

## EXTENSIONS OF REMARKS

### CELEBRATING THE LIFE OF CONGRESSMAN DONALD FRASER

**HON. NANCY PELOSI**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 13, 2019

Ms. PELOSI. Madam Speaker, I rise with my colleague Congresswoman BETTY MCCOLLUM to honor the life of a dedicated public servant, Congressman Donald Fraser. A life-long Minnesotan, Congressman Fraser devoted his life to fighting for the people of Minneapolis and all Americans. Whether serving in the Navy during WWII, in the Minnesota State Senate, in the U.S. Congress or as the longest-serving mayor in Minneapolis's history, Congressman Fraser was a patriot who never wavered in his commitment to lifting up hard-working families and building a brighter future for our children and grandchildren.

Congressman Fraser was a true champion for good. Together with his beloved wife of 68 years, Arvonne, a deeply respected women's rights advocate, he fiercely promoted human rights and championed progressive values. In the U.S. House of Representatives, Congressman Fraser earned the respect of all his colleagues on both sides of the aisle as a skilled and thoughtful legislator. He was a man of quiet dignity, who allowed the power of his ideas build coalitions for progress.

He believed deeply in the importance of ensuring that our nation's foreign policy upheld our bedrock principles of liberty, justice and human rights. Congressman Fraser lived his values through action, introducing legislation to ensure that American humanitarian aid never enriched tyrants or enabled oppression and persecution. He was persistent in his work to deepen America's commitment to democracy, not only abroad but at home: introducing the Home Rule Act of 1973 to allow the citizens of our nation's capital the right to self-governance and have their voices heard.

Congressman Fraser was also a dedicated conservationist who helped protect many of Minnesota's and America's most beautiful natural places. As the father of the Boundary Waters Canoe Area Wilderness Act, he helped guarantee that this beautiful landscape would be preserved and enjoyed by generations of Americans for years to come.

We all saw how much joy Congressman Fraser took in being mayor of Minneapolis. During his 14 years in office, he brought transformational change to the city he called home. He prided himself on his ability to listen to the needs of his constituents and never assumed to know the answers, but worked to bring people together to address the most pressing problems facing their community. He distinguished himself as a champion of early childhood education, recognizing that a free, quality public education was the key to success for America's young people and the most effective tool for fulfilling our founding promise of equality and opportunity for all.

Congressman Fraser has left an enduring legacy of progress for the people of Minneapolis, communities throughout Minnesota and for all Americans. May it be a comfort to

Thomas, Mary, John, Jean and the entire Fraser family that Don is now reunited with the love of his life, Arvonne, and with his beloved Anne and Lois. May it be a comfort that so many people across the country mourn with and pray for them at this sad time.

### CARBON CAPTURE PRIZE ACT

**HON. GRACE MENG**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 13, 2019

Ms. MENG. Madam Speaker, we stand at a critical juncture where the decisions we make today about combating climate change will have lasting consequences for generations to come. Each year, millions of metric tons of carbon dioxide (CO<sub>2</sub>) are emitted into the atmosphere. These emissions are causing the planet to warm and creating more sudden, severe weather-related storms. On top of that, significant amounts of CO<sub>2</sub> already reside in the atmosphere. While it is critical that all nations transition to a low-carbon future, we must also explore technologies that remove and sequester carbon pollution to keep global average temperatures from rising above 1.5 degrees.

That is why, today, I am introducing the Carbon Capture Prize Act, which would direct the Department of Energy (DOE) to create a prize competition to incentivize research, development, and commercialization of direct air capture technology to remove and permanently sequester CO<sub>2</sub> from the atmosphere.

Technologies, like direct air capture, can provide nations the tools needed to reduce carbon pollution in the atmosphere. The benefit of this technology is that it can be located anywhere, making its potential scale of deployment enormous. A major challenge facing direct air capture technology, however, is cost, which can range between \$800 and \$250 per metric ton of CO<sub>2</sub> removal from the atmosphere.

My legislation would address this issue by establishing a prize competition for direct air capture technology that reduces CO<sub>2</sub> in the atmosphere. This bill authorizes an aggregate prize amount of \$30,000,000, and DOE may run the competition individually or with other agencies. Prize competitions have long been an effective tool to find cost-effective solutions for expensive problems.

