

nicknamed “Spiderbot,” which competed against other robots, doing tasks like maneuvering under bridges and stacking blocks on a plate.

This progressive small town of less than 500 residents is preparing its students for 21st century careers by offering robotics as a career and technical education course for credit at the school. The success of this program is due in large part to the support and encouragement from many, including school administrators, teachers, volunteers, and parents.

To the students on the Alexander Robotics Team, their adviser Cathy White, and all who support them, I send my congratulations on becoming State champions. They are an inspiration to so many with their knowledge and passion. North Dakota will be watching as they compete in the world championships in Detroit in late April. I have a feeling we will be hearing much more from all of them in future careers as successful engineers and entrepreneurs.●

RECOGNIZING THE GATHERING PLACE

● Mr. RISCH. Mr. President, as a member and former chairman of the Senate Committee on Small Business and Entrepreneurship, each month I recognize and celebrate the American entrepreneurial spirit by highlighting the success of a small business in my home State of Idaho. Today I am pleased to honor The Gathering Place located in Bonners Ferry as the Idaho Small Business of the Month for March 2020.

In 2006, Norv and Sharon Skrivseth founded Sharon's Country Store as a side business in the basement of their home. The store was an immediate success, and it soon burgeoned into a thriving storefront providing local jobs and opportunities to the Bonners Ferry community. Eventually, Sharon's Country Store expanded to include the Bread Basket Bakery in 2014 and the 3-Mile Produce Stand in 2016. As the business grew, friends and customers started referring to the stores as “The Gathering Place,” and the Skrivseths happily embraced the new title.

Today, The Gathering Place continues to be run Norv, Sharon, and their six children. With the motto “Come, Sit, and Stay Awhile,” the businesses continues to attract locals and travelers alike with its wide array of homemade products, fresh food, and produce. The Skrivseths' warm hospitality and a commitment to service translates not only into a superior experience for their customers, but also into strong community engagement. Norv and Sharon are considered pillars in the Bonners Ferry community, often donating to various charitable causes and school events throughout the area. Success stories like that of The Gathering Place demonstrate why Idaho is consistently ranked one of the best places in the country to do business.

Congratulations to Norv, Sharon, and all of the employees of The Gathering

Place on being selected as the Idaho Small Business of the Month for March 2020. You make our great State proud, and I look forward to your continued growth and success.●

PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-186. A concurrent resolution adopted by the General Assembly of the State of Ohio urging the United States Congress to encourage the Administrator of the Federal Motor Carrier Safety Administration (FMCSA) to change the crash indicator Behavior Analysis and Safety Improvement Categories (BASIC) regulation standards to consider only crashes in which the driver was at fault for the crash; to the Committee on Commerce, Science, and Transportation.

HOUSE CONCURRENT RESOLUTION NUMBER 8

Whereas, The Federal Motor Carrier Safety Administration (FMCSA) uses the Safety Measurement System (SMS) to assess commercial motor vehicle carriers in seven Behavior Analysis and Safety Improvement Categories (BASICS); and

Whereas, The BASICS include Unsafe Driving, Crash Indicator, Hours-of-Service Compliance, Vehicle Maintenance, Controlled Substances and Alcohol, Hazardous Materials Compliance, and Driver Fitness; and

Whereas, SMS data allows the FMCSA to assess carrier noncompliance with the regulations promulgated by the FMCSA and provides the commercial motor vehicle carrier industry and other safety stakeholders with comprehensive, informative, and regularly updated safety performance data; and

Whereas, SMS data is used to make safety-based business decisions using all available sources of information; and

Whereas, The Crash Indicator BASIC includes data concerning all state-reported crashes, regardless of the carrier's or driver's role in the crash; and

Whereas, By including crashes in which a carrier or driver was not at fault, the current data creates an inaccurate, incriminating, and imbalanced portrayal of the carrier's or driver's crash record, with the potential for devastating personal and business consequences for otherwise upstanding and safe carriers and drivers: Now therefore be it

Resolved, That we, the members of the 133rd General Assembly of the State of Ohio, urge the Congress of the United States to encourage the Administrator of the FMCSA to change the Crash Indicator BASIC regulation standards to consider only crashes in which the driver was at fault for the crash; and be it further

Resolved, That the Clerk of the House of Representatives transmit duly authenticated copies of this resolution to the President Pro Tempore and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, the President of the United States, the members of the Ohio Congressional delegation, and the news media of Ohio.
