

an early age while working for his family's landscaping company. He would go on to serve as Assistant to the City Manager in my hometown of Laredo, Texas and as Special Assistant to the Deputy Secretary of the U.S. Department of Housing and Urban Development in the Clinton Administration. He then returned home to San Antonio where he would be elected to the City Council and eventually take the reins at the local Chamber.

Under Mr. Perez's tenure, the Chamber successfully advocated for the establishment of Texas A&M University—San Antonio and passage of the Vista Ridge Pipeline project. Mr. Perez also oversaw the design and implementation of a new governance structure and strategic plan for the Chamber. During the COVID-19 pandemic, the Chamber was not only a powerful advocate for the interests of local businesses, but also a critical resource for businessowners trying to make sense of the new pandemic relief programs established by Congress.

With more than 1,650 members, Mr. Perez has harnessed the power of San Antonio's business community to make the city a friendlier place for entrepreneurs and employers. He has been a tireless advocate for the San Antonio business community, and I have greatly enjoyed working with him over the years.

Once again, I would like to recognize all that Mr. Perez has contributed to the Chamber, to the City of San Antonio, and to the State of Texas. I congratulate him on his work over the past 15 years, and I look forward to seeing what the next chapter of his life holds.

HONORING CAPTAIN JEDD
DILLMAN UPON RECEIVING THE
DISTINGUISHED FLYING CROSS

HON. JOHN GARAMENDI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 7, 2022

Mr. GARAMENDI. Madam Speaker, I rise today to honor and commend Captain Jedd Dillman of the 60th Air Mobility Wing upon receiving the Distinguished Flying Cross for his service, dedication, and sacrifice during Operation Allies Refuge. He exemplifies the best of America, and his tireless efforts guarantee the safety of all those who call America home.

Last year, the servicemembers of the 60th Air Mobility Wing met a challenge of colossal scale when they played a pivotal role in completing the drawdown of forces from Afghanistan. This command was critical in the largest noncombatant evacuation operation in known history, Operation Allies Refuge, ultimately saving over 124,000 lives. The 60th Air Mobility Wing directly supported the evacuation of nearly 13,000 Afghans while simultaneously managing the security and operations at Hamid Karzai International Airport. I have listened to countless stories from this group of brave men and women that exemplify the character, leadership, and bravery that is cultivated at Travis Air Force Base.

Service records only scratch the surface of the courageous actions performed by the 60th Air Mobility Wing. They put their hearts and lives on the line to save so many. These valiant servicemembers like Captain Jedd Dillman epitomize the values of courage and patriotism.

On behalf of a grateful country and all the constituents of California's Third Congressional District, I would like to congratulate Captain Jedd Dillman of the 60th Air Mobility Wing for receiving the Distinguished Flying Cross and extend my sincere gratitude for his sacrifice and contributions to the defense of this great country.

REPUBLICAN REPEAL OF NEW IRS
AGENTS

HON. JOE WILSON

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 7, 2022

Mr. WILSON of South Carolina. Madam Speaker, sadly in August, the Democrats passed the irresponsible \$740 billion Inflation 'Expansion' Act.

According to the Congressional Budget Office this reckless legislation, now signed into law by Biden, will actually increase the deficit by \$60 billion through 2026—putting more strain on the budgets of American families.

In addition to a long list of unnecessary and costly actions planned, such as tax increases on corporations and some \$350 billion creating dependency on Chinese batteries the law wastes \$80 billion for the IRS hiring of an additional 87,000 more agents, increasing audits targeting families and businesses.

Voters have elected a House Republican majority to fight inflation with fiscal sanity and repealing this IRS hiring is a high priority.

In conclusion, God bless our troops, who successfully protected America for 20 years, as the Global War on Terrorism continues moving from the Afghanistan safe haven to America.

As we remember the attack of December 7th, we will always remember the attack of September 11th to support peace through strength.

DANIELLE RADOVICH PIPER

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 7, 2022

Mr. PERLMUTTER. Madam Speaker, I rise to honor the public service of my Chief of Staff, Danielle Radovich Piper.

Danielle has served as my trusted adviser for more than two decades. She managed my first campaign for Congress in 2006 out of a former veterinarian's office in Golden and has been by my side ever since as my Chief of Staff. Together, we've served Colorado's 7th Congressional District for the last 16 years. Danielle expertly managed our team of dedicated public servants. She ensured a dual focus for our office on advancing legislation which would benefit the hard-working people of Colorado while simultaneously providing excellent constituent services. Danielle is a brilliant strategist and communicator. This has served us well during difficult times including natural disasters and devastating crises in our community. She is highly respected by her peers in both Colorado and Washington, D.C.

Danielle graduated from Colorado State University with a major in Political Science and a

minor in Spanish. Before serving as my Chief of Staff, Danielle was Chief of Staff for the Senate Majority in the Colorado General Assembly. She has been appointed to several state-level entities, including the Supreme Court Nominating Commission and the Census Outreach Grant Committee.

