

tiger bill, that, as I understand, only pertains to one place that keeps tigers, that during that period we voted on the tiger bill, there have been more people die of COVID than have died from tigers over the last 25 years. Yet, we rush in here to do the tiger bill.

I know there is a lot of use, metaphorically, of the red pill/blue pill from *The Third Eye* or *The Matrix*. And it is intriguing. You know, the red pill is supposed to show you truth, what is really going on, and the blue pill, you will just be in blissful ignorance. I couldn't help but be reminded of that.

When we are in here, we are not passing anything to help with COVID, not to help businesses going out of business. We are passing what ought to be called the blue pill law. We are not going to fix your problems, but we are hoping you will smoke dope so that you can—marijuana. So we are—I didn't vote for it—but appropriating a bunch of money to make marijuana more accessible, not for medicinal purposes—a lot of us are okay with that—but for widespread recreational use.

So that if you are bothered—whether it is seeing an election stolen or seeing your business go bankrupt, because the Government won't you let you open, or seeing your church being closed and the preacher being taken down for someone who failed to wear a mask—smoke some dope. That is the message of the week. And that is what we did this week.

So that is the message from the majority. Go smoke some dope, take the blue pill, and you will enjoy life so much more.

Mr. Speaker, I yield back the balance of my time.
