

Mr. ZELDIN. Mr. Speaker, it is an honor to rise today recognizing Rabbi Dr. Steven Moss of B'nai Israel Reform Temple, who is retiring after serving his community for over 47 years.

Rabbi Moss became the first ordained rabbi for B'nai Israel in June of 1974 and has honorably served his community ever since.

Rabbi Moss' service to his community and his accomplishments are nothing less than extraordinary. He has been the chair of the Suffolk County Human Rights Commission since 1992 and has served as the chaplain to the Suffolk County Police Department, with the rank of deputy chief of chaplains, since 1986.

Additionally, Rabbi Moss is the co-chair of the Suffolk County Anti-Bias Task Force; chair of the Islip Town Anti-Bias Task Force in the battle against anti-Semitism and other bias crimes; director and founder of STOP/BIAS, an educational program for people who have committed hate and bias crimes; former president of the Suffolk County Board of Rabbis; board member on the New York Board of Rabbis and the Center for the Holocaust, Diversity and Human Understanding at the Selden campus of Suffolk Community College; founder of the Jewish Hospital Referral Service; pastoral care coordinator of the Suffolk Partners in Dignity; hospital chaplain at Good Samaritan Hospital, Brookhaven Memorial Hospital, and Southside Hospital; and is the longest sitting member of the Islip Town Board of Ethics.

I have known Rabbi Moss since I was a little kid. Nearly 27 years ago, he was the rabbi who presided over the bar mitzvah service for me and, this November, will be the rabbi for my daughter's b'not mitzvah. He has left a lasting impact on so many lives, including my own.

One of the things I love the most about Rabbi Moss is how he visits people in hospitals, nursing homes, and elsewhere all the time, every day. If you think you have lost touch with Rabbi Moss and it has been 20 years since you have last spoken to him, even if you weren't really that close with him back in the day, if he finds out that you are at a local hospital, he will come and visit you and pray for you.

His family services during the High Holy Days are amazing for the kids. He involves everyone. It is not easy to get every single kid in a temple totally engaged, all in, without much effort, but Rabbi Moss has charisma that is second to none.

Most importantly, he is simply a very kind, warm, and decent human being who loves everyone.

Rabbi Moss is now en route to Poland, where he will bike 60 miles from the gates of Auschwitz to the Jewish Community Center in Krakow, which is also known as the "Ride for the Living," in honor of the millions of people who were murdered during the Holocaust.

Rabbi Moss and about 300 other bikers will be biking the entire 60 miles in one day to raise money for the Jewish Community Center in Krakow, which supports the growing Jewish population there and in the surrounding areas.

When asked about his upcoming experience, Rabbi Moss stated he believes the experience will be overwhelming but that he is excited to witness the growth of the Jewish diaspora.

On Sunday, B'Nai Israel held a going-away party for Rabbi Moss, where they gifted him with a bronze plaque signifying that the sanctuary within the synagogue will be named after him. Rabbi Moss deserves nothing less after having served over 47 years at the synagogue.

He has been an incredible role model and mentor to both my family and me, and he has continued to be a remarkable role model for thousands of others.

I look to him as a community leader, an inspiration, and a teacher, one with an amazing ability to connect with anyone. I would like to thank Rabbi Moss for all he has done for our community, and I wish him nothing but the best in his retirement.

HUMANITARIAN STANDARDS

The SPEAKER pro tempore. The Chair recognizes the gentleman from California (Mr. RUIZ) for 5 minutes.

Mr. RUIZ. Mr. Speaker, today the House will vote on legislation to provide our immigration agencies the humanitarian resources they need for children, women, and families. However, that is not enough when this administration has argued in court that children in CBP custody do not need soap, toothbrushes, or blankets as basic necessities for hygiene.

This bill funds items and resources for a dysfunctional system that treats children and families inhumanely. It does not create humanitarian standards that will change behavior, and it will not meet the humanitarian needs of children and families.

We need to pass my legislation, the Humanitarian Standards for Individuals in CBP Custody Act, a comprehensive, public health approach to address the basic humanitarian needs of children and families under CBP's custody and responsibility.

Why? Why are these humanitarian standards needed? Because, when I visited the border, I saw open toilets and crowded cells without privacy. I saw one latrine for 200 individuals. I saw babies who were dirty and didn't have diapers and didn't have free access to water and formula. Because six children have now died while in the custody and responsibility of CBP, under their supposed TEDS standards.

