

as a doctor in Jefferson County, Mississippi for over 50 years. Dr. Pandey recently retired in 2020, came to the Jefferson County area in 1969, accompanying her late husband, Dr. Tiwari, Ph.D., who accepted a job offer in the Department of Agriculture at Alcorn State University. Taking the advice of Dr. Tiwari's associates, Dr. Pandey considered Jefferson County, particularly Fayette and set up practice in June 1970.

Dr. Pandey who is now around 85 years old, began her practice in Fayette on Harrison Street. A number of years later, she built the Arbind Clinic on South Main Street, directly across from Jefferson County Hospital. This site remained the home of her practice until her recent retirement.

Dr. Pandey, a native of India, graduated from Panta Medical College in 1958 and completed her internship in 1960. She began practicing medicine in her native country but soon came to America with her husband who worked on a terminal degree at the University of Georgia.

Dr. Pandey began her practice in America at the Central State Hospital at the Milledgeville, Georgia, beginning in December 1967. She left Central State Hospital in Milledgeville and moved to Alcorn State on September 1, 1969.

Dr. Pandey falls into a unique and illustrious group of doctors who have placed dedication and service at the top of their agendas. Dr. Pandey's walls are filled with certificates that attest to her endowments. One special certificate that many doctors do not receive reads that Dr. Pandey was inducted into the 50-Year Club by the American Medical Association in 2008. Another certificate attests to her attainment as Board Certified in Family Medicine.

Madam Speaker, I ask my colleagues to join me in honoring the life, legacy, and service of Dr. Shanti Pandey.

HONORING THE LIFE OF DR.
DENNIS DEPERRO

HON. JOHN KATKO

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Mr. KATKO. Madam Speaker, I rise today to honor the life of Dr. Dennis DePerro, who passed away on March 1, 2021. Dr. DePerro was a champion of higher education, dedicating his life to helping students realize their full potential at universities and colleges across New York State.

Since 2017, Dr. DePerro had served as President of St. Bonaventure University in Allegany, New York. In just four short years, Dr. DePerro established himself as a forward thinking and compassionate leader who cared deeply about the students, faculty, and staff he served. As President of St. Bonaventure, he expanded school enrollment, embraced new academic programs, and improved access to online learning.

To those who were familiar with Dr. DePerro's work, his success at St. Bonaventure was no surprise. For eighteen years, he accomplished similar feats in my district in Central New York as Vice President for Enrollment at Le Moyne College and played a key role in bettering the college and advancing its core mission. Central New York

is immensely grateful to Dr. DePerro for his many contributions to our community.

Beyond his astounding work in higher education, Dr. DePerro enjoyed nothing more than spending time with his wife, Sherry, and two sons, Andrew and Matt. His memory lives on through his family and friends. We join all who knew and admired Dr. DePerro in mourning his life.

Madam Speaker, I ask my colleagues in the House join me in honoring Dr. Dennis DePerro. Throughout his career, Dr. DePerro touched many lives and was a blessing to the students, universities and colleges, and communities he served. The passion and commitment he espoused is an inspiration to us all, and he leaves behind a lasting legacy of work that will continue to positively impact students in Upstate New York.

REMEMBERING ALFREDO
SANDOVAL

HON. RAUL RUIZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Mr. RUIZ. Madam Speaker, I rise to celebrate the life of my constituent, Alfredo Sandoval.

Alfredo—or the “Chief” as his kids lovingly nicknamed him—was a decorated combat veteran, a loving father, and a mentor to many.

When Alfredo enlisted in the United States Air Force in 1954, he began a career that took him across the country and around the world. With his wife, Elena, by his side, Alfredo traveled from Brawley, California to Savannah, Georgia to Tokyo to Naples and countless other cities in service to our country.

After returning home to the United States in 1968, he was called on to serve in Vietnam. There, he earned a Bronze Star for his valor in the field. As a member of the First Mobile Communications Group, he received a Presidential Unit Citation, 23 Air Force Outstanding Unit Awards, and a Navy Meritorious Unit Citation.

Alfredo broke down barriers in the Air Force. When he retired in 1984, he had achieved the rank of Chief Master Sergeant. Alfredo truly paved the way for future generations of Hispanic men and women who followed in his footsteps to become Air Force Officers. Our nation owes him a tremendous debt.

