HON. JIM BANKS

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Mr. BANKS. Madam Speaker, I rise today to congratulate northeast Indiana-based automotive and industrial paint supplier and distributor Automotive Color & Supply Corporation for 70 years of business.

Richard Byers Sr. acquired part ownership of the company and began to operate the business shortly after its founding in 1951. Richard attained full ownership of the company in 1970, and the Byers family has owned and operated Automotive Color as a family business since.

Automotive Color has established itself as one of the leading automotive and industrial paint and supply distributors not just in the Midwest but throughout the United States. Paint from Automotive Color is used on race cars, commercial and private aircraft, spacecraft, ocean vessels, movies and TV show sets, and more.

At a time when American industry is in convalescence from the coronavirus pandemic, this historic milestone is even more extraordinary.

Hoosiers are thankful for and proud of Automotive Colors' contributions to northeast Indiana and the country. This record is testament to the exceptional service and quality they have provided, and will continue to provide, for generations.

RECOGNIZING THE REPUBLIC OF KOREA'S COMMENDABLE RESPONSE TO COVID-19

HON. BILL PASCRELL, JR.

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Mr. PASCRELL. Madam Speaker, I rise to recognize and commend our ally South Korea's response to the COVID-19 pandemic. Under the leadership of President Moon Jae-in and Prime Minister Chung Sye-Kyun, who took office just prior to the World Health Organization's declaration of a pandemic, the Republic of Korea's response to COVID-19 should be applauded.

I am proud to represent one of the most vibrant Korean American communities in the nation in the Ninth District of New Jersey. Korean Americans have contributed greatly to North Jersey and to our nation in myriad ways, from business and science, to sports, the arts, and public service. I share the pride of many Korean Americans across our country and the Ninth District in South Korea's response to the pandemic.

From the outset of the pandemic, the Republic of Korea engaged in a coordinated national strategy to control viral spread. This included reactivating contact tracing tools last used to combat the 2012 Middle East Respiratory Syndrome (MERS) outbreak, which al-

lowed South Korea to rapidly collect and analyze real-time data on COVID-19 cases.

Equipped with an effective tracing program, South Korea quickly made use of a smartphone application to help ensure compliance with isolation or quarantine following exposure to the virus.

Critically, the Republic of Korea made a concerted and early effort to provide accurate information on the COVID-19 pandemic to the general public. From the very first reported cases in the country, South Korea ensured its citizens knew to social distance, practice good hygiene, and wear a mask in public.

Together, these measures led to the Republic of Korea's notably low infection and death counts over the past year, despite being one of the first nations to experience recorded cases.

In the 73 years since the founding of the Republic of Korea, our two nations have enjoyed a powerful and enduring alliance, marked by a shared belief in the values of democracy and freedom.

I have always been deeply dedicated to upholding our commitment to the security and defense of the Republic of Korea, who continue to serve as one of our most valued economic and strategic partners. I sincerely hope the bonds that tie our two nations will only grow stronger as we continue to collaborate on the many issues that face us, including quashing COVID-19 with science, good governance, and effective communication. On that task, the world ought to look to the Republic of Korea as a role model.

HONORING SUE ELLEN ALLEN

HON. GREG STANTON

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Mr. STANTON. Madam Speaker, I rise to honor the life and legacy of Sue Ellen Allen, who passed away on February 24, 2021. A woman whose fiery passion matched her red hair, Sue Ellen was a fearless champion for criminal justice reform in Arizona and across the nation—guided by her steadfast belief that everyone deserved a second chance. She loved fiercely, and her infectious southern charm brought light to every room she entered. Sue Ellen's story is an inspiration to us all, and Arizona is a better place for her presence among us.

She lived many lives as an educator, business owner, community leader, and as a former inmate at Arizona State Prison. Sue Ellen put it best, she was a "contradiction in terms." It was during her time as an inmate when she encountered systemic inequities and became acutely aware of the hardships faced for those behind bars. Her cell mate, Gina—despite many pleas for medical attention—died of leukemia. This loss altered the course of Sue Ellen's life and inspired her to fight not only for her own reentry into society, but for all those formerly incarcerated, especially girls and women.

When talking about her experience, Sue Ellen used to say, “Being released from prison is like being shot out of a cannon naked into a brick wall.” Even through hardship, she never lost her sense of humor. Upon her release, she authored “The Slumber Party from Hell” detailing her time in prison. She then founded the nonprofit organization Reinventing ReEntry to educate and reshape society’s perception of former inmates to help them reintegrate and give them a fair shot for employment, housing, education, and entrepreneurial opportunities—without shame or stigma.

Sue Ellen courageously chose to confront and relive these challenges with hope that she could help others see their purpose and potential again. She visited prisons and detention centers to tell her story and prepare women and girls for life inside and after reentry. She would talk to anyone who listened, from judges and elected officials—even President Barack Obama. For her seminal leadership on criminal justice issues, she joined First Lady Michelle Obama as a guest of honor for the President’s final State of the Union address.

Sue Ellen saw life as a grand adventure and moved mountains to inspire hope in those she saw herself in. We owe her a debt of gratitude and are thankful we bore witness to her life’s work in Arizona and across the nation. She inspired many Arizonans to seek justice, treat others with the dignity and respect they deserve, and to keep up the good fight.

In this spirit of remembrance, I rise to honor the tremendous life and legacy of Sue Ellen Allen. I thank Sue Ellen, and wish her God-speed.

REMEMBERING JANE SÁNCHEZ

HON. TIM RYAN

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Mr. RYAN. Madam Speaker, I rise today to honor the life of Jane Sánchez, Deputy Librarian for Library Collections and Services and the 25th Law Librarian of Congress, who passed away on March 26, 2021 after a courageous battle with cancer.

Appointed as Law Librarian of Congress on February 6, 2017, Jane managed the operation and policy administration for the Law Library of Congress, the world’s largest collection of legal materials. Then, in June 2019, Ms. Sánchez was also appointed Deputy Librarian for the newly formed Library Collections and Services Group (LCSG). Here, Jane was instrumental in helping to bring together the three units responsible for acquiring, stewarding, describing and serving library collections.

Prior to the Law Library, Jane had been Chief of Humanities and Social Sciences (HSS) since October 2014. HSS provided research service in the Library’s Main Reading Room, the Local History and Genealogy section, the Digital Reference Team and the Microform and Electronic Resources Center. Under her leadership, services to researchers expanded which led to a more robust use of the collections and services.

Ms. Sánchez had also served as a business unit Managing Director at the U.S. Government Publishing Office; as an associate director of Justice Libraries, Justice Management

Division, U.S. Department of Justice; as departmental head of History & Culture Libraries at the Smithsonian Institution Libraries; and as an acquisitions manager for electronic databases at BNA, Inc.

Jane had been the recipient of numerous awards over the course of her career, including from the U.S. Department of Energy for sustained superior service and from the Justice Management Division and the Smithsonian Institution for workflow improvements. Jane Sánchez held a Juris Doctorate from American University’s Washington College of Law, a Master’s of Library Science from Simmons College in Boston and a Bachelor of Arts in English from the University of New Mexico, Albuquerque, New Mexico.

As chairman of the Legislative Branch Appropriations Subcommittee, I had the pleasure of working with Jane during the appropriations process for the Library. Anyone who has worked with Jane would describe her as a strong leader who will be remembered for her calming presence. Her passing is a great loss for not only her family and friends, but also for the Library of Congress. I thank Jane for her great service to Congress, the Library, and the American people. My deepest sympathies go out to Jane’s colleagues, and especially her husband, Christopher, and her three children, Adam, Andrew, and Alyson.
