On July 27, 2018, following the summit between President Donald Trump and North Korean Supreme Leader Kim Jong-un in June 2018, North Korea turned over 55 boxes, believed to contain the remains of American service members killed during the Korean War. The remains arrived at Joint Base Pearl Harbor-Hickam, Hawaii on August 1, 2018, and were subsequently sent to the DPAA laboratory for identification. Boughman's remains were accounted for on April 20, 2020. His late mother's prayers for the next twenty-five years of her life was to ask God to "bring Ralph home with the other boys." Ralph's sister, Pansy Bourne, who turned 90 on September 29, 2021 continued those prayers until he came home.

Madam Speaker, Cpl. Ralph Sarratt Boughman, faithfully served his country and is finally home in his resting place in Union, South Carolina as of May 11, 2020. I proudly honor his legacy and service.

IN THE HOUSE OF REPRESENTATIVES

*Friday, October 8, 2021*

Mr. THOMPSON of California. Madam Speaker, I rise today to honor Christopher J. Smith in celebration of his career as a reporter and columnist for the Press Democrat over the past 44 years.

Born in Pasadena, California, on May 4, 1954 to Don and Edythe Smith, Mr. Smith de-

veloped a love of journalism early on in his life working as a paperboy. He then became a manager for his hometown paper, the Riverside Press Enterprise. Mr. Smith then attained his bachelor's degree in journalism from San Jose State University in 1976, where he supported himself throughout school by working for the circulation department of the San Jose Mercury News on weekends. Mr. Smith's dedication and work ethic did not go unnoticed and helped him land a position as a reporter and columnist for the Press Democrat, where he still works as a freelance writer. Throughout his career, Mr. Smith has made significant contributions to the community through his writing and reporting on important community members, including centenarians, Pearl Harbor veterans, peace activists, and other individuals who have made a difference in the community. Mr. Smith is especially recognized for his contributions to the Press Democrat's coverage of the October 2017 wildfires that earned the newspaper a Pulitzer Prize. He continued to report on the lives of those affected by the fires for the next two years. "The surprise, VIP guests at the reborn Paradise Ridge Winery," and "Family of Angel the cow still struggling to rebuild, return to ranch nearly two years after Tubbs fire" are some of his notable articles.

In addition to his illustrious career, Mr. Smith has taken on many philanthropic projects within his community. He serves on the board of the Bridge to the Future, a community program that works with underprivileged youth ages 14 to 18 to sharpen their life skills and prepare them for the future. Mr. Smith was a member of the Exchange Club, a service organization that aids many local communities and counties in the United States. Further, he volunteers for Dining Out for Life, an annual fundraising event that raises money for community-based organizations that serve people living with or impacted by HIV. He also assists in coordinating the annual awards dinner given by the Boy Scouts of America every year. Mr. Smith is described by his family and community as generous, courageous, and resilient.

CELEBRATING HISPANIC HERITAGE MONTH AND HONORING ORLANDO ROLÓN

**HON. STEPHANIE N. MURPHY**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Friday, October 8, 2021*

Mrs. MURPHY of Florida. Madam Speaker, as part of our national celebration of Hispanic Heritage Month, I am paying tribute to Floridians who have made outstanding contributions to our community and our country.

Today I rise to honor the Chief of Police for the City of Orlando, Orlando Rolón.

Orlando, who was born in Puerto Rico, moved to Central Florida with his family in 1977.

In 1982, Orlando enlisted in the United States Marine Corps Reserve and served for four years. Following his military service, Or-

lando continued to build a life in Central Florida and worked in construction.

Orlando joined the Orlando Police Department in 1992. His commitment to fostering effective communication with the Spanish-speaking residents of Orlando led him to become the first Hispanic spokesperson in the history of OPD. Orlando has used his extensive experience and leadership abilities to bring people together, from traveling to Puerto Rico to assist with hurricane recovery efforts to providing crucial briefings in Spanish to the friends and families of victims of the Pulse nightclub shooting.

In 2018, Mayor Buddy Dyer appointed Orlando to become the Orlando Police Department's 39th Chief of Police. Chief Rolón is the first person of Hispanic heritage ever to hold this position.

