With that, I yield the floor. The PRESIDING OFFICER. The Senator from Kansas.

COMMANDER JOHN SCOTT HANNON VETERANS MENTAL HEALTH CARE IMPROVEMENT ACT OF 2019

Mr. MORAN. Mr. President, I am pleased to be on the floor this evening, but I am here to discuss a significantly tragic issue that affects way too many Americans all across our country—certainly at home in Kansas—and that is the lack of treatment for mental health conditions and, in many instances, the consequence that comes from that—suicide.

Sadly, veterans in particular face risks for suicide, and, unfortunately, COVID-19 has increased the problem. Veterans have a higher rate of suicide and mental health issues than people who have not served in our armed services.

We know there is not a single explanation or reason for suicide, and there is no single treatment for prevention strategy. One veteran lost to suicide is one too many, and, of course, we all have the obligation to help those who have served our Nation—those who fought bravely for our country—to help fix this tragedy.

Every day that we fail to act is another day we lose another 20 veterans to suicide. They need our help.

I want to highlight one veteran who fought a battle with his mental health condition, CDR John Scott Hannon. Commander Hannon was a decorated Navy SEAL. I met his family through Senator from Montana, Mr. TESTER. He. like every other veteran. was more than just what his service record would show. His family and friends remember him as a passionate mental health advocate for veterans. He tried to help other veterans who faced the same challenges that he did. They say he had a gentle heart and a fierce belief in taking actions to tackle big challenges.

Sadly, Commander Hannon lost his fight with post-traumatic stress, bipolar disorder, and the effects of a traumatic brain injury. He lost that fight in February 2018. He now lives on in the memories of his friends and family, and when S. 785 becomes law—the namesake of the Commander John Scott Hannon Veterans Mental Health Care Improvement Act—he will be remembered even more—more by other Americans than his family and friends.

I am proud to lead this effort in passage of this legislation, in its development, its creation, in the studies and efforts, the conversations that went on with my colleagues in the Senate, our colleagues in the Veterans' Affairs Committee, the veterans service organizations, and his family. I am proud to lead that effort with the Senator from Montana, the Senator who represents Commander Hannon's family.

For several months now, our committee has been working closely with

the Department of Veterans Affairs and the White House to improve upon and advance S. 785. This bill will make necessary investments in suicide prevention. It will improve and support innovative research. It will make improvements and increase the availability of mental health care.

This bill establishes a grant program championed by Mr. Boozman, the Senator from Arkansas. The VA will be required to better collaborate with community organizations across the country, serving veterans.

Senator Tester, Senator Boozman, and I come from rural States, and it is hard to find the services where they are necessary. If we can allow the Department of Veterans Affairs to deal with local organizations, we have a better chance of fighting suicide.

This legislation represents a team effort. I appreciate Secretary Wilkie, David Ballenger, Cathy Haverstock, and Chris Anderson for their help and commitment in addressing mental health services.

President Trump and his support for veterans is well recognized. The Second Lady, Karen Pence, has also been a long-time advocate for veterans' mental health, and I appreciate our conversations on this important topic. The staff at the White House and at the Domestic Policy Council—Joe Grogan, Brooke Rollins, James Baehr, and Virginia McMillin—deserve recognition as well.

The Senate VA committee is known for its spirit of bipartisanship, and I want to thank my colleagues on both sides of the aisle for their input on this important legislation. Along with the lead sponsor of this legislation, Senator Tester, and the efforts I mentioned of Senator BOOZMAN, I would recognize Senator Sullivan, Senator TILLIS, Senator CASSIDY, Senator ROUNDS, Senator CRAMER—the Presiding Officer this evening—Senator LOEFFLER, Senator BLACKBURN, Senator McSally, and Senator Kaine for their substantive contributions to several primary sections of this bill.

These contributions by our colleagues range from studies on overmedication and suicidality, the effectiveness of hyperbaric oxygen therapy on PTSD and TBI, a pilot program for post-traumatic growth, and many provisions that will provide more direct oversight of the VA to ensure the Department is equipped to better serve veterans.

