- (a) FINDING.—In its final report, the Section 809 Panel recommended the adoption of consumption-based approaches at the Department of Defense, stating, "More things will be sold as a service in the future. XaaS could really mean everything in the context of the Internet of things (IoT). Consumptionbased solutions are appearing in many industry sectors, from last mile transportation (e.g., bike shares and electric scooters) to agriculture (e.g., tractor-as-a-service for farmers in developing countries). Most smart phone users are familiar with software updates that provide bug fixes or new features. A more extreme example of technology innovation enabled by the IoT is the ability to deliver physical performance improvements to vehicles through over-the-air software updates. . . In the not-so-distant future, cloud computing and the IoT will enable consumption-based solution offerings and delivery models that are hard to imagine today.
- (b) SENSE OF CONGRESS.—It is the sense of Congress—
- (1) that the Department of Defense should take advantage of "as-a-service" or "aaS" approaches in commercial capability development, particularly where the capability is software-defined, and cloud-enabled;
- (2) to support the Department of Defense's commitment to new approaches to development and acquisition of software;
- (3) that the Department should explore a variety of approaches, to include the use of consumption-based solutions for software-intensive warfighting capability; and
- (4) that, in conducting activities under the pilot program established under this program, the Department should use the Software pathway under the new Adaptive Acquisition Framework.
- (c) In General.—Subject to the availability of appropriations, the Secretary of Defense is authorized to establish a pilot program to explore the use of consumption-based solutions to address software-intensive warfighting capability.
- (d) SELECTION OF INITIATIVES.—The Secretary of each military department and the commander of each combatant command with acquisition authority shall propose for selection by the Secretary of Defense for the pilot program at least one and not more than three initiatives that are well-suited to explore consumption-based solutions to address software-intensive warfighting capability. The initiatives may be new or existing programs of record and shall focus on software-defined or machine-enabled warfighting applications, and may include applications
- (1) rapidly analyze sensor data;
- (2) secure warfighter networks, including multi-level security:
- (3) swiftly transport information across various networks and network modalities; or
- (4) otherwise enable joint all-domain operational concepts, including in a contested environment.

- (e) CONTRACT REQUIREMENTS.—Contracts for consumption-based solutions entered into pursuant to the pilot program shall provide for—
- (1) the solution to be measurable on a frequent interval customary for the type of solution:
- (2) the contractor to notify the government when consumption reaches 75 percent and 90 percent of the contract funded amount; and
- (3) discretion for the contracting officer to add new features or capabilities without additional competition for the contract, provided that the amount of the new features or capabilities does not exceed 25 percent of the total contract value.
- (f) DURATION OF INITIATIVES.—Each initiative carried out under the pilot program shall be carried out during the three-year period following selection of the initiative.
- (g) MONITORING AND EVALUATION OF PILOT PROGRAM.—The Director of the Office of Cost Assessment and Program Evaluation shall establish continuous monitoring to evaluate the pilot program established under subsection (c), including collecting data on cost, schedule, and performance from the program office, the user community, and the contractors
 - (h) REPORTS.—
- (1) INITIAL REPORT.—Not later than January 31, 2021, the Secretary of Defense shall submit to the congressional defense committees a report on initiatives selected for the pilot program, roles and responsibilities for implementing the pilot program, and the monitoring and evaluation approach for the pilot.
- (2) PROGRESS REPORT.—Not later than April 15, 2021, the Secretary of Defense shall submit to the congressional defense committees a report on the progress of the initiatives.
- (3) FINAL REPORT.—Not later than 3 years after the date of the enactment of this Act, the Secretary of Defense shall submit to the congressional defense committees a report on the cost, schedule, and performance outcomes of the initiatives. The report shall also include lessons learned about the use of consumption-based solutions for software-intensive capabilities and any recommendations for statutory or regulatory changes to facilitate their use.
- (i) Consumption-based Solution Defined.—In this section, the term "consumption-based solution" means any combination of software, hardware or equipment, and labor or services that provides a seamless capability that is metered and billed based on actual usage and predetermined pricing per resource unit, and includes the ability to rapidly scale capacity up or down.

SEC. 1703. FINDINGS.

