

# EXTENSIONS OF REMARKS

DEPARTMENT OF DEFENSE  
APPROPRIATIONS ACT, 2021

SPEECH OF

**HON. ALAN S. LOWENTHAL**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 30, 2020*

Mr. LOWENTHAL. Mr. Speaker, I am pleased to offer this amendment, which specifies that \$30 million dollars already provided within NASA's Science Mission Directorate should be set aside for NASA to procure dedicated small launch services for its small satellite missions.

This amendment builds off report language included in the FY21 Commerce, Justice, Science bill that directs NASA to work with industry to procure tailored launch services for small satellite science missions. It does not increase spending or transfer money from other line items.

I would like to thank my colleagues, Rep. STEVEN PALAZZO and DARREN SOTO, for their leadership and support on this amendment.

Small satellites are playing a big role in our country's space efforts. They are low-cost, easy to produce, and capably achieve a range of missions—including climate and weather monitoring and communications links that connect the world. They support our nation's soldiers in theater, provide hands-on research and learning opportunities for students across the country, and augment our deep space exploration. To support these satellite missions, a market has developed where companies building and operating small rockets to provide what is called "dedicated launch"—taking these satellites where they need to be, when they need to be there.

Long Beach, California, in my district, is home to several of these small launch companies. Together, they employ over a thousand individuals in high-skill, high-wage jobs. They are the future of our industrial ingenuity, technological leadership, and inspiration for the next generation to pursue STEM and aerospace careers.

Dedicated small launch will maximize NASA's returns on small satellite science missions by lowering costs, increasing launch opportunities, and taking these satellites exactly where they need to be. I am pleased to offer and support this amendment, which will build off the momentum the Appropriations Committee has established to enable greater science, research, and education using small satellites and small launch.

I urge my colleagues to also support this amendment, and our country's continued leadership in aerospace.

IN MEMORY OF MR. JOE LENHARD

**HON. CHARLES J. "CHUCK"  
FLEISCHMANN**

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

*Friday, July 31, 2020*

Mr. FLEISCHMANN. Madam Speaker, I rise today to honor Mr. Joe Lenhard of Oak Ridge, Tennessee and recognize his lifetime of service in his community and to our nation. Mr. Lenhard passed away on July 17, 2020.

Born on June 18, 1929 outside of Detroit, Mr. Lenhard graduated from East Detroit High School in 1947 and enlisted in the U.S. Navy. He came to Oak Ridge in 1957 for summer training and stayed in the city for the rest of his life.

Mr. Lenhard served at the U.S. Department of Energy for 32-years, from 1957 to 1982 and for the last 15-years of his employment, he was responsible for all research and development activities within Oak Ridge Operations. During his career with the DOE, Mr. Lenhard received numerous federal awards for his work at the Department's Oak Ridge Operations. After his retirement in 1989 with 35-years of federal service, he was an active member of the local community serving as the Oak Ridge Chamber of Commerce president in 1992 and chair of the East-Tennessee Economic Council in 1993 and 1994. He also in 1994, helped to found CROET which helps to find ways to reuse former federal assets such as property and equipment.

Beyond his service to Oak Ridge, Mr. Lenhard was a generous benefactor to the University of Tennessee and Roane State Community College, and often shared his memories and history of Oak Ridge with local reporters and members of the community.

Joe Lenhard was a great patriot and a dedicated servant to his nation and community. East-Tennessee and the City of Oak Ridge have lost a great man, and I am honored to join with countless others to remember and honor a true American patriot.

## PERSONAL EXPLANATION

**HON. DAVID J. TRONE**

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

*Friday, July 31, 2020*

Mr. TRONE. Madam Speaker, had I been present for roll call vote 172 to approve H.R. 7327, the Child Care for Economic Recovery Act, I would have voted YEA.

HONORING RICK DOYLE

**HON. ZOE LOFGREN**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Friday, July 31, 2020*

Ms. LOFGREN. Madam Speaker, I rise today to recognize and honor Rick Doyle on his retirement.

In 1979, Mr. Doyle was admitted to the California State Bar, after receiving his law degree from the University of the Pacific, McGeorge School of Law. For ten years he specialized in municipal finance and business litigation with the Law Firm of Jensen and Doyle. In 1989, he began working with the City of San Jose as a Senior Deputy Attorney and was later promoted to Chief Deputy Attorney in 1992. He left for five years to work as City Attorney in Concord, but returned to San Jose in 2000, to be City Attorney. In his twenty years of service since then, he has advised three different mayors, 38 councilmembers and six city managers during his tenure.

