

the new agreement which apply to workers, their safety, their standard of living, and to the environment, as well as some concerns about pharmaceuticals and biologics.

But we want to get to yes. Our friends in labor want to get to yes. We believe this is an improvement.

I am hopeful we can get enforcement provisions. I know that Speaker PELOSI has made it very clear what we need to get to a yes, and I am hopeful we get there because, personally, I think it will be in the best interest of the country because it is an improvement over the existing NAFTA.

That doesn't mean it is perfect. None of these agreements are perfect. But it was a productive discussion and, hopefully, it will lead to solutions.

Mr. SCALISE. I am equally hopeful we can get that resolved, and I appreciate the gentleman's work on that.

Madam Speaker, I yield back the balance of my time.

ADJOURNMENT FROM FRIDAY, JUNE 21, 2019, TO MONDAY, JUNE 24, 2019

Mr. HOYER. Madam Speaker, I ask unanimous consent that when the House adjourns today, it adjourn to meet on Monday next, when it shall convene at noon for morning-hour debate and 2 p.m. for legislative business.

The SPEAKER pro tempore (Ms. GARCIA of Texas). Is there objection to the request of the gentleman from Maryland?

There was no objection.

MESSAGE FROM THE PRESIDENT

A message in writing from the President of the United States was communicated to the House by Miss Kaitlyn Roberts, one of his secretaries.

ANGELIC HEALTH HOSPICE CARE

(Mr. VAN DREW asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. VAN DREW. Madam Speaker, Angelic Health Hospice Care recently cut the ribbon for their new headquarters in Atlantic County, New Jersey.

Their staff provides palliative, hospice, and transitional care services and wound management to patients in south Jersey. Although they have only been operating for a short time, Angelic Health already employs over 200 employees, and they provide great care to over 100 seniors.

What makes Angelic Health special is that they go above and beyond for their patients. They don't make their patients come to their facilities. They go to them, whenever they can, to wherever they can that their patients call home.

They don't only give care for their patients; they also provide professional

support to the families. And they just don't treat physical ailments. Angelic Health gives the patients social, spiritual, and emotional support as well.

I want to thank the staff and the volunteers of Angelic Health who have made our community a more loving place for our seniors and for their families. We are lucky to have them. They have truly impacted lives in south Jersey.

HONORING THE SACRIFICE OF JOHN HETLAND AND KOU HER

(Mr. STEIL asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. STEIL. Madam Speaker, this week, my southeast Wisconsin community lost two heroes: Racine Police Officer John Hetland and Milwaukee Police Officer Kou Her.

Officer Hetland, a 24-year veteran of the Racine Police Department, was shot and killed while off duty, trying to stop an armed robbery.

Officer Her, a 2-year veteran of the Milwaukee Police Department, was killed on his way home from a shift as a speeding car crashed into him.

These men are heroes. They will always be remembered for their service.

This is a solemn reminder of the sacrifices members of our law enforcement make every day to protect our communities.

My prayers are with the families and friends of the officers and the entire law enforcement community grieving for these heroes.

URBAN GUN VIOLENCE

(Ms. SCANLON asked and was given permission to address the House for 1 minute.)

Ms. SCANLON. Madam Speaker, while I would love to rise in celebration of the first day of summer, the cold, hard fact is that, as temperatures soar, so does urban gun violence.

During a graduation party last weekend in my district in southwest Philadelphia, a gunman opened fire, claiming one life and injuring five other people.

Last weekend, 23 separate shootings claimed 32 victims and caused five deaths in just 2 days in Philadelphia—23 shootings and five deaths in one weekend.

What is infuriating is that there are proven, commonsense measures that will reduce gun violence in our cities, and the number one strategy is background checks.

115 days have passed since the House sent two bipartisan, commonsense gun safety bills to the Senate. They would have strengthened our background checks. And what has the Senate done? Nothing.

During those 115 days, 11,400 people have died from gun violence in the United States.

Senator McCONNELL likes to joke about his legislative graveyard, but

countless families are actually burying their loved ones while he does nothing.

