

passion and dedication to serving Warren County and desire to make a difference in the community.

HONORING THE LIFE OF JOHN KNOX

HON. MARK DeSAULNIER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Mr. DESAULNIER. Madam Speaker, I rise today to recognize the life of John Knox.

John was raised in Richmond, California, where he attended John F. Kennedy High School. He graduated from the University of California, Berkeley and went on to obtain a Juris Doctorate from Berkeley Law in 1987. After completing his education, John began working as an attorney at Orrick and dedicated himself to his career as a public finance lawyer.

After six years, John was promoted to partner. He mastered the technical aspects of being a lawyer, but also understood the importance of developing strong business relationships. John built a local government practice throughout the Bay Area, which he transitioned to a municipal restructuring practice. John and his law partner guided cities through bankruptcy with John handling the public financing and restructuring of debt. In 2012, John and his partner helped Stockton, CA file for bankruptcy protection, which was the largest U.S. city bankruptcy filing that year. This work with cities earned them recognition as "Attorneys of the Year" by California Lawyer magazine in 2013. John received this same recognition, known as the CLAY award, in 2005 and 2017. In addition to this work, it was also John's idea to use Social Impact Bonds to revitalize distressed properties in Richmond and transition them to those in need of affordable housing.

In his personal life, John met his future wife, Aracely, in high school when they were partnered for a class project. John and Aracely married in 1981 and had four children. John also had a love of music, especially jazz, which he developed during childhood when he started playing piano. As a teenager and young adult, John played music professionally as part of a band. His friends and family remember his piano playing as effortless and always drawing a crowd.

Sadly, John passed away in February at the age of 64. Please join me in honoring John for his many contributions to our community.

REMEMBERING FAUSTINO "TINO" ARMENTA

HON. RAUL RUIZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Mr. RUIZ. Madam Speaker, I rise to celebrate the life of my constituent, Faustino "Tino" Armenta. A United States Marines veteran who served his country honorably, Tino was a remarkable member of our community who shared a passion for public service, education, and his vintage 1953 Bel Air.

From a young age, Tino demonstrated his courage and love of country when he earned

his Eagle Scout badge in high school. Upon his graduation, he enlisted in the U.S. Marine Corps and served our country as a chemical, atomic, and biological warfare Non-Commissioned Officer Instructor.

Tino was a lifelong learner who believed in the power of education. After discharge from the Marines, he obtained his MBA and Ph.D. in international business and traveled across the country as he pursued a thriving business career. Over the course of his career, Tino inspired countless others. In his uplifting biography, "Los Hijos de Orozco," he traced his families' history and their pursuit of the American Dream.

After his retirement, Tino spread his love of learning to others through his community involvement. He volunteered with various organizations that provide educational resources to low-income children in the community. He even traveled to Peru to teach children in the countryside how to read and write in English. His passion for education now lives on in his children, Juan and Cris, who both obtained their doctorates and practice law in Rancho Mirage and San Diego.

For many years, Tino remained engaged in his community by lending a hand and mentoring young people. He was always willing to help those in need—even if it meant donning a Santa Claus or elf costume to pass out presents to local children.

Tino was not only a dear member of the community but also a dear person to me. I mourn his loss with his loved ones, his wife Nora, children Juan and Cris, and all his wonderful grandchildren and great-grandchildren—who will no doubt—carry on his legacy for generations to come.

CHLOE CLEVELAND

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Mr. PERLMUTTER. Madam Speaker, I rise today to recognize and applaud Chloe Cleveland for receiving the Arvada Wheat Ridge Service Ambassadors for Youth award.

Chloe Cleveland is a student at Oberon Middle School and received this award because her determination and hard work have allowed her to overcome adversities.

The dedication demonstrated by Chloe Cleveland is exemplary of the type of achievement that can be attained with hard work and perseverance. It is essential students at all levels strive to make the most of their education and develop a work ethic which will guide them for the rest of their lives.

I extend my deepest congratulations to Chloe Cleveland for winning the Arvada Wheat Ridge Service Ambassador for Youth award. I have no doubt she will exhibit the same dedication and character in all of her future accomplishments.

