

immigrant rights. Mr. Lopez passed away on Sunday, May 20th.

Mr. Lopez grew up in Los Angeles County in a family that had lived in the United States for six generations. He studied Spanish literature at California State University, Dominguez Hills.

Nativo Lopez was best known for changing the political landscape in Orange County. His determination and ability to organize volunteers, workers, people who had never been active in politics, led the start of the Orange County blue wave. Nativo began advocating and organizing at an early age. At the age of 13, he joined picket lines to protest funding cuts at a community center in East Los Angeles. As an 18-year-old at Excelsior High School, he and his brothers led a walkout of more than 200 Mexican American students to raise awareness for educational reform.

As a young professional, Mr. Lopez was a court interpreter in Los Angeles County. Mr. Lopez founded a Santa Ana chapter of Hermandad Mexican National, a group that provides services to and protects the needs and rights of Spanish-speaking immigrants. Nativo Lopez led Hermandad Mexicana for more than 30 years. His passion for ensuring that immigrant workers and their families, with or without documents, were treated with dignity and respect often sparked controversy, but his commitment to the cause never wavered.

In 1985, his name made national news when he helped more than 500 Santa Ana families stage a successful rent strike. Mr. Lopez won a seat on the Santa Ana Unified School District Board of Trustees in 1997. One of his most influential efforts was his creation of Assembly Bill 60, allowing unauthorized immigrants to apply for driver's licenses. Mr. Lopez was soon recognized as the undisputed champion of immigrant rights in Southern California.

Unfortunately, his life was cut short by cancer. Nativo Lopez leaves behind a legacy in fighting for civil rights, immigration rights, educational access, and community empowerment through civic engagement.

Madam Speaker, Mr. Lopez is truly a legend in the history of Latino leaders in Orange County and Los Angeles. His dedication and passion to serving the Hispanic community are truly unmatched. I ask my colleagues to join me in celebrating the life of Nativo Lopez and his lifelong dedication to serving our community.

IN RECOGNITION OF BRYNN  
BROWN AND ELI STOWERS

**HON. MICHAEL C. BURGESS**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 23, 2019*

Mr. BURGESS. Madam Speaker, today I rise to congratulate Guyer High School sophomores Brynn Brown and Eli Stowers, who recently won gold medals at the 2019 UIL Texas State Track and Field meet.

The students' victories are well-earned. Following her regional meet, Ms. Brown was a self-proclaimed underdog. At the beginning of her mile run, Ms. Brown was seeded fourth in a competitive array of runners. Despite these circumstances, she finished first with a mile

time of 4.28 minutes. Impressively, Ms. Brown won a second gold medal in the 3,200-meter run.

In the high jump competition, Mr. Stowers reached a remarkable 6 feet and 10 inches to claim the gold medal. Persevering through inclement weather, he rose to the challenge—a testament to his hard work and diligent preparation.

I commend Guyer High School track and field coaches Jonathan Ponsonby, Megan Hardesty, and Aaron Roberts for their leadership and dedication. It is a privilege to represent Guyer High School in the U.S. House of Representatives. I am pleased to recognize the achievements of Brynn Brown and Eli Stowers, and I wish them continued success in their athletic and academic endeavors.

IN RECOGNITION OF ALINA T.  
HUDAK'S 35 YEARS OF SERVICE  
TO MIAMI-DADE COUNTY

**HON. DONNA E. SHALALA**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 23, 2019*

Ms. SHALALA. Madam Speaker, I rise in honor of my friend, Alina Hudak, Deputy Mayor of Miami-Dade County, and her 35 years of public service to the greater Miami community.

Alina began her career in the Miami-Dade County government as a management trainee in 1984. In 1993, she became the first Hispanic woman appointed to the position of Assistant County Manager. In 1996, she was tapped for the position of Director of the General Services Administration. In 1998, she rejoined the County Manager's Office, and she took over the post of County Manager in 2011. She currently serves as Deputy Mayor of Miami-Dade County as well as Director of the Solid Waste Management Department.

Alina has worked with nearly every department of Miami-Dade's extensive administration, and she possesses an unrivaled knowledge of the County. Throughout her career, she has overseen an impressive portfolio of departments, including the nationally recognized Police and Fire Rescue, Animal Services, Elections, Transit, Public Works, the Citizen's Independent Transportation Trust, and the Public Health Trust. She spearheaded the County's Haitian Relief Effort, the United Way campaign, the Making Strides Against Breast Cancer campaign, and has acted as liaison for numerous county tournaments and events.

Alina continues to give to the Miami-Dade community. She is an active alumna of the University of Miami, where she earned a bachelor's degree in Business Administration and a master's degree in Public Administration. She is also deeply involved in the American Society for Public Administration and the International Women's Forum.

We have all witnessed Alina's extraordinary skill and dedication to Miami-Dade County. She has served with grace and heart, and I look forward to seeing the impact she will continue to make on our community for years to come.

