

or Jews who believed what Moses said was inspired or provided by God. He said that a man shall leave his father and mother, a woman will leave her home, and the two will become one.

Years later Jesus is asked about marriage and divorce. He quotes Moses verbatim and then adds the line: What God has joined together let nobody separate. So we didn't come up with that type of marriage. It is not Western style. We have to give credit where credit is due. It is Middle-Eastern style. It is from Moses. It is from Jesus. So you can't really take credit for that.

But, then, again, when you are a Marxist group dedicated to the overthrow of the government and replacing it with a Socialist, Communist, Progressive, whatever you want to call it, that is the way they go. That is the direction. You destroy the history so you can't learn from prior mistakes and you can't learn from prior successes, you just rewrite the history. Orwell had a lot to say about that.

There is a study—as this article from *The Federalist* points out by Joy Pullmann—up to 95 percent of 2020 U.S. riots are linked to Black Lives Matter. That is quite a good article and quite informative.

But then this article by Edwin Mora says that a pro-Communist China group is funding a Black Lives Matter-linked organization. It points out that a pro-Communist China group, the Chinese Progressive Association in San Francisco, is actively funding a venture by Black Lives Matter cofounder and unabashedly anti-capitalist, Alicia Garza.

Another article by Peter Hasson from 2 days ago points out that Black Lives Matter cofounder Alicia Garza in 2015 said that capitalism must be abolished for Black lives to matter.

So, basically, they are pushing for the destruction of our Constitution-based government, and they are creating all kinds of chaos.

So it shouldn't surprise anybody who saw the article yesterday by Douglas Ernst that that Jesus statue that is 90 years old was destroyed at St. Patrick's Cathedral in El Paso, the quote here is: I am in shock.

But that is what Socialist, Communist, Progressives push. If you look at what Communists, Socialists have done, it is clear: you have to get rid of any belief in anything except the government.

As I have mentioned before, when I was an exchange student in the Soviet Union, there were eight Americans that summer from the U.S. We went to the former city—it was the only recognized Christian seminary in the Soviet Union at the time—of Zagorsk. There was a building—as you would turn into the walled area of Zagorsk, there was a building there with a painting of Lenin's face and above it Lenin. Below it was “Lenin s nami,” Lenin is with us. So you may be turning in here to learn about Jesus, but just remember

it is Lenin who is with us, nobody else. That is the message.

It actually made me nauseous to go into an old church in Moscow that had a stained glass window with big gorgeous colors; instead of Jesus with all the children suffering to come under Him, it was Lenin sitting as Jesus is often depicted surrounded by the children. It was a bit sickening to go into the massive cathedral there in what was then St. Petersburg originally, then it became Leningrad. But that gorgeous, massive cathedral had been converted to a museum of atheism and evolution—just incredible.

But that is where this all has to go if you are going to have a successful destruction of the freedoms we have and go to government control and government ownership and no private property. That is where it all ends up, if we don't get it stopped. It will mean the end of the country that afforded the greatest opportunities individually, the greatest assets individually, and the highest standard of living.

It is tragic that we have poverty in the United States, tragic that we still have any homelessness at all that hasn't apparently improved a whole lot since the War on Poverty started trillions of dollars ago, but even so, we still had the highest standard of living and opportunities, I would submit, in history. It is what freedom and private property has brought—innovation, the greatest innovation in the history of the world. But that is all in jeopardy right now, and Americans better wake up. It is all at risk.

These Marxist revolutionaries need to be stopped. It is sedition. It is a violation of Federal and most State law, and it is time to put it to an end. If the Governors and mayors who have been allowing this to go on—depriving Americans of their life, liberty, pursuit of happiness on their own property—then it will be time for the President to use these Federal statutes to step in and bring peace to the country once again, so we can go through our lives without worrying about being chased by a mob that is upset with you just because you went and heard a speech.

Madam Speaker, I yield back the balance of my time.
