# Congressional Record

PROCEEDINGS AND DEBATES OF THE 116<sup>th</sup> CONGRESS, FIRST SESSION

Vol. 165

WASHINGTON, WEDNESDAY, SEPTEMBER 25, 2019

No. 155

## House of Representatives

The House met at 10 a.m. and was called to order by the Speaker pro tempore (Mrs. BEATTY).

### DESIGNATION OF SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC,  
September 25, 2019.

I hereby appoint the Honorable JOYCE BEATTY to act as Speaker pro tempore on this day.

NANCY PELOSI,  
*Speaker of the House of Representatives.*

### MORNING-HOUR DEBATE

The SPEAKER pro tempore. Pursuant to the order of the House of January 3, 2019, the Chair will now recognize Members from lists submitted by the majority and minority leaders for morning-hour debate.

The Chair will alternate recognition between the parties. All time shall be equally allocated between the parties, and in no event shall debate continue beyond 11:50 a.m. Each Member, other than the majority and minority leaders and the minority whip, shall be limited to 5 minutes.

### RECOGNIZING CYRUS G. WILEY

The SPEAKER pro tempore. The Chair recognizes the gentleman from Georgia (Mr. CARTER) for 5 minutes.

Mr. CARTER of Georgia. Madam Speaker, I rise today to recognize the ninth President of Savannah State University, Mr. Cyrus G. Wiley.

At the time called the Georgia State Industrial College for Colored Youths, Mr. Wiley made tremendous strides forward for the oldest public historically Black college in the State of Georgia.

He started his term in 1921 and was the first alumnus to become president

of the school. In that same year, he allowed women to attend for the first time and he transitioned the college out of its role providing high school programs and into a 4 year, degree-granting institution.

Nearly 100 years later, the school remains a vital part of the Savannah community. They have earned patents in battling Alzheimer's and ALS, built new science and technology buildings, and purchased new property for a new marine lab.

Madam Speaker, I want to thank everyone at Savannah State University, especially President Kimberly Ballard-Washington, for following in Mr. Wiley's footsteps to continue breaking barriers, their commitment to the Savannah community, and for providing a great education for the students.

### WORLD PHARMACISTS' DAY 2019

Mr. CARTER of Georgia. Madam Speaker, I rise today to recognize World Pharmacists' Day 2019 being celebrated today. I am proud that we have a day like this for people all over the world to remember the important role that pharmacists play in keeping all of us and our loved ones healthy.

There are currently over 2 million practicing pharmacists around the world, but in each nation, pharmacists are combating unique problems. For some countries pharmacists are at a severe shortage.

In the United States, pharmacists have been thrown into the front lines of a critical issue: the opioid epidemic.

Currently, more than 115 people die every day from opioid addictions, and pharmacists will play an integral role in bringing this number all the way down to zero.

Madam Speaker, I encourage everyone to get to know their pharmacists and to thank them for the work that they do.

As the only pharmacist currently serving in Congress, I thank all our pharmacists around the world.

### CONGRATULATING EMD PERFORMANCE MATERIALS ON THEIR 40TH ANNIVERSARY

Mr. CARTER of Georgia. Madam Speaker, I rise today to recognize the 40th anniversary of EMD Performance Material's Savannah location.

I am so proud of the work this company has done over the last 40 years, providing nearly 140 jobs for citizens in the First Congressional District of Georgia.

More than just jobs alone, EMD brings a prestige to our area that comes along with its brand name.

At the Savannah location specifically, they manufacture groundbreaking liquid crystals that are largely responsible for advancing razor sharp margins in smartphones, laptops, flat-screen TVs, and more.

EMD's success is a great example of why the State of Georgia was named as the top State to do business for the sixth year in a row. And Savannah itself has a strategic location with its connection to a major seaport and interstates.

Madam Speaker, I thank EMD for their work in our area, and I congratulate them on their anniversary. I hope that we will have another 40 years of working together.

### RECOGNIZING GEORGIA ARMY NATIONAL GUARD

Mr. CARTER of Georgia. Madam Speaker, I rise today to recognize the Georgia Army National Guard, whose last unit is coming home this month from Afghanistan.

Stationed at Fort Stewart in the First Congressional District of Georgia, the 177th Brigade Engineer Battalion is the only unmanned aerial vehicle unit in the entire Georgia National Guard.

Because of that expertise, they remained in Afghanistan longer than other units, and their high quality of work has not gone unnoticed.

Upon returning home, they will be working in a brand-new facility at Fort Stewart for the first time. I am proud

to have this group located in the First Congressional District of Georgia.

Madam Speaker, I thank them for their service to our country, and I welcome them home.

#### WE HAVE BEEN VINDICATED

The SPEAKER pro tempore. The Chair recognizes the gentleman from Texas (Mr. GREEN) for 5 minutes.

Mr. GREEN of Texas. Madam Speaker, and still I rise, because I love my country.

I rise today, Madam Speaker, to thank the Speaker of the House for standing up for this country, advancing the cause of justice, and taking on the challenge to protect our Nation, when it is obvious that national security is of great concern.

I rise because there were persons who made yesterday possible. There are some who say that yesterday was a tipping point, others say that things happened that were the equivalent of a straw that broke the camel's back as it relates to impeachment, but I say that yesterday was a seminal moment in time that has the potential to impact the rest of our time.

I say that yesterday was a moment of truth, and I say that there were people who made yesterday possible.

I would like to read a statement into the RECORD that will address many of the people, not all, but many of the people who made yesterday possible.