Why? Because my bill will define what a health screening is. It will say that a health screening is an interview, a questionnaire, and it will have vital signs, an actual physical examination, and consultation with an emergency

care provider. The appropriations bill doesn't.

My bill will say that high-priority individuals, upon detention, within 3 hours, must have a health screening. The appropriations bill doesn't.

My bill says that there needs to be emergency care backup for every individual who has a healthcare screening. The appropriations bill doesn't.

In terms of water, my bill will say that every adult will, at least, have free access to 1 gallon of water. The appropriations bill doesn't give those metrics.

It says that there should be one closed, private, functioning toilet per 12 men or 8 women. The appropriations bill doesn't.

It says that individuals should have the ability to bathe once a day. The appropriations bill does not.

In terms of shelter, an individual should have 2 meters squared of space. Right now, they are piled on top of each other. The appropriations bill will not change that practice.

It says that temperatures should be kept within a humane range. Currently, they are keeping them in very, very cold rooms, interrupting their sleep, which decreases their immune system and makes them prone to more illnesses and mental health disorders.

The appropriations bill does not require them to allow the children to sleep 8 hours.

The appropriations bill does not say that they need to keep temperatures in a humane range.

In terms of food, my bill says that an adult should have, at least, a minimum of 2,000 calories a day. The appropriations bill doesn't. We are just funding a lot of food, and we already know that children are given frozen burritos.

My bill will say that a pregnant woman or a child under 12 years old or the elderly should have age-appropriate food and age-appropriate calories per day. This appropriations bill does not enforce those behavioral changes.

So, today's vote is a desperate bill for a desperate situation. But, don't be fooled that this bill is going to meet the humanitarian needs of women and children at the border. Don't be fooled into thinking that we should pat ourselves on the back and walk away thinking that this problem is over or that children and families will be treated humanely—not when an administration is arguing that toothbrushes and soap are not needed for basic hygiene for children.

Mr. Speaker, I urge a vote on my bill, and I urge my fellow Representatives to support my bill, the Humanitarian Standards for Individuals in CBP Custody Act, to bring humanity back to our treatment of women, children, and families seeking asylum and prevent the needless loss of life.

CONGRATULATING KEITH AND EMMA SWARTZ

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from

Missouri (Mrs. HARTZLER) for 5 minutes.

Mrs. HARTZLER. Mr. Speaker, it is my distinct pleasure and personal blessing to be able to congratulate and thank my friends Keith and Emma Swartz for serving the Lord for over 40 years.

Pastor Keith Swartz has been a leader in my community, making a difference in the lives of countless families, achieving 13 years as principal and coach at the Harrisonville Christian School, as an elder for over 20 years, and 26 years as associate pastor at my church, the Harrisonville Community Church.

Emma Swartz inspired and equipped students from kindergarten to sixth grade for 19 years at Harrisonville Christian School, as both principal and teacher. She used her gift of teaching beyond the classroom as a respected Sunday school teacher and a leader of adult Bible studies.

Together, they have ministered to countless individuals, visiting them in the hospital and being by their side during the final days of an illness, as well as supporting the families afterwards.

The foundation of their service began at home, where they raised four beautiful children to love God and to love others; and, now, this legacy of faith and service is being lived out in the lives of their 10 grandchildren.

Keith and Emma are special people individually, but, together, they make a remarkable team that I have been blessed to know over the years, and our church has been blessed by their service.

Mr. Speaker, I congratulate Keith and Emma on their retirement. I hope they enjoy the days which they have worked so hard to earn, and I wish them continued health and happiness in this new phase of life and pray God's richest blessings on them.

CONGRATULATING RICH HILL HIGH SCHOOL BOYS TRACK AND FIELD TEAM

Mrs. HARTZLER. Mr. Speaker, I would like to congratulate the Rich Hill High School boys track and field team for winning the Class 1 State championship.

As a former track runner and track and field coach, I am thrilled to have a school in my district take home the State championship. This truly is a feat due in no small part to the hard work and talent of the team and its leadership.

A Class 1 State record was also broken during the State competition. Rich Hill, sophomore, Clifton Bridgewater, threw 177 feet to win the boys javelin competition, breaking the previous record of 169 feet set last season.

The outstanding performances by these Tigers mark a great milestone for Rich Hill High School, and I would like to ask all Missourians to join me in congratulating these Tiger teammates on this momentous achievement.

HONORING COLORADO REGENT EMERITUS TILMAN "TILLIE" BISHOP

The SPEAKER pro tempore. The Chair recognizes the gentleman from Colorado (Mr. NEGUSE) for 5 minutes.