As a result, this bipartisan legislation has 51 cosponsors, and it received a unanimous 17-to-0 vote in the Senate Committee on Veterans' Affairs earlier this year, and today is the time we will pass this measure out of the Senate.

I am calling on my colleagues on both sides of the aisle to do our part to make certain that every veteran has access to the lifesaving care and support they need. We need to ensure that every VA medical center is equipped with the proper personnel, evidencebased treatment options, and the best research-informed care to fit the needs of each veteran who walks through its doors.

For veterans and servicemembers like CDR John Scott Hannon, we, in Congress, have the opportunity to take action to help them know they don't have to struggle alone. Our legislation will help connect these veterans and servicemembers to more resources and provide them with the tools they need to address the challenges related to their service.

To my colleagues, we have a significant role and responsibility to combat this struggle, and here today we can do our part to make certain that, in their struggles, our veterans are equipped with the care and services they need to be successful, to win. We must take real and urgent action to tackle the challenges together.

ADDITIONAL COSPONSOR TO S. 785

Mr. President, I ask unanimous consent that the Senator from Rhode Island, Mr. REED, be added as a cosponsor to S. 785.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. MORAN. Mr. President, I also ask unanimous consent that the Senate proceed to the immediate consideration of Calendar No. 498, S. 785.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows: A bill (S. 785) to improve mental health care provided by the Department of Veterans Affairs, and for other purposes.

The PRESIDING OFFICER. Is there objection to proceeding to the measure?

There being no objection, the Senate proceeded to consider the bill, which had been reported from the Committee on Veterans' Affairs with an amendment to strike all after the enacting clause and insert in lieu thereof the following:

- (2) STUDY OF EMPLOYEES.—The study required by paragraph (1) shall include a study of the opinions of employees of the Veterans Health Administration, including clinical, nonclinical, and support staff, with respect to offering appointments outside the usual operating hours of facilities of the Department, including through the use of telehealth appointments.

SEC. 507. SUICIDE PREVENTION COORDINATORS.

(a) Staffing Requirement.—Beginning not later than one year after the date of the enactment of this Act, the Secretary of Veterans Affairs shall ensure that each medical center of

the Department of Veterans Affairs has not less than one suicide prevention coordinator.

(b) STUDY ON REORGANIZATION.

- (1) IN GENERAL.—Not later than one year after the date of the enactment of this Act, the Secretary, in consultation with the Office of Mental Health and Suicide Prevention of the Department, shall commence the conduct of a study to determine the feasibility and advisability of-
- (A) the realignment and reorganization of suicide prevention coordinators within the Office of Mental Health and Suicide Prevention; and

(B) the creation of a suicide prevention coor-

dinator program office.

- (2) Program office realignment.—In conducting the study under paragraph (1), the Secretary shall assess the feasibility of advisability of, within the suicide prevention coordinator program office described in paragraph (1)(B), aligning suicide prevention coordinators and suicide prevention case managers within the organizational structure and chart of the Suicide Prevention Program of the Department, with the Director of the Suicide Prevention program having ultimate supervisory oversight and responsibility over the suicide prevention coordinator program office.
- (c) REPORT.—Not later than 90 days after the completion of the study under subsection (b), the Secretary shall submit to the Committee on Veterans' Affairs of the Senate and the Committee on Veterans' Affairs of the House of Representatives a report on such study, including the following:
- (1) An assessment of the feasibility and advisability of creating a suicide prevention coordinator program office to oversee and monitor suicide prevention coordinators and suicide prevention case managers across all medical centers of the Department.
- (2) A review of current staffing ratios for suicide prevention coordinators and suicide prevention case managers in comparison with current staffing ratios for mental health providers within each medical center of the Department.
- (3) A description of the duties and responsibilities for suicide prevention coordinators across the Department to better define, delineate, and standardize qualifications, performance goals, performance duties, and performance outcomes for suicide prevention coordinators and suicide prevention case managers.