Danielle has done this all while raising two boys, Aiden who attends Golden High School and Liam who attends Manning Middle School, with her husband Chris. Danielle is a tremendous role model with a strong moral compass who checks every line of the Code of the West, especially "Always finish what you start," "Know where to draw the line," "Be tough, but fair," and "When you make a promise, keep it." Danielle's leadership and commitment to our community is remarkable and it is impossible to count the ways her work has impacted the State of Colorado. I am proud to see Danielle continue her public service next year at my alma mater, the University of Colorado, as the Senior Vice President for External Relations and Strategy.

On behalf of our friends, neighbors, and constituents from Colorado's 7th Congressional District and the entire Congress, I want to express sincere appreciation for the career and public service of my colleague and friend, Danielle Radovich Piper.

HONORING CAPTAIN DAVID
STUPPY UPON RECEIVING THE
DISTINGUISHED FLYING CROSS

HON. JOHN GARAMENDI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 7, 2022

Mr. GARAMENDI. Madam Speaker, I rise today to honor and commend Captain David Stuppy of the 60th Air Mobility Wing upon receiving the Distinguished Flying Cross for his service, dedication, and sacrifice during Operation Allies Refuge. He exemplifies the best of America, and his tireless efforts guarantee the safety of all those who call America home.

Last year, the servicemembers of the 60th Air Mobility Wing met a challenge of colossal scale when they played a pivotal role in completing the drawdown of forces from Afghanistan. This command was critical in the largest noncombatant evacuation operation in known history, Operation Allies Refuge, ultimately saving over 124,000 lives. The 60th Air Mobility Wing directly supported the evacuation of nearly 13,000 Afghans while simultaneously managing the security and operations at Hamid Karzai International Airport. I have listened to countless stories from this group of brave men and women that exemplify the character, leadership, and bravery that is cultivated at Travis Air Force Base.

Service records only scratch the surface of the courageous actions performed by the 60th Air Mobility Wing. They put their hearts and lives on the line to save so many. These valiant servicemembers like Captain David Stuppy epitomize the values of courage and patriotism.

On behalf of a grateful country and all the constituents of California's Third Congressional District, I would like to congratulate Captain David Stuppy of the 60th Air Mobility Wing for receiving the Distinguished Flying Cross and extend my sincere gratitude for his

sacrifice and contributions to the defense of this great country.

REMEMBERING VERONA VETERAN
MICHAEL A. COPPOLA, JR. FOR
HIS YEARS OF MILITARY SERVICE

HON. MIKIE SHERRILL

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 7, 2022

Ms. SHERRILL. Madam Speaker, I rise today to recognize Michael A. Coppola, Jr. for his years of service to our Nation and to the North New Jersey community.

Mr. Coppola served in the Navy as a Water Tender Second Class. He fought in World War II from 1943 to 1946. Remarkably, he answered his country's call to duty a second time during the Korean War from 1950 to 1952. During his years of honorable service, he was awarded with the American Theatre Medal, Victory Medal, European Theatre Medal, and the Sea Bee Insignia.

After his military service, he moved to Verona, New Jersey in 1954. He worked as a Power House Chief Engineer for Otis Elevator for 31 years then went to work for Westinghouse for 10 years in a similar role.

He was President of the Essex Chapter of the National Association of Power Engineers and was a member of the Veterans of Foreign Wars in Cedar Grove. In addition, he was a Fourth Degree Member of the Knights of Columbus and was a Cubmaster for Boy Scout Pack Five in Verona. For twenty years, he walked as the oldest marching veteran from World War II in Verona's Memorial Day Parade. Over these years, he became a beloved staple of the event.

Regrettably, Michael A. Coppola Jr. died on July 1st at the NJ Veterans Home in Paramus at the age of 97. I am proud to honor his long service in the Navy. He will be a missed fixture of our community.

BEATRICE STIEBER'S 100TH
BIRTHDAY

HON. MIKE QUIGLEY

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 7, 2022

Mr. QUIGLEY. Madam Speaker, I rise today to recognize the 100th Birthday of Beatrice Stieber.

Beatrice (Kramer) Stieber was born on December 14, 1922 in the Bronx, New York. She married Robert Stieber on February 7, 1943. After 52 years together he passed away on April 4, 1995. They had two children, Jay and Dean.

Bea loves to spend time with her grandchildren, Tami, David, Brennan and Haley and her great grandchildren Grace, Jordan, Hadley and Scarlett.

Her happiness comes from her family, and she brings joy to all who know her. She is an outstanding cook and is passionate about food. At this milestone birthday, Bea continues to live a full and rewarding life.

