The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Indiana (Mr. VISCLOSKEY) and the gentleman from Michigan (Mr. MOOLENAAR) each will control 20 minutes.

The Chair recognizes the gentleman from Indiana.

GENERAL LEAVE

Mr. VISCLOSKY. Madam Speaker, I ask unanimous consent that all Members have 5 legislative days within which to revise and extend their remarks and include extraneous materials on H.R. 8337, currently under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Indiana?

There was no objection.

Mr. VISCLOSKY. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, obviously, we are here to consider a continuing resolution to allow the Federal Government to continue its operations, H.R. 8337.

At the outset of my remarks, I do want to thank the staff of the Appropriations Committee for all of their diligent work in some very difficult negotiations to bring us to this moment. People tend not to appreciate their good work.

This is a terrible way to govern the United States of America. I regret that I believe most of my colleagues here feel that a continuing resolution does no damage. It does serious damage to the agencies, to the budgeting process, and to fiscal discipline.

We should be having consideration today of 12 conference reports 8 days away from the beginning of the next fiscal year. The committee has completed consideration of all 12 appropriations bills. This body has passed 10 of them. Unfortunately, the other body has not acted at all. This resolution would take us to December 11.

I would point out there are anomalies in this continuing resolution. The majority have been submitted and requested by the Office of Management and Budget.

Additionally, there are some other anomalies where there were no government expenses to continue in 2020; for example, possible transition of cost; additionally, authorization legislation to continue programs which might expire on September 30, again, with the agreement of the authorizing committees.

Some Members are upset at this moment that items have not been included, but negotiations have taken place in good faith. We have an agreement, and I would ask for this body's support of the legislation.

Madam Speaker, I reserve the balance of my time.

Mr. MOOLENAAR. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I appreciate the gentleman from Indiana's concerns about the process, and I share those concerns as well. But as it goes, we are voting on this today.

By passing this short-term continuing resolution, we will provide critical support for farmers and ranchers, extend the nutrition program that has

been a lifeline during this pandemic for low-income students who are out of school, ensure critical military operations continue, support vital transportation programs by extending the FAST Act, extend the National Flood Insurance Program, ensure that there are no delays in the Department of Veterans Affairs' electronic health records system, and allow agencies experiencing operational challenges during the pandemic continued funding.

So, I think it is important that we support this legislation and move forward, and hopefully, we will get to a better agreement as we continue negotiations.

Madam Speaker, I reserve the balance of my time.

Mr. VISCLOSKY. Madam Speaker, I do have requests for time, but no one is here, so I reserve the balance of my time at this moment.

Mr. MOOLENAAR. Madam Speaker, I continue to reserve the balance of my time.

Mr. VISCLOSKY. Madam Speaker, I see Ms. GRANGER, who is the ranking member on the full committee, might be seeking recognition, so I reserve the balance of my time.

The SPEAKER pro tempore. Without objection, the gentlewoman from Texas (Ms. GRANGER) will now control the time.

There was no objection.

Ms. GRANGER. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise today in support of H.R. 8337, a short-term continuing resolution through December 11.

The coronavirus pandemic has impacted virtually every aspect of American life. During this unprecedented time, it is more critical than ever that the Federal Government remain open and functioning. By passing this short-term CR, we will provide critical support for farmers and ranchers, extend the nutrition program that has been a lifeline during the pandemic for low-income students who are out of school, ensure critical military operations continue, support vital transportation programs by extending the FAST Act, extend the National Flood Insurance Program, ensure that there are no delays in the Department of Veterans Affairs' electronic health records system, and allow agencies experiencing operational challenges during the pandemic to continue functioning.

As an appropriator, it pains me to have to consider anything short of a full-year appropriations bill for the next fiscal year. But I remain hopeful that passing this CR will allow the government to continue operating and give the House and the Senate time to work out our differences after the election.

The alternative would have been an unnecessary and costly government shutdown. I think most sides agree that that would be devastating and disastrous for our economy, our national

security, our veterans, and our public health.

I look forward to passing this bill today, moving it through the Senate, and sending it to the President's desk.