SEC. 508. REPORT ON EFFORTS BY DEPARTMENT OF VETERANS AFFAIRS TO IMPLE-MENT SAFETY PLANNING IN EMER-GENCY DEPARTMENTS.

(a) FINDINGS.—Congress makes the following

- (1) The Department of Veterans Affairs must be more effective in its approach to reducing the burden of veteran suicide connected to mental health diagnoses, to include expansion of treatment delivered via telehealth methods and in rural areas.
- (2) An innovative project, known as Suicide Assessment and Follow-up Engagement: Veteran Emergency Treatment (in this subsection referred to as "SAFE VET"), was designed to help suicidal veterans seen at emergency departments within the Veterans Health Administration and was successfully implemented in five intervention sites beginning in 2010.
- (3) A 2018 study found that safety planning intervention under SAFE VET was associated with 45 percent fewer suicidal behaviors in the six-month period following emergency department care and more than double the odds of a veteran engaging in outpatient behavioral health care.
- (4) SAFE VET is a promising alternative and acceptable delivery of care system that augments the treatment of suicidal veterans in emergency departments of the Veterans Health Administration and helps ensure that those veterans have appropriate follow-up care.
- (5) Beginning in September 2018, the Veterans Health Administration implemented a suicide

prevention program, known as the SPED program, for veterans presenting to the emergency department who are assessed to be at risk for suicide and are safe to be discharged home.

(6) The SPED program includes issuance and update of a safety plan and post-discharge follow-up outreach for veterans to facilitate engagement in outpatient mental health care.

(b) REPORT.

- (1) In General.—Not later than 180 days after the date of the enactment of this Act, the Secretary of Veterans Affairs shall submit to the appropriate committees of Congress a report on the efforts of the Secretary to implement a suicide prevention program for veterans presenting to an emergency department or urgent care center of the Veterans Health Administration who are assessed to be at risk for suicide and are safe to be discharged home, including a safety plan and post-discharge outreach for veterans to facilitate engagement in outpatient mental health
- (2) ELEMENTS.—The report required by paragraph (1) shall include the following:
- (A) An assessment of the implementation of the current operational policies and procedures of the SPED program at each medical center of the Department of Veterans Affairs, including an assessment of the following:
- (i) Training provided to clinicians or other personnel administering protocols under the SPED program.
- (ii) Any disparities in implementation of such protocols between medical centers.
- (iii) Current criteria used to measure the quality of such protocols including-
- (I) methodology used to assess the quality of a safety plan and post-discharge outreach for veterans: or
- (II) in the absence of such methodology, a proposed timeline and guidelines for creating a methodology to ensure compliance with the evidence-based model used under the Suicide Assessment and Follow-up Engagement: Veteran Emergency Treatment (SAFE VET) program of the Department.
- (B) An assessment of the implementation of the policies and procedures described in subparagraph (A), including the following:
- (i) An assessment of the quality and quantity of safety plans issued to veterans.
- (ii) An assessment of the quality and quantity of post-discharge outreach provided to veterans.
- (iii) The post-discharge rate of veteran engagement in outpatient mental health care, including attendance at not fewer than one individual mental health clinic appointment or admission to an inpatient or residential unit.
- (iv) The number of veterans who decline safety planning efforts during protocols under the SPED program.
- (v) The number of veterans who decline to participate in follow-up efforts within the SPED program.
- (C) A description of how SPED primary coordinators are deployed to support such efforts, including the following:
- (i) A description of the duties and responsibilities of such coordinators.
- (ii) The number and location of such coordinators
- (iii) A description of training provided to such coordinators.
- (iv) An assessment of the other responsibilities for such coordinators and, if applicable, differences in patient outcomes when such responsibilities are full-time duties as opposed to secondary duties.
- (D) An assessment of the feasibility and advisability of expanding the total number and geographic distribution of SPED primary coordinators.
- (E) An assessment of the feasibility and advisability of providing services under the SPED program via telehealth channels, including an analysis of opportunities to leverage telehealth to better serve veterans in rural areas.
- (F) A description of the status of current capabilities and utilization of tracking mecha-

nisms to monitor compliance, quality, and patient outcomes under the SPED program.

