There being no objection, the text of the bill was ordered to be printed in the RECORD, as follows:

S. 3938

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Hand Sanitizer Guidance Extension Act of 2020".

SEC. 2. FEDERAL GUIDANCE ON HAND SANITIZER.

(a) EXTENSION OF FEDERAL GUIDANCE.—The Food and Drug Administration guidance entitled "Guidance for Industry: Temporary Policy for Preparation of Certain Alcohol-Based Hand Sanitizer Products During the Public Health Emergency (COVID-19)", initially released on March 23, 2020, and updated on April 15, 2020, and on June 1, 2020, shall remain in effect until the date that is 2 years after the date of enactment of this Act.

(b) EFFECT OF EXTENSION.—During the 2-year period described in subsection (a), the Food and Drug Administration shall permit the production, sale, and use of hand sanitizer, consistent with the guidance described in subsection (a), provided that such hand sanitizer is manufactured using only the following ingredients in the preparation of the product:

(3) has otherwise been approved for use by the Food and Drug Administration.

(d) AUTOMATIC EXTENSION.—The effective period of the guidance described in subsection (a) shall automatically be extended for 1 additional year if the Secretary of Health and Human Services determines that a public health emergency exists at the time that the 2-year period described in subsection (a) expires.

(e) EXEMPTION.—If the Commissioner of Food and Drugs determines that a public health emergency requires that the requirement for the use of denatured alcohol be reduced, or requires a waiver of any other requirement with respect to hand sanitizer under the guidance, the Commissioner of Food and Drugs may waive or reduce such requirement, as applicable.

Mr. THUNE. Mr. President, like most other sectors of our economy, agri-

culture has taken a huge hit from the coronavirus. The pandemic has caused significant market volatility, sending many commodity futures prices plummeting.

Increased consumer demand for beef led to significant increases in boxed beef prices, while cattle prices plummeted, which led to significant gaps between cattle producer and packer profit margins. To make the situation worse, temporary closures and reduced processing capacity at U.S. meatpacking plants as a result of the virus further diminished demand for livestock and depressed prices. This has aggravated an already difficult situation for farmers and ranchers.

Unlike the majority of the economy, which was thriving before the coronavirus pandemic, the agricultural economy has been struggling for a while. Low prices, extended trade disputes, and natural disasters have meant a tough few years for farmers and ranchers even before the coronavirus hit. Now things are even more challenging.

Agriculture is the lifeblood of my State of South Dakota. So supporting farmers and ranchers during the crisis has been one of my top priorities. I fought to get agriculture relief money included in the Coronavirus Aid Relief and Economic Security Act, or the CARES Act, which was signed into law in late March. The final bill included \$14 billion to replenish the Commodity Credit Corporation to allow the Department of Agriculture to provide income and price support for farmers and ranchers, plus an additional \$9.5 billion in emergency support for agricultural producers affected by the pandemic.

Days after the bill passed, I led a bipartisan group of Senators and Representatives in a letter to Secretary of Agriculture Sonny Perdue urging him to use a portion of the funds to provide support for hard-hit cattle producers. In mid-April, the Department of Agriculture responded to that letter and other petitions by announcing that it would issue \$16 billion in direct payments to agriculture producers affected by the virus. Signups for this funding began at the end of May, and, as of June 8, South Dakota agriculture producers had received approximately \$80 million.

Over the past 2 months, I kept in constant contact with the Department of Agriculture and others to amplify producers' concerns and to urge swift relief. I have also been focused on developing additional legislation to help farmers and ranchers weather this crisis.

Last week, I introduced legislation to allow emergency haying and grazing on Conservation Reserve Program acres for the duration of this crisis. Under current law, ag producers can hay or graze their CRP acres during weather-related disasters without a reduction in their CRP payments. My legislation would extend that provision to cover pandemics, including the COVID-19 pandemic.