The American people deserve better. Our children deserve better.

CELEBRATING 50TH ANNIVERSARY OF THE RICHMOND, INDIANA, MUNICIPAL BUILDING

(Mr. PENCE asked and was given permission to address the House for 1 minute.)

Mr. PENCE. Madam Speaker, I rise today to celebrate the 50th anniversary of the Richmond Municipal Building in Richmond, Indiana.

This week, Richmond has the honor of hosting the Indiana Conference of Mayors, where over 70 hometown leaders from across the State will come together to share ideas on how to better serve Hoosiers in their communities.

The city has so much to be proud of, and this occasion will give them an opportunity to showcase their hard work. From upgrades to Veterans Park to connectivity projects throughout the Depot District, Richmond is an all-American city with a small town charm.

I want to congratulate the president of the Indiana Conference of Mayors, Mayor Dave Snow of Richmond, for his hard work on behalf of all Hoosiers.

LGBTQ PRIDE MONTH

(Mr. ROUDA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROUDA. Madam Speaker, I rise today in recognition of June as LGBTQ Pride Month.

As we celebrate the contributions of the LGBTQ community, we also know that the fight for full equality under the law is far from over.

I call on Majority Leader MITCH McCONNELL to respect the clear majority of Americans who believe that equality must become the law of the land by taking up the Equality Act in the Senate.

We also must do more to ensure that we have the data necessary to enforce key provisions in the Equality Act. That is why I introduced the LGBTQ Business Equal Credit Enforcement and Investment Act, which would help facilitate fair lending to LGBTQ-owned businesses and study the issues affecting them by gathering data from financial institutions about their lending practices toward these businesses.

If we are serious about our country's commitment to civil rights, protecting minorities, and economic opportunity—and, for that matter, about growing our economy—LGBTQ-owned businesses must have access to equal capital.

TAKE CARE OF THOSE WHO SERVE

(Mr. JOYCE of Pennsylvania asked and was given permission to address the House for 1 minute.)

Mr. JOYCE of Pennsylvania. Madam Speaker, today, I rise to advocate for the brave men and women who defend our country.

Recently, I visited Normandy, France, for the 75th anniversary of D-day. While overseas, I met numerous men and women who were critical in the defeat of fascism during World War II, and they all gave me a very simple and direct message: Go home and take care of those who have served our Nation proudly.

The conversations that I had with the heroes from Normandy have inspired me this week to cosponsor numerous legislative events. These will positively affect our veterans.

Congress needs to pass the Agricultural Apprenticeship Act, to allow veterans to receive the training that they need to enhance their employment opportunities.

We need to pass the Get Veterans a Doctor Now Act, which allows the VA to hire top talent so that our veterans can get the best quality of healthcare.

And we need to pass the Veterans Right to Expediency Act, so that the veterans who have sustained injuries in the field of battle cannot be boxed out of filing disability claims.

Madam Speaker, it is time that we take up these measures. Our veterans have given everything for us.

#### HONORING THE LIFE AND SERVICE OF WILLIAM TULLY BROWN

(Mr. O'HALLERAN asked and was given permission to address the House for 1 minute.)

Mr. O'HALLERAN. Madam Speaker, I rise today to pay respects to a hero and a warrior. William Tully Brown, one of the last surviving Navajo code talkers, passed away earlier this month at the age of 96.

The code talkers were a group of brave soldiers who used their native tongue to create unbreakable codes in the battlefield and to transmit messages during World War II. They participated in every major Marine operation in the Pacific Theater, saving hundreds of thousands of lives.

I was saddened to hear of the passing of another decorated hero from this important group.

William was born in Black Mountain, Arizona, in 1922, and enlisted in the Marine Corps in 1944. During his service, he received many military honors, including the American Campaign Medal and the Asiatic-Pacific Campaign Medal.

We must never forget William Tully Brown and all code talkers for their service to our country and our veterans' service to their country.

#### HONORING DOROTHY "MOM" BROWN

(Mr. BAIRD asked and was given permission to address the House for 1 minute.)

