

in trust, clearing the way for the Chumash to finally provide additional Tribal housing for their members. The bill will also incorporate a memorandum of agreement between the Chumash Tribe and the Santa Barbara County Board of Supervisors in relation to the land.

Mr. Speaker, I congratulate the Chumash leadership for their work and for their persistence on this issue, and I encourage adoption of this legislation.

Mr. Speaker, I reserve the balance of my time.

Mr. BISHOP of Utah. Mr. Speaker, I yield 4 minutes to the gentleman from California (Mr. LAMALFA), the sponsor of this particular piece of legislation.

Mr. LAMALFA. Mr. Speaker, I thank Mr. BISHOP and Mr. VAN DREW for their work on this effort here tonight.

I am very excited about the support for this bill, and of course, I rise tonight in support of H.R. 317, which is the Santa Ynez Band of Chumash Indians Land Affirmation Act.

It has always been a bipartisan effort to affirm the Department of the Interior to take land into trust for the benefit of the Chumash Tribe, codifying agreements reached between the Tribe and the county of Santa Barbara after much work.

I am very proud of the good faith, bipartisan effort that has gone into this bill both in Congress and in the local community.

For the several years I have been involved with this legislation, I have seen the Chumash Indians and the local government work together to build trust and act as good neighbors to forge an agreement that works for everyone.

There is nothing controversial about this bill. It simply ensures the Tribe has the ability to provide housing for its members. I can't think of anyone who really should take issue with that effort.

In fact, last Congress, this bill was passed both out of the Natural Resources Committee and on this House floor with unanimous consent.

Mr. Speaker, I thank, in the committee, Chairman GRIJALVA and Ranking Member BISHOP for their hard work in support of this legislation through the whole way.

Mr. Speaker, I also thank my colleague Congressman SALUD CARBAJAL from the Chumash homeland area who has been the region's representative and an original cosponsor of this bill. He has played a key role in facilitating these discussions at the local level, and I appreciate it.

Located in Santa Barbara, the recorded history of the Chumash reaches back to the earliest arrival of Europeans in California when the Spanish explorer Cabrillo recorded his encounters with the Chumash in 1542.

The Chumash have a strong and unbroken connection to the Camp 4 parcel, which is what this is known as, Camp 4, which is located close to their current reservation.

Starting in the early 1800s, the Chumash became wards of the Spanish mission in Santa Ynez, which included Camp 4. Later, lands were granted to them that included Camp 4 as well. A commission recognized that the Tribe continued to reside in the Camp 4 area, though only 99 acres were ultimately taken into trust at that time.

Mr. Speaker, I thank Mr. VAN DREW for pointing out that the Chumash face a significant housing crisis. Fewer than 17 percent of the Chumash members and lineal descendants are able to reside on the Tribe's existing reservations, which consists largely of hill-sides, wetlands, and streambeds unsuitable for housing, and areas that they want to preserve.

To address this shortage, the Chumash used their own resources to purchase the Camp 4 parcel, the 1,400 acres, with the intent of construction of homes on a small part of it.

The Tribe applied to take Camp 4 into trust administratively. After the formal BIA process, the Department of the Interior completed the fee-to-trust process in January 2017.

That same year, the county ratified an agreement with the Chumash, ensuring that any impacts of Camp 4 housing on local infrastructure and other resources would be addressed. The Department of the Interior approved this agreement that same day.

In order to enable the Chumash to address their housing crisis and ensure any impacts to local governments are addressed, H.R. 317 affirms and ratifies the action of the Department of the Interior to take the land into trust and codifies the agreement ratified between the county and the Tribe addressing local impacts.

At the request of the Tribe, it also prohibits the operation of gaming facilities on this parcel, which is a key element the people would have been concerned about, and it protects and respects the rights-of-way held by local stakeholders.

The bill represents, again, the culmination of years of good faith negotiations by all parties and should be considered a model for maintaining positive working relationships between Tribal governments and local governments.

Mr. Speaker, I urge my colleagues to support the measure. I thank everybody who has helped with this in a bipartisan effort.

Mr. BISHOP of Utah. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, this entire day we should have had Yogi Berra come in here and say it is like *deja vu* all over again because, once again, this particular piece of legislation we saw last year when it passed out of committee—sponsored by Mr. LAMALFA then—at the same time, passed the floor at the same time, and now we are bringing it back here to see if we can get it all the way through to the finish line.

The bill is one that we have talked about for quite awhile, but it also has, I think, three significant things it accomplishes, why it has to be in bill form and can't simply be administratively negotiated in some way.

The first one, obviously, is it nullifies certain restrictions that were imposed by the State of California's conservation law. Even if that restriction to the land title were not a problem, it also solves the problem that was created because the Obama administration BIA appointees, in their haste trying to approve a fee-to-trust land acquisition, cut some legal corners—they cut a lot of legal corners—which added to a lot of appeals and litigation, all of which cost everyone a whole lot of money.

The second specific thing it does is prohibit gaming in this Camp 4 area, as was said, which is a concern of the county of Santa Barbara that will obviously, when this passes, lose a great deal of jurisdiction over the land in that area.

And, finally, one thing this bill does, I think, that is very important is it references the memorandum of understanding between the Tribe and the county of Santa Barbara that they negotiated. This MOU addresses the concerns that they had, puts them in perspective, and will actually solve a lot of problems and efforts that have gone on in the past.

This is a good bill, used to get people working together, solving certain situations and certain problems. And, I guess, most importantly, the last bill we passed is going to cost us \$11 billion; this one has no significant costs associated with it, so Mr. LAMALFA can maintain his status as a true fiscal conservative in the bills he brings here to the floor.

Mr. Speaker, I yield back the balance of my time.

Mr. VAN DREW. Mr. Speaker, I urge my colleagues to support this legislation, and I yield back the balance of my time.
