

IN RECOGNITION OF GUS GARCIA

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 4, 2019

Mr. CUELLAR. Madam Speaker, I rise today to commemorate the life of Gus Garcia, Austin, TX's first Hispanic mayor and the first Hispanic to serve on the Austin school board.

Mr. Garcia was born in Zapata, TX and moved to Laredo when he was ten years old. After serving in the Army, he utilized the GI bill to afford college and graduate from the University of Texas at Austin with a degree in accounting. Later, he would become a Certified Public Accountant and eventually start his own firm. While searching for housing in Austin, he and his wife, Marina, were subject to discrimination in neighborhoods around the university. He also faced professional challenges from those still reluctant to hire a Hispanic accountant. These experiences led Mr. Garcia into the realm of politics and shaped his commitment to representing Hispanics in Austin, TX.

Mr. Garcia served as a member of the Austin School Board, city council, and, eventually, as the Mayor of Austin. His colleagues remember him as a dedicated and industrious civil servant who always inspired those around him through his tireless efforts. The Gus Garcia Young Men's Leadership Academy, a middle school in East Austin, was named in honor of his groundbreaking career.

Mr. Garcia is survived by his three sons, five grandchildren, and wife, Marina. However, he will be remembered by countless others for his commitment to civil rights and a career that changed the face of politics in Austin.

IN RECOGNITION OF THE 150TH ANNIVERSARY OF WAKAMATSU FARM

HON. DORIS O. MATSUI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 4, 2019

Ms. MATSUI. Madam Speaker, I rise today to recognize the 150th anniversary festival of the Wakamatsu Tea and Silk Farm Colony. As staff, families, and community members gather to celebrate this momentous occasion, I ask all of my colleagues to join me in recognizing this outstanding historic landmark and all the Japanese cultural history it has represented over the past 150 years.

Wakamatsu Farm was established by a Japanese colonist in California in June 1869. Today, the Wakamatsu Farm represents rich Japanese-American history and is home to several organic farming projects and historic features. The Farm, now owned by the American River Conservancy, hosts two farming businesses that lease land and buildings on the property and provide sustainably grown produce and goods to the community.

I have seen firsthand the incredible impact the Wakamatsu Farm has had on their surrounding community. For 150 years, the Wakamatsu Farm has built a community space that cultivates an appreciation for natural resources, sustainable agriculture, and cultural history. The volunteers and partners have helped preserve the land and create a

beautiful space for visitors to learn about the Colony's roots.

Madam Speaker, as the Wakamatsu Farm and the community it serves gather to celebrate the Farm's 150th anniversary, I ask all my colleagues to join me in honoring their commitment to the preservation of such a rich site for cultural history and to maintain a biologically diverse landscape for the benefit of the community.

IN RECOGNITION OF THE 2019 OCONTO COUNTY BREAKFAST ON THE FARM HOSTED BY PETERSON'S DAIRY

HON. MIKE GALLAGHER

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 4, 2019

Mr. GALLAGHER. Madam Speaker, I rise today to recognize the tradition of Breakfast on the Farm in Oconto County.

Breakfast on the Farm is an iconic Wisconsin tradition that provides the community an opportunity to see first-hand how a dairy farm operates and learn about the significant role the dairy industry plays in Wisconsin's economy. Community members meet dairy farmers, explore the barns and equipment, and enjoy a delicious meal prepared on the farm.

The Oconto County Breakfast on the Farm Committee has been organizing the breakfast since 2010, recruiting host farms, sponsors, and volunteers to support this terrific event. In addition, the Committee offers scholarships to graduating high school seniors to further promote the strong agriculture industry in the community.

I am grateful to Peterson's Dairy for hosting the 2019 Oconto County Breakfast on the

Farm. Peterson's Dairy was established in 1973 when Arne and Judy Peterson purchased farmland in Lena, Wisconsin. In 2002, the family formed Peterson's Dairy LLC when their son, John, joined the operation as part owner. Peterson's Dairy LLC milks more than 1,000 registered Holsteins and farms about 1800 acres. Their philosophy to produce quality milk in a sustainable manner in a positive environment for both the animal's and farmer's welfare is one to be admired throughout the industry.

