

concerned about the PRO Act, a bill that will harm both job creators and their employees.

The PRO Act would amend the National Labor Relations Act and repeal right-to-work laws. Right-to-work laws protect employees from being fired for not paying monetary support to a union they don't want to join.

The PRO Act also takes away employers' rights in National Labor Relations Board cases by taking away their standing and giving employers no recourse to the NLRB.

My district is home to over 2,100 small franchise business owners that could be negatively impacted by this bill. It will hurt businesses like Arrington Enterprises, Inc., which operates Dairy Queens, Bojangles' Famous Chicken 'n Biscuits, and Exxon stores in Franklin County.

Aside from delivering a quality product, Arrington Enterprises, Inc., has collected close to \$18,000 for Children's Miracle Network Hospitals and donated \$4,800 to local schools so far this year.

In closing, this bill would hurt local businesses and local workers.

WAR IN THE MIDDLE EAST

(Mr. HIMES asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HIMES. Madam Speaker, I am not in the habit of praising the President from this perch, but I do want to say that I am very pleased that we are not in yet another shooting war in the Middle East today.

I think we came very, very close, and I appreciate that the President had the courage to stand down some raids that, undoubtedly, would have led to a response and led to another war in the Middle East.

I know he does that at the risk of being criticized for potentially damaging American credibility, but we are not in a war today. That is an argument for history.

What is not an argument for history is that any aggression, any military action against Iran, must be approved by the Congress of the United States. It is clear in the Constitution that a decision to go to war must be made in this building.

I urge my friends on both sides of the aisle to reflect on the reason for that. If we are going to sacrifice blood and treasure, the Representatives of the people must make that decision, not one individual at the other end of Pennsylvania Avenue.

Now is the time for us to consider whether another Middle Eastern war makes sense for the people of the United States of America.

OBSERVING ALZHEIMER'S AND BRAIN AWARENESS MONTH

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Madam Speaker, I rise today to recognize June as Alzheimer's and Brain Awareness Month.

Alzheimer's disease affects more than 5 million Americans. It is also our Nation's most expensive disease.

We have got to continue working toward finding a cure for Alzheimer's; but, in the meantime, we have to cut down on preventable hospitalizations and lower the cost of care. That is why I cosponsored the BOLD Infrastructure for Alzheimer's Act last Congress, which President Trump has since signed into law. This bill will help educate community members and doctors on dementia detection, diagnosis, and symptom management.

This Congress, I cosponsored the bipartisan Younger Onset Alzheimer's Act, to ensure younger people dealing with dementia or other symptoms have access to the counseling and support they need.

I urge my colleagues, family, friends, and neighbors to do their part and know the warning signs of Alzheimer's disease. Education and awareness can make a huge difference in a person's life.

STOP BUSTING THE BUDGET CAP

(Mr. SPANO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SPANO. Madam Speaker, I rise today in opposition to the appropriations minibus that we will be voting on this afternoon.

Like the first appropriations package, this legislation is being considered without reaching a budget agreement, and it would bust the budget caps by over \$350 billion in fiscal years '20 and '21.

Not only is the majority spending out of control on programs we currently have, but they are creating new programs in these bills. This circumvents the authorization process and compounds the debt problem.

Last week, I submitted an amendment to eliminate funding for one of these new pilot programs that would use Americans' hard-earned tax dollars to provide legal representation to those arriving at our southern border. My amendment would have reallocated that funding to assist victims of human trafficking and address school violence, both issues growing at the local level in our communities.

Unfortunately, Democrats on the Rules Committee voted along party lines to prevent my amendment from coming to the floor. I call on Democrat leadership to stop silencing common-sense proposals and let us debate those tough issues. It is what we were elected to do.

GENERAL LEAVE

Mr. MCGOVERN. Madam Speaker, I ask unanimous consent that all Members be given 5 legislative days to revise and extend their remarks.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Massachusetts?

There was no objection.

Mr. MCGOVERN. Madam Speaker, on Monday night, the Rules Committee met and reported a rule, House Resolution 460. It provides for consideration of H.R. 3351 under a structured rule that makes 46 amendments in order, with 1 hour of general debate controlled by the chair and ranking minority member of the Committee on Appropriations.

It also provides for consideration of H.R. 2722 under a closed rule with 1 hour of general debate provided, controlled by the chair and ranking minority member of the Committee on House Administration. It also provides same-day authority through the legislative day of Thursday, June 27, 2019, relating to appropriations measures.

Madam Speaker, this underlying package of bills is proof that this Democratic majority is committed to getting its work done both for routine matters like appropriations and emergency priorities facing our Nation.

Take the first measure, H.R. 3351, the Financial Services and General Government Appropriations Act. This builds on our efforts to fund the government for fiscal year 2020 in a timely way. Instead of hollowing out important investments like past Republican majorities have done, this Democratic majority is investing in our future.

This legislation not only ensures both the executive and judicial branches can continue to operate for the American people, there is also language here to protect consumers from dangerous products and help small businesses thrive, especially in distressed communities.

Most notably, Madam Speaker, this bill provides hundreds of millions in grants to strengthen the integrity of our election system. This is especially important since, if left to his own devices, I don't think our President would even acknowledge that there is a crisis of confidence in our elections following Russia's meddling in 2016, let alone act so it never happens again. He seems content to welcome future interference rather than prevent it, so it is especially important that this Congress takes the lead to protect our democracy.
