

measures. Governor Gretchen Whitmer has issued executive orders prohibiting large gatherings, closing all primary and secondary schools, and requiring the temporary closure of all nonessential businesses. At the federal level, the White House Coronavirus Task Force's guidelines recommended the closure of places where people gather, including businesses, where there is evidence of community transmission. While some industries and regions of the state have begun to partially reopen, it is unclear how long mitigation measures will be necessary before normal operations can resume; and

Whereas, These measures have greatly impacted the livelihoods of business owners across the state and our nation. With the forced closures, small business owners have been forced to lay off workers and forgo income for months, while still needing to make payments for utilities, mortgages and rent, and other expenses. According to a survey by the Small Business Administration of Michigan, one in seven, or about 14 percent, of small businesses are not confident that they will survive the Pandemic. Nationally, a survey found that 7.5 million small businesses are at risk of shutting down; and

Whereas, Federal and state governments have a responsibility to assist small businesses since government mitigation measures, while for the greater good, contributed significantly to the current economic crisis. The economic uncertainty and devastation caused by the COVID-19 Pandemic and the related mitigation policies are not the fault of small business owners. It would be unjust to fail to help them and to allow them to bear an unfair share of the burden of addressing this crisis; and

Whereas, The failure of these businesses could have wide ranging negative effects for Michigan and the United States. Since the beginning of the crisis, more than 40 million Americans have filed for unemployment, including more than 1.7 million in Michigan. If small businesses are unable to reopen, many of these claimants may not be able to return to work, magnifying the already devastating economic impact of COVID-19; and

Whereas, The small business relief already enacted by Congress is not sufficient to mitigate these effects. As part of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, Congress created the Paycheck Protection Program (PPP) to provide loans to small businesses. Even though additional money was subsequently appropriated to the program, the PPP has been unable to prove relief to millions of small businesses that have been affected by the crisis. Now, therefore, be it

Resolved by the Senate, That we memorialize the Congress of the United States to explore further avenues of relief for businesses affected by the COVID-19 Pandemic; and be it further

Resolved, That copies of this resolution be transmitted to the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the Michigan congressional delegation.

POM-237. A resolution adopted by the House of Representatives of the State of Michigan urging the United States Congress and the President of the United States to immediately send humanitarian aid to Lebanon in response to the Beirut port explosion; to the Committee on Foreign Relations.

HOUSE RESOLUTION NO. 303

Whereas, On August 4, 2020, a cache of the chemical substance ammonium nitrate which was being stored in a warehouse on the Pon of Beirut in Lebanon caught fire, resulting in an explosion that killed more than

150 people and wounded over 5,000 others. According to experts, the blast registered on seismographs at 3.3, and the blast was the third most powerful explosion in history after Hiroshima and Nagasaki in Japan during World War II; and

Whereas, In addition to the tragic loss of life, the explosion has largely destroyed the port and its infrastructure, which was responsible for 60 percent of Lebanon's imports and was one of the largest and busiest ports on the eastern Mediterranean Sea. As a result of the explosion, most of the city's grain reserves and food imports were destroyed, which is likely to cause widespread food insecurity for years to come. In addition, the city of Beirut is suffering billions in damages, with the explosion shattering glass as far as 15 miles from the scene. In response to the widespread devastation from the blast, a two-week state of emergency has been declared; and

Whereas, The people of Lebanon were already suffering from daily power outages, a lack of safe drinking water, food and fuel shortages, and limited public health care before the explosion. The COVID-19 Pandemic exacerbated these issues, resulting in Lebanon's worst economic crisis since the 1975-1990 Civil War. Now with the devastation from the explosion, it has become nearly impossible for the Lebanese people to obtain basic human rights without humanitarian aid; and

Whereas, Rescue efforts have been hampered by the lack of electricity, and medical professionals are stitching the wounded in the streets under their cellphone lights. Public Health Minister Hamad Hassan said Lebanon's health sector is short of beds and lacked the equipment necessary to treat the injured and care for patients in critical condition. Meanwhile, many buildings and homes have been reduced to an uninhabitable mess of glass, leaving as many as 300,000 people homeless. Furthermore, the toxic gases released from the explosion, combined with the impact of COVID-19 and the thick Mediterranean summer air, have created a deeply oppressive atmosphere where the people of Beirut cannot breathe; and

Whereas, Lebanon's Prime Minister Hassan Diab and his government have stepped down after citing mass corruption that contributed to the disaster. Before the resignation, Prime Minister Hassan Diab made a plea to other countries for aid. France, Russia, Iraq, and Iran have sent planes full of doctors, medical supplies, medication, and more to help Lebanon through this crisis: now, therefore, be it

Resolved by the House of Representatives, That we urge the Congress and President of the United States to send humanitarian aid in the form of medical supplies, medications, and emergency funding to Lebanon in the wake of the Beirut Port Explosion, and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, and the Michigan congressional delegation.

POM-238. A resolution adopted by the City Council of the City of Oberlin, Ohio, expressing the support for the passage of Senate Joint Resolution 6 to remove the deadline for state ratification of the equal rights amendment; to the Committee on the Judiciary.

POM-239. A resolution adopted by the Pennsylvania State Council of the Junior Order United American Mechanics memorializing its opposition to the desecration and destruction of American war monuments in this country; to the Committee on Energy and Natural Resources.

POM-240. A petition from a citizen of the State of Texas relative to recipients of public financial assistance; to the Committee on Finance.

POM-241. A petition from a citizen of the State of Texas relative to territory and statehood status; to the Committee on Energy and Natural Resources.

EXECUTIVE REPORTS OF COMMITTEES

The following executive reports of nominations were submitted:

By Mr. WICKER for the Committee on Commerce, Science, and Transportation.

Eric J. Soskin, of Virginia, to be Inspector General, Department of Transportation.

*Sarah E. Feinberg, of West Virginia, to be a Director of the Amtrak Board of Directors for a term of five years.

*Chris Koos, of Illinois, to be a Director of the Amtrak Board of Directors for a term of five years.