RECOGNIZING TAMPA'S HEALTH CARE HERO, DR. PATRICK EM-MANUEL VINCENT, IN HONOR OF BLACK HISTORY MONTH

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Ms. CASTOR of Florida. Madam Speaker, in honor of Black History Month, I am celebrating Tampa's health care heroes. Today I rise in immense gratitude for the life of service of retired pastor, Dr. Patrick Emmanuel Vincent, who because of his vision and leadership, approximately 1,500 of our neighbors of the East Tampa community have a medical home and access to free health care through the Calvary Community Clinic. Born in 1948 in the southeasterly Caribbean islands of Trinidad and Tobago, our community is fortunate that for the past nearly 20 years he has called Tampa Bay his home and for his pastoral service leading the congregation of Mount Calvary Seventh Day Adventist (SDA) Church since 2001 until his retirement in 2016.

Dr. Vincent always wanted to be a minister of the gospel as far back as he could recall. He started his preparation for ministry at the University of the Southern Caribbean in Maracas Valley, a few miles northeast of his childhood home. He then moved to Mandeville, Jamaica to complete his bachelor's degree at the Northern Caribbean University. He graduated with a master's degree in Divinity from the SDA Theological Seminary at Andrews University in Michigan. He completed his Doctor of Ministry degree at Vanderbilt University Divinity School. His pastoral ministry took him to Nashville and Chattanooga, TN, as well as Birmingham, AL and Orlando, FL. He became a renowned church builder and church growth specialist. As the senior pastor of Mount Calvary SDA Church in Tampa, Dr. Vincent led his congregation into their beautiful new sanctuary and reconstructed the church's school.

But Dr. Vincent's vision went beyond serving the congregation of his church. He led a survey within the East Tampa community where his church is located to determine the most critical need. In response to the growing uninsured population in this area, the Calvary Community Clinic was established in 2015 to provide quality, compassionate health care. Dr. Vincent raised funding through Mount Calvary Church endowments and membership contributions, community initiatives, donations from corporations as well as grants. Today, Dr. Vincent serves as the chair of the Board of Directors for the clinic and a volunteer staff of certified physicians, physicians assistants, nurse practitioners, nurses, pharmacists, counselors, social workers, and clerical and support personnel provide free healthcare and health education services to the uninsured, underserved and working poor individuals and families of East Tampa and Hillsborough County.

Dr. Vincent is happily married to Judy Williams and together, they have committed their lives in service to God and their neighbors.

Madam Speaker, on behalf of a grateful nation and Tampa Bay community, I am proud to recognize Dr. Patrick Emmanuel Vincent, and his lifetime of servant leadership, spiritual guidance and his entrepreneurial spirit to uplift

and grow his congregations and beyond that, his community at large.

CELEBRATING 70 YEARS OF AUTOMOTIVE COLOR & SUPPLY CORP.

HON. JIM BANKS

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Mr. BANKS. Madam Speaker, I rise today to congratulate northeast Indiana-based automotive and industrial paint supplier and distributor Automotive Color & Supply Corporation for 70 years of business.

Richard Byers Sr. acquired part ownership of the company and began to operate the business shortly after its founding in 1951. Richard attained full ownership of the company in 1970, and the Byers family has owned and operated Automotive Color as a family business since.

Automotive Color has established itself as one of the leading automotive and industrial paint and supply distributors not just in the Midwest but throughout the United States. Paint from Automotive Color is used on race cars, commercial and private aircraft, spacecraft, ocean vessels, movies and TV show sets, and more.

At a time when American industry is in convalescence from the coronavirus pandemic, this historic milestone is even more extraordinary.

Hoosiers are thankful for and proud of Automotive Colors' contributions to northeast Indiana and the country. This record is testament to the exceptional service and quality they have provided, and will continue to provide, for generations.

RECOGNIZING THE REPUBLIC OF KOREA'S COMMENDABLE RESPONSE TO COVID-19

HON. BILL PASCRELL, JR.

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Mr. PASCRELL. Madam Speaker, I rise to recognize and commend our ally South Korea's response to the COVID-19 pandemic. Under the leadership of President Moon Jae-in and Prime Minister Chung Sye-Kyun, who took office just prior to the World Health Organization's declaration of a pandemic, the Republic of Korea's response to COVID-19 should be applauded.

I am proud to represent one of the most vibrant Korean American communities in the nation in the Ninth District of New Jersey. Korean Americans have contributed greatly to North Jersey and to our nation in myriad ways, from business and science, to sports, the arts, and public service. I share the pride of many Korean Americans across our country and the Ninth District in South Korea's response to the pandemic.

From the outset of the pandemic, the Republic of Korea engaged in a coordinated national strategy to control viral spread. This included reactivating contact tracing tools last used to combat the 2012 Middle East Respiratory Syndrome (MERS) outbreak, which al-

lowed South Korea to rapidly collect and analyze real-time data on COVID-19 cases.

