

freedom we once had to select our own leaders.

But I don't hear of these authors. I don't read any of these authors actually condemning the DNC, the Clinton campaign, the Department of Defense, the DOJ in using and getting help from foreigners to try to combat the Trump campaign and to affect our election.

Anybody who would say on this floor that there were no Ukrainians involved in trying to affect our election, they are just ignorant. You know, there is no harm, we are all ignorant of some things, but they are ignorant of the facts.

We can start with the op-ed that the Ambassador from Ukraine wrote before the election, trashing President Trump. That is trying to affect our election by a Ukrainian, and we know it had to go a lot deeper than that.

I would love to see some of these folks who want to come after President Trump and come after those of us who would like free and fair elections, I would like to see them be more fair on both sides of the aisle, as far as where crimes have really been committed.

If we are going to preserve this little experiment in self-government, there needs to be multiple people go to jail for the crimes they have committed. If that doesn't happen, we are in big trouble.

Madam Speaker, I yield back the balance of my time.