Madam Speaker, I urge my colleagues to support the Carbon Capture Prize Act. It is undeniable that the fate of our children and future generations rests on the decisions we make today about fighting climate change.

#### IN RECOGNITION OF LYNN AAS

### HON. KELLY ARMSTRONG

OF NORTH DAKOTA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 13, 2019*

Mr. ARMSTRONG. Madam Speaker, I rise today to honor a constituent, a veteran, and a dedicated public servant, Lynn Aas. Lynn's courage in battle, contributions to his community, and service to his state are testaments to his incredible character.

Lynn was born near Benedict, North Dakota, in 1921 and graduated from Velva High School. While attending the University of North Dakota, Lynn heard of the attacks on Pearl Harbor and immediately put his education on hold to enlist in the U.S. Army. His Army career was filled with distinguished service, earning a Bronze Star, a Purple Heart, the Luxembourg Medal of Honor, and most recently, the French Legion of Honor Medal for his heroics during the Battle of the Bulge and Operation Varsity. Lynn was one of five men who returned from his 55-man unit that survived the Battle of the Bulge.

Upon completion of his Army service, Lynn earned a bachelor's degree in commerce and a Juris Doctor from the University of North Dakota. He worked as a special agent for the IRS in Minneapolis, where he met Beverly Stockstad, whom he married in 1952. They eventually settled in Minot, where he worked as the business manager of the Medical Arts Clinic and they raised their four sons.

Lynn's public service to North Dakota began by serving in the North Dakota Legislative Assembly in the 1967 and 1969 sessions. He also served as a member of the North Dakota Constitutional Convention in 1972. Upon retirement, he returned to the legislature, serving during the 1987 and 1989 sessions, marking four sessions as a North Dakota legislator.

Lynn has continued to have a profound impact on his community of Minot and the state

of North Dakota. He is a longtime supporter of Minot State University, playing an instrumental role in starting their Nursing Program. He served as president of the Minot Chamber of Commerce, just celebrated his 59th year of service in the Kiwanis Club of Minot, and has been active in his church, and local and state politics.

June 4th marked Lynn's 98th birthday. For this special occasion, I send him warmest greetings on behalf of the U.S. House of Representatives and blessings to him and his family.

#### RECOGNIZING BARBARA MANNINO AS THE CONSTITUENT OF THE MONTH

### HON. MIKE LEVIN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 13, 2019*

Mr. LEVIN of California. Madam Speaker, I am honored to recognize Mrs. Barbara Mannino, the longtime leader of the Vista Community Clinic, as my Constituent of the Month for June. After more than 30 years serving North County patients at the Vista Community Clinic and working tirelessly to ensure community members received the care they needed, Barbara retired, and I am deeply grateful for all of her service.

Under Barbara's leadership, the Vista Community Clinic expanded from one location in an animal shelter to a health center network with eight locations providing care to 57,000 patients each year, primarily North County community members who are low-income and uninsured.

Throughout the country, families are struggling to access affordable health care, pay for their prescription drugs, and make ends meet, in part because of this Administration's efforts to sabotage the Affordable Care Act. While I have fought for legislation to lower prescription drug prices, protect people with pre-existing conditions, and expand access to affordable care, it's the work of people like Barbara that has helped so many of our neighbors receive the care they desperately need.

I launched a Constituent of the Month program to recognize outstanding individuals in the 49th District who have gone above and beyond to give back to our community, support our neighbors, and make our country stronger. After more than 30 years providing critical health care services to local families most in need, we owe Barbara a debt of gratitude, and I am proud to call her the Constituent of the Month.

#### TRIBUTE TO JOHN J. BAKER

### HON. PETER A. DeFAZIO

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 13, 2019*

Mr. DeFAZIO. Madam Speaker, I rise today to recognize one of the unsung heroes of public service in Oregon. Mr. John J. Baker has ably served the people of Oregon and the Oregon Department of Transportation for over thirty years. A transportation economist with a deep background in the Federal-aid Highway Program and its formulas, Mr. Baker's work has benefitted major transportation projects and communities across the entire state of Oregon.

Mr. Baker's creative work with federal funding formulas helped support many legislative decisions that resulted in millions in additional federal funding for Oregon. Similarly, his intimate knowledge of federal transportation grants and the federal grant making process has helped bring untold millions in grant funding to the state and to local governments in Oregon.

I relied on his expertise on a number of occasions to ensure that Oregon, with more than