Congress makes the following findings:

(1) The Joint Declaration and the Basic Law clarify certain obligations and promises

- that the Government of China has made with respect to the future of Hong Kong.
- (2) The obligations of the Government of China under the Joint Declaration were codified in a legally-binding treaty, signed by the Government of the United Kingdom of Great Britain and Northern Ireland and registered with the United Nations.
- (3) The obligations of the Government of China under the Basic Law originate from the Joint Declaration, were passed into the domestic law of China by the National People's Congress, and are widely considered by citizens of Hong Kong as part of the de facto legal constitution of Hong Kong.
- (4) Foremost among the obligations of the Government of China to Hong Kong is the promise that, pursuant to Paragraph 3b of the Joint Declaration, "the Hong Kong Special Administrative Region will enjoy a high degree of autonomy, except in foreign and defence affairs which are the responsibilities of the Central People's Government".
- (5) The obligation specified in Paragraph 3b of the Joint Declaration is referenced, reinforced, and extrapolated on in several portions of the Basic Law, including Articles 2, 12. 13. 14. and 22.
- (6) Article 22 of the Basic Law establishes that "No department of the Central People's Government and no province, autonomous region, or municipality directly under the Central Government may interfere in the affairs which the Hong Kong Special Administrative Region administers on its own in accordance with this Law.".
- (7) The Joint Declaration and the Basic Law make clear that additional obligations shall be undertaken by China to ensure the "high degree of autonomy" of Hong Kong.
- (8) Paragraph 3c of the Joint Declaration states, as reinforced by Articles 2, 16, 17, 18, 19, and 22 of the Basic Law, that Hong Kong "will be vested with executive, legislative and independent judicial power, including that of final adjudication".
- (9) On multiple occasions, the Government of China has undertaken actions that have contravened the letter or intent of the obligation described in paragraph (8) of this section, including the following:
- (A) In 1999, the Standing Committee of the National People's Congress overruled a decision by the Hong Kong Court of Final Appeal on the right of abode.
- (B) On multiple occasions, the Government of Hong Kong, at the advice of the Government of China, is suspected to have not allowed persons entry into Hong Kong allegedly because of their support for democracy and human rights in Hong Kong and China.
- (C) The Liaison Office of China in Hong Kong has, despite restrictions on interference in the affairs of Hong Kong as detailed in Article 22 of the Basic Law—
- (i) openly expressed support for candidates in Hong Kong for Chief Executive and Legislative Council:
- (ii) expressed views on various policies for the Government of Hong Kong and other internal matters relating to Hong Kong; and
- (iii) on April 17, 2020, asserted that both the Liaison Office of China in Hong Kong and the Hong Kong and Macau Affairs Office of the State Council "have the right to exercise supervision . . . on affairs regarding Hong Kong and the mainland, in order to ensure correct implementation of the Basic Law".
- (D) The National People's Congress has passed laws requiring Hong Kong to pass laws banning disrespectful treatment of the national flag and national anthem of China.
- (E) The State Council of China released a white paper on June 10, 2014, that stressed the "comprehensive jurisdiction" of the Government of China over Hong Kong and indicated that Hong Kong must be governed by "patriots".