- (G) Such recommendations, including specific action items, as the Secretary considers appropriate with respect to how the Department can better implement the SPED program, including recommendations with respect to the following:
- (i) A process to standardize training under such program.
- (ii) Any resourcing requirements necessary to implement the SPED program throughout Veterans Health Administration, including by having a dedicated clinician responsible for administration of such program at each medical cen-
- (iii) An analysis of current statutory authority and any changes necessary to fully implement the SPED program throughout the Veterans Health Administration.
- (iv) A timeline for the implementation of the SPED program through the Veterans Health Administration once full resourcing and an approved training plan are in place.
- (H) Such other matters as the Secretary considers appropriate.
- (c) DEFINITIONS.—In this section:
- (1) APPROPRIATE COMMITTEES OF CONGRESS.-The term "appropriate committees of Congress" means-
- (A) the Committee on Veterans' Affairs and the Subcommittee on Military Construction. Veterans Affairs, and Related Agencies of the Committee on Appropriations of the Senate; and
- (B) the Committee on Veterans' Affairs and the Subcommittee on Military Construction, Veterans Affairs, and Related Agencies of the Committee on Appropriations of the House of Representatives.
- (2) SPED PRIMARY COORDINATOR.—The term "SPED primary coordinator" means the main point of contact responsible for administering the SPED program at a medical center of the Department.
- (3) SPED PROGRAM.—The term "SPED program" means the Safety Planning in Emergency Departments program of the Department of Veterans Affairs established in September 2018 for veterans presenting to the emergency department who are assessed to be at risk for suicide and are safe to be discharged home, which extends the evidence-based intervention for suicide prevention to all emergency departments of the Veterans Health Administration.

TITLE VI—IMPROVEMENT OF CARE AND SERVICES FOR WOMEN VETERANS

SEC. 601. EXPANSION OF CAPABILITIES OF WOMEN VETERANS CALL CENTER TO INCLUDE TEXT MESSAGING.

The Secretary of Veterans Affairs shall expand the capabilities of the Women Veterans Call Center of the Department of Veterans Affairs to include a text messaging capability.

- SEC. 602. GAP ANALYSIS OF DEPARTMENT OF VETERANS AFFAIRS PROGRAMS THAT PROVIDE ASSISTANCE TO WOMEN VETERANS WHO ARE HOME-LESS.
- (a) IN GENERAL.—The Secretary of Veterans Affairs shall complete an analysis of programs of the Department of Veterans Affairs that provide assistance to women veterans who are homeless or precariously housed to identify the areas in which such programs are failing to meet the needs of such women.
- (b) REPORT.—Not later than 270 days after the date of the enactment of this Act, the Secretary shall submit to the Committee on Veterans' Affairs of the Senate and the Committee on Veterans' Affairs of the House of Representatives a report on the analysis completed under subsection (a).

SEC. 603. REQUIREMENT FOR DEPARTMENT OF VETERANS AFFAIRS INTERNET WEBSITE TO PROVIDE INFORMATION ON SERVICES AVAILABLE TO WOMEN VETERANS.

(a) IN GENERAL.—The Secretary of Veterans Affairs shall survey the internet websites and information resources of the Department of Veterans Affairs in effect on the day before the date of the enactment of this Act and publish an internet website that serves as a centralized source for the provision to women veterans of information about the benefits and services available to them under laws administered by the Secretary.

