

CHILD TAX CREDIT

(Mr. AUCHINCLOSS asked and was given permission to address the House for 1 minute.)

Mr. AUCHINCLOSS. Mr. Speaker, I rise today in support of the expanded child tax credit. Thanks to the American Rescue Plan, working families across the country will receive a monthly child tax credit payment of up to \$300 per child, covering nearly 90 percent of all children and cutting child poverty in half.

In my district, the expanded child tax credit will improve the lives of families from Newton to Fall River, helping almost 60 percent of children and lifting 3,800 children out of poverty. As a father, I am committed to providing parents with the support needed to navigate the high cost of raising a child.

From affording their food bills to paying for childcare, this substantial tax relief will set our parents and children up for success. The expanded child tax credit is a necessary investment in our families so that we can build an economy that works for everyone. We must make the expansion permanent.

RECOGNIZING HERITAGE HIGH TRACK TEAM

(Mr. CLINE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CLINE. Mr. Speaker, I rise today to recognize the Heritage High School girls track and field team in Lynchburg, Virginia, for winning their second consecutive Virginia Class 3 State championship. The Heritage Pioneers racked up 74 points at the title meet with only five girls.

Star student athlete junior, Alaysia Oakes said: "Our coach always calls us the SEAL team. We go into states with five people, and it was definitely a tough battle," she continued, "but everybody did what they needed to do. Just stayed strong. We knew it was going to be a battle, but we didn't back down, so I'm proud of us."

Oakes captured three events, and seniors Tya Blake, Kaelynn Hawkins, Graysen Arnold, and Jalasia Jones helped the Pioneer's pour on the points.

Oakes came away as the individual State champion in the triple jump, long jump, and 100-meter dash, while placing second in the 200-meter and 400-meter dash; all making for a tremendous showing from the junior phenom.

This team is a shining example of hard work paying off. Congratulations to the athletes and coaches on an incredible season. We look forward to seeing what the future has in store for this talented group.

CHILD TAX CREDIT AND JUSTICE IN THE COURTS

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Mr. Speaker, the greatest wealth enhancer that I have seen in our immediate time in the United States Congress is the child tax credit, which should be made permanent. It will provide an opportunity for life and liberty and, yes, freedom for families in my community; hard-working mothers and fathers and children who look up into your eyes, some of them sometimes hungry.

It is important that this child tax credit be made permanent, and I stand here ready to move it as fast as possible. Thank you to our administration for what they are doing.

Now, I simply want to talk about justice in the courts, justice in a court system that sentences individuals, non-violent individuals to years in prison to rot, even individuals who have done reimbursement or compensation for their offense. Courts have to be, yes, a coequal branch of government, but they have to have justice.

What about an individual that I have no stake in who happens to be an entertainer under a horrible guardianship, forced to take medications, forced not to have children?

I am on the Judiciary Committee and there is a lot to be done. Yes, it is a coequal branch of government, but there has to be real justice. When you go into a courthouse you deserve justice.

REQUEST TO CONSIDER H.R. 18, NO TAXPAYER FUNDING FOR ABORTION ACT

(Mr. ESTES asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ESTES. Mr. Speaker, I rise today as a voice for all Kansans, including those who have yet to be born.

Kansans have long valued life. From our entry into the Union as a free State before the Civil War to the Summer of Mercy in Wichita, the Sunflower State has been a beacon of hope and freedom for those without a voice.

In Congress, we should follow the lead of Kansans and recognize the intrinsic value of human life. Yet, the left continues to push radical and unscientific policies that end the lives of unborn babies.

What is worse, they want to pay for their abortion-on-demand policies with your tax dollars, a provision that has wide, bipartisan opposition. New polling shows that 58 percent of voters and 65 percent of Independents oppose taxpayer-funded abortion.

The No Taxpayer Funding for Abortion Act is a no-brainer. Simply put, we need to save the Hyde amendment. It saved nearly 2.5 million lives.

Mr. Speaker, I ask unanimous consent that the Committees on Energy and Commerce, Ways and Means, and the Judiciary be discharged from further consideration of H.R. 18, and ask for its immediate consideration in the House.

