolds and John Tyler community colleges with providing educational programs for their employees. Crowther was inspired by the change and inspiration she saw, shifting her career from banking to working in the community college system.

She was accepted into a doctoral program at the College of William & Mary, becoming friends with a colleague who encouraged Crowther to apply to her first job at Rappahannock Community College. She then advanced to positions at Lord Fairfax Community College and Blue Ridge Community College, ultimately returning to Rappahannock as President. Since 2004, Crowther has provided leadership and oversight for College and community initiatives. They include growing the Educational Foundation's assets from \$1 million to \$11 million; completing facility renovations at both the Glenss and Warsaw campuses; adding satellite sites in Kilmarnock and New Kent; expanding partnerships with community organizations, agencies, and businesses including the establishment of LEAD Northern Neck; and providing focused resources on relevant programs.

Madam Speaker, I ask you to join me in recognizing Dr. Elizabeth Crowther's accomplishments as she ends her tenure as president of Rappahannock Community College. We hope she enjoys her new life back on the family farm near Reedville, pursuing personal interests and traveling with her family.

MEDICAID SERVICES INVESTMENT
AND ACCOUNTABILITY ACT OF 2019

SPEECH OF

HON. ANNA G. ESHOO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, March 25, 2019

Ms. ESHOO. Mr. Speaker, I rise in support of H.R. 1839, the Medicaid Services Investment and Accountability Act of 2019. I'm very

pleased the House is considering this bipartisan, bicameral legislation to extend and authorize important Medicaid programs that serve medically complex children, seniors, and people with disabilities, mental health and substance use disorders.

I'm especially proud that H.R. 1839 includes the ACE Kids Act. ACE Kids is the product of years of extensive work by my colleagues, former Congressman Joe Barton and Congresswoman KATHY CASTOR. This bill will improve care for the sickest children enrolled in Medicaid, which is the backbone of our health care system for these children. Children with complex medical conditions require a large amount of health services which are expensive and difficult for families to coordinate. The ACE Kids Act aims to better coordinate this care while reducing overall Medicaid spending. Each state's program will be specifically tailored to fit each child's needs and will provide families with a care coordinator. It is based on existing programs that save money while decreasing hospital visits and improving care. This legislation has broad bipartisan support and was passed by the House last December by a vote of 400 to 11. I urge all Members of the House to support it.

This bill also extends spousal impoverishment protections for recipients of home and community based services in Medicaid. These important protections ensure that spouses of Medicaid patients do not have to spend down their own assets for the Medicaid beneficiary to qualify for home and community based long term care services. Home and community based long term care services are critical to meeting the care and treatment needs of Medicaid beneficiaries, but spouses should not have to risk impoverishment for their loved ones to access these important services.

H.R. 1839 authorizes additional funding for the Money Follows the Person demonstration which has been successful in transitioning Medicaid beneficiaries out of institutions into community settings. The bill also extends the Excellence in Mental Health demonstration for two states to provide mental health services in community settings. Evidence shows that keeping patients in their communities and out of institutions improves outcomes, and I'm pleased to support extensions of these critical programs to ensure that patients can access services in the best setting for their needs.

The bill offsets these important extensions by closing loopholes that drug companies have exploited to misclassify their drugs and receive inappropriate rebates on their products. It also makes changes to third-party liability in child support, and denies federal funding for penis pumps in Medicaid.

I'm grateful that this bipartisan, bicameral legislation is being considered today to strengthen the Medicaid program for children with complex medical conditions, seniors, and people with disabilities, mental health and substance use disorders and I'm very proud to support it.

MENSTRUAL EQUITY FOR ALL ACT OF 2019

HON. GRACE MENG

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 26, 2019

Ms. MENG. Madam Speaker, in recognition of Women's History Month and the incredible advances women have made in our nation and around the world, I rise today to introduce the Menstrual Equity for All Act of 2019. This is the first comprehensive legislation that would end our nation's inequities toward women, girls, and individuals who menstruate. Menstruation hygiene items, such as pads, tampons, cups, and liners, are necessary purchases for the vast majority of women.

Madam Speaker, popular culture would have one believe these products are ubiquitous and cheap. But I have heard the heart-breaking testimonies of countless girls and women from across our nation that would say otherwise. We live in the richest nation and yet millions of women and girls suffer from issues of access and affordability. This is an injustice and it is simply wrong.

Most premenopausal women use menstrual hygiene products on a monthly basis and it is estimated that a woman will use up to 16,000 tampons in her lifetime. Regardless of income, women spend a significant amount of money on purchasing menstruation hygiene products each year.

Beyond being cost-prohibitive, different populations of women and girls face unique challenges in accessing menstrual hygiene products. The Menstrual Equity for All Act aims to address these challenges by:

Giving states the option to use federal grant funds to provide students with free menstrual hygiene products in schools—these grants already provide funding for health and wellness efforts;

Ensuring that incarcerated individuals and detainees in federal (including immigration detention centers), state, and local facilities have access to free, unrationed, menstrual hygiene products;

Ensuring that no visitor is prohibited from visiting an incarcerated individual due to the visitor's use of menstrual hygiene products;

Allowing homeless assistance providers to use grant funds that cover shelter necessities (such as blankets and toothbrushes) to also use those funds to purchase menstrual hygiene products;

Allowing individuals to use their own pre-tax dollars from their health flexible spending accounts to purchase menstrual hygiene products;

Requiring that Medicaid covers the cost of menstrual hygiene products for recipients;

Directing large employers (with 100 or more employees) to provide free menstrual hygiene products for their employees in the workplace; and

Requiring all public federal buildings, including buildings on the Capitol campus, provide free menstrual hygiene products in the restrooms.

Madam Speaker, every woman deserves to succeed and advancing menstrual equity is critical to achieving this goal. I urge my colleagues to support my legislation. Access to safe, affordable menstrual hygiene products is a basic need and a health care right for over half the population; it is a human right.