Madam Speaker, I reserve the balance of my time.

Mr. VISCLOSKY. Madam Speaker, I yield 1 minute to the gentleman from Maryland (Mr. HOYER), who is the majority leader.

Mr. HOYER. Madam Speaker, I thank the gentleman for yielding. I want to thank the ranking member for her leadership and always trying to be responsible. I thank Mr. VISCLOSKY and the Appropriations Committee for their work.

Madam Speaker, I rise in support of this agreement between the two parties and between the administration and the Congress. I am hopeful that it will pass overwhelmingly.

I have a little statement here, which I will submit. But because we want to get this business done, briefly I want to say to the Appropriations Committee: Congratulations for doing your work. I know there was controversy and everybody didn't support it, but we passed 10 of the appropriations bills almost 2 months ago, clearly sufficient time to have reached agreement and passed the appropriation bills, not a CR. A CR is a recognition of failure, failure to get our work done in a timely fashion, and I regret that.

I take some credit for passing 10 bills last year in June and 10 bills this year in July. I pushed the Appropriations Committee pretty hard. The staff worked hard; Members worked hard; and we got our bills done.

The Senate has not marked up a single bill in committee. There is no bill out of committee, and there are no bills on the floor, which means the Senate has essentially abandoned the appropriations process. Madam Speaker, that is not the way that the Congress of the United States ought to work.

I am for this. It was tough to get to. We have an agreement, and I am hopeful that everybody here will vote for it so we do not shut down the House of Representatives—excuse me—the Government of the United States, not just the House of Representatives.

That is, in my view, an unacceptable alternative ever, and we reached an agreement today. There was a lot of to-ing and fro-ing. A lot of people wanted this, a lot of people wanted that, a lot of people didn't want this, and a lot of people didn't want that. But we have an agreement that will keep the government functioning for the people from now until December 11.

What, Madam Speaker, I would urge is every one of us would from now until hopefully before December 11—that is a Friday, we are scheduled to break for Christmas and the holidays—I am hopeful that everyone will put their heads together to get the appropriations process done. We will probably do it in an omnibus, not single appropriations bills, which is not a good way to do it either.

When I joined the Appropriations Committee—and Mr. VISCLOSKY's Congressman that he worked for was on the committee with me—we passed one bill at a time.

□ 1915

The Senate passed one bill at the time, and we came to conference and sat down together, the members of the Defense Subcommittee, the members of the Treasury-Postal Subcommittee, and the Labor, Health and Human Services, Education, and Related Agencies Subcommittee. We came together individually, and we worked out agreements between the two bodies.

That is the way it ought to work. It is not working that way. In a world of alternatives, this is the best we have, so we need to take it and keep the government funded.

Madam Speaker, I look forward to working with members of the Committee on Appropriations on both sides of the aisle to effect an omnibus that we can all be proud of. We won't all agree with all of it, but at least we can say, "This is the work product of the people's House and the United States Senate," and pass it and feel that we have done our job for the people.

Madam Speaker, this Continuing Resolution is a result of the kind of cooperation that the American people expect from all of us.

It is also an example for how we ought to spend the coming days: Working toward an agreement on the HEROES Act to mitigate the continued economic fallout of the COVID-19 pandemic.

However, a Continuing Resolution is not how Congress should operate.

The House did its job, passing nearly all of the appropriation bills before the end of July.

The Republican-controlled Senate, however, failed to do its job.

It has not only failed to pass a single appropriation bill—it hasn't even introduced one.

Senate Republicans have had months to do their part to prevent a shutdown, yet here we are just eight days before the end of the fiscal year.

So, the House today will continue to do its job and govern responsibly by voting on this clean Continuing Resolution, which would keep the government open through December 11 at current funding levels.

I say this C.R. is "clean" not because it is free from anything other a date change, but because it reflects a bipartisan agreement between the issues it contains.

This C.R. includes funding for highway and transit programs and the National Flood Insurance Program for another year.

It includes funding to protect seniors from rising Medicare premiums and to keep other vital health care priorities funded, such as community health centers.