- (F) The Government of China has directed operatives to kidnap and bring to the mainland, or is otherwise responsible for the kidnapping of, residents of Hong Kong, including businessman Xiao Jianhua and bookseller Gui Minhai.
- (G) The Government of Hong Kong, acting with the support of the Government of China, introduced an extradition bill that would have permitted the Government of China to request and enforce extradition requests for any individual present in Hong Kong, regardless of the legality of the request or the degree to which it compromised the judicial independence of Hong Kong.
- (H) The spokesman for the Standing Committee of the National People's Congress said, "Whether Hong Kong's laws are consistent with the Basic Law can only be judged and decided by the National People's Congress Standing Committee. No other authority has the right to make judgments and decisions."
- (10) Paragraph 3e of the Joint Declaration states, as reinforced by Article 5 of the Basic Law, that the "current social and economic systems in Hong Kong will remain unchanged, as so will the life-style."
- (11) On multiple occasions, the Government of China has undertaken actions that have contravened the letter or intent of the obligation described in paragraph (10) of this section, including the following:
- (A) In 2002, the Government of China pressured the Government of Hong Kong to introduce "patriotic" curriculum in primary and secondary schools.
- (B) The governments of China and Hong Kong proposed the prohibition of discussion of Hong Kong independence and self-determination in primary and secondary schools, which infringes on freedom of speech.
- (C) The Government of Hong Kong mandated that Mandarin, and not the native language of Cantonese, be the language of instruction in Hong Kong schools.
- (D) The governments of China and Hong Kong agreed to a daily quota of mainland immigrants to Hong Kong, which is widely believed by citizens of Hong Kong to be part of an effort to "mainlandize" Hong Kong.
- (12) Paragraph 3e of the Joint Declaration states, as reinforced by Articles 4, 26, 27, 28, 29, 30, 31, 32, 33, 34, and 39 of the Basic Law, that the "rights and freedoms, including those of person, of speech, of the press, of assembly, of association, of travel, of movement, of correspondence, of strike, of choice of occupation, of academic research and of religious belief will be ensured by law" in Hong Kong.
- (13) On multiple occasions, the Government of China has undertaken actions that have contravened the letter or intent of the obligation described in paragraph (12) of this section, including the following:
- (A) On February 26, 2003, the Government of Hong Kong introduced a national security bill that would have placed restrictions on freedom of speech and other protected rights.
- (B) The Liaison Office of China in Hong Kong has pressured businesses in Hong Kong not to advertise in newspapers and magazines critical of the governments of China and Hong Kong.
- (C) The Hong Kong Police Force selectively blocked demonstrations and protests expressing opposition to the governments of China and Hong Kong or the policies of those governments.
- (D) The Government of Hong Kong refused to renew work visa for a foreign journalist, allegedly for hosting a speaker from the banned Hong Kong National Party.
- (E) The Justice Department of Hong Kong selectively prosecuted cases against leaders of the Umbrella Movement, while failing to

- prosecute police officers accused of using excessive force during the protests in 2014.
- (F) On April 18, 2020, the Hong Kong Police Force arrested 14 high-profile democracy activists and campaigners for their role in organizing a protest march that took place on August 18, 2019, in which almost 2,000,000 people rallied against a proposed extradition bill.
- (14) Articles 45 and 68 of the Basic Law assert that the selection of Chief Executive and all members of the Legislative Council of Hong Kong should be by "universal suffrage."
- (15) On multiple occasions, the Government of China has undertaken actions that have contravened the letter or intent of the obligation described in paragraph (14) of this section, including the following:
- (A) In 2004, the National People's Congress created new, antidemocratic procedures restricting the adoption of universal suffrage for the election of the Chief Executive of Hong Kong.
- (B) The decision by the National People's Congress on December 29, 2007, which ruled out universal suffrage in 2012 elections and set restrictions on when and if universal suffrage will be implemented.
- (C) The decision by the National People's Congress on August 31, 2014, which placed limits on the nomination process for the Chief Executive of Hong Kong as a condition for adoption of universal suffrage.
- (D) On November 7, 2016, the National People's Congress interpreted Article 104 of the Basic Law in such a way to disqualify 6 elected members of the Legislative Council.
- (E) In 2018, the Government of Hong Kong banned the Hong Kong National Party and blocked the candidacy of pro-democracy candidates.
- (16) The ways in which the Government of China, at times with the support of a subservient Government of Hong Kong, has acted in contravention of its obligations under the Joint Declaration and the Basic Law, as set forth in this section, are deeply concerning to the people of Hong Kong, the United States, and members of the international community who support the autonomy of Hong Kong.

SEC. 1704. SENSE OF CONGRESS REGARDING HONG KONG.

