

the executive director of the New Hampshire Developmental Disabilities Council, a State agency tasked with protecting the rights of our State's most vulnerable citizens. While affiliated with the council, he coauthored a report on the accessibility of polling locations in the United States and established himself as a national expert on election reform. He was also an administrative hearings officer in the State's service systems, and before that, he helped to create and implement New Hampshire's Low Income Home Energy Assistance Program. Throughout his career, Clyde has shown an unrivaled passion for improving the lives of the disabled, the aged, and the impoverished.

I was honored to recommend Clyde when a vacancy arose on the National Council on Disability in 2009. As a member of the council, he became a sought-after voice on the potential of autonomous vehicles to broaden a sense of independence among people with disabilities. He was also a force in fighting for fair pay and equal treatment in the workplace. Clyde was eventually named chairperson of the council, a testament to his leadership and communication skills and his fluency on the broad set of issues in the disability community.

I have known Clyde for decades. We worked together on Gary Hart's 1984 Presidential race. Though the campaign eventually ended in heartbreak, Clyde emerged from the race having met Susan, who would become his beloved wife of many years. As Governor of New Hampshire and U.S. Senator, I always appreciated Clyde's guidance and counsel.

On behalf of the people of New Hampshire, I ask my colleagues and all Americans to join me in thanking Clyde Terry for his years of service and advocacy and wishing him all the best in the years ahead.●

#### PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-97. A joint resolution adopted by the Legislature of the State of Montana urging the United States Congress to pass a federal country-of-origin labeling (COOL) law for beef and pork products that meets World Trade Organization requirements; to the Committee on Agriculture, Nutrition, and Forestry.

#### SENATE JOINT RESOLUTION NO. 16

Whereas, in 2002, Congress reauthorized the Farm Bill, which included mandatory country-of-origin labeling for beef, lamb, pork, farm-raised and wild fish, peanuts, and other perishable commodities; and

Whereas, in 2005, the Montana Legislature passed the Country of Origin Placarding Act until “funding and full implementation of federal mandatory country of origin labeling”; and

Whereas, in 2009, Montana’s country-of-origin labeling (COOL) laws were voided, as the federal act was implemented; and

Whereas, in 2015, federal COOL rules ceased being enforced for beef and pork products only due mainly to a World Trade Organization ruling; and

Whereas, consumers want to know the origin of their food; and

Whereas, American and Montana farmers and ranchers want consumers to know the origin of their food; and

Whereas, Congress should pass laws and the U.S. Department of Agriculture should administer rules and regulations for COOL certification for beef and pork products that do not impose undue compliance costs, liability, recordkeeping, or verification requirements on farmers and ranchers.

Now, therefore, be it resolved by the Senate and the House of Representatives of the State of Montana:

That the Senate and the House of Representatives of the 66th Montana Legislature urges Congress to pass a federal COOL law