- (b) ELEMENTS.—The internet website published under subsection (a) shall provide to women veterans information regarding all services available in the district in which the veteran is seeking such services, including, with respect to each medical center and community-based outpatient clinic in the applicable Veterans Integrated Service Network—
- (1) the name and contact information of each women's health coordinator;
- (2) a list of appropriate staff for other benefits available from the Veterans Benefits Administration, the National Cemetery Administration, and such other entities as the Secretary considers appropriate: and
- (3) such other information as the Secretary considers appropriate.
- (c) UPDATED INFORMATION.—The Secretary shall ensure that the information described in subsection (b) that is published on the internet website required by subsection (a) is updated not less frequently than once every 90 days.
- (d) OUTREACH.—In carrying out this section, the Secretary shall ensure that the outreach conducted under section 1720F(i) of title 38, United States Code, includes information regarding the internet website required by subsection (a).
- (e) DERIVATION OF FUNDS.—Amounts used by the Secretary to carry out this section shall be derived from amounts made available to the Secretary to publish internet websites of the Department.

SEC. 604. REPORT ON LOCATIONS WHERE WOMEN VETERANS ARE USING HEALTH CARE FROM DEPARTMENT OF VETERANS AFFAIRS.

- (a) In General.—Not later than 90 days after the date of the enactment of this Act, and annually thereafter, the Secretary of Veterans Affairs shall submit to the Committee on Veterans' Affairs of the Senate and the Committee on Veterans' Affairs of the House of Representatives a report on the use by women veterans of health care from the Department of Veterans Affairs.
- (b) ELEMENTS.—Each report required by subsection (a) shall include the following information:
- (1) The number of women veterans who reside in each State.
- (2) The number of women veterans in each State who are enrolled in the system of patient enrollment of the Department established and operated under section 1705(a) of title 38, United States Code.
- (3) Of the women veterans who are so enrolled, the number who have received health care under the laws administered by the Secretary at least one time during the one-year period preceding the submittal of the report.
- (4) The number of women veterans who have been seen at each medical facility of the Department during such year.
- (5) The number of appointments that women veterans have had at each such facility during such year.
- (6) If known, an identification of the medical facility of the Department in each Veterans Integrated Service Network with the largest rate of increase in patient population of women veterans as measured by the increase in unique women veteran patient use.
- (7) If known, an identification of the medical facility of the Department in each Veterans Integrated Service Network with the largest rate of decrease in patient population of women veterans as measured by the decrease in unique women veterans patient use.

TITLE VII—OTHER MATTERS

SEC. 701. EXPANDED TELEHEALTH FROM DE-PARTMENT OF VETERANS AFFAIRS.

- (a) In GENERAL.—The Secretary of Veterans Affairs shall enter into partnerships, and expand existing partnerships, with organizations that represent or serve veterans, nonprofit organizations, private businesses, and other interested parties for the expansion of telehealth capabilities and the provision of telehealth services to veterans through the award of grants under subsection (b).
 - (b) AWARD OF GRANTS .-
- (1) In GENERAL.—In carrying out partnerships entered into or expanded under this section with entities described in subsection (a), the Secretary shall award grants to those entities.
- (2) LOCATIONS.—To the extent practicable, the Secretary shall ensure that grants are awarded to entities that serve veterans in rural and highly rural areas (as determined through the use of the Rural-Urban Commuting Areas coding system of the Department of Agriculture).
- (3) USE OF GRANTS.—
- (A) In GENERAL.—Grants awarded to an entity under this subsection may be used for one or more of the following:
- (i) Purchasing or upgrading hardware or software necessary for the provision of secure and private telehealth services.
- (ii) Upgrading security protocols for consistency with the security requirements of the Department.
- (iii) Training of employees, including payment of those employees for completing that training, with respect to—
- (I) military and veteran cultural competence, if the entity is not an organization that represents veterans:
- (II) equipment required to provide telehealth services; or
- (III) any other unique training needs for the provision of telehealth services to veterans.
- (iv) Upgrading existing infrastructure owned or leased by the entity to make rooms more conducive to telehealth care, including—
- (I) additions or modifications to windows or walls in an existing room, or other alterations as needed to create a new, private room;
- (II) soundproofing of an existing room,
- (III) new electrical or internet outlets in an existing room; or

Mr. MORAN. Mr. President, I ask unanimous consent that the committee-reported substitute be withdrawn; that the Moran substitute amendment at the desk be considered and agreed to; and that the bill, as amended, be considered read a third time.

