

TRIBUTE TO THE STUDENTS OF
GILFORD HIGH SCHOOL'S INTRO-
DUCTION TO ENGINEERING
CLASS

• Ms. HASSAN. Mr. President, I am proud to recognize the students of Gilford High School's introduction to engineering class as June 2019 Granite Staters of the Month. These students successfully applied their engineering knowledge to create personalized, easy-to-use mobility devices for three young students in their community who experience disabilities.

The idea for this project came from Troy Gallagher, who just graduated from Gilford High School and will attend Texas Tech in the fall. Last summer, Troy participated in an advanced studies program at St. Paul's School, where he took a 5-week engineering course that introduced him to the University of Delaware program GoBabyGo!, which works with communities around the world to modify ride-on cars for children with disabilities. The vehicles can be used in physical and occupational therapy sessions, in speech therapy as a means to increase a child's expressive and receptive language skills, and to help the children better socialize with their peers.

Troy thought this would be an excellent engineering project to bring to Gilford High School, as did his introduction to engineering teacher, Dan Caron. After petitioning the parent teacher association, PTA, to provide the class money to buy the necessary parts and selecting the students that would receive these vehicles, the students in Gilford High School's, introduction to engineering class got to work.

The GoBabyGo! project was the students' final engineering assignment, and to successfully build these mobility devices, the students used everything that they had learned about the engineering design process.

First, the students visited with the three children, preschoolers George and Morgan, and first-grader Chloe, to take their measurements and determine how to best modify the Power Wheels to fit the specific needs of the children. For instance, the students noted that Chloe's left hand was weaker than her right, so they knew that they would need to move the button that accelerates the vehicle to the left side of the steering wheel, which allows her to accelerate with her weaker hand while steering with her dominant hand.

The students also modified the headrest using pool noodles and refitted the hard plastic seats with softer materials with a design from the popular children's show, "Paw Patrol." Since some of the children have difficulty using their legs, the students rewired the pedal functions to the steering wheel, so that the children could easily start and stop the device with their hands.

After the vehicles were completed, Mr. Caron's class visited the elementary school to present the children with their new mobility devices. The

Gilford Police and Fire Department helped by bringing the two vehicles over to the school, which was fitting since the mobility devices were designed to look like a police car and a fire truck. One of the students even customized the vehicles with Gilford Elementary School license plates in the front and New Hampshire plates in the back with the students' names and made Gilford Fire and Police logos for the front grills of the trucks.

The students presented the devices to two of the children in front of almost the entire elementary school. Troy gave a presentation about the project to the school in the hopes of inspiring more elementary school students to get interested in the STEAM fields of science, technology, engineering, art, and mathematics.

I congratulate these students for their ingenuity, hard work, and compassion. I thank them for demonstrating that, by being inclusive, we unleash the talent and energy of our friends and peers, strengthen our communities, and bring joy and dignity to those who have been marginalized.●

REMEMBERING BRIGADIER GENERAL
ERNEST RANDOLPH WEBSTER

• Mrs. HYDE-SMITH. Mr. President, it is an honor to pay tribute to Brig. Gen. Ernest Randolph "Randy" Webster, U.S. Air Force, retired, who passed away on June 2, 2019. A native of Midnight, MS, he served our country with distinction both stateside and abroad.

General Webster, who was an Army ROTC student at Arkansas State University, joined the U.S. Marine Corps and became a helicopter pilot and intelligence officer while serving in the Vietnam War. Following his service in Vietnam, General Webster transferred to the Air Force Reserve, where he served in a variety of assignments, eventually rising to the rank of brigadier general.

General Webster's final assignment was as commander of the 403rd Wing at Keesler Air Force Base in Biloxi, MS. Also known as the Hurricane Hunters, the airmen 53rd Weather Reconnaissance Squadron, a component of the 403rd Wing, have the critical mission of flying into dangerous conditions to identify and assess storms developing in the Gulf of Mexico. The information they provide is crucial to allowing States and communities in the Gulf Coast region to prepare for severe storms.

Under General Webster's leadership, the Hurricane Hunter aviators, along with support personnel, successfully fulfilled this vital mission of protecting Gulf Coast communities from weather-related disasters and further solidified their role as a key national asset.

General Webster stayed true to form following his retirement in 2000 with 33 years of military service, dedicating himself to his family and volunteering

his time to youth groups and his church.

Our gratitude and condolences go out to his wife Martha Webster and the entire Webster family during this difficult time.●

(The messages received today are printed at the end of the Senate proceedings.)

PRESIDENTIAL MESSAGE

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY THAT WAS ORIGINALLY DECLARED IN EXECUTIVE ORDER 13466 OF JUNE 26, 2008, WITH RESPECT TO NORTH KOREA, RECEIVED DURING ADJOURNMENT OF THE SENATE ON JUNE 21, 2019—PM 21

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days before the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to North Korea that was declared in Executive Order 13466 of June 26, 2008, expanded in scope in Executive Order 13551 of August 30, 2010, addressed further in Executive Order 13570 of April 18, 2011, further expanded in scope in Executive Order 13687 of January 2, 2015, and under which additional steps were taken in Executive Order 13722 of March 15, 2016, and Executive Order 13810 of September 20, 2017, is to continue in effect beyond June 26, 2019.

The existence and risk of proliferation of weapons-usable fissile material on the Korean Peninsula; the actions and policies of the Government of North Korea that destabilize the Korean Peninsula and imperil United States Armed Forces, allies, and trading partners in the region, including its pursuit of nuclear and missile programs; and other provocative, destabilizing, and repressive actions and policies of the Government of North Korea, continue to constitute an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. For this reason, I have determined that it is necessary to continue the national emergency declared in Executive Order 13466 with respect to North Korea.

DONALD J. TRUMP.
THE WHITE HOUSE, June 21, 2019.