As Chief and throughout his nearly 30 years of service to the Department, Orlando has dedicated himself to improving trust and effective communication between law enforcement and our community. He has a servant's heart and the City of Orlando is safer and stronger because of him.

I ask my colleagues to join me in honoring and celebrating Chief Orlando Rolón.

CELEBRATING 50 YEARS OF BIVOUAC

**HON. DEBBIE DINGELL**

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

*Friday, October 8, 2021*

Mrs. DINGELL. Madam Speaker, I rise today to recognize the 50th anniversary of Bivouac, a family-owned small business located on bustling State Street in Ann Arbor, Michigan. Their 50 years spent outfitting the lives of those in our community is worthy of commendation.

Founded in 1970 by Mr. Ed Davidson while he was a student at the University of Iowa, he set up shop on Williams Street in Ann Arbor in 1971. It started off as an army surplus store catering to anti-war activists, but after the move to their current location on South State Street, the store has become an Ann Arbor mainstay for clothing and outdoor gear. With their expansive storefront in the historic Nickels Arcade, Bivouac is a familiar shopping destination for many University of Michigan students and the locals who call Ann Arbor home.

Bivouac goes beyond just making sales by contributing to causes with local impact and lending a hand to their neighbors. For their 50th anniversary, they are donating ten percent of their sales to the Huron River Watershed Council. They've also held charity shopping events for organizations such as Ozone House, a shelter for homeless youth based in Ypsilanti.

For years, Bivouac has outfitted hundreds. Former customers—now parents—bring their children back to the store when they begin school at the University of Michigan to get the coats and layers needed to survive a chilly Michigan winter. What started off as an idea of a University of Iowa senior has grown into an Ann Arbor icon and now since the partial retirement of Mr. Davidson, his son AJ Davidson now serves as President of the store and handles day-to-day operations.

Madam Speaker, I ask my colleagues to join me today in celebrating the 50th anniversary of Bivouac. We are grateful for their half-century as a vital member of our downtown Ann Arbor community and wish them continued success in the adventure ahead.

IN THE HOUSE OF REPRESENTATIVES

*Friday, October 8, 2021*

Ms. JACOBS of California. Madam Speaker, I rise to recognize the occasion of the 50th anniversary of the University of San Diego School of Law's free legal clinics.

Over the past half-century, the University of San Diego (USD) School of Law's free legal clinics have offered assistance to underserved members of society while providing opportunities for law students to learn first-hand from highly skilled attorneys and interact directly with actual clients. These pro bono services to the San Diego community have provided direct client legal services to thousands of San Diego residents in need.

USD School of Law's free legal clinics have developed a model program in the experiential training of law students in the practical application of their legal knowledge. This program has emphasized the principled practice of law, instilling in students the importance of just, ethical, and exemplary legal practice.

In recent years, USD School of Law's free legal clinics have expanded to distinct direct client services clinics.

The Appellate Clinic provides students the opportunity to litigate an appeal in the Ninth Circuit Court of Appeals. This is a year-long clinic in which teams of students will handle appeals from start to finish.

The Civil Clinic assists in supplemental Social Security Income and Social Security disability, uninsured motorist defense and consumer issues.

Education and Disability Clinic represents clients at meetings with school district personnel and Regional Center Staff. Matters include school discipline (suspensions and expulsions), special education placement and services, Regional Center and Early Start services, and Section 504 of the Rehabilitation Act.

The Entrepreneurship Clinic provides comprehensive legal assistance to individuals who wish to start or expand a small business or not-for-profit organization, as well as for trademark and copyright issues.

California State Sales and Use Tax Clinic is a joint effort between USD Legal Clinics and

the California State Board of Equalization. Under the supervision of an attorney from the California State Board of Equalization's Taxpayers' Rights Advocate Office, students will represent clients with Sales and Use Tax appeals before the Board of Equalization.

Veterans Clinic provides free legal assistance to veterans in disputes with for-profit institutions over the use of GI Bill funds and predatory lending associated with education loans. Legal services range from advice to identification of potential claims to representation of student veterans in litigation, arbitration and other forms of alternative dispute resolution.

Women's Legal Clinic will meet the legal needs of women, men, and families who are the victims of human trafficking and others by helping with domestic violence restraining orders, child custody and guardianship matters, and dissolution cases.