Mr. BAIRD. Madam Speaker, today I rise to honor Dorothy "Mom" Brown

for her dedication to the Phi Kappa Psi house at DePauw University. Few individuals have had an impact on Phi Kappa Psi as great as Dorothy, and we thank her for her selflessness.

Prior to her time with Phi Kappa Psi, Dorothy graduated from Indiana University, receiving a bachelor's degree in education and a master of science in administration and supervision, and then began a teaching career in Gary, Indiana.

After serving as a principal in Warren Township Schools in Indianapolis in the 1980s, Dorothy returned to her home in Greencastle in 1986 to teach in the Education Department at DePauw University.

In 1993, Dorothy took a new role as housemother of the Phi Kappa Psi fraternity. She quickly became an anchor for the fraternity and made it a memorable experience for generations of young men over the next 26 years.

She was honored in 2009 for her contributions to DePauw by the city of Greencastle, as the DePauw Cultural Resource Center was renamed in her honor.

Whether during her time as an elementary school teacher or fraternity housemother, she exemplified leadership and compassion, and I am proud to call her a fellow Hoosier.

On behalf of the Fourth District of Indiana, I thank her for her dedication to her community, and I wish her the very best in retirement.

#### HONORING THE LIFE OF CARL BOYER

(Ms. HILL of California asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. HILL of California. Madam Speaker, I rise today to honor the life of Carl Boyer.

The lives of every single person in my hometown of Santa Clarita, California, are better thanks to the work and tireless efforts of one of our city's founding fathers, Mr. Carl Boyer.

After moving to what is now California's 25th District in the late 1960s, Carl worked to establish the city of Santa Clarita in an effort to help our community receive the resources it needed. His leadership continued from there as he served on the first-ever Santa Clarita City Council and, eventually, two terms as mayor.

Carl put his city—our city—at the center of every decision he made. From his first day on the council to his last day as mayor, he worked to protect our beautiful open space, and he left office having created one of the best park departments in the United States.

While serving Santa Clarita, he was also a public school teacher and a foster parent to young children who came to the United States for lifesaving medical treatment.

Carl Boyer had a heart of gold, and will be missed by all. On behalf of the vibrant and wonderful community that

he helped create, I extend my deepest gratitude for the legacy of service, engagement, and kindness that he leaves behind.

□ 1200

#### HUMANITARIAN STANDARDS

(Mr. RUIZ asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. RUIZ. Madam Speaker, I rise to urge a vote on my bill, the Humanitarian Standards for Individuals in Customs and Border Protection Custody Act, an all-American, value-based, comprehensive public health approach to help CBP address the basic humanitarian needs of children and families under their custody and responsibility.

When I visited our southern border, I saw overworked agents and the meltdown of a system that is understaffed, under-equipped, under-resourced, under-trained, and under-skilled to meet the humanitarian needs of children and families.

That is why my bill identifies humanitarian standards on water, sanitation, hygiene, nutrition, and shelter missing from the administration's emergency supplemental budget request.

My bill requires a clearly defined medical screening for all individuals in CBP custody, and identifies priority groups, like children and seniors, who should receive their screenings within 3 hours of being detained by CBP.

It identifies how many calories a pregnant woman or a child should be given each day, for example, and it requires that CBP provide toothbrushes and diapers, the chance to bathe at least once a day, and meets everyone's basic daily need to drink enough water.

Madam Speaker, I urge my fellow representatives to support these straightforward reforms to prevent the deaths of children, and ensure our treatment of women, children, and families seeking asylum is consistent with the basic principles of human dignity.

#### LABOR, HEALTH AND HUMAN SERVICES APPROPRIATIONS

(Ms. UNDERWOOD asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. UNDERWOOD. Madam Speaker, as a nurse and cofounder of the Black Maternal Health Caucus, I am fully committed to advancing policies that reduce maternal health disparities.

Black women are nearly four times more likely than White women and more than twice as likely as women of other races to die from preventable pregnancy-related complications.

This is a national crisis.

Madam Speaker, I rise today to thank Chairwoman ROSA DELAUR and Ranking Member TOM COLE for their