The SPEAKER pro tempore. Under guidelines consistently issued by suc-

cessive Speakers, as recorded in section 956 of the House Rules and Manual, the Chair is constrained not to entertain the request unless it has been cleared by the bipartisan floor and committee leaderships.

IMPACT OF BIG TECH CENSORSHIP IN FIGHT AGAINST COVID

(Mr. ROSE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROSE. Mr. Speaker, for far too long, the mainstream media and Big Tech companies like Twitter, Google, and Facebook have used their power to censor one type of speech while favoring and promoting other speech that they prefer in an attempt to manipulate public discourse.

There is even evidence that the mainstream media and Big Tech use their own judgment to suppress information related to the origins of coronavirus as well as available medication and treatment options.

In December 2020, shortly after medical professionals and infectious disease specialists testified before the United States Senate on the effectiveness of COVID-19 treatments, Google's YouTube removed the testimony from their online platform. The big takeaway is that these conglomerates have been complicit in limiting discussion of facts and evidence about the COVID-19 pandemic to the detriment of the American people.

We must rein in Big Tech and the mainstream media's abusive and monopolistic practices that have led to an abundance of censorship, views, and opinions deemed, in their own judgment, to be objectionable.

HONORING THE LIFE OF MARK DOUMIT

(Ms. HERRERA BEUTLER asked and was given permission to address the House for 1 minute.)

Ms. HERRERA BEUTLER. Mr. Speaker, I rise today to honor the life of Southwest Washington and Cathlamet resident Mark Doumit.

Sadly, Mark passed away this week at the age of 59. For decades, Mark's life had been defined by a commitment to his home community. Mark served two terms as Wahkiakum County commissioner, then as a State house member representing the 19th legislative district for 10 years.

Though he left elected office, he never abandoned public service. He served as a steady leader of the Washington Forest Protection Association for the last 15 years until his passing.

A stalwart supporter of our forests, fish, water, and our economy, Mark was never hemmed in by Democrat versus Republican politics. He was a friend and an ally to me and anyone who cared about these priorities.

I want to extend my deepest sympathies to Mark's family, friends, and

colleagues as they grapple with this profound loss. He will be dearly missed.

REQUEST TO CONSIDER H.R. 18, NO TAXPAYER FUNDING FOR ABORTION ACT

(Mr. LATTI asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LATTI. Mr. Speaker, for more than 40 years American taxpayers have been protected from paying for abortions on demand with their tax dollars. Alarming, President Biden's budget proposal calls for the Hyde amendment to be removed. This radical, immoral policy makes it legal for taxpayer dollars to support and enable the abortion industry.

Nearly 60 percent of Americans agree that taxpayer dollars should not be used to fund abortion. This is not a partisan issue. One of the most basic ways we can protect innocent life is ensuring that taxpayer money is not being used to fund abortions.

As a defender of the unborn, I do not support the removal of the Hyde amendment. I oppose all efforts to mandate taxpayer funding for abortion.

Mr. Speaker, I ask unanimous consent that the Committees on Energy and Commerce, Ways and Means, and the Judiciary be discharged from further consideration of H.R. 18, and ask for its immediate consideration in the House.

The SPEAKER pro tempore. Under guidelines consistently issued by successive Speakers, as recorded in section 956 of the House Rules and Manual, the Chair is constrained not to entertain the request unless it has been cleared by the bipartisan floor and committee leaderships.

REQUEST TO CONSIDER H.R. 18, NO TAXPAYER FUNDING FOR ABORTION ACT

(Mrs. HINSON asked and was given permission to address the House for 1 minute.)

Mrs. HINSON. Mr. Speaker, I rise today to call on my colleagues to consider the No Taxpayer Funding for Abortion Act, legislation that would preserve the longstanding Hyde amendment.

For the first time in over 40 years, the administration's proposed budget does not include Hyde protections, protections that have long ensured taxpayer dollars are not used to fund abortions.

Mr. Speaker, Hyde protections have saved 2.4 million babies. Reversing this longstanding pro-life policy is wrong. The right to life is the most fundamental of all of our rights. We must defend those who cannot defend themselves.

