

Mr. JOYCE of Ohio. Mr. Chairman, as the designee of the gentlewoman from Texas (Ms. GRANGER), I move to strike the last word.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. JOYCE of Ohio. Mr. Chairman, I yield to the distinguished gentleman from California (Mr. LAMALFA).

Mr. LAMALFA. Mr. Chairman, I rise tonight in support of increasing the productivity of our national forestland. Somehow, America is the world's number two importer of lumber, and at the same time our forests continue to burn at an unprecedented rate. We need to get our forests back in working order.

The majority provided \$276 million for forest products, which is an increase of \$7 million above the enacted level and \$4 million below the President's budget request.

My amendment would support job growth and increased timber production to support forest health and promote safe communities. This funding is critical to support the President's executive order on forest management that involves a plan to sell 3.7 billion board feet of timber and improve over 1.1 million acres of national forestland to mitigate wildfire risk.

Right now there are 150 million dead trees just in my home State of California. If we don't act now to dedicate more resources toward timber management, we won't have any forest left to manage. Instead, we will be watching them burn, foul the air, and foul our water with ash; and in the meantime, we are still importing wood products.

For example, as a result of the 2018 Carr fire in West Redding, California, which burned approximately 230,000 acres and eight people lost their lives, we also lost the Whiskeytown National Recreation Area encompassing 318 square miles which burned to the ground.

We need to increase the pace and scale of forest production and wildfire mitigation in a way that makes business sense and includes the private sector.

Mr. Chairman, 62 percent of forestlands in my district are federally owned. The remaining private forests in my district generate 73,000 jobs, contribute \$4 billion in manufacturing and sales and supports \$1.7 billion in payroll.

There should be no reason our Federal forests cannot produce the same benefits and results to its employees and community as the private sector can.

Let's focus on protecting public health, creating jobs, enjoying the great outdoors by reducing fire risks, and generating economic growth to rural communities across the U.S.

Mr. Chairman, I thank the House for passage of my amendment.

Mr. JOYCE of Ohio. Mr. Chairman, I yield back the balance of my time.

Ms. MCCOLLUM. Mr. Chairman, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Ms. MCCOLLUM) having assumed the chair, Mr. HIMES, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 3055) making appropriations for the Departments of Commerce and Justice, Science, and Related Agencies for the fiscal year ending September 30, 2020, and for other purposes, had come to no resolution thereon.

RECOGNIZING NATIONAL  
POLLINATOR WEEK

(Ms. KAPTUR asked and was given permission to address the House for 1 minute.)

Ms. KAPTUR. Madam Speaker, I rise today in recognition of National Pollinator Week. I am honored to be the Representative of three cities each named a Monarch City U.S.A.: Oak Harbor, Port Clinton, and Sandusky, Ohio. They are bestowed this title for their citizenries' efforts to support the monarch butterfly, a noble and substantial pollinator, by planting milkweed and nectar plants.

With beekeepers having lost 40 percent of their bee colonies last year, it is imperative that Congress follow my constituents' lead to protect and support pollinator populations. The 2018 farm bill and the fiscal year 2020 Agriculture appropriations bill prioritized a commitment to the welfare of pollinators for the sake of human life. The farm bill authorized the Honey Bee and Pollinator Research Coordinator, and the Appropriations Committee funded the position to strengthen our research and protect pollinators from extinction.

In the spirit of National Pollinator Week and as an honored cosponsor of the Saving America's Pollinators Act of 2019, please join me in celebrating the beauty and utility and essential presence in our environment of one of nature's finest constructs: pollinators.

## RAISING AWARENESS FOR PTSD

Mr. THOMPSON of Pennsylvania. Madam Speaker, during the month of June, we raise awareness for those suffering with post-traumatic stress disorder.