Even in retirement, Alfredo continued to uplift and inspire. His family saw him as a man who led by example and helped them find their way in this world. In the words of his granddaughter, “Every time I spoke to him, he would call me his number one. Even when I felt lost . . . he told me to have confidence in who I was and where I was going.” As Alfredo joins his beloved Elena in Heaven, his spirit will continue to guide his children and grandchildren through life.

Alfredo is survived by his children, Alfredo A. Sandoval and Ruben E. Sandoval. His story of service and love of country is recorded in the United States Air Force and Air Force Association's archives, and now, his life story is recorded in our nation's history. Today, we close his chapter in our history just as his son, Alfredo, would say, “Fly safe, Chief.”

RECOGNIZING TAMPA'S HEALTH CARE HERO, DR. DANA DARIEN GLENN, IN HONOR OF BLACK HISTORY MONTH

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 5, 2021

Ms. CASTOR of Florida. Madam Speaker, in honor of Black History Month, I am celebrating Tampa's health care heroes. Today I rise in admiration and respect for the public service and leadership of Dr. Dana Darien Glenn, who proudly serves our Veterans as Women's Center Medical Director at the James A. Haley Veterans (VA) Hospitals and Clinics in Tampa, FL. Born in Pittsburgh, PA, in 1966, she relocated to Tampa in 1972 with her family. Her own father, Dr. Ginton Darien, served as a full-time staff dentist at the James A. Haley VA Hospital. Dr. Glenn has followed in his footsteps to serve our Veterans. Dr. Glenn was also influenced by her mother, who is a retired registered nurse. While Dr. Glenn has always had a passion for science and math, building a sense of community for her patients started at a young age when she would accompany her father, a deacon, as he visited the ill and shut-ins.

The youngest of three children, she attended Hillsborough County Public Schools, graduating with honors from Leto High School. She then earned her associate's degree and graduated with honors from Hillsborough Community College. She completed her bachelor's degree with honors from the University of Flor-

ida in 1988 and her Doctor of Medicine degree from the University of North Carolina, Chapel Hill School of Medicine in 1993. She returned to Florida to complete the Bayfront Medical Center Family Practice Program. In Tampa, she met and married the love of her life, Vernon Glenn, where they live with their two children, Alana and Theodore.

Prior to joining James A. Haley VA Hospital, Dr. Glenn was a private practitioner for 10 years in Tampa. Part of that time she ran a practice, Glenn Family Health Center, with her husband. Her sense of community transitioned her from private practice to joining the James A. Haley VA Hospital as a full-time staff physician in 2005. She was inspired by the hospital's patient-aligned care team and less than 10 years later, she would become part of the planning team to open a center solely dedicated to women veterans healthcare, including equipment, supplies and space to ensure gender-specific care. The United States has more than 2 million women veterans, and the number of women using VA health services has more than tripled over the last 20 years. VA hospitals across the nation are adapting to serve the changing demographic—Dr. Glenn is part of this history of transition. The James A. Haley VA Hospital currently serves approximately 12,000 female Veterans.

Dr. Glenn is board certified by the American Board of Family Medicine and she is a member of the American Medical Association. Her list of past awards and honors include Finalist for VA Woman of the Year Award, Young Leader Award by the Florida Academy of Family Physicians, Charles Aucremann Art of Medicine Award, M.A. Barton Award for Best Medical Paper, Outstanding Presentation, Research Day, and Commonwealth Fund/Bristol-Myers Squibb Fellowship in Academic Research. Her professional and community services include: VA National Women's Health Services Mini-Residency Faculty participating in national and local lectures to train women's health staff as well as Affiliate Assistant Professor at USF Health Morsani College of Medicine teaching internal medicine residents. She has been a volunteer speaker at numerous church-based community health programs focusing on women's health issues.

Dr. Glenn is passionate about helping people achieve their highest level of health and

wellness. She is especially encouraged about opportunities to effectuate positive changes in the African American community disproportionately affected by the COVID-19 pandemic and in multiple chronic disease/health outcome measures as well as underrepresented in leadership roles in medicine.

Her personal mission statement is based on her favorite Bible verse, Galatians 2:20: "I have been crucified with Christ; and it is no longer I who live, but Christ lives in me; and the life which I now live in the flesh I live by faith in the Son of God, who loved me and gave Himself up for me."

Madam Speaker, on behalf of a grateful nation in the midst of a public health crisis and the Tampa Bay community, I am proud to recognize the service and leadership of Dr. Dana Glenn, as well as her eternal optimism guided by her personal faith.