EQUALITY ACT

SPEECH OF

**HON. DAVID B. MCKINLEY**

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Friday, May 17, 2019*

Mr. MCKINLEY. Mr. Speaker, let me be clear: I oppose discrimination in all forms, and agree that individuals should have protections against discrimination on the basis of sexual orientation and gender. Unfortunately, H.R. 5, the Equality Act, is a radical overreach that goes beyond the scope of discrimination and would harm doctors, families, women, religious groups, and many others.

The Equality Act fails to include conscience protections for doctors who have a moral or religious objection to the services they will be required to provide under the legislation. This bill would force doctors to forego their expertise and provide gender-affirming therapies, even if it goes against their best medical judgement. It could also force doctors and nurses to perform abortion-related services, regardless of their religious or moral objections.

This legislation also harms protections for women's sports provided by Title IX. Women are already beginning to lose sporting competitions and scholarships to their biologically male competitors who identify as females. These women have worked hard for their achievements and deserve the chance to compete on a level playing field.

Most importantly, the Equality Act would prevent parents from making health care choices that impact their own children and could even lead to parents losing custody of their children. In some states, like Ohio, this is already happening. A judge recently removed a biological girl from her parents custody after they did not allow her to take testosterone supplements to help her transition to a male. The federal government should not play a role in these important decisions.

This legislation does not serve as a constructive path forward to addressing the issue of discrimination in our country. That is why I voted against the Equality Act. It is yet another example of a messaging bill that will not be taken up in the Senate and therefore, will never be signed into law. Isn't it time that Congress finally put American families ahead of divisive, partisan politics?

SETTING EVERY COMMUNITY UP  
FOR RETIREMENT ENHANCE-  
MENT ACT

**HON. DEBBIE DINGELL**

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 23, 2019*

Mrs. DINGELL. Madam Speaker, I rise today in strong support of H.R. 1994, the Setting Every Community Up for Retirement Enhancement (SECURE) Act.

After a lifetime of work, all Americans should have access to retirement savings that will meet their needs and allow for each American to spend these years with friends, family, and doing what makes them happy. The SECURE Act includes numerous provisions to expand the opportunities for Americans to

easily save more for retirement and fixes provisions what would have drastically increase taxes on military survivors and Gold Star families.

This is a good, bipartisan bill that represents Congress working together and will improve saving for retirement for all Americans.

I support the SECURE Act and voted in favor of the bill. Unfortunately, due to an error in the voting process my “Yea” vote was not officially recorded when the full House considered this bill on the floor.

HONORING THE 165TH ANNIVERSARY OF PROVIDENCE UNITED CHURCH OF CHRIST IN CHESAPEAKE, VIRGINIA

**HON. ROBERT C. “BOBBY” SCOTT**

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 23, 2019*

Mr. SCOTT of Virginia. Madam Speaker, I rise today to honor Providence United Church of Christ in Chesapeake, Virginia on its 165th anniversary.

Providence Church began as an informal group of slaves and freed blacks coming together to worship. In the beginning, they gathered for worship in parishioners’ homes and in public spaces. This time together was important for African-Americans because it provided spiritual support and a sense of community.

In 1854, Providence Church was officially organized by Reverend Scott. Under his leadership, the congregation met every Sunday and grew in size. As the number of parishioners increased, the church was able to purchase property on Railroad Road and build a church. The church was built in 1872 and was located in the city of South Norfolk, Virginia. South Norfolk later became Chesapeake, Virginia in 1963.

Providence Church was renamed Providence United Church of Christ in 1957 when they joined the United Church of Christ family. Twenty years after joining the denomination and more than 100 years after the church’s founding, Providence United Church of Christ expanded again in 1978. They were fortunate to build another addition in the form of an educational wing in 2003. Today many of their ministries take place in this new space.

Over the last 165 years, Providence United Church of Christ has continued to be a leader in the Hampton Roads community. The church serves the community through several ministries including the Christian Education Ministry, Senior Citizens Ministry and the Foodbank Ministry. Annual events include vacation bible schools, Kwanza celebrations, community confirmation classes, youth revivals and senior citizen celebrations. A unique feature of the church is that its congregation is divided into 12 tribes. These tribes provide a way for Providence United Church of Christ to reach different parts of the community.

It is impossible to commemorate the 165th anniversary of Providence United Church of Christ without recognizing its former pastors who helped build and grow this historic church—Reverends Scott, J. Jones, A. Harris, G.T. Hall, A.B. Jones, J.J. Faulk, J.R. Alston, R.R. Briggs, Ben E. Cox, V. Chambers, Clifton Thomas, Dr. Isaac McDonald, Dr. Samuel Varner, Dr. Alexander Jamison, Sr. and currently Dr. A. Jerome Danage, Sr.

