

new treatments and procedures, such as early detection screening.

My legislation builds on past advancements and successes to heal the whole patient following a medically-necessary mastectomy. Deciding to receive a mastectomy is undoubtedly an emotional decision in an impossible situation. In order to alleviate the toll this decision has on breast cancer patients, breast reconstruction is an option for them to build a sense of well-being and confidence as well as regain a sense of wholeness.

More patients are opting for breast reconstruction, with over 107,000 in 2019, a 36 percent growth since 2000. Unfortunately, many patients face a complex landscape of what exactly a breast reconstruction entails, and laws and policies intended to provide healthcare coverage for this procedure are antiquated and do not account for advances in this area.

My legislation will establish a more uniform and comprehensive breast reconstruction process that can be tailored to fit each patient's needs. Medicaid and Medicare beneficiaries will be guaranteed access to post-mastectomy reconstruction under the Women's Health and Cancer Rights Act and by expanding coverage to include nipple-areola complex tattoos for those who elect to undergo this procedure. The goal is to expand access to scientifically proven healthcare that increase patient well-being and satisfaction with their results.

Madam Speaker, breast reconstruction and the nipple-areola complex tattoo are not about cosmetic change. They are about holistic outcomes and choice in what the patient and provider decide is best physically, emotionally, and mentally to attain the ideal outcome and long-term health.

I urge my colleagues to join me in cosponsoring this long-overdue legislation.

AMERICAN FOOD FOR AMERICAN  
SCHOOLS ACT OF 2021

**HON. JOHN GARAMENDI**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, January 25, 2021*

Mr. GARAMENDI. Madam Speaker, today I reintroduce the "American Food for American Schools Act," which I have sponsored since the 114th Congress. I want to thank Representatives KAPTUR (D-OH), FORTENBERRY (R-NE), RYAN (D-OH), LAMALFA (R-CA), CARBAJAL (D-CA), YOUNG (R-AK), and KILMER (D-WA) for their support as original cosponsors.

Our "American Food for American Schools Act" would strengthen enforcement of the existing "Buy American" requirements under the U.S. Department of Agriculture's (USDA) school breakfast, special milk, and national school lunch programs. This will ensure that school districts use federal taxpayer dollars to purchase domestically sourced food products for all in-school meals and afterschool snacks. Our bipartisan bill would also increase public transparency by allowing parents to know from where the food served to their children in school comes.

Even in California's Central Valley, which includes many of the most productive agricultural communities in the nation, school districts continue to misuse taxpayer dollars to buy im-

ported foods, unnecessarily, without informing parents. In numerous cases, these same imported foods have been recalled due to safety concerns and outbreaks of food borne diseases. This is especially troubling as those same foods could have been sourced locally in the first place as required by federal law.

Under our bill, school districts would be required to obtain a written waiver from USDA to use federal taxpayer dollars to purchase foreign-sourced food products. Any such waivers would only be granted by USDA if the domestically produced food was cost prohibitive or simply unavailable. Our bill would also require that school districts notify parents of all foreign-sourced foods served to students, by posting any such waivers obtained from USDA on the school's website. This would increase public transparency and provide American farmers the opportunity to seek out school districts in need of affordable, domestically grown foods. Our nation's schoolchildren should be served nutritious, American-grown foods produced under the strictest food safety standards in the world, as required by federal law. That is exactly what our bill would accomplish.

In the 115th Congress, we included a "Buy American" enforcement provision for the Richard B. Russell National School Lunch Program in the Agriculture Improvement Act of 2018 (Public Law 115-334), commonly known as the 2018 Farm Bill. This was a first step in addressing this critical issue for American farmers and parents with school-age children. Now, Congress needs to finish the job by passing our "American Food for American Schools Act" into law.

Madam Speaker, I hope all members of the House will join us in cosponsoring the "American Food for American Schools Act of 2021." I look forward to working with the Committee on Education and Labor to ensure that our bipartisan bill is included in any future Child Nutrition Reauthorization legislation.

IN HONOR OF THE LIFE OF SGT.  
MAJ. JERRY BELL

**HON. KEVIN BRADY**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Monday, January 25, 2021*

Mr. BRADY. Madam Speaker, I rise today to recognize the life of Sergeant Major Jerry Bell, a decorated veteran of the United States Army, who sadly passed away Sunday, January 10, 2021.

