

demonstrated by some of the photographs the Senator has offered.

She mentioned the bathtub effect. Let me make sure my colleagues understand this. When the Mississippi floods, the Yazoo River backs up into the delta. As a result, we put down a floodgate, and that is designed to keep the flooded Yazoo River from backing up into this fertile farmland.

We had made a promise—or at least we thought we had a promise—to people with property 87 feet above sea level that when the floodwater behind the floodgate reaches 87, we would start pumping and pump that water back into the Mississippi River, where it has a minimal effect. This gives certainty. We know there is going to be a flood. People with property 87 feet above sea level and below know they are going to be flooded. But the promise of the pump is that if you have land that is above 87 feet, you can build a house there, you can put your business there, you can plant your crop there, and you can be certain that you will get the same protection from flooding as everybody else up and down the Mississippi River Tributary System gets. That is the promise that everybody else gets but has been foreclosed to us.

So I congratulate the Senator for thinking of this solution. That is a piece of legislation that would correct this problem. Clearly, it would also help if we simply got the Corps and the EPA to agree that the decision 10 years or so ago was made incorrectly and let us have what the rest of the system has; that is, a flood-control promise that gives us certainty that we can conduct our business, have a home, and conduct our lives as it was promised. That is all we are asking for. For 7 months this year and for weeks and months in previous years, we have been denied that.

I want to congratulate the Senator and associate myself with the remarks of the junior Senator from Mississippi and thank her for her leadership in thinking of this particular solution, which would give us a remedy, but also say that there are other ways this could be solved. We deserve the certainty that everyone else up and down the Mississippi system now has, and we deserve to have that promise made to us back in the 1940s fulfilled even at this late date.

#### SUBMITTED RESOLUTIONS

#### SENATE RESOLUTION 294—DESIGNATING AUGUST 16, 2019, AS “NATIONAL AIRBORNE DAY”

Mr. REED (for himself, Ms. MURKOWSKI, Mr. ISAKSON, Ms. DUCKWORTH, Mrs. SHAHEEN, Mr. TILLIS, Mr. SULLIVAN, Mr. VAN HOLLEN, Ms. HIRONO, Mrs. BLACKBURN, Mr. CASEY, Mr. MENENDEZ, Mr. KING, Ms. ROSEN, Mr. MCCONNELL, Mr. GARDNER, and Mr. MANCHIN) submitted the following resolution; which was considered and agreed to:

#### S. RES. 294

Whereas the members of the airborne forces of the Armed Forces of the United States have a long and honorable history as bold and fierce warriors who, for the national security of the United States and the defense of freedom and peace, project the ground combat power of the United States by air transport to the far reaches of the battle area and to the far corners of the world;

Whereas, on June 25, 1940, experiments with airborne operations by the United States began when the Army Parachute Test Platoon was first authorized by the Department of War;

Whereas, in July 1940, 48 volunteers began training for the Army Parachute Test Platoon;

Whereas August 16 marks the anniversary of the first official Army parachute jump, which took place on August 16, 1940, to test the innovative concept of inserting United States ground combat forces behind a battle line by means of a parachute;

Whereas the success of the Army Parachute Test Platoon in the days immediately before the entry of the United States into World War II validated the airborne operational concept and led to the creation of a formidable force of airborne formations that included the 11th, 13th, 17th, 82nd, and 101st Airborne Divisions;

Whereas, included in those divisions, and among other separate formations, were many airborne combat, combat support, and combat service support units that served with distinction and achieved repeated success in armed hostilities during World War II;

Whereas the achievements of the airborne units during World War II prompted the evolution of those units into a diversified force of parachute and air-assault units that, over the years, have fought in Korea, Vietnam, Grenada, Panama, the Persian Gulf region, and Somalia, and have engaged in peacekeeping operations in Lebanon, the Sinai Peninsula, the Dominican Republic, Haiti, Bosnia, and Kosovo;

Whereas, since the terrorist attacks of September 11, 2001, the members of the United States airborne forces, including members of the XVIII Airborne Corps, the 82nd Airborne Division, the 101st Airborne Division, the 173rd Airborne Brigade Combat Team, the 4th Brigade Combat Team (Airborne) of the 25th Infantry Division, the 75th Ranger Regiment, special operations forces of the Army, Marine Corps, Navy, and Air Force, and other units of the Armed Forces, have demonstrated bravery and honor in combat, stability, and training operations in Afghanistan and Iraq;

Whereas the modern-day airborne forces also include other elite forces composed of airborne trained and qualified special operations warriors, including Army Special Forces, Marine Corps Reconnaissance units, Navy SEALs, and Air Force combat control and pararescue teams;

Whereas, of the members and former members of the United States airborne forces, thousands have achieved the distinction of making combat jumps, dozens have earned the Medal of Honor, and hundreds have earned the Distinguished Service Cross, the Silver Star, or other decorations and awards for displays of heroism, gallantry, intrepidity, and valor;

Whereas the members and former members of the United States airborne forces are all members of a proud and honorable tradition that, together with the special skills and achievements of those members, distinguishes the members as intrepid combat parachutists, air assault forces, special operation forces, and, in the past, glider troops;

Whereas individuals from every State of the United States have served gallantly in the airborne forces, and each State is proud of the contributions of its paratrooper veterans during the many conflicts faced by the United States;

Whereas the history and achievements of the members and former members of the United States airborne forces warrant special expressions of the gratitude of the people of the United States; and

Whereas, since the airborne forces, past and present, celebrate August 16 as the anniversary of the first official jump by the Army Parachute Test Platoon, August 16 is an appropriate day to recognize as National Airborne Day: Now, therefore, be it

*Resolved*, That the Senate—

(1) designates August 16, 2019, as “National Airborne Day”; and

(2) calls on the people of the United States to observe National Airborne Day with appropriate programs, ceremonies, and activities.

#### SENATE RESOLUTION 295—DESIGNATING THE MONTH OF SEPTEMBER 2019 AS “CAMPUS FIRE SAFETY MONTH”

Ms. COLLINS (for herself, Mr. CARPER, and Ms. WARREN) submitted the following resolution; which was considered and agreed to:

#### S. RES. 295

Whereas campus-related housing fires at colleges in Texas, Oregon, Illinois, Washington, D.C., Pennsylvania, and other States have tragically cut short the lives of several young people;

Whereas, since January 2000, at least 175 people, including students, parents, and children, have died in campus-related fires;

Whereas approximately 87 percent of those deaths occurred in off-campus occupancies;

Whereas a majority of college students in the United States live in off-campus occupancies;

Whereas a number of fatal fires have occurred in buildings in which the occupants had compromised or deactivated the fire safety systems;

Whereas automatic fire alarm systems and smoke alarms provide early warning of a fire that is necessary for occupants of a building and the fire department to take appropriate action;

Whereas an automatic fire sprinkler system is a highly effective method of controlling or extinguishing a fire in its early stages, protecting the lives of the building occupants;

Whereas many college students live in an off-campus occupancy, fraternity or sorority house, or residence hall that is not adequately protected by an automatic fire sprinkler system and an automatic fire alarm system or adequate smoke alarm;

Whereas fire safety education is an effective method of reducing the occurrence of fires and the resulting loss of life and property damage;

Whereas college students do not routinely receive effective fire safety education while in college;

Whereas educating young people in the United States about the importance of fire safety is vital to help ensure that young people engage in fire-safe behavior during college and after college; and

Whereas developing a generation of adults who practice fire safety may significantly reduce future loss of life: Now, therefore, be it