Madam Speaker, as Providence United Church of Christ celebrates this historic milestone this weekend, its congregation can take pride in an inspiring 165 years of fellowship, worship and service. I would like to congratulate Reverend Dr. A. Jerome Danage, Sr. and all the members of the church’s congregation on this joyous occasion, and I wish them many more years full of growth, prosperity and service to our community.

IN SUPPORT OF H.R. 2898 THE  
“BUDDY CHECK WEEK ACT”

**HON. SHEILA JACKSON LEE**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 23, 2019*

Ms. JACKSON LEE. Madam Speaker, yesterday, I introduced H.R. 2898, the “Buddy Check Week Act of 2019,” which provides support and training to organize outreach events and educate veterans on how to conduct peer wellness checks and recognize signs of problems in fellow veterans that indicate suicide risks.

The Buddy Check Week Act directs the Secretary of Veterans Affairs, in consultation with veterans, non-profits that serve veterans, mental health experts, and members of the Armed Forces, to develop and implement collaborative education opportunities for veterans to learn how to conduct wellness checks.

A wellness check involves contacting veterans who may be demonstrating signs of having difficulty and making sure they receive visits to see how they are doing and provide support for any needs.

The VA will provide online or in-person training to individuals, as well as provide opportunities for Veterans Service Organizations (VSOs) to learn how to: train individuals to conduct peer wellness checks, transfer phone calls to the Veterans Crisis Line, and be resilient when handling a veteran in crisis.

The bill inspired by the American Legion’s “Buddy Check National Week of Calling,” held March 11–16, 2019.

The American Legion unveiled this new initiative to connect past and present veterans and ensure that they receive the care they need.

A Buddy Check Week will provide the time, space, and resources needed to help these veterans through personal interaction and kindness.

This legislation will amplify the work of the American Legion and support efforts to conduct outreach to veterans across the nation.

Madam Speaker, veteran suicide is a pervasive and critical issue, threatening the lives of many of our bravest and most patriotic Americans.

Although, the VA has screening protocols designed to aid veterans and stage suicide interventions, some 6,000 veterans a year tragically fall through the cracks of this system, finding themselves without the necessary aid and resources that were promised to them by the VA and commit suicide.

Many Suicide Prevention Coordinators and offices specializing in veterans affairs report being overworked and unable to keep up with their many responsibilities.

On average, about 20 veterans die every day by suicide, and since 2017, 25 veterans

have taken their lives on the grounds of Veterans Affairs hospitals, including seven this year and at least four last month, actively seeking help from an unprepared agency before committing suicide.

It is long past time for the federal government to provide the necessary legislation to address the troubling uptick in veteran suicides and help improve suicide prevention and mental health resources at the VA.

To truly address this issue, we need to make sure that the VA and veterans aid organizations have the tools needed to serve every veteran that walks through their doors.

It is critically important that we provide training on the signs that a veteran may be in crisis and the needed make it easier to get them the help that they need.

I believe this bill is a step in the right direction toward making sure that happens.

Madam Speaker, it is unconscionable that a veteran will commit suicide every hour.

The fact that veterans make up just 20 percent of the male population, yet veterans make up close to 32 percent of all male suicides is shocking and must spur our action.

It does not have to be this way, Madam Speaker, and we can do something about it, starting with the passage of H.R. 2898, the “Buddy Check Week Act.”

CONGRATULATING THE CHRISTUS  
SANTA ROSA HEALTH SYSTEM

**HON. JOAQUIN CASTRO**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 23, 2019*

Mr. CASTRO of Texas. Madam Speaker, I rise today to congratulate the CHRISTUS Santa Rosa Health System on its 150th anniversary year serving the health care needs of San Antonio and South Texas. Three Catholic Sisters left their families and native country of France 150 years ago in 1869, and traveled to San Antonio, Texas to answer a call to care for victims of a deadly cholera outbreak. This marked the beginnings of the Congregation of the Sisters of Charity of the Incarnate Word in San Antonio and the Santa Rosa Infirmary, which still serves the community today. A century and a half later, the infirmary, now known as CHRISTUS Santa Rosa Health System and The Children’s Hospital of San Antonio, has grown and expanded to meet the new health care needs of diverse populations throughout the south Texas region.

From those three founding Sisters, a network of hospitals and clinics has grown around the world, employing thousands of health care professionals who are still responding with compassion and love to Bishop Dubuis’ call 150 years ago.

In 2019, we celebrate the Congregation’s Sesquicentennial in CHRISTUS Health locations throughout Texas, Mexico, South America and the United States. And during this celebration, we remember the first ministry, where it all began—CHRISTUS Santa Rosa. CHRISTUS Health is now one of the top ten Catholic health systems in the United States and a leading provider of uncompensated care among not-for-profit health care systems.

I congratulate CHRISTUS Santa Rosa on its 150th anniversary and recognize its significant contribution to the state of Texas as a leader