Madam Speaker, I urge all members of this body to join me in commending the efforts of Breakfast on the Farm to educate the community through this time-honored tradition. Thank you to the Petersons, the Oconto County Breakfast on the Farm Committee, and the countless sponsors and volunteers for their continued support of Wisconsin's dairy industry.

FOSTER YOUTH SHADOW DAY

HON. JERRY McNERNEY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 4, 2019

Mr. McNERNEY. Madam Speaker, more than 415,000 children are currently living in the foster care system in the United States. As a member of the Congressional Foster Youth Caucus, I'm dedicated to strengthening our nation's child welfare system for the children of today and for future generations.

I participate in the annual Congressional Foster Youth Shadow Day, where current and former foster youth from across the country come to Washington to meet with Members of Congress.

Today I had the privilege of hosting Erica Hickey, a bright young woman from my home state of California who has been a foster youth advocate with California Youth Connection (CYC) since she went into the foster care system at the age of sixteen. Today, Erica serves as a member of CYC's Board of Directors and attends UC Davis, where she is studying political science. She aspires to go to law school after graduation to study anti-trust and government fraud law.

Erica is passionate about advocacy and policies that support youth mental health, foster youth, homeless youth, and juvenile justice youth. It's been a pleasure to host her in our nation's capital today, and I wish her the best in her future endeavors.

IN RECOGNITION OF THE ANTWERP HIGH SCHOOL SOFTBALL TEAM ON THEIR 2019 DIVISION IV STATE CHAMPIONSHIP

HON. ROBERT E. LATTA

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 4, 2019

Mr. LATTA. Madam Speaker, it is my great pleasure to recognize the Antwerp High

School Lady Archers of Paulding County on their victory in the 2019 Division IV state championship in softball. This was the team's first-ever state championship, the second state title in any sport for Antwerp, and one of a handful of state titles in Paulding County history.

The Archers held their opponent, Mechanicsburg, at bay, winning in a 5-0 shutout—the first for their opponent in the entire season. Another highlight of this historic win was the impressive performance of Pitcher Carlie Hanes, who tied the state record of 15 strikeouts in state DIV play and got her 300th strikeout of the season.

Congratulations to Antwerp softball for their state title.

GIRLS OF STEEL

HON. MICHAEL F. DOYLE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 4, 2019

Mr. MICHAEL F. DOYLE of Pennsylvania. Madam Speaker, I rise today to commend the Girls of Steel Robotics team for qualifying for the FIRST World Championship for the 9th year in a row. They received a Wildcard slot as a Regional Finalist, and they also won the Gracious Professionalism® award at the 2019 Greater Pittsburgh Regional FIRST Robotics Competition in California, PA. Gracious Professionalism® celebrates outstanding demonstration of FIRST Core Values by working together both on and off the playing field.

The students are proud that their robot qualified them to attend the FIRST World Championship, which has been held in Detroit since 2018. I think that the remarkable accomplishment of continuously making it to the Championship speaks volumes about the dedication these young women have in pursuing Science, Technology, Engineering, and Math (STEM) careers, sustaining their team, and spending thousands of hours collectively doing outreach in the community. Girls of Steel are often referred to as the home-town favorite robotics group and continue to be featured in videos, print media, and blog posts.

The Girls of Steel attended the FIRST World Championship in Detroit, Michigan at the end of April—one of the largest competitions of its kind, sometimes referred to as the Super Bowl of Smarts—where they competed against top teams from all over the world.

FIRST, which stands for "For Inspiration and Recognition of Science and Technology," is an organization dedicated to engaging our students in STEM fields. Hundreds of thousands of students gain practical, team-based engineering experiences through FIRST every year.

As a founder and co-chair of the Congressional Robotics Caucus, I believe competitions like these are important opportunities for our young people to explore potential careers in STEM. I've witnessed firsthand the incredible economic growth and development that these fields have brought to my home district, and I strongly believe that these fields are crucial to our nation's future prosperity.

The FIRST Robotics Competition allows students to apply creativity and critical thinking in the demanding and competitive field of robotics, all while instilling a strong sense of pride