It is the sense of Congress that-

- (1) the United States continues to uphold the principles and policy established in the United States-Hong Kong Policy Act of 1992 (22 U.S.C. 5701 et seq.) and the Hong Kong Human Rights and Democracy Act of 2019 (Public Law 116-76; 22 U.S.C. 5701 note), which remain consistent with China's obligations under the Joint Declaration and certain promulgated objectives under the Basic Law, including that—

It is the sense of the Senate that—

- (1) the special immigrant visa program for Afghan allies is critical to the mission in Afghanistan and the long-term interests of the United States;
- (2) maintaining a robust special immigrant visa program for Afghan allies is necessary

to support United States Government personnel in Afghanistan who need translation, interpretation, security, and other services;

- (3) Afghan allies routinely risk their lives to assist United States military and diplomatic personnel;
- (4) honoring the commitments made to Afghan allies with respect to the special immigrant visa program is essential to ensuring—
- (A) the continued service and safety of such allies; and
- (B) the willingness of other like-minded individuals to provide similar services in any future contingency;
- (5) the Afghan Allies Protection Act of 2009 (8 U.S.C. 1101 note) states that all Government-controlled processing of applications for special immigrant visas under that Act "should be completed not later than 9 months after the date on which an eligible alien submits all required materials to complete an application for such visa";

- (A) maintain an ability to operate in Afghanistan;
- (B) seek to undermine stability in the region; and
- (C) threaten the security of Afghanistan, the United States, and the allies of the United States;
- (2) the South Asia strategy correctly emphasizes the importance of a conditions-based United States presence in Afghanistan; therefore, any decision to withdraw the Armed Forces of the United States from Afghanistan should be done in an orderly manner in response to conditions on the ground, and in coordination with the Government of Afghanistan and United States allies and partners in the Resolute Support mission, rather than arbitrary timelines;
- (3) a precipitous withdrawal of the Armed Forces of the United States and United States diplomatic and intelligence personnel from Afghanistan without effective, countervailing efforts to secure gains in Afghanistan may allow violent extremist groups to regenerate, threatening the security of the Afghan people and creating a security vacuum that could destabilize the region and provide ample safe haven for extremist groups seeking to conduct external attacks;
- (4) ongoing diplomatic efforts to secure a peaceful, negotiated solution to the conflict in Afghanistan are the best path forward for establishing long-term stability and eliminating the threat posed by extremist groups in Afghanistan;
- (5) the United States supports international diplomatic efforts to facilitate peaceful, negotiated resolution to the ongoing conflict in Afghanistan on terms that respect the rights of innocent civilians and deny safe havens to terrorists; and
- (6) as part of such diplomatic efforts, and as a condition to be met prior to withdrawal,

the United States should seek to secure the release of any United States citizens being held against their will in Afghanistan.

- (B) a plan for the orderly transition of all security-related tasks currently undertaken by the Armed Forces of the United States in support of the Afghan National Defense and Security Forces to Afghanistan, including—

DIVISION E—ADDITIONAL PROVISIONS TITLE LI—PROCUREMENT

Subtitle B—Army Programs SEC. 5111. REPORT ON CH-47F CHINOOK BLOCK-II UPGRADE.

- (a) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, the Secretary of Defense, in consultation with the Secretary of the Army, shall submit to the congressional defense committees a report that includes the following elements:
- (1) An analysis of the warfighting capability currently delivered by the Block I and Block II configurations of H-47 Chinook helicopters.
- (2) An analysis of the feasibility and advisability of delaying or terminating the CH-47F Chinook Block-II upgrade.
- (3) A plan to ensure that warfighter capability is not negatively affected by the delay or termination of the CH-47F Chinook Block-II upgrade.
- (b) FORM.—The report required under subsection (a) shall be submitted in unclassified form, but may include a classified annex.

Subtitle C—Navy Programs SEC. 5121. LIMITATION ON ALTERATION OF NAVY FLEET MIX.

- (a) SENSE OF CONGRESS.—It is the sense of Congress that—
- (1) the United States shipbuilding and supporting vendor base constitute a national security imperative that is unique and must be protected;
- (2) a healthy and efficient industrial base continues to be a fundamental driver for achieving and sustaining a successful shipbuilding procurement strategy;
- (3) without consistent and continuous commitment to steady and predictable acquisition profiles, the industrial base will struggle and some elements may not survive; and
- (4) proposed reductions in the future-years defense program to the DDG-51 Destroyer procurement profile without a clear transition to procurement of the next Large Surface Combatant would adversely affect the shipbuilding industrial base and long-term strategic objectives of the Navy.