The PRESIDING OFFICER. Is there objection?

Without objection, it is so ordered.

The committee-reported amendment in the nature of a substitute was with-

The amendment (No. 2594) in the nature of a substitute was agreed to.

(The amendment is printed in today's RECORD under "Text of Amendments.")

The bill was ordered to be engrossed for a third reading and was read the third time.

Mr. MORAN. I know of no further debate on the bill, as amended.

The PRESIDING OFFICER. If there is no further debate, the bill having been read the third time, the question is, Shall the bill pass, as amended?

The bill (S. 785), as amended, was passed.

Mr. MORAN. Thank you for that. I now ask unanimous consent that the motion to reconsider be considered made and laid upon the table.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. MORAN. I yield to the Senator from Montana for his conversation and discussion about this legislation.

The PRESIDING OFFICER. The Senator from Montana.

Mr. TESTER. Mr. President, I thank the chairman of the VA Committee, Senator MORAN, for his leadership.

What we have done here today is a very, very good thing. I think the biggest challenge facing the VA today is that we are losing 20 veterans a day to suicide. It has been that way for some time.

People have been looking for solutions-looking for solutions-and the fact is that there is no silver bullet. But what we have done today is give the VA more tools in their toolbox to be able to address this problem of mental health and veteran suicide amongst our veterans.

I thank Chairman Moran for his about CDR John Scott comments Hannon, after whom this bill is named. As Senator MORAN has pointed out,

this Navy SEAL served our Nation for 23 years. And after combat, Scott returned to Helena, MT, but, unfortunately, the invisible wounds of war followed him right back home.

He was open about his journey to recovery, getting involved in the Montana chapter of the National Alliance on Mental Illness and using animal therapy and programs at Montana Wild. But, unfortunately—and I know his family is watching right now—on February 25, 2018, Scott succumbed to the wounds of war that caused his mental illness.

As Chairman MORAN has pointed out, this bill honors his legacy by supporting the kinds of programs that helped improve Commander Hannon's quality of life by expanding our understanding of mental health conditions and the treatments that may have made diagnosing the conditions easier.

I am not going to go into everything the bill does because Senator MORAN did a fine job on that. All I can say is that we have a great VA Committee in this U.S. Senate. It is a committee that works to get things done in a bipartisan way.

I have had the honor of serving with JOHNNY ISAKSON as chairman and now with Chairman MORAN, and we haven't missed a step. We continue to work together to support our veterans across this country.

There is no better way of supporting our veterans than to pass this bill, which is what we just did in the U.S. Senate about 2 minutes ago.

The bottom line is this: This isn't the final bill we are going to pass out of the U.S. Senate dealing with veterans. We have plenty more. In fact, I think we passed a dozen bills in the VA Committee today, dealing with a myriad of different issues that impact our veterans in this country. The bottom line is that today we can be proud. We can be proud of Senators in the U.S. Senate for doing something that needed to be done that is going to help our veterans and move this country forward.

I am going to close by going where I started, and that is to say thank you, Senator MORAN. Thank you for your leadership. Thank you for your friendship. Thank you for your trust. It is great working with you, and I look forward to doing many more good things before this Congress ends.

Thank you.

The PRESIDING OFFICER. The Senator from Kansas.

Mr. MORAN. Mr. President, let me extend the courtesies that were extended to me by the Senator from Montana, Mr. TESTER.

It has been a privilege to work with him on this and many other issues many of them related to our Nation's service men and women and those who served and are now veterans.

I appreciate that Senator Tester and I have the ability to work together to resolve differences and find common ground for the benefit of those who have served.

Before I conclude my comments this evening, I would use this as a moment—on behalf of the Presiding Officer, on behalf of Senator Tester and me, and on behalf of all Members of the U.S. Senate—to express our gratitude to all who have served our country and express our respects and honor for those who are no longer with us, who, because of those battle wounds, have lost their lives to suicide.

We express our condolences and sympathies to their family members and to their friends, and, in each and every instance, we recognize what sacrifice they have made for the benefit of each and every one of us here today and across the country.