Equipped with an effective tracing program, South Korea quickly made use of a smartphone application to help ensure compliance with isolation or quarantine following exposure to the virus.

Critically, the Republic of Korea made a concerted and early effort to provide accurate information on the COVID-19 pandemic to the general public. From the very first reported cases in the country, South Korea ensured its citizens knew to social distance, practice good hygiene, and wear a mask in public.

Together, these measures led to the Republic of Korea's notably low infection and death counts over the past year, despite being one of the first nations to experience recorded cases.

In the 73 years since the founding of the Republic of Korea, our two nations have enjoyed a powerful and enduring alliance, marked by a shared belief in the values of democracy and freedom.

I have always been deeply dedicated to upholding our commitment to the security and defense of the Republic of Korea, who continue to serve as one of our most valued economic and strategic partners. I sincerely hope the bonds that tie our two nations will only grow stronger as we continue to collaborate on the many issues that face us, including quashing COVID-19 with science, good governance, and effective communication. On that task, the world ought to look to the Republic of Korea as a role model.

CORA FORRESTER

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Mr. PERLMUTTER. Madam Speaker, I rise today to recognize and applaud Cora Forrester for receiving the Arvada Wheat Ridge Service Ambassadors for Youth award.

Cora Forrester is a student at Wayne Carle M.S. and received this award because her determination and hard work have allowed her to overcome adversities.

The dedication demonstrated by Cora Forrester is exemplary of the type of achievement that can be attained with hard work and perseverance. It is essential students at all levels strive to make the most of their education and develop a work ethic which will guide them for the rest of their lives.

I extend my deepest congratulations to Cora Forrester for winning the Arvada Wheat Ridge Service Ambassador for Youth award. I have no doubt she will exhibit the same dedication and character in all of her future accomplishments.

HONORING COMPURECYCLING CENTER, INC.

HON. BENNIE G. THOMPSON

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Mr. THOMPSON of Mississippi. Madam Speaker, I rise today to honor a remarkable

organization, CompuRecycling Center, Inc. (CRC).

CompuRecycling Center, Inc. is a 501(c)(3) nonprofit organization, with Mr. Gene Finley as the Director. It is also comprised of five Board Members: Pandora Redmond, Joyce Johnson, Willie Goliday, Karen Phillips, and Don Green.

CRC vision is to be a change agent for developing small businesses, minority-owned, and women-owned businesses in the Mississippi Delta by improving economic opportunities for distressed communities & empowering small businesses to embrace entrepreneurship via technical assistance & training. CRC also aims to be a change agent for the youth population by improving the health and well-being of communities and individuals while increasing the diversity of the healthcare profession and technical workforce.

The mission of CRC is to serve as a technical assistance center for minority, women-owned and emerging businesses throughout the Mississippi Delta. CRC plans to assist developing small and emerging business establishing relationships with stakeholders, resource partners, and major corporations in order to improve the increased capacity of small businesses. CRC is intricately involved in growing, connecting and supporting minority, women-owned and emerging businesses by enhancing economic opportunities. CRC fully invests in the future of the region, the youth, by working as a change agent to improve the health and well being of communities and individuals while increasing the diversity of the healthcare profession and technical workforce.

Madam Speaker, I ask my colleagues to join me in recognizing CompuRecycling Center, Inc. for their passion and dedication to serving the Mississippi Delta and desire to make a difference in the community.

HONORING SUE ELLEN ALLEN

HON. GREG STANTON

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Mr. STANTON. Madam Speaker, I rise to honor the life and legacy of Sue Ellen Allen, who passed away on February 24, 2021. A woman whose fiery passion matched her red hair, Sue Ellen was a fearless champion for criminal justice reform in Arizona and across the nation—guided by her steadfast belief that everyone deserved a second chance. She loved fiercely, and her infectious southern charm brought light to every room she entered. Sue Ellen's story is an inspiration to us all, and Arizona is a better place for her presence among us.

She lived many lives as an educator, business owner, community leader, and as a former inmate at Arizona State Prison. Sue Ellen put it best, she was a "contradiction in terms." It was during her time as an inmate when she encountered systemic inequities and became acutely aware of the hardships faced for those behind bars. Her cell mate, Gina—despite many pleas for medical attention—died of leukemia. This loss altered the course of Sue Ellen's life and inspired her to fight not only for her own reentry into society, but for all those formerly incarcerated, especially girls and women.