Workers' Rights Clinic assists lower-income workers with a variety of employment law issues including employee rights, discrimination, medical leave, workplace safety, unpaid wages, unemployment benefits, harassment and wrongful termination.

USD School of Law's free legal clinics have provided tens of millions of dollars of free legal services to low income and underserved residents in San Diego County.

USD School of Law's free legal clinics have trained many of San Diego's finest attorneys, who themselves have added to the reputation of the San Diego legal community.

Madam Speaker, for 50 years USD School of Law's legal clinics have made a tremendous difference in the lives of San Diego residents. The next 50 years promise to see outstanding benefits by continuing this fine tradition.

HONORING STEVEN SPURRIER

**HON. MIKE THOMPSON**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Friday, October 8, 2021*

Mr. THOMPSON of California. Madam Speaker, I rise today to honor Steven Spurrier for his monumental contributions to the California wine community.

Born on October 5, 1941 in Cambridge, England, Mr. Spurrier was raised by his loving parents, John and Pamela Spurrier. After receiving his secondary education at Rugby School, Mr. Spurrier went on to attend the London School of Economics. He entered the wine industry soon after he completed his education in 1964, becoming a trainee with the oldest wine merchant in London: Christopher & Co. After concluding his tenure with Christopher & Co., Mr. Spurrier moved to Paris in 1970 where he bought and operated a wine shop, Les Caves la Madeleine, the following year. Mr. Spurrier's shop quickly became one of the most renowned in the city. He then utilized his successes as proprietor to establish L'Academie du Vin in 1973, France's first private wine school that formed the steppingstones for modern wine education.

More notably, Mr. Spurrier organized a blind wine tasting competition, judged by French wine experts, between Californian and French wines with his colleague Patricia Gallagher. In what came to be known as "the Judgment of

Paris," wines from California won, paving the way for the global prominence of Napa Valley wine.

During his illustrious career in the wine industry, Steven received multiple international awards for his writing on wine. In 2001, he was awarded Le Grand Prix de l'Academie Internationale du Vin and the Maestro Award in memory of Andre Tchelistcheff, America's most influential post-Prohibition winemaker. His successes did not stop there, as he won Decanter Magazine's man of the year in 2017 for his devotion to wine appreciation, cultivation, and production. He was a recurrent judge for international wine tasting competitions and governed as chairman of the Japan Wine Challenge and the Decanter World Wine Awards. After a life devoted to all aspects of wine, Steven passed away in March 2021, living on through his wife Bella, and his two children, Christian and Kate.

Madam Speaker, it is evident that Steven Spurrier has made a lasting impact on Napa Valley's renowned viticulture through his lifelong devotion to wine and community. Therefore, it is fitting and proper that we honor him here today.

ACKNOWLEDGING THE IMPORTANCE OF FUNDING FOR THE WEATHERIZATION ASSISTANCE PROGRAM

**HON. DAVID B. MCKINLEY**

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Friday, October 8, 2021*

Mr. MCKINLEY. Madam Speaker, I rise to acknowledge the importance of robust funding for the Weatherization Assistance Program in the bipartisan infrastructure bill. The purpose of this program is to prepare the buildings that low-income Americans live in for the requirements of the 21st century.

The current limitations to the formula that provide funding for this program, however, will not cover the costs of ensuring that homes are cool enough in the hot weather, warm enough in the cold weather, or dry enough in any season. The formula for calculating the value of investments in homes must reflect the expected impact on the safety of participants and their homes under anticipated weather conditions, and the impact on their health and of adapting their energy system to meet future requirements. The current program cost limits mean that switching a home to a cleaner fuel mix is rarely possible. The same limits impede the integration of apprentice workers and other trainees into the program.

Therefore, the Secretary must ensure that the regulations for this Program achieve the statutory goals of permitting a combination of deep retrofit measures sufficient to keep participants safe from extreme weather conditions, minimize the greenhouse gas emissions from their homes, and ensure health conditions in weatherized homes.

The Secretary should establish the appropriate costs for an average package of retrofits that delivers retrofits of sufficient scale to produce safe, healthy, and efficient homes with the cleanest possible fuel mix, and to adjust applicable regulations to support this mission, particularly by ensuring the costs attributed to a home are no more than the costs of services provided directly to that home.