HONORING LIEUTENANT RYAN
CORVIN UPON RECEIVING THE
DISTINGUISHED FLYING CROSS

HON. JOHN GARAMENDI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 7, 2022

Mr. GARAMENDI. Madam Speaker, I rise today to honor and commend Lieutenant Ryan Corvin of the 60th Air Mobility Wing upon receiving the Distinguished Flying Cross for his service, dedication, and sacrifice during Operation Allies Refuge. He exemplifies the best of America, and his tireless efforts guarantee the safety of all those who call America home.

Last year, the servicemembers of the 60th Air Mobility Wing met a challenge of colossal scale when they played a pivotal role in completing the drawdown of forces from Afghanistan. This command was critical in the largest noncombatant evacuation operation in known history, Operation Allies Refuge, ultimately saving over 124,000 lives. The 60th Air Mobility Wing directly supported the evacuation of nearly 13,000 Afghans while simultaneously managing the security and operations at Hamid Karzai International Airport. I have listened to countless stories from this group of brave men and women that exemplify the character, leadership, and bravery that is cultivated at Travis Air Force Base.

Service records only scratch the surface of the courageous actions performed by the 60th Air Mobility Wing. They put their hearts and lives on the line to save so many. These valiant servicemembers like Lieutenant Ryan Corvin epitomize the values of courage and patriotism.

On behalf of a grateful country and all the constituents of California's Third Congressional District, I would like to congratulate Lieutenant Ryan Corvin of the 60th Air Mobility Wing for receiving the Distinguished Flying Cross and extend my sincere gratitude for his sacrifice and contributions to the defense of this great country.

HONORING THE MID CONTINENT
GROUP

HON. KEVIN HERN

OF OKLAHOMA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 7, 2022

Mr. HERN. Madam Speaker, I rise to honor an impressive accomplishment for a group of job creators and innovators in my district.

This week, the Mid Continent Group celebrates their 75th anniversary. Founded in Oklahoma City by economic and cultural pioneers J.H. Edwards, E. Fred Johnson, and C.R. Anthony, the Mid Continent Group eventually moved to Tulsa under the leadership of Senator JIM INHOFE's father, Perry Dyson Inhofe, Sr.

Since 1983, the Mid Continent Group has operated as a subsidiary of Great American Insurance, under the umbrella of American Financial Group (AFG). Their business-focused approach to commercial insurance has led them to sustained success in the Tulsa area. Much like Senator INHOFE and his family, they've had a lasting positive impact on our community and the state of Oklahoma.

I thank Mid Continent Group for 75 years of hard work to help businesses flourish, and thanks to all the individuals who have contributed to that mission.

HONORING DR. K. BARRY
SHARPLESS FOR RECEIVING HIS
SECOND NOBEL PRIZE IN CHEMISTRY

HON. MIKE LEVIN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 7, 2022

Mr. LEVIN of California. Madam Speaker, I rise today to recognize the extraordinary accomplishments of Dr. Barry Sharpless who was awarded his second Nobel Prize in Chemistry this year. His contributions to the fields of chemistry and medicine are numerous and with this award he has joined an elite list of researchers and scientists. I honor his achievements as he becomes one of only two scientists in history to win two Nobel Prizes in Chemistry and only the fifth person to win a Nobel Prize twice.

Dr. Sharpless was born in Philadelphia, Pennsylvania, on April 28, 1941. His first true passion was fishing, and it has been a constant throughout his life. He did not discover his love of chemistry and science until much later and did not plan to become a scientist in his youth. In 1959, he left Philadelphia to attend university at Dartmouth College in New Hampshire. His parents had always hoped that he would follow in his father's footsteps and become a medical doctor. This led him to study chemistry in school. It was at Dartmouth College that he found mentors who inspired and guided him.

Dr. Sharpless attended Stanford University for his postgraduate studies, where he earned his doctorate in organic chemistry. He met his future wife at Stanford University, and they later had three children. Upon completion of his Ph.D., Dr. Sharpless conducted research in enzymology at Harvard University.

In 1970, he joined the faculty at the Massachusetts Institute of Technology (MIT) as an assistant professor. It was at MIT that he began researching chirality, a concept in chemistry which refers to mirror image molecules. Chemical reactions that occur in a lab produce two forms of molecules with different properties. Relying on the wrong form can make synthetic medicines dangerous. Thanks to the work done by Dr. Sharpless and his colleagues, his lab was able to find ways to synthesize molecules with new properties to develop safer pharmaceutical products. These contributions earned him his first Nobel Prize in 2001, which he shared with William S. Knowles, Ph.D., and Ryoji Noyori, Deng.

Dr. Sharpless joined Scripps Research in La Jolla, California, in 1990. Building upon his earlier work, Dr. Sharpless developed click chemistry, a term he coined that describes a set of methods used to construct chemical compounds. This process revolutionized how scientists approach bioimaging and has led to significant advances in drug development for diseases such as diabetes, Alzheimer's, Parkinson's, and cancer.

We are incredibly proud that Dr. Sharpless and his team at Scripps Research are doing this groundbreaking work in the San Diego region.