Throughout this time, he has dedicated himself to helping San Jose move forward no matter what challenges arose. As City Attorney, Mr. Doyle, worked on a wide array of issues from lawsuits against the city, to bringing initiatives forward, to making sure that the process is fair and followed by everyone. With each day, he would face new and interesting challenges from negotiating with the FAA for a new San Jose Airport curfew, to advising the city during challenges to pension reductions for public employees. While his work was at times in the background to the public, his impact was great on our community.

Mr. Doyle has helped navigate our city through many obstacles and through many changes. We thank him for his commitment to San Jose and for dedicating his life to public service. I wish him the very best in his retirement and on this exciting next stage of his life.

DEPARTMENT OF DEFENSE  
APPROPRIATIONS ACT, 2021

SPEECH OF

**HON. JOHN B. LARSON**

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 30, 2020*

Mr. LARSON of Connecticut. Mr. Speaker, I rise in support of H.R. 7617, the Defense, Commerce, Justice, Science, Energy and Water Development, Financial Services and General Government, Labor, Health and Human Services, Education, Transportation, Housing, and Urban Development Appropriations Act, 2021.

This defense funding package continues to make strong investments in our nation's national security and in turn Connecticut's robust defense manufacturing base. It also includes a needed pay raise for our troops. Thousands of Connecticut residents work on programs supporting our military and many more benefit

• This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

Matter set in this typeface indicates words inserted or appended, rather than spoken, by a Member of the House on the floor.

from economic activity these contributions bring to our state. This funding will help spur Connecticut's economy during these difficult times and secure thousands of jobs at larger employers like Pratt & Whitney and hundreds of smaller suppliers across the First District and the state.

Throughout the years, the Connecticut delegation has worked hand in glove with suppliers, companies, and educators to bring Connecticut to the forefront of advanced manufacturing. The Delegation, led by JOE COURTNEY and ROSA DELAURO, have worked hard to ensure not only the manufacturing base, but the supply chain remain on top. This was recently demonstrated in the Hartford Courant, which cited a Pew Charitable Trusts Study that said: 'Pentagon contract spending powers Connecticut to No. 1 in US.' This builds on the work of the F-35 Joint Strike fighter caucus which I'm proud to co-chair. This is good news for our supply chain and economy during a time when commercial spending is down. These military contracts will keep these jobs going.

In addition to the vital funding that directly contributes to our state, this package fights back against the President's ill-conceived border wall, by preventing the use of Defense funds being used for the wall. It also ensures that the President cannot go to war without Congress's authorization by prohibiting funds from being used in contravention of the War Powers Resolution. It specifically prohibits funds for any use of military force in or against Iran and repeals both the 2001 and the 2002 war authorizations. The power to go to war lies with Congress, not the President. These are important provisions to ensure the Executive Branch does not overstep its authority.

The passage of the FY 2021 Labor-HHS Appropriations package is a win for millions of Social Security beneficiaries. It blocks a proposed rule that would dramatically increase the frequency of continuing disability reviews. These reviews can be extremely difficult for individuals with severe disabilities to navigate and can lead to wrongful loss of Social Security and Supplemental Security Income (SSI) benefits when they are unable to complete the complex process. This rule was an attempt to throw beneficiaries off the rolls. The bill also blocks a Trump Administration proposed rule to deny individuals their right to appeal a denial of Social Security or SSI benefits before an Administrative Law Judge.

I am thankful for the leadership of Chairwomen NITA LOWEY and ROSA DELAURO for making this happen. Chairwoman DELAURO always fights for the least among us and she continued that with this bill.

#### DEPARTMENT OF DEFENSE APPROPRIATIONS ACT, 2021

SPEECH OF

**HON. ROBERT C. "BOBBY" SCOTT**

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 30, 2020*

Mr. SCOTT of Virginia. Mr. Speaker, I rise today in support of three amendments to H.R. 7617.

My amendment, offered with Mr. WITTMAN, Ms. LURIA, and Mr. BEYER, reflects the need to adequately fund the important work done at

Jefferson Lab. JLab, in my district in Newport News, is home to the Continuous Electron Beam Accelerator Facility, also known as CEBAF, the primary research tool in the U.S. for enabling basic research on the quark and gluon structure of protons and neutrons. Worldwide, a community of more than 1,700 scientists from over 275 institutions depend on this facility for their research.