It also includes funding for children who rely on school lunch programs to continue accessing nutritious meals.

I urge my colleagues on both sides of the aisle to join in passing this Continuing Resolution and showing the American people that we will not let their government go dark in the middle of a deadly pandemic and economic crisis.

I urge the Senate to pass this Continuing Resolution and get to work without delay on full-year appropriation bills.

The House is doing its job.

It's time for the Republican Senate to start doing its job as well.

Ms. GRANGER. Madam Speaker, I yield 2 minutes to the gentleman from Illinois (Mr. RODNEY DAVIS).

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I thank Ranking Member GRANGER. I appreciate her leadership during this trying time of a pandemic.

Madam Speaker, the last thing that the United States of America needs right now in the midst of a pandemic is a lapse in government funding that was set to expire at the end of this month. We need to do better when it comes to bipartisan agreements.

I am extremely disappointed that it took us this long to get the CCC, the Commodity Credit Corporation, replenished in this agreement and not held hostage by the majority. Our farmers, our producers in middle America that don't know what the market conditions are going to be like when they harvest their crops, they needed the certainty of knowing that the United States Government was going to fully fund the risk management programs that we put in place in a bipartisan way.

I also say thank you to those who were negotiating with Ranking Member GRANGER for also including language that provides the USDA with waiver authority that provides kids, our students, with free meals. That is something I have been working on over the last few weeks with my colleagues, Congresswoman SPANBERGER, Congressman BACON, and Congressman COSTA.

With this language, we now give our schools, families, and school nutrition professionals certainty throughout the upcoming school year in the midst of a pandemic where many may not be able to get that hot meal that they have been used to getting during the normal school year.

Madam Speaker, I look forward to working with Sonny Perdue, Secretary Perdue, and the USDA to implement this important language.

Madam Speaker, I urge a "yes" vote on this package.

Mr. VISCLOSKY. Madam Speaker, I yield 2 minutes to the gentlewoman from Ohio (Ms. KAPTUR), the chairwoman of the Energy and Water Subcommittee.

Ms. KAPTUR. Madam Speaker, I thank the gentleman for yielding.

Madam Speaker, it is with frustration that I rise in support of today's short-term continuing resolution and urge my colleagues to do so as well.

Once again, we need a means to keep the lights on for the Federal Government. The American people need and deserve more from their collective elected leaders. We are in the middle of an economic crisis and global pandemic when many are unsure they can keep their own lights on.

This 11-week extension puts our Federal agencies on autopilot. They can't

begin new programs or respond to shifting priorities. It handcuffs our ability to respond to America's twin crises. It blocks investments in national security, fails to assist schools struggling to safely educate America's youth, fails the millions of families standing in long lines desperate for food assistance, and leaves millions questioning whether they even have a home tomorrow. It is a complete and total dereliction of duty for today and tomorrow.

The lack of action from our Senate colleagues, for the second year in a row, who deep-sixed their fiscal responsibility and leadership brought us here today. Our Senate friends have not even started the appropriation process. Not a single bill was considered in their committees. But they have time for another judicial confirmation.

Madam Speaker, I commend Chairwoman LOWEY's leadership, and Speaker PELOSI and Majority Leader HOYER for their prioritization and passage in the House of 10 of our 12 annual appropriations spending bills—all managed with the unknown and lack of Presidential leadership in establishing a Federal response to the COVID pandemic. The Senate achieved nothing. Nothing.

While Senate Republican strategists are squeezed in rooms over there thinking about a Supreme Court nominee before election day, they ignore their top responsibility of Congress' funding responsibility. Our Senate Republican colleagues have 11 weeks to draft and pass 12 bills, but not a single word on how they plan to achieve this monumental task.

The Energy and Water portion of the continuing resolution contains commonsense, necessary extensions to keep certain programs operating for the next 11 weeks.

Madam Speaker, I urge my colleagues to support this short-term resolution.

Ms. GRANGER. Madam Speaker, I reserve the balance of my time.