My statement reads: "On behalf of people of goodwill, I thank the first 58 who voted to move Articles of Impeachment on November 6, 2017, the historic 66 who voted to move Articles of Impeachment on January 19, 2018, and the noble 95 who voted to move Articles of Impeachment on July 17, 2019.

For their tireless and progressive efforts, I would also like to thank By the People; Center for Popular Democracy; Citizens Impeachment Coalition; Common Cause; Courage Campaign; CREDO; CREW; D.C. Action Lab; Democracy for America; Free Speech for People; Indivisible; Lawyers for Good Government; Mainers For Accountable Leadership; March for Truth; March for Truth—Boston; MoveOn; National Association for the Advancement of Colored People, NAACP; Need to Impeach; NextGen America; Our Revolution; Popular Democracy; Progressive Democrats of America; Revolving Door Project; Social Security Works; Stand Up America; and Women's March.

With nearly 200 Members of the House of Representatives favoring impeachment inquiry, we have been vindicated. However, our approach is not one that has ended as of yesterday. We need 218 to vote for impeachment. There is more to be done.

#### PARKRIDGE PREGNANCY CENTER

The SPEAKER pro tempore. The Chair recognizes the gentleman from Texas (Mr. ARRINGTON) for 5 minutes.

Mr. ARRINGTON. Madam Speaker, I rise today to recognize the good people

at Parkridge Pregnancy Medical Clinic in Lubbock, Texas.

Parkridge, a nonprofit pregnancy center, is celebrating 26 years of providing compassionate care to mothers throughout their pregnancies, and often in the most difficult of circumstances.

By providing ultrasounds, medical services, material assistance, and even ministering to mothers' deeper emotional and spiritual needs, the people at Parkridge are truly and literally saving lives.

You see, Madam Speaker, they believe, like I do, that all life is a gift from God. They believe in the words etched into our Declaration of Independence, our founding principle and fundamental belief that all of us are created equally by God and endowed by our creator with the right to life, liberty, and the pursuit of happiness.

But for nearly 50 years now, we have fallen short of that national ethic. Ever since the Supreme Court erred in *Roe v. Wade*, we have failed to protect the sacred right for the most vulnerable among us, rejecting the notion that life at every stage is equally valuable, equally precious, not only in light of the Constitution, but in the eyes of God.

Since then, over 60 million lives have been terminated through the practice of abortion in these United States. And yet even in the shadow of this darkness, we can see rays of hope shining through.

Because of places like Parkridge, I believe the tide is finally turning, and in the direction of life. All across our country, the growing momentum for a culture of life is palpable.

Last week, we learned that the abortion rate in America has dropped to its lowest level at any point since 1973 and *Roe v. Wade*.

We have seen States throughout the country taking bold action to defend the inherent dignity of every human life, especially those who can't speak up for themselves.

I am proud to have supported every single pro-life measure considered in this Chamber, from the Heartbeat Protection Act, to the pain-capable protections, to defunding Planned Parenthood, to the recent born-alive protection legislation.

I stand behind our President 100 percent in his efforts to reshape the courts so that judges adhere to the Constitution and to the independent and interpretive role that they are supposed to play, rather than legislating from the bench and imposing their policy preferences on the American people.

This is one of the most important and certainly lasting legacies of this President, and I am proud to say and excited to say the Senate has recently confirmed President Trump's 150th judicial nominee.

But I also recognize that in order to build a lasting culture of life, we are going to need to do more than just change laws. We are going to have to change hearts.

In the debate over abortion, the late Pennsylvania Governor Bob Casey said:

The real question is not when life begins, but when love begins.

For 26 years now, the people of Parkridge Pregnancy Center have been coming alongside these young mothers not in judgment, but in joy, not in condemnation, but to comfort, praying with them, loving them, and ministering to them and meeting their deepest needs in their darkest hours.

Thanks to the good and godly work that they are doing, along with countless organizations like them across America, I hope, pray, and I believe that we will soon see a day in our country when every child is loved and every life, born or unborn, is celebrated, cherished, and protected.

Madam Speaker, may God bless the Parkridge family, may He bless their mission to protect life and promote love, all to the praise of God, the author of both life and love.

Go west Texas.

Madam Speaker, may I inquire how much time I have remaining?

The SPEAKER pro tempore. The gentleman from Texas has 1¼ minutes remaining.

WE SHOULD BE MORE RESPONSIBLE IN CARRYING OUT OUR CONSTITUTIONAL DUTIES

Mr. ARRINGTON. Madam Speaker, I would like to say that I feel like it is incredibly irresponsible and premature and careless for this body, led by our Speaker and the Democratic Party, to rush to this conclusion and allege that our President has committed high crimes.

I don't believe this is under the auspices of pursuit of justice and truth. I think it is placating a certain group in the Democratic Party.

I think this is more of the bloodlust for impeaching our President, not because of high crimes, but because they hate him, they hate his personality, they hate his policies, but that is no justification.

We are better than that as a country. We should be more responsible in how we faithfully carry out our constitutional duties.

So I look forward to reading the transcript. I look forward to getting the facts.

Republican or Democrat, Madam Speaker, we ought to look at the facts and we ought to be very judicious and careful and certainly responsible when wielding our constitutional oversight, and certainly that provision of impeachment.

So that is what I am going to do on behalf of the good people of west Texas and my beloved countrymen across the United States.

□ 1015

#### TRIBUTE TO THE LIFE AND LEGACY OF JUANITA ABERNATHY

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Alabama (Ms. SEWELL) for 5 minutes.