Jerry Lynn Bell was born May 2, 1943 to parents William Ernest and Mary Adeline (Johnson) Bell in Leon County, Texas. Jerry Bell's entire life has been defined by bravery and selfless service. At the age of 17, he enlisted in the U.S. Army. During his time in the military, he rose to the rank of Sergeant Major and proved himself to be a true American hero, receiving the Purple Heart, the Distinguished Flying Cross, three Air Medals for valor, two Bronze Stars for valor, and an Army Commendation Medal for valor during his service in the Vietnam War as a tanker and helicopter gunner. His nephew, Texas State Representative Cecil Bell Jr., describes Sgt. Maj. Bell as a "true warrior who fought with valor and distinction."

While his military service took him from Alaska to Germany, Sgt. Maj. Bell could not

help but return to his home of Leon County. After returning to Texas, he worked for B-5 Construction, the U.S. Postal Service, and was the owner and operator of Bell Alley Gun Shop.

Sgt. Maj. Bell was a mainstay of the community. At his gun shop, he did what he loved most, selling guns and working as a gunsmith while sharing thoughts on conservatism, 2nd amendment rights, and religion. While Sgt. Maj. Bell leaves behind a military legacy to be heralded, it comes second to his legacy as a man who placed God first in his life, a man who loved his country and state, and a man who was a devoted husband, father, and great-grandfather. Sgt. Maj. Bell's favorite times were those spent with family at Bell family reunions and Christmas parties at his home in Leona. The Bell family shared their lives with each other and the entire community, making everyone feel like they were a part of this tight-knit family.

In the words of his nephew, Cecil Bell Jr., "On January 10, 2021, as the cold rains fell in Leon County, Texas, the chopping sounds of an Army helicopter landing were heard as Jerry Bell, age 77, Sergeant Major, U.S. Army Retired, deployed to Heaven's shore." Sgt. Maj. is remembered by his loving wife, Alice Cothron Bell of Leona and a host of loving children, grandchildren, and great-grandchildren.

I join the entire community in honoring Sgt. Maj. Bell for a lifetime of service both overseas and stateside. His service to our nation will never be forgotten.

IMPEACHMENT OF PRESIDENT  
DONALD J. TRUMP

**HON. CAROLYN BOURDEAUX**

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, January 25, 2021*

Ms. BOURDEAUX. Madam Speaker, I teach a class called Public Service and Democracy where often I point out that our democracy is not self-executing, it requires people of good faith and ethics to make it work.

Our President and those who enable him are not operating in good faith. I come from Georgia, one of the most contested states during this election cycle and I'm no stranger to fighting for voting rights or concerns about election results.

I've fought for years to protect our elections in Georgia and expand access to the ballot box—so I know a thing or two about free and fair elections.

Let's be clear: Georgia's elections were administered by Republicans who themselves voted for and campaigned for President Trump. So if there was fraud, I'm sure they would have found it. At the request of the President and his surrogates, Republicans have looked high and low for voter fraud and have found nothing.

Georgia officials, at significant cost to the taxpayers I might add, have counted the five million votes in Georgia three times, once by hand, and only found minor errors that would not change the outcome of the election.

They have audited 15,000 voter signatures and again only found the most trivial of problems, and nothing that would indicate voter fraud.

They have investigated every charge, every conspiracy with diligence and have come up with nothing.

The idea that Georgia's vote was illegitimate is a lie. There is no way around it.

But the President didn't like the results, so he tried to extort, bully, and threaten our Secretary of State to change the election results. Now, we actually have attempted election fraud—but from our President. And we have his conversation on tape.

When his plan to solicit fraud failed, the President then incited a violent mob on the basis of lies to come to the Capitol and try to disrupt the constitutionally required certification of the election. This was a mob with zip tie handcuffs, tactical military gear, and weapons. A mob that hung a noose on the mall for Vice President Mike Pence. Then as the Capitol Police made desperate pleas for the deployment of the national guard to help respond to the insurrection, their request was denied by the President.

A democracy requires people of good faith and ethics to make it work. I ask my colleagues to reject the lies and to support the article of impeachment against President Donald Trump.