Mr. VISCLOSKY. Madam Speaker, I yield 2 minutes to the gentlewoman from Florida (Ms. WASSERMAN SCHULTZ), the chairwoman of the Military Construction-Veterans Affairs Subcommittee.

Ms. WASSERMAN SCHULTZ. Madam Speaker, I thank the gentleman for yielding.

Madam Speaker, I rise to support passage of the continuing resolution, but I am frustrated that we find ourselves here yet again.

Yet again, the Democratic House did its job. We passed our bills to fund most Federal agencies in July. It is now September. The end of the fiscal year is in 8 days, but Leader MCCONNELL and the Republican Senate have not moved a single one of the 12 appropriations bills that we are supposed to pass every year.

As an Appropriations subcommittee chair, I feel compelled to call out this gross dereliction of duty. A CR is obviously not ideal. But the bill before us

today keeps government functioning and includes fixes to facilitate coronavirus relief, which we should have done completely separately and more significantly.

The bill allows the Small Business Administration to continue to process disaster loans, which are a lifeline for many struggling small businesses. It allows FEMA access to fiscal year 2021 funding for the Disaster Relief Fund, to allow them to respond to emergencies and natural disasters.

I am particularly proud that we increase funding for the Veterans Electronic Health Record Modernization to support the increased number of deployments of the modernized system at planned sites going into fiscal year 2021, ensuring the 10-year modernization remains on schedule and on budget.

Notably, the bill also includes legislation to prevent USCIS employees from being furloughed and allow the agency to continue doing its job: adjudicating applications for work visas, asylum, and citizenship, even if that job has been greatly hindered by Trump and his enablers. The bill also includes reporting requirements to ensure accountability.

Democrats also worked hard all day today in order to secure \$8 billion in vital funding for nutrition assistance. It is absurd that we even had to fight to get Republicans to agree to an expansion of free meals for food-insecure children, but here we are.

Madam Speaker, finally, let's be clear. The fact that we are passing a CR without having already passed an additional COVID stimulus bill represents cruelty and gross incompetence of the highest order.

In May, the House passed the HEROES Act. We did our job. We need to keep the government open, but we also need additional COVID relief for the American people.

Ms. GRANGER. Madam Speaker, I reserve the balance of my time.

Mr. VISCLOSKEY. Madam Speaker, I have no further requests for time on our side, and I reserve the balance of my time.

Ms. GRANGER. Madam Speaker, I have no other speakers, and I yield back the balance of my time.

Mr. VISCLOSKEY. Madam Speaker, I simply ask our colleagues to support the continuing resolution, and I, too, yield back the balance of my time.

Ms. LEE of California. Madam Speaker, I am disappointed that we have to do this, pass a stop gap Continuing Resolution. But it must be done. The alternative is to shut down the government while our people are worried about their health, their jobs and their homes.

Under Chairwoman LOWE's leadership, the House did its job. We passed ten appropriations bills this summer, doing our jobs to meet the needs of the American people. We did this even in the face of a pandemic which forced us to adopt novel ways of working. Meanwhile, the other body has not marked up even one bill.

People across the country are waiting for their government to take action. Action to fight

the pandemic. Action to take belated action to dismantle systemic racism in our society. Action to end endless wars. Action just to do our most fundamental job of keeping the government running.

I urge my colleagues to support this continuing resolution.

Ms. JACKSON LEE. Madam Speaker, as a senior member of the Committees on the Judiciary, on Homeland Security, and on the Budget, I rise in support of H.R. 8337, a bill that provides funding to continue the operations of the federal government through December 11, 2020, and avoids a wasteful and irresponsible shutdown, and also the underlying bill.

The House, led by the Democratic majority, did its job, passing 10 of the 12 appropriations bills earlier this year but Senate Republicans failed to hold a single markup of appropriations bills, making it necessary to pass this Continuing Resolution to avert a shutdown that would only further damage our economy.

Throughout the 116th Congress, House Democrats have worked to deliver results for the American people, passing legislation to address each pillar of the "For The People" agenda: lower health care costs, higher wages by rebuilding America, and cleaning up corruption and strengthening our Democracy.