- (b) LIMITATION.—
- (1) In general.—The Secretary of the Navy may not deviate from the 2016 Navy Force Structure Assessment to implement the results of a new force structure assessment or new annual long-range plan for construction of naval vessels that would reduce the requirement for Large Surface Combatants to fewer than 104 such vessels until the date on which the Secretary of the Navy submits to the congressional defense committees the certification under paragraph (2) and the report under subsection (c).
- (2) CERTIFICATION.—The certification referred to in paragraph (1) is a certification, in writing, that each of the following conditions have been satisfied:
- (A) The large surface combatant shipbuilding industrial base and supporting vendor base would not significantly deteriorate due to a reduced procurement profile.
- (B) The Navy can mitigate the reduction in anti-air and ballistic missile defense capabilities due to having a reduced number of DDG-51 Destroyers with the advanced AN/SPY-6 radar in the next three decades.
- (c) REPORT.—Not later than 90 days after the date of the enactment of this Act, the Secretary of the Navy shall submit to the congressional defense committees a report that includes—
- (1) a description of likely detrimental impacts to the large surface combatant industrial base and the Navy's plan to mitigate any such impacts if the fiscal year 2021 future-years defense program were implemented as proposed;
- (2) a review of the benefits to the Navy fleet of the new AN/SPY-6 radar to be deployed aboard Flight III variant DDG-51 Destroyers, which are currently under construction, as well as an analysis of impacts to the fleet's warfighting capabilities, should the number of such destroyers be reduced; and
- (3) a plan to fully implement section 131 of the National Defense Authorization for Fiscal Year 2020 (Public Law 116-92), including subsystem prototyping efforts and funding by fiscal year.

TITLE LII—RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

- (b) CONTENTS.—The report required by subsection (a) shall include an assessment of each of the following:
- (1) The need for the Department of Defense to develop an artificial intelligence standards strategy.
- (2) Any efforts to date on the development of such a strategy.
- (3) The ways in which an artificial intelligence standards strategy will improve the national security.
- (4) How the Secretary intends to collaborate with—
- (A) the Director of the National Institute of Standards and Technology;
- (B) the Secretary of Homeland Security;
- (C) the intelligence community;
- (D) the Secretary of State;

- (E) representatives of private industry, specifically representatives of the defense industrial base; and

TITLE LIII—OPERATION AND MAINTENANCE

Subtitle C-Logistics and Sustainment

SEC. 5331. USE OF COST SAVINGS REALIZED FROM INTERGOVERNMENTAL SERVICES AGREEMENTS FOR INSTALLATION-SUPPORT SERVICES.

- (a) REQUIREMENT.—Section 2679 of title 10, United States Code, is amended—

- (2) by inserting after subsection (c) the following new subsection (d):
- "(d) USE OF COST SAVINGS REALIZED.—(1) With respect to a fiscal year in which cost savings are realized as a result of entering into an intergovernmental support agreement under this section for a military installation, the Secretary concerned shall make not less than 25 percent of the amount of such savings available for use by the commander of the installation solely for sustainment restoration and modernization requirements that have been approved by the major subordinate command or equivalent component.
- "(2) Not less frequently than annually, the Secretary concerned shall certify to the congressional defense committee the amount of the cost savings achieved, the source and type of intergovernmental support agreement that achieved the savings, and the manner in which those savings were deployed, disaggregated by installation.".
- (b) EFFECTIVE DATE.—The amendments made by this section shall apply with respect to fiscal year 2021 and each subsequent fiscal year.

Subtitle D-Reports

SEC. 5351. REPORT ON NON-PERMISSIVE, GLOBAL POSITIONING SYSTEM DENIED AIR-FIELD CAPABILITIES.

- (a) IN GENERAL.—Not later than February 1, 2021, the Secretary of Defense shall submit to the congressional defense committees a report assessing the ability of each combatant command to conduct all-weather, daynight airfield operations in a non-permissive, global positioning system denied environment
- (b) ELEMENTS.—The report required under subsection (a) shall include, at a minimum, the following:
- (1) An assessment of current air traffic control and landing systems at existing airfields and contingency airfields.

keeping, counterterror, and maritime initiatives.