The City of Newport News has agreed to transfer ownership of a building to the Lab to support its work, but the \$2 million included in this year's appropriations bills fall short of the \$9 million needed to transfer that building and move forward with the renovation and expansion of CEBAF, for which the Department of Energy has already approved Critical Decision 0.

I also rise today in support of the amendment offered with my colleagues, Mr. WITTMAN, Mr. MCEACHIN, Ms. LURIA, Ms. SPANBERGER, and Ms. WEXTON, in regard to the urgent need for robust funding to the U.S. Army Corps of Engineers for coastal construction projects. The Army Corps has worked to keep America's waterways and ports open to trade, while working with our communities to ensure that they can continue to live with the water that surrounds Hampton Roads.

My district is home to the Port of Virginia which is one of the largest and busiest ports on the eastern seaboard. With 95 percent of our nation's trade moving by water, it is essential that the port is able to maintain operations. The Port of Virginia is responsible for nearly \$40 billion in economic activity in the Commonwealth of Virginia. It is critical to our financial well-being that we ensure that the Port is able to handle to the increased number and size of containers. The Port and the Army Corps of Engineers have undertaken the dredging and widening and deepening of the Norfolk Harbor to enable safe and efficient two-way passage of the new larger container ships. The project will require a New Start designation to keep the projected time line intact.

I urge my colleagues to join me in supporting additional funding to support our National Labs and the construction at the Norfolk Harbor to keep both of these essential projects moving forward.

I also rise in support of Rep. MURPHY's amendment which I was proud to cosponsor, as co-chair of the Modeling and Simulation Caucus, along with Rep. BERGMAN, an active caucus member. This amendment emphasizes the importance of funding for the Synthetic Training Environment (STE) account. Funding for the Synthetic Training Environment program is an investment in simulation technology to help service members train virtually for their missions. Advancing modeling and simulation technology is a long-term investment that enables us to remain competitive in with innovations in medicine, training, and transportation and I urge my colleagues to support these investments.

#### PERSONAL EXPLANATION

**HON. JIM JORDAN**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Friday, July 31, 2020*

Mr. JORDAN. Madam Speaker, during Wednesday's roll call vote on the motion to re-

commit H.R. 7027, I was participating in the Judiciary Committee's Antitrust, Commercial, and Administrative Law Subcommittee hearing on online platforms. Had I been present, I would have voted in favor of the motion.

HONORING MRS. EVELYN  
WILLIAMS

**HON. DEBBIE WASSERMAN SCHULTZ**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Friday, July 31, 2020*

Ms. WASSERMAN SCHULTZ. Madam Speaker, it is with great joy that I rise to recognize a very special birthday for a beloved constituent of Florida's 23rd Congressional District.

Mrs. Evelyn Williams celebrates her 105th birthday on August 2, 2020.

Mrs. Williams is a resident of Dania Beach and has spent a long life as a pioneer and community leader. Born in 1915, she has witnessed over a century of development and societal evolution. Mrs. Williams was born in Mosely Town, Georgia and raised in neighboring Vidalia. She and her husband Alonzo Williams moved to Coconut Grove, Florida in 1935.

Mrs. Williams served as a Sunday School teacher, Deaconess, and as a Mission Society representative, regularly visiting ailing and elderly people in the neighborhood and local nursing home.

Her contributions to her church are matched by her quiet but encouraging influence in the community. She financially supported many young people in the area in pursuing their college education and professional goals. She served in the Broward Civic Improvement Association—a community service organization active in Dania Beach—during the 1950s and 1960s.

Mrs. Williams has also been commended for serving Broward County as a dedicated poll worker for more than 50 years, registering voters and carrying the message that voting is a responsibility and privilege.

She has been recognized by both the Dania Beach Historical Society and Broward County Historical Commission as a Broward County Pioneer. She remains an active member of the New Jerusalem Baptist Church and I am grateful to the New Jerusalem family for coming together so we may all celebrate this special occasion.

It is with great pride that I represent Mrs. Evelyn Williams and the residents of Dania Beach in our nation's capital. I thank Mayor Lori Lewellen, the Members of the City Commission, and the city staff for protecting the wellbeing of our residents and for working tirelessly to make the City of Dania Beach a wonderful place to live, work, visit, and raise a family.

CAPTAIN E. THOMAS "TOM"  
PINNELL III

**HON. JOE CUNNINGHAM**

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

*Friday, July 31, 2020*

Mr. CUNNINGHAM. Madam Speaker, I rise today to recognize Marine Corps Captain E.