I would say to those family members that this legislation—we hope—and the example that their loved ones demonstrated in their lives will be something that will inspire us to do the right thing and care for those who served. So I express my condolence and sympathies to the families, and I thank all who served, and I do so on behalf of all Members of the U.S. Senate.

Finally, I would be remiss if I didn't thank the many dedicated staff members who helped this legislation through to this point: Emily Blair, who is with us on the Senate floor tonight, Tiffanii Woolfolk, Mark Crowley, Asher Allman, Scott Nulty, Pat McGuigan, David Shearman, and Caroline Canfield.

In addition, thank you to Senator TESTER'S staff: Sophie Friedl, Dahlia Melendrez, and Tony McClain, the Kansan, as well as the House Veterans' Affairs Committee staff members.

Suicide is preventable, and with the passage of Commander John Scott Hannon Veterans Mental Health Care Improvement Act tonight—here, moments ago—we take a stand to protect the lives of the people who have given us so much in their protection of each and every American.

I yield the floor.

TRIBUTE TO PUTNAM "PUT" BLODGETT

Mr. LEAHY. Mr. President, Putnam "Put" Blodgett's lifetime of service to the Vermont forest industry deserves special recognition. Put personified the essence, values, and traditions of what makes Vermont special.

Put's family moved to a Bradford, VT, dairy farm during the height of the Great Depression. He attended Dartmouth College and returned home in 1953 to work on the family farm, which he eventually took over and continued to steward with his wife and children. Put left the dairy business for other endeavors but maintained his connection to the family land, working tirelessly to restore and manage its 700acre wood lot. Always focused on longterm sustainable management, Put placed the acreage in conservation with the Upper Valley Land Trust, preserving the forest for all generations. Put's son now manages the forest, continuing that legacy.

Put and his wife, Marilyn, ran the Challenge Wilderness Camp, teaching children about nature and guiding them on wilderness pursuits. Children would travel from cities to live in an Adirondack shelter, cook over an open fire, learn to canoe, and explore the forest. Put's goal was to assist young people on their journey to adulthood, cultivating their connection with the natural world. Watching our own children and grandchildren play in woods and fields of our farm in Middlesex, VT, Marcelle and I know how crucial it is for children to have the experience in nature that Put and Marilyn provided to so many.

A true leader in Vermont's conservation and forestry community, Put was the longstanding president of Vermont Woodlands Association and oversaw the Tree Farm Program. He was recognized twice as Vermont's Outstanding Tree Farmer of the Year. Our farm in Middlesex has been enrolled in the Tree Farm Program for about 30 years, and I am deeply appreciative of the value the program has brought to my land and to Vermont.

Forest management discussions can a tense tug-of-war between environmentalism and timber management, but Put didn't see it that way. He understood conservation as a shared priority—a public and private good alike-and he worked to unite divergent stakeholders around this common interest. I looked to Put for advice when writing Vermont wilderness legislation and Put was a founding member of the Vermont Natural Resources Council's Forest Roundtable, an open forum for Vermonters to exchange information and recommend conservation policy. On many occasions, Put helped opposing sides find that elusive common ground on forest management

Putnam Blodgett, as any true forester, worked with a mission to be accomplished on a timeframe much longer than his own life span or a single generation. Put passed away earlier this year, and yet I take comfort knowing that the Green Mountains of Vermont are better for his work here. To the great benefit of my grandchildren and many generations to come, Put's legacy lives in the Northern Forest.

RECOGNIZING THE STAFF OF ECHO, THE LEAHY CENTER FOR LAKE CHAMPLAIN

Mr. LEAHY. Mr. President, as the coronavirus pandemic continues and in some places worsens, every business and public institution faces significant challenges. These entities must make hard choices, adapt quickly, and ultimately find the balance between the safety of their employees and those they serve and their ability to keep their doors open. The leadership and staff of one Vermont nonprofit, ECHO, Leahy Center for Lake Champlain, has been a model of perseverance, creativity, and commitment to serving