I will always lend my voice to the voiceless and fight to ensure that Iowa taxpayers are never forced to fund abortions against their will.

Mr. Speaker, I ask unanimous consent that the Committees on Energy

and Commerce, Ways and Means, and the Judiciary, be discharged from further consideration of H.R. 18, and I ask for its immediate consideration in the House.

The SPEAKER pro tempore. As the Chair previously advised, that request cannot be entertained absent appropriate clearance.

REQUEST TO CONSIDER H.R. 18, NO TAXPAYER FUNDING FOR ABORTION ACT

(Mr. PALMER asked and was given permission to address the House for 1 minute.)

Mr. PALMER. Mr. Speaker, I rise in support of H.R. 18, the No Taxpayer Funding for Abortion Act. This bill codifies the Hyde amendment which ensures that taxpayer dollars aren't spent on abortions.

For over 40 years, both Democrats and Republicans have understood the value of this important protection which has saved more than 2.4 million lives. The right to life precedes all other rights and is fundamental to everything I believe.

I urge my colleagues across the aisle to embrace life and support H.R. 18. As President Biden said in 1994, "Those of us who are opposed to abortion should not be compelled to pay for them."

Mr. Speaker, I ask unanimous consent that the Committees on Energy and Commerce, Ways and Means, and the Judiciary be discharged from further consideration of H.R. 18, and ask for its immediate consideration in the House.

The SPEAKER pro tempore. As the Chair previously advised, that request cannot be entertained absent appropriate clearance.

□ 1700

CONGRATULATING AMBASSADOR DAVID FRIEDMAN

(Mr. GARBARINO asked and was given permission to address the House for 1 minute.)

Mr. GARBARINO. Mr. Speaker, I rise today in acknowledgment of Long Island's own David Friedman, former U.S. Ambassador to Israel.

In a few days, there will be a dedication ceremony to rename a local street in his honor, but I would be remiss if I did not state for the Record Ambassador Friedman's tremendous accomplishments in support of our ally, Israel, during his tenure.

Whether it be countering the anti-Semitic Boycott, Divestment and Sanctions campaign against Israel or recognizing Israel's sovereignty over the Golan Heights, he has been a leading example on how best to represent our Nation abroad.

Most notable, of course, was his leadership in advancing the Abraham Accords, the greatest development in normalized relations between Israel and its Arab neighbors in over 40 years, and

the movement of the U.S. embassy to its rightful and lawful place, Jerusalem.

I implore my colleagues to stand with me in a commitment to affirming and building upon the advancements that Ambassador Friedman made to strengthen U.S.-Israeli relations, and I congratulate him once again on his achievements.

ENVIRONMENTAL PROTECTION INDICATOR SPECIES

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, environmental protection of species revolves around the use of indicator species. But what has been lost in recent years is the impact also on humans and their needs.

The indicator, for example, for farmers in California is very grave in the great Central Valley and up at the Klamath Basin.

Up on the Klamath, you have one environmental management plan that says more water is needed for salmon, for example, under a biological opinion, and another management plan that says more water is needed to be stored in the lake for suckerfish. You can't do both at the same time, and the result is the salmon are not more plentiful and the suckerfish are not recovering as a species.

But the rural areas in Klamath and Siskiyou Counties are being cut off from their main economic driver. The farms up there are suffering badly because of water that has been taken by the Federal Government that does not belong to the Federal Government.

The stored water in that lake was created for agriculture solely, and yet it is being used as more or less a slush fund for Federal agencies that want to take this water and somehow try and make a difference in the river. This has got to come to a stop, because we need agriculture in California.

ECONOMIC RECOVERY AFTER THE PANDEMIC

The SPEAKER pro tempore. Under the Speaker's announced policy of January 4, 2021, the gentleman from North Carolina (Mr. CAWTHORN) is recognized for 60 minutes as the designee of the minority leader.

GENERAL LEAVE

Mr. CAWTHORN. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the topic of this Special Order.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from North Carolina?

There was no objection.

Mr. CAWTHORN. Mr. Speaker, what is the American businessman to do