Mr. NEGUSE. Mr. Speaker, I rise today to honor a great Colorado statesman and a devoted community member, University of Colorado Regent Emeritus Tilman "Tillie" Bishop, who passed away on June 16.

Born and raised in Colorado, Tillie dedicated his long and influential life to service for the people of our great State.

He held a wide variety of elected offices, including 28 years in the Colorado General Assembly, making him the longest serving State senator from Colorado's western slope, as well as 6 years on the University of Colorado Board of Regents.

Tillie's passion for education and his commitment to promoting a school system that diligently serves each and every student was tangible and, no doubt, came from the over 30 years he worked as a public school teacher and college administrator.

It was my honor to serve on the board of regents with Regent Bishop. He always found ways to work across the aisle to ensure that the students at the University of Colorado were given a top-tier education that would prepare them for a successful future.

And I will never forget Tillie's determination and his devotion to those he served. He was a great statesman, and I know that many in Colorado, myself included, will miss him.

I send my deepest condolences to Regent Bishop's wife, Pat, and to all of his family, and we thank him for his incredible service.

□ 1045

PRESCRIPTION FOR LIFE PROGRAM

The SPEAKER pro tempore. The Chair recognizes the gentleman from Arkansas (Mr. HILL) for 5 minutes.

Mr. HILL of Arkansas. Mr. Speaker, I rise today to recognize Arkansas Attorney General Leslie Rutledge and her program, Prescription for Life.

Arkansas has the second-highest opioid prescription rate in this country. Prescription for Life is a drug abuse prevention program used in high schools across Arkansas. This program aims to encourage students to avoid taking prescription drugs in an illicit manner.

The course is interactive and designed to educate young people through animated videos about the dangers of prescription drugs. This course also teaches students how to recognize the symptoms of a drug overdose and abuse and how to help people who may be suffering from an overdose.

Prescription for Life is provided at no cost to Arkansas schools.

Thank you to Attorney General Leslie Rutledge, and to all the contributors for this important effort.

VASCUGENIX BUSINESS PLAN

Mr. HILL of Arkansas. Mr. Speaker, I rise today to congratulate Vascugenix, a medical device company representing the University of Arkansas at Little Rock, for winning the undergraduate division of the 2019 Delta Plastics Arkansas Governor's Cup Collegiate Business Plan Competition.

Vascugenix is a Little Rock startup that is run by students at the University of Arkansas at Little Rock and led by Dr. Dwight Chrisman, a cardiologist with Arkansas Cardiology and Baptist Health in Little Rock.

Dr. Chrisman invented Vascugenix's flagship product, the Speed-Torque, which is a device that allows surgeons to perform heart surgery faster and safer, all while being minimally invasive.

Vascugenix is partnering with local hospitals such as Arkansas Heart Hospital and Baptist Health, along with Arkansas' medical university, UAMS.

I congratulate the team who served this great new product and great new company in Little Rock.

MACARTHUR MUSEUM RECOGNITION

Mr. HILL of Arkansas. Mr. Speaker, I rise today to recognize the MacArthur Museum of Arkansas Military History for receiving the Outstanding Achievement in Collections Care and Conservation Award by the Arkansas Museums Association.

This award recognizes excellence in preservation and conservation and practices that illustrate exceptional standards that are set forth by the American Alliance of Museums and Society of American Archivists.

The museum received this award for renovations last year of the historic Arsenal Building built in 1841, which now houses the military history educational exhibits.

MacArthur Museum's Executive Director, Stephen McAtee, was also recognized and received the Distinguished Museum Professional of the Year Award for his oversight role in these renovations.

MacArthur Museum opened in May 2001, and continues to educate local, State, national, and international visitors about Arkansas' military heritage.

Thank you to my friend, Stephen, and all of the dedicated workers at the MacArthur Military Museum of History for your service and leadership in the preservation of Arkansas' heritage.

RECOGNIZING THE RECIPIENT OF THE 2019 STEVE WILLBANKS AWARD

Mr. HILL of Arkansas. Mr. Speaker, I rise today to congratulate my friend, John Maus, for being awarded the 2019 Steve Willbanks award for community service in his outstanding work in Morrilton, Arkansas.

The Steve Willbanks award was established in 2011 to honor his more than 40 years of leadership as president and CEO of Community Service, Incorporated.

Maus is a lifelong resident of Conway County, and serves as president of the Sacred Heart School Board, where he