And over the past two years, under the leadership of Speaker Pelosi, the House has passed nearly 600 bills, including legislation to lower health care and prescription drug prices, raise wages, advance economic and retirement security, end gun violence, act on the climate crisis, protect Dreamers, and strengthen voting rights.

For example, in this Congress the House has passed and sent to the Senate the following major legislative bills:

H.R. 1, For The People Act;
H.R. 2, Moving Forward Act;
H.R. 3, The Elijah E. Cummings Lower Drug Costs Now Act;
H.R. 4, Voting Rights Advancement Act;
H.R. 5, Equality Act;
H.R. 6, The American Dream & Promise Act;
H.R. 7, Paycheck Fairness Act;
H.R. 8, Bipartisan Background Checks Act;
H.R. 9, Climate Action Now Act;
H.R. 582, Raise the Wage Act;
H.R. 1425, Patient Protection and Affordable Care Enhancement Act;
H.R. 1585, Violence Against Women Reauthorization Act; and
H.R. 7120, George Floyd Justice in Policing Act.

These along with many, many others are among the 340 bills sitting on Majority Leader McConnell's desk awaiting Senate action.

Madam Speaker, in truth the Republican-controlled Senate has been missing in action for much of the 116th Congress.

Whether it the urgent need to fortify our election systems from confirmed foreign interference, notably from Vladimir Putin's Russia, or lower prescription drugs prices and expanding and protecting the right of all Americans to affordable, accessible, high quality health care, fixing our broken immigration system, or holding a wayward Executive to account, has failed American people in its basic duty to promote the general welfare and provide for the common defense.

Nowhere is this more apparent than its failure to take up and vote on the HEROES Act

passed by the House in May of this year to address the devastating budgetary and fiscal impacts of the COVID-19 pandemic which the President exacerbated by his incompetent response to the crisis.

The numbers are heartbreaking.

As of September 21, 2020, the number of lives lost to COVID-19 has passed another grim milestone and now exceeds 200,000.

As of September 20, 2020, there were 6,812,470 cases of COVID-19, which along with the number of lives lost leads the world.

When President Obama left office on January 20, 2017, unemployment was at 4.7 percent; today, due to the mismanagement of the COVID-19 pandemic by President Trump and Republicans, unemployment is nearly double at 8.4 percent.

When Trump took office in January 2017, there were 241,000 initial unemployment insurance (UI) claims for the week ending January 28, 2017 and at the beginning of the 116th Congress in January 2019: there were 236,000 initial UI claims.

Today, due to the mismanagement of the COVID-19 pandemic by President Trump and Republicans, there were 860,000 initial UI claims for the week ending September 12, 2020.

Approximately 30 million Americans have lost the job they had just months ago because of this Administration's ineptitude and cavalier regard for the well-being of the American people.

Madam Speaker, during President Obama's last full year in office in 2016, the deficit was \$585 billion but under the mismanagement of the current Administration, we have seen the deficit balloon nearly seven-fold to \$3.3 trillion.

Continuing this Administration's unbroken chain of woe, in 2019, after repeated attempts by Republicans to undermine and sabotage the Affordable Care Act, there were 33.2 million uninsured Americans, 5 million more than when President Obama left office.

It has been estimated by reputable experts that from February 2020 through May 2020 alone, an estimated 5.4 million Americans became uninsured because of unprecedented job loss caused by the Republican mismanagement of this pandemic.

Given the wreckage to the economy and the damage to the lives and livelihoods of the American people, it is unconscionable that this Administration is pursuing a lawsuit to strike down the Affordable Care Act, which would take health care coverage away from 20 million Americans and take away protections for 132 million persons who have pre-existing conditions.

Madam Speaker, this country desperately needs and wants change.

While I believe that November 3, will herald that the change we need is coming, we must keep our ship of state afloat before we can right the course.

That is why I reluctantly support the Continuing Resolution that will be before us.

Madam Speaker, let me briefly list several of the programs vital to Americans that are protected or extended by H.R. 8337.
