## EXPRESSING CONDOLENCES TO THE FAMILIES OF BOEING 737 MAX ACCIDENT VICTIMS

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Madam Speaker, I rise today to extend my sincere condolences to the families who lost loved ones in the Boeing 737 MAX tragedies. One life lost in any accident is one too many, and Congress has a duty to take

steps to ensure that future tragedies do not occur.

Last week Mr. Paul Njoroge and Mr. Michael Stumo, who lost loved ones in this tragedy testified before the Committee on Transportation and Infrastructure on how they believe aviation safety can be improved. I commend them for having the courage to testify before the committee under such difficult circumstances.

I personally met with Mr. Stumo and his wife, Nadia, who lost their daughter, Samya, in the Ethiopian Airlines tragedy. I cannot begin to imagine the grief that they are experiencing. As a father of three, it terrifies me to think of harm coming to my children, and I would do anything to prevent it.

Madam Speaker, I am committed to a thorough investigation of the 737 MAX airplane to ensure it is safe before airlines resume commercial flights.

## THE LEGACY OF APOLLO

(Mr. BAIRD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BAIRD. Madam Speaker, today I rise to celebrate the 50th anniversary of *Apollo 11* and the triumph of the human spirit. On July 16, 1969, three Americans boarded a rocket at Kennedy Space Center on Merritt Island, Florida. When they lifted off a few hours later with a flight path toward the unthinkable, humanity was changed forever. Millions of men, women, and children were inspired watching the extraordinary events unfold over the next 4 days as humanity took these first steps on the Moon.

Fellow Purdue University alumnus Neil Armstrong's words: "That is one small step for man, one giant leap for mankind" will forever define that moment in history. The successful journey to the Moon brought with it a tremendous sense of triumph and pride. Our Nation found a bold, common goal that we reached through American ingenuity and determination.

This is the spirit that carries us forward in exploration and innovation today. Right now we are looking at returning to the Moon within the next 5 years and eventually landing on Mars. Madam Speaker, what has been previously unheard of is now being thrust into the scope of reality.

It is our responsibility to keep taking giant leaps to challenge what is perceived as impossible, and I look forward to the next chapter of American space exploration.

## RETIREES HAVE EARNED THEIR PENSIONS

(Ms. KAPTUR asked and was given permission to address the House for 1 minute.)

Ms. KAPTUR. Madam Speaker, this week marks a heroic milestone for millions of America's retirees as the House
