

EXTENSIONS OF REMARKS

HONORING DR. CINDY AYERS-ELLIOT

HON. BENNIE G. THOMPSON

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 15, 2022

Mr. THOMPSON of Mississippi. Madam Speaker, I rise today to honor humanitarian and farmer, Dr. Cindy Ayers-Elliott. Dr. Ayers-Elliott has shown what can be done through hard work, dedication, and the desire to help people in need.

Dr. Ayers-Elliott is a Mississippi native and graduate from Rust College with a bachelor's in business administration, and then became only the second Mississippian to become a National Rural Fellow. Once Ayers-Elliott had completed her fellowship, she moved to New York and worked on Wall Street as an investment banker. After 9/11, she returned to Jackson and received her master's degree and a doctorate in Urban Higher Education from Jackson State University in 2006. She went to work for a local nonprofit that focused on agricultural policy, but she wanted to do more than talk to farmers. In 2010, she "traded high heels for work boots" and "designer suits for overalls." She became a farmer herself, setting up Foot Print Farms on 68 acres in west Jackson.

Foot Print Farms has several projects to combat Mississippi's food deserts. In partnership with the Mississippi Department of Health, Foot Print Farms supply boxes of fresh produce in season to needy families living in food deserts. During the pandemic, Foot Print Farms secured donations and supplied fresh food to three schools in impoverished parts of Jackson. Dr. Ayers-Elliott has been a great asset to her community, and her work never goes unnoticed.

Madam Speaker, I ask my colleagues to join me in recognizing Dr. Cindy Ayers-Elliott for her hard work in fighting food insecurities in the State of Mississippi.

HONORING JAMES LEWIS

HON. BENNIE G. THOMPSON

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 15, 2022

Mr. THOMPSON of Mississippi. Madam Speaker, I rise today to honor a tenacious and self-motivated leader, Mr. James Lewis. Mr. Lewis has shown what can be done through hard work, dedication, and a desire to achieve success.

In 2012, Mr. Lewis was a teacher's assistant at the Grove Street Alternative School, just getting his start as an educator and making \$800 a month with no benefits. Thanks to a lot of hard work and a few well-timed breaks, he's now in one of the most prominent jobs in the Vicksburg Warren School District (VWSD).

Lewis, a Vicksburg native, has been hired as the VWSD's next athletics director. The 36-year-old Lewis' career has been quite a rocket

ride. After his humble beginnings at Grove Street, he joined Warren Central's boys' basketball coaching staff as a junior high assistant in 2013. He became the junior high head coach in 2014 and the ninth-grade head coach in 2015.

He led Warren Central's ninth-grade team to a 42-8 record and three consecutive Little Six Conference championships, which opened the door for his first varsity head coaching job. He was hired at Jim Hill High School in Jackson in 2018 and was the MHSAA Region 2-5A Coach of the Year for the 2021-22 season. While at Jim Hill he won Coach of the Year and had a kid make the junior all-star game.

The whole time Lewis was making a name for himself in the coaching world, he was working behind the scenes to eventually transition out of it.

Lewis earned a masters degree in sports administration from Mississippi State before he started teaching. He said it focused mainly on running college, recreational and professional programs and not high school, however, so he went back to school. He earned a specialist degree in educational leadership and administration from Arkansas State University.

Madam Speaker, I ask my colleagues to join me in recognizing Mr. James Lewis for his passion and dedication to achieve new goals.

I commend Wisconsin Plastics for their continued growth and success for the past 50 years.

In the half-century since the company's inception, Jim Christensen and the entire Wisconsin Plastics team have been committed to the expansion and future of the business. The company plans to use this additional space for more injection molding machines and component assembly spaces. With this addition, Wisconsin Plastics will use automated and robotic production systems to enhance their existing operations to best serve their devoted customers. I applaud the company's continued efforts to adapt to industry demands.
